[illegible]

My name is Kelly Gonzalez. I am the Deputy Director of the Center for Community Alternatives, a organization that has served the Onondaga County community since 1981. CCA promotes reintegrative justice and the reduced reliance on incarceration through advocacy, services, and public policy development in pursuit of civil and human rights.

The new bail reform laws enacted on January 1 are a long overdue step towards creating a fairer justice system and safer communities.

New data shows a rapidly shrinking county jail population—the intended result of the reforms, and an important step towards ending our failed experiment with mass incarceration and achieving true public safety.

Onondaga County's jail population has fallen by 20 percent due to the changes in bail. Those who were previously jailed for a few days and then ultimately released under the old system are no longer being sent to jail at all.

Rather than letting fear drive decisions about reform, we must open our eyes to the evidence and reality that reducing our jail population and keeping our communities safe go hand in hand.

Research has shown that by holding someone pretrial for just 2-3 days can often increase the likelihood of re-arrest. Yet what those arguments fail to capture is that the crime often results

from poverty, trauma, housing instability, unmet mental health needs and untreated substance abuse disorders. Continuing to senselessly fill our jails, as we have done right here in Onondaga County, is a waste of taxpayer resources and does nothing to address these root drivers of harm.

We at CCA serve individuals and families who have been directly impacted by the criminal justice system. We witness the harm that occurs when someone is detained pretrial. It often means a lost job and falling further behind on bills or rent. It means that they cannot feed their family when they were already struggling to put food on the table. And it fails to tackle any mental health or substance abuse issues that may be an underlying cause.

All pre-trial jail does is criminalize these problems, without producing any real solutions.

Our prior bail laws violated our constitutional right to the presumption of innocence, treating those who cannot afford bail as guilty until proven otherwise, disproportionately impacting Black and brown communities.

In Onondaga County, we've exacerbated this failed approach year after year by pouring in tens of millions into our jails at the expense of the programs and services that would support families and communities. The county spends more on jails than education, healthcare or economic development.

We've created a vicious cycle of poverty and criminalization, which is part of why our county has some of the highest poverty rates in the state.

The overhaul of our unjust bail laws means that we can begin to re-prioritize and invest in common sense solutions that will increase real community safety and create greater economic opportunity. We welcome opportunities to work with the Onondaga County legislature to take spend time on real solutions rather than rolling back reform which will reinstate a two tiered injustice system.

Let's put the money we save from reducing our jail population towards giving our students the funding they deserve. Let's focus on treatment for those impacted by the opioid crisis, which continues to wreak havoc on families. Let's focus on bringing high-quality jobs to Onondaga County and boosting our training programs. Let us continue to put a greater emphasis on establishing mental health clinics and counseling services in order to provide meaningful support for those who need it.

Too many of us have had friends, family and neighbors locked up behind bars simply because they couldn't afford bail—with the added insult of watching the wealthy, who could pay for their freedom, reap the benefits of that freedom while their cases is pending. This fundamentally unjust system of money bail violated our constitutional principles, criminalized poverty, and devastated families and communities.

We're now presented with an opportunity for us to permanently move beyond this broken status quo and make real investments to strengthen our communities. Let's not waste it.

*Elaine Denton*

County Legislators:

If you believe a person is innocent until proven guilty then vote NO on the resolution against bail & discovery reform.

If you believe a person has a right to a fair trial then vote NO on the resolution against bail & discovery reform.

Bail neither protects people nor keeps people from committing crime. Bail is simply intended to ensure a person's return to court, not to penalize a person who has not yet been convicted of any crime. But research shows that court reminders - now required by law -

and resources like access to transportation can effectively ensure a person's return to court. Requiring someone to pay money before their release only criminalizes poverty and perpetuates mass incarceration.

People with money pay the bail and people without sit in jail. That is not a fair system. We will not go back.

The truth is bail has never been a way to keep the public safe, it has always been about money.

Now with bail reform, Judges have more discretion to determine what is actually needed to ensure a person back to court. The new law allows judges to not simply rely on money to ensure a person's return to court but also needed services and programs.

Bail reform means keeping families together. Parents and children have been reunited. It means helping people instead of hurting. People have been transferred to mental health or addiction treatment, and supervised release programs have connected court-involved people with the services they actually need.

Bail reform saves taxpayers money. Pretrial jailing is expensive. The money we save by not locking people, who have not been convicted of any crime, could instead be invested in our communities to alleviate poverty, end homelessness, ensure quality education, and tackle mental illness and substance use disorders.

We won't go back to an unjust money bail system that keeps people locked up for months or years awaiting trial because they can't afford bail, while someone else facing the same charge, but with the means to pay, is released pretrial.

I believe a person is innocent until proven guilty and has a right to a fair trial and I ask you to vote NO on the resolution against bail & discovery reform.

Thank you.

# THIS SESSION – DON'T ROLLBACK NY'S PROGRESS. DON'T ROLLBACK BAIL REFORM.

In 2019, New York passed sweeping reforms that will significantly reduce the footprint of cash bail, expand criminal discovery, and further enforce the right to a speedy trial. But fear-mongers are leading a vicious campaign relying on stereotypes and misinformation to roll back these transformative laws and move New York backwards.

Rollbacks to the bail reform bill will not make our communities safer.

Money bail neither protects people nor keeps people from committing crime. Bail is simply intended to ensure a person's return to court, not to penalize a person who has not yet been convicted of any crime. Requiring someone to pay money before their release only criminalizes poverty and perpetuates mass incarceration. People with money pay the bail and people without sit in jail.

Throwing people in jail pre-trial will not stop hate crimes.

To suggest that anyone accused of a hate crime should be locked up before proven guilty is not justice. It suggests that we should treat people as guilty until proven innocent, no matter the facts in the case. Jail cells will not solve the root causes of hate, prejudice, or crime. Mental health services, housing, education, and building trust across communities are the long-term solutions.

So-called "predictions of future dangerousness" perpetuate bias and racism in our criminal legal system.

A so-called dangerousness standard allows a judge to deem someone a threat to the public based on nothing more than a suspicion. The judge would be able to strip away a person's liberty for months, if not years, based on a suspicion even though that person remains legally innocent. A dangerousness standard only increases the already egregious racial disparities and inequities in our criminal legal system. We should not pretend that courts can decide with any certainty who is a danger to society before trial without relying on systemic racial biases. When judges are asked to lock people up based on a perceived threat to safety, judges are empowered to rely on factors that are less than factual or solely criminal histories that are riddled with systemic biases due to existing racial disparities in policing, housing, health care, and education. Adding a dangerousness standard runs counter to protecting the presumption of innocence. It criminalizes people before they are proven guilty of anything. Instead of detaining a person after criminal conduct is determined, the standard would allow courts to detain a person to generate reasons to determine criminal conduct.

**Judges have more discretion to determine what is actually needed to ensure a person back to court.**

The new law allows judges to not simply rely on money to ensure a person's return to court but also needed services and programs, including supervision.

**Bail reform – in effect for less than two weeks -- is already reuniting families and saving taxpayers money and allowing judges to make decisions on what is actually needed to ensure return to court.**

Thousands of people statewide have been released from jail or released after arrest without bail ever being set. Parents and children have been reunited, people have been transferred to mental health or addiction treatment, and supervised release programs have connected court-involved people with the services they actually need to turn their lives around. Within the first week of reform, the NYC jail population dropped to 5771, down from just under 8000 in August. Herkimer County's jail population plummeted – saving money that the county previously spent boarding 20-30 people per day in nearby counties and making a new jail unnecessary. Albany County released around 100 people and carved out \$8.75 million in jail savings in this year's budget.

**Real reform means ending cash bail altogether and removing money from the pre-trial freedom equation. Rollbacks are not the answer. #NoRollbacks**

# BAIL REFORM 2020: THE FACTS

## What does our new bail law do?

Under the new law, most people charged with misdemeanors and non-violent felonies\* must be released on their own recognizance or released with non-monetary conditions, like supervised release or electronic monitoring, by the judge at their arraignment. For people charged with most violent felonies offenses money bail is still an option.\*\*

For all people who are at liberty on a pending case, regardless of the charge, the court can set money bail at a later date after a hearing: if the person persistently and willfully does not appear on their court dates; if they violated an order of protection; if they tampered or intimidated a victim or a witness; or if they have a pending felony and commit another felony. In all cases the court must set the least restrictive condition to ensure people return to court.

The accused must be given three options to pay, including a partially secured surety bond or an unsecured surety bond. An unsecured bond is a promise to pay the court if the accused does not return on their court date. A partially secured bond involves making a down payment to the court (which is fully refundable if the accused returns for all of their court dates), and a promise to pay the remaining balance if the accused does not show to their court date.

## What does the bail law not do?

### **The bail law does not endanger the public.**

Truth is bail has never been a way to keep the public safe, it has always been about money. There are thousands of people walking around New York who have criminal charges that are the same as the people sitting in jails. The only difference between those people who are free and those who are in a cage is the amount of money they have. New York has never held people pretrial based on supposed predictions of future "dangerousness."

### **The bail law does not "let criminals back on our streets."**

This offensive, racially coded language is used to dehumanize people after they have been arrested — people who have NOT been proven guilty of any crime. Hundreds of thousands of people are arrested every year in New York City alone. This is the result of over-policing and targeting of poor Black and Brown communities. All of these people are presumed innocent under the law. According to the most recent data before bail reform took effect, 35% of these cases were resolved at their arraignment. Of cases that continue after arraignment 76% of people were released on their own recognizance.

\*There are exceptions to this release provision. Judges can still set bail for people charged with sex crimes, violating orders of protection in domestic violence cases, intimidating or tampering with victims and witnesses.

\*\*There are two charges wrongly labeled as "violent felonies" that trigger release or release with conditions until and unless a person is convicted: Robbery aided by another person and Burglary of a dwelling, as long as neither includes any allegations of violence.

# BAIL REFORM IN NEW YORK:

## THE FACTS

---

In 2019, New York enacted historic pretrial reforms that will result in a dramatic reduction in pretrial detention populations across the state by eliminating pretrial detention on most misdemeanors and non-violent felonies. In most cases, a person's liberty will not depend on how much money they have. The new law is a positive step toward eliminating the wealth and race-based detention that has plagued our state for decades. This law will change the lives of thousands of New Yorkers — all presumed innocent — who would otherwise be detained pretrial because they are unable to afford their bail. The law also includes critical protections to eliminate the influence of for-profit interests, curb the criminalization of poverty, and prevent the expanded mandatory use of biased risk assessment instruments. No longer will prosecutors be able to use a person's inability to pay as a tool to coerce guilty pleas in most cases. The law also includes critical protections to eliminate the influence of for-profit interests and curb the criminalization of poverty.

This monumental reform was thoroughly vetted and debated by all system actors, and all attempts to subvert this crucial law are an affront to the will of the people of the State of New York. As January 1st approaches, there has been a marked increase in fearmongering and disinformation from forces intent on undoing this progress before the law even goes into effect. Here are the real facts about bail reform:

### **Bail reform will make New York State FAIRER and MORE JUST.**

**Bail reform will reduce the number of people subject to the trauma of pretrial jailing simply because they cannot afford bail.** Under the current system, people spend days, weeks and even months and years in pretrial detention on bail as low as \$250. In a 2018 study, the New York Civil Liberties Union found that in 8 New York counties (Albany, Dutchess, Monroe, Niagra, Orange, Schenectady, Ulster and Westchester) nearly 10,000 people were detained for one day or more on bail of \$250 or less over a five year period.<sup>1</sup> Another study conducted in 2018 in Buffalo, NY found that the average misdemeanor bail was \$5,000 and the average felony bail was \$10,000.<sup>2</sup> Yet forty percent of Americans do not have \$400 in emergency funds.<sup>3</sup>

**Bail reform will begin to address the structural racism of the current pretrial system.** White New Yorkers are nearly twice as likely as Black New Yorkers to be released on the same day that their bail is set and serve shorter amounts of time in pre-trial detention overall than Black New Yorkers.<sup>4</sup> It will make the pretrial system more transparent by requiring pretrial services to gather and report data on who is being released pretrial and on what conditions.

**Bail reform will significantly reduce wealth extraction and profiteering** in the current system where already marginalized communities lose money to for-profit bail bond companies and families with an incarcerated loved one lose tens of millions of dollars in wages every year.<sup>5</sup> For the charges courts are permitted to set bail, courts will be required to set an alternative to monetary bail instead of resorting solely on cash and commercial bail bonds.

**Bail reform will reduce the number of wrongful convictions.** People detained pretrial are far more likely than people who await trial at home to be coerced into guilty pleas, be convicted of a crime, and receive harsher sentences.<sup>6,7,8</sup> People routinely plead guilty to crimes they did not commit because of the deleterious effect of pretrial detention and lack of discovery available in criminal cases, leading to hundreds, if not thousands, of wrongful convictions.<sup>9</sup> Pretrial liberty will allow people to mount a meaningful defense while maintaining employment, family and community ties.

## Bail reform will make New York's communities SAFER and STRONGER.

**Pretrial jailing imposes a wide range of devastating costs on New York's families and communities.** These costs begin with the need to post bail or pay for someone's release from jail after their arrest. When they cannot afford bail, it costs families to stay in contact with their loved ones as they have to pay exorbitant rates for phone calls and transportation to visit. On top of these direct costs, families lose income, child or elder support, and other financial contributions when a wage-earner is incarcerated. The NYC Comptroller's Office estimates that families unable to post bail lose \$28 million in wages each year while incarcerated.<sup>10</sup> Finally, incarceration also takes a toll on family members' physical and mental health, education outcomes, and other measures of well-being. Even one day in jail can totally derail a person's life. They can lose their jobs, homes, and potentially their children.

**By providing support not punishment, bail reform will strengthen communities.** Research shows that the pretrial jailing worsens public safety because it exacerbates economic and familial instability from lost housing and employment to deteriorated mental health.<sup>11</sup>

**Bail reform will also reduce the number of people who are subject to jail conditions that pose a serious, and too often deadly, threat.** Since 2001, more than 370 people have died in New York City's jails.<sup>12</sup> In Erie County, at least 26 people have died in the county's jail since 2005.<sup>13</sup> Perhaps the most well-known story of trauma caused by pretrial jailing is that of Kalief Browder, who took his own life after spending three years as an innocent teenager on Rikers Island, or Layleen Polanco, a young transgender woman who died on Rikers Island where she was held on \$500 bail in 2019.<sup>14 15</sup>

**People will return to court without money bail.** Research shows that court reminders - now required by law - and resources like access to transportation can effectively ensure a person's return to court.<sup>16</sup> Community bail funds have demonstrated that people return to court without any financial "skin in the game."<sup>17</sup> The Brooklyn Community Bail Fund has paid bail for nearly 5,000 people who would otherwise have been jailed for their poverty, and 95% have made all of their court dates.<sup>18</sup> Similarly, the Columbia County Bail Fund has a 90% return to court rate.

## Bail reform is SUPPORTED BY NEW YORKERS

New Yorkers strongly support bail reform that keeps people at home while they wait for trial. According to a 2018 survey, 71% of New Yorkers supported ending pretrial detention for people charged with misdemeanors and nonviolent felonies.<sup>19</sup>

Among survivors of crime, support for ending pretrial detention was at 73%, two percentage points higher than the average. Survivors of intimate partner violence have also been vocal in their support for bail reform.<sup>20</sup>

Faith communities and organizations have named bail reform as a moral issue and supported New York State's efforts.<sup>21</sup>

## Bail reform will REDUCE WASTEFUL SPENDING

**Pretrial jailing is unnecessary, cruel, and expensive.** According to the New York City Comptroller, it costs, on average, \$832 to jail someone each day at Rikers Island versus \$8 per day for supervised release.<sup>22</sup>

The five largest counties outside of New York City - Erie, Nassau, Suffolk, Westchester, and Onondaga - spend an average of \$114 million per year on their jail systems, which amounts to roughly \$115,000 per detained person per year.

This money could instead be invested in communities to alleviate poverty, end homelessness, ensure quality education, and tackle mental illness and substance use disorders.

RESOLUTION NO. \_\_\_\_\_

AUTHORIZING THE COUNTY EXECUTIVE TO ENTER INTO A FIVE YEAR AGREEMENT  
WITH THE STATE OF NEW YORK FOR SNOW AND ICE CONTROL ON STATE HIGHWAYS  
FOR THE 2019-2024 SEASONS

WHEREAS, the execution of agreements for the plowing of State roads by County forces during the 2019-2020 season was authorized by Resolution No. 153-2019; and

WHEREAS, the New York State contract is now extended to a five year term starting with the 2019-2020 season and ending with the 2023-2024 season; and

WHEREAS, the estimated annual base amount of the contract for snow and ice control during each of the 2019-2024 seasons is \$3,946,079, and it is the desire of this Legislature to authorize said contract; now, therefore be it

RESOLVED, that the Onondaga County Executive hereby is authorized to enter into agreements with the State of New York to provide for the control of snow and ice on state highways in the estimated annual base amount of \$3,946,079 per season, and to implement the intent of this resolution.

RESOLUTION NO. \_\_\_\_\_

APPOINTING TWO DIRECTORS TO THE ONONDAGA COUNTY TOBACCO ASSET  
SECURITIZATION CORPORATION

WHEREAS, by Local Law No. 8 adopted June 4, 2001, this Onondaga County Legislature provided for the sale of the County's rights to receive payments expected to become due under the Master Settlement Agreement, related Consent Decree and Final Judgment with various tobacco companies, and authorized the County to sell those rights to a local development corporation ("Onondaga Tobacco Asset Securitization Corporation"); and

WHEREAS, said local law provides for a five member Board of Directors to manage said corporation, with two Directors to be appointed by the Onondaga County Legislature subject to confirmation by the County Legislature; and

WHEREAS, pursuant to that local law, it is the desire of this Legislature to appoint two Directors to the Onondaga Tobacco Asset Securitization Corporation; now, therefore be it

RESOLVED, that the Onondaga County Legislature hereby confirms the appointments of the following individuals to the Onondaga Tobacco Asset Securitization Corporation:

APPOINTMENT:

Tim Burtis  
9444 Hawkeye Drive  
Brewerton, New York 13029

REAPPOINTMENT:

Casey E. Jordan  
8133 Rizzo Drive  
Clay, New York 13041

and, be it further

RESOLVED, that each Director shall serve for a one year term or until the next annual meeting of the Corporation, if such meeting occurs one year or more after commencement of the Director's then current term, and in any event until their successors have been duly appointed and qualified, or as otherwise determined by the Board of Directors pursuant to the By-laws of said corporation; and, be it further

RESOLVED, that each Director also shall serve as a Trustee to the Onondaga Tobacco Asset Securitization Corporation Residual Trust.

RESOLUTION SUPPORTING A PERMANENT FUNDING FLOOR FOR COMMUNITY COLLEGE  
BASE STATE AID FORMULA FISCAL YEAR 2020

WHEREAS, community colleges serve as economic engines that provide a trained workforce and educated citizenry for the State of New York and the local communities in which they are located; and

WHEREAS, community colleges are anchor institutions that help keep their communities strong and vibrant by serving as major employers, community hubs, and social centers; and

WHEREAS, community colleges are the primary catalyst to the middle class by serving more low-income students than any other sector of higher education; and

WHEREAS, community colleges anticipate and respond to the emerging needs of their local communities and remain the most adaptable sector of higher education; and

WHEREAS, community colleges serve nearly half of all undergraduates enrolled in the SUNY System along with nearly as many life-long learners through non-credit classes; and

WHEREAS, a level of predictability in state funding is essential to provide community colleges the ability to plan and budget accordingly and recognize each college's annual fixed costs; and

WHEREAS, the 98% of the previous year or \$100 increase per FTE, whichever is greater, language that was added to the community college funding model for fiscal year 2019 was a step in the right direction and was appreciated; and

WHEREAS, the funding floor should be set in state statute at 100% of the previous year or \$100 increase per FTE, whichever is greater; now, therefore be it

RESOLVED, that Onondaga County fully supports the proposal that New York State change the base state aid formula allocation for each community college to be permanently set at 100% of the previous year or \$100 increase per FTE, whichever is more.

RESOLUTION NO. \_\_\_\_\_

RESOLUTION IMPLORING THE STATE OF NEW YORK TO IMMEDIATELY AMEND OR  
SUSPEND BAIL AND DISCOVERY REFORM LAWS THAT WILL ENDANGER THE PEOPLE OF  
NEW YORK AND REVERSE DECADES OF BIPARTISAN PROGRESS IN REDUCING CRIME

WHEREAS, the Onondaga County Legislature recognizes the need for statewide bail and discovery reform; and

WHEREAS, the Bail Expeditor Program, administered by Jail Ministries and funded through Onondaga County's Probation Department, was an example of Onondaga County's recognition that bail reform is needed and certain low level crimes required an opportunity for expedited bail; and

WHEREAS, protecting the people from harm by enforcing the rule of law is the foundational role of government; and

WHEREAS, County governments are vested by the State of New York with the responsibility to protect the most vulnerable among us, including the socioeconomically disadvantaged, the disabled, the elderly, and children; and

WHEREAS, no group is more vulnerable than the victims of crime, and a just society demands that crime victims should be recognized as key participants within the criminal justice system and be treated with dignity, fairness, and respect; and

WHEREAS, for the past twenty-five years, the State of New York has committed itself to reducing crime, and has succeeded, as evidenced by official U.S. Department of Justice Uniform Crime Reporting Statistics showing that New York transformed from the second most dangerous state in America in the early 1990s to the safest large state in America by the early 2000s; and

WHEREAS, in the final stages of adopting its FY 2020 budget, without first carefully examining potential unintended and harmful consequences, the State of New York enacted sweeping and ill-conceived criminal justice reforms including the elimination of cash bail for many specific enumerated crimes and the imposition of stringent discovery mandates on police and prosecutors; and

WHEREAS, under the Bail Reform Law that became effective on January 1, 2020, judges were stripped of their discretion to set bail for many specific enumerated crimes, which means those suspected of committing these crimes can no longer be held in jail after their arrest, regardless of the strength of the case against these defendants, or the length of the potential sentence faced by these defendants, or the extent of the harm allegedly caused by these defendants, and instead these defendants are released back into the general public; and

WHEREAS, these crimes include those that result in the deaths of innocent people, including several subcategories of homicide and manslaughter, resulting in those responsible for these deaths being released back into the community of grieving families; and

WHEREAS, these crimes include Making a Terroristic Threat and Money Laundering in Support of Terrorism in the Third and Fourth degree, resulting in those alleged to have supported terrorism in this manner, or who have threatened to commit acts of terrorism, being released immediately from police custody; and

WHEREAS, these crimes include Promoting an Obscene Sexual Performance by a Child; Possessing an Obscene Sexual Performance by a Child; Failure to Register as a Sex Offender; and Patronizing a Person for Prostitution in a School Zone, resulting in suspected child predators being released and returning into our community; and

WHEREAS, these crimes include Aggravated Assault Upon a Person Less than Eleven Years Old; Reckless Assault of a Child by a Daycare Provider; Criminal Sale of a Controlled Substance to a Child; Abandonment of a Child; and Criminal Possession of a Weapon on School Grounds, resulting in those suspected to have physically harmed or endangered children in this manner being free from custody; and

WHEREAS, these crimes include Female Genital Mutilation; Stalking in the Second Degree; and Aggravated Harassment, resulting in those suspected of violating victims in this manner being returned to the community of those victims; and

WHEREAS, these crimes include Endangering the Welfare of a Vulnerable Elderly Person or an Incompetent or Physically Disabled Person, resulting in the potential for further endangerment of seniors and these defenseless individuals; and

WHEREAS, these crimes include Aggravated Cruelty to Animals; Torturing Animals and Injuring Animals, resulting in the immediate release of those suspected of deliberately injuring, torturing and killing animals; and

WHEREAS, these crimes include Assault in the Third Degree, Aggravated Vehicular Assault, and other crimes of physical violence against people; and

WHEREAS, these crimes include Burglary of a Residence, resulting in the immediate release of these individuals back into the neighborhoods they are suspected of targeting; and

WHEREAS, these crimes include Bail Jumping and Unlawfully Fleeing a Police Officer in a Motor Vehicle, resulting in release on recognizance of the very individuals who have demonstrated a propensity to evade the law; and

WHEREAS, all of the offenders mentioned heretofore are at risk of not showing up for court, thereby placing a burden on public employees who, under this law, are required to send multiple court appearance reminders to these offenders, as well as police officers and District Attorneys who must commit resources to tracking and pursuing those who evade prosecution; and

WHEREAS, the discovery mandates imposed by the State of New York require police and District Attorneys to turn over voluminous trial-related materials to defense attorneys within 15 days, creating a mandate that will inevitably not be achieved in some cases and may result in the inability of the People to properly prosecute cases against criminal defendants; and

WHEREAS, the office of New York State's chief law enforcement officer, Attorney General Letitia James, testified at a state legislative hearing on October 28, 2019, that there will be implementation difficulties because prosecutors across the state lack the resources required to fully comply with discovery mandates; and

WHEREAS, discovery reform will also result in an opportunity for defendants to gain access to crime scenes that may include a victim's residence, thereby giving defendants accused of burglaries, assaults, rapes and other crimes committed in victims' homes the right to return to those same homes; and

WHEREAS, the issues mentioned heretofore will undeniably impact past, present and future victims of crime in a negative manner, and in so doing, the bail and discovery reforms adopted by the State of New York will themselves further victimize these innocent individuals; and

WHEREAS, these bail and discovery laws, in their current form, represent a clear and present danger to society, will tilt the scales of justice in favor of suspected criminals and away from innocent crime victims, and risk reversing decades of bipartisan progress made by the State of New York in reducing crime; and

WHEREAS, the fundamental responsibility of governments to protect the vulnerable in society demands that the shortcomings of these laws be remedied immediately; now, therefore be it

RESOLVED, that the Onondaga County Legislature hereby implores the State of New York to immediately amend or suspend these laws by convening an emergency session of the State Legislature, or by emergency executive authority, or by any other means deemed possible by the State, and to do so immediately; and, be it further

RESOLVED, that the following improvements to these laws be implemented as soon as possible:

1. Give judges the discretion to impose bail when appropriate for all of the crimes enumerated in this Resolution;
2. Increase the discovery timeline from 15 days to a minimum of 45 days;
3. Phase in discovery reform by applying these new mandates only to misdemeanors effective January 1, 2020, and repeal the provision that makes the new discovery mandates applicable to violations of the Vehicle and Traffic Law;
4. Require that court appearance reminders are sent not only to defendants but also to the victims of their crimes; and
5. Extend appropriate dignity, fairness and respect to crime victims by soliciting input from victim advocate organizations and considering their suggestions for improving these laws; and
6. Provide New York State financial support to counties that wish to implement and/or expand alternatives to incarceration, pre-trial supervision programs, and electronic management systems necessary to the goal of successful bail reform; and, be it further

RESOLVED, that the Onondaga County Legislature asks all counties in New York State to urge their state representatives to take immediate action on the foregoing issues; and, be it further

RESOLVED, that copies of this resolution be transmitted to State Legislators representing Onondaga County, Governor Andrew Cuomo, Attorney General Letitia James, Congressman John Katko, Senator Kirsten Gillibrand, Senator Charles Schumer, the New York State Association of Counties, the New York State Sheriffs' Association, the New York State Association of Chiefs of Police, the District Attorneys Association of New York, the New York State Defenders Association, the New York State Probation Officers Association, the New York Council of Probation Administrators, the Association of Justices of the Supreme Court of the State of New York, the County Judges Association of the State of New York, and the County Attorneys' Association of the State of New York.

RESOLUTION NO. \_\_\_\_\_

REGARDING THE ONONDAGA LAKE LOUNGE AND SOUTHEAST EXTENSION OF THE LOOP THE LAKE TRAIL: AMENDING THE 2020 COUNTY BUDGET TO ACCEPT FUNDING FROM THE CITY OF SYRACUSE FOR CONSTRUCTION OF THE LAKE LOUNGE; AUTHORIZING EXECUTION OF AGREEMENTS; APPROVING THE CLASSIFICATION OF AN UNLISTED ACTION UNDER THE STATE ENVIRONMENTAL QUALITY REVIEW ACT, ACCEPTING THE ENVIRONMENTAL ASSESSMENT FORM AND ADOPTING A NEGATIVE DECLARATION

WHEREAS, the City of Syracuse has received state grant funding for construction of the Lake Lounge, which will connect to and coincide with the County's construction of the Southeast Extension of the Loop the Lake Trail; and

WHEREAS, the City and the County are interested in providing safe and ecologically responsible access to Onondaga Lake and its surrounding lands to promote a better connection between the Community and our local environment through trails; and

WHEREAS, in furtherance of this mutual interest, the City and the County wish to jointly contract to provide funds for development of both the City Lake Lounge project and the County Southeast Extension of the Loop the Lake Trail, with the City to reimburse the County for construction of the Lake Lounge project; and

WHEREAS, having these projects cooperatively bid and executed will benefit both the City and the County with cost savings through economies of scale in supplies and guarantee seamless workmanship between both adjoining projects by utilizing the same contractor; and

WHEREAS, an analysis of the potential environmental impacts associated with the Southeast Extension of the Loop the Lake Trail pursuant to the State Environmental Quality Review Act (SEQRA) was completed and a negative declaration issued in accordance with Resolution No. 184 of 2017 of the Onondaga County Legislature; and

WHEREAS, an analysis of the potential environmental impacts associated with the Lake Lounge pursuant to SEQRA was completed and a negative declaration issued in accordance with Ordinance No. 157 of 2015 of the Syracuse Common Council; and

WHEREAS, the County has reviewed the Environmental Assessment Form (EAF) prepared by the City for the Lake Lounge project, concurs with the classification of the Lake Lounge project as an Unlisted action pursuant to SEQRA, and based on the anticipated environmental impacts of the project as determined by the EAF, the County has made a preliminary determination that the proposed action will have no significant environmental impacts; now, therefore be it

RESOLVED, that this Onondaga County Legislature, for the purposes of SEQRA, determines that the proposed Lake Lounge project is an Unlisted action; and, be it further

RESOLVED, that the EAF for the Lake Lounge project has been submitted to the County and reviewed and is on file with the Clerk of the Legislature; and, be it further

RESOLVED, that said EAF is satisfactory with respect to scope and content and adequacy in compliance with SEQRA and is accepted and adopted by this Onondaga County Legislature; and, be it further

RESOLVED, that this Onondaga County Legislature does accept and adopt the Negative Declaration for the proposed Lake Lounge project prepared in accordance with article 8 of the Environmental Conservation Law and has determined that the proposed action will not have a significant adverse effect on the environment; and, be it further

RESOLVED, that the Onondaga County Executive, or his designee, is authorized to take such actions to comply with the requirements of SEQRA, including without limitation, the execution of documents and the filing, distribution and publication of the EAF and Negative Declaration, and any other actions to implement the intent of this resolution; and, be it further

RESOLVED, that the Onondaga County Executive is authorized to enter into agreements regarding the procurement and construction of the Lake Lounge project, and such other documents as reasonably necessary to implement the intent of this resolution; and, be it further

RESOLVED, that the 2020 County Budget hereby is amended as follows:

**PART III - DETERMINATION OF SIGNIFICANCE (To be completed by Agency)**

**INSTRUCTIONS:** For each adverse effect identified above, determine whether it is substantial, large, important or otherwise significant. Each effect should be assessed in connection with its (a) setting (i.e. urban or rural); (b) probability of occurring; (c) duration; (d) irreversibility; (e) geographic scope; and (f) magnitude. If necessary, add attachments or reference supporting materials. Ensure that explanations contain sufficient detail to show that all relevant adverse impacts have been identified and adequately addressed. If question D of Part II was checked yes, the determination of significance must evaluate the potential impact of the proposed action on the environmental characteristics of the CEA.

<input type="checkbox"/> Check this box if you have identified one or more potentially large or significant adverse impacts which <b>MAY</b> occur. Then proceed directly to the FULL EAF and/or prepare a positive declaration.	
<input checked="" type="checkbox"/> Check this box if you have determined, based on the information and analysis above and any supporting documentation, that the proposed action <b>WILL NOT</b> result in any significant adverse environmental impacts <b>AND</b> provide, on attachments as necessary, the reasons supporting this determination.

**INTERMUNICIPAL AGREEMENT**

20 JAN 16 AM 9:23

COUNTY DEPARTMENT: Office of the Environment

CITY DEPARTMENT: \_

This Agreement made as of this \_\_\_\_ day of \_\_\_\_\_, 2020, by and between the **COUNTY OF ONONDAGA**, a municipal corporation of the State of New York ("County") and the **CITY OF SYRACUSE**, a municipal corporation of the State of New York ("City"), 233 East Washington Street, Syracuse, New York 13202.

**WITNESSETH:**

**WHEREAS**, the City has been awarded a grant in the amount of Five Hundred and Twenty Five thousand dollars (\$525,000) from the New York State Department of State (the "DOS Grant") for the construction of the Lake Lounge at Onondaga Lake; and

**WHEREAS**, the County is undertaking trail improvements adjacent to the Lake Lounge, and, for reasons of economy and efficiency, the City and County desire to partner in the procurement and construction of the Lake Lounge and trail improvement projects as set forth in this Agreement; and

**WHEREAS**, the Onondaga County Legislature, by Resolution \_\_\_\_ of 2020, has authorized the County Executive to enter into this Agreement; and

**WHEREAS**, this Agreement was further authorized by Ordinance No. \_\_\_\_ of 2020, adopted by the City of Syracuse Common Council on \_\_\_\_\_, 2020 and approved by Mayor Benjamin R. Walsh on \_\_\_\_\_, 2020;

**NOW, THEREFORE**, in consideration of the terms, covenants and conditions contained herein, the City and County do hereby agree as follows:

**A. TERM**

This Agreement shall commence upon the later date of execution by the City or County and shall continue until October 31, 2022. The City's obligation to reimburse the County, as set forth herein, shall survive termination of this Agreement.

**B. SCOPE OF SERVICES**

1. The City represents that it has procured a duly licensed architect, landscape architect and/or engineer, which design professional has provided a final design of the Lake Lounge project, consisting of a pavilion and related improvements on the Onondaga Lake shoreline at the terminus of the Onondaga Creekwalk. The City shall provide the stamped design drawings to the County. Costs of design are the full responsibility of the City.

2. The County shall procure all contractors for the construction of the Lake Lounge. The County is fully responsible for the costs of procurement.

3. The County shall provide and initially pay the costs for the construction of the Lake Lounge in accordance with the design documents. The costs of construction are the full responsibility of the City, and the City shall reimburse the County for all such costs as provided for in this Agreement.

4. The County shall provide for any required construction oversight and management of the Lake Lounge, and 20% of such costs, representing the approximate percentage of oversight and management costs attributable to the Lake Lounge project, shall be borne by the City. The City, at its own expense and option, may retain and/or provide construction oversight and management personnel whose role is strictly limited to observing, commenting and reporting. The City's approval with respect to substantial completion and its final acceptance, upon the completion of all remaining punch list items, of the Lake Lounge project is required.

5. Any proposed change order greater than or equal to five thousand dollars (\$5000) regarding the Lake Lounge, shall require prior approval of the City, which approval shall not be unreasonably withheld or denied so long as the amount is within the project contingency. In the event that the City does not approve, deny or provide written comments on a proposed change order within 5 business days and such change order is within the project contingency, the change order shall be deemed approved by the City. The City agrees to reimburse the County the full amount of any approved change order costs.

6. The County shall provide the City with monthly reports regarding the status and progress of construction and shall ensure that the costs associated with and/or attributable to the Lake Lounge project and those associated with and/or attributable to the County's trail improvement project are tracked and invoiced separately for purposes of County and DOS Grant reimbursement. Reports are prepared and provided at the sole cost of the County.

7. The City shall be fully responsible for applying for reimbursement under the DOS Grant. The City shall exercise due diligence in making prompt and complete application for reimbursement and shall provide the County with copies of all grant submissions for reimbursement. The City shall provide the County with a copy of the DOS Grant Agreement, including without limitation provisions of the DOS Grant Agreement regarding reimbursement and all documents required for reimbursement of costs for the Lake Lounge project.

8. In the event the bid responses to the Lake Lounge exceed Four hundred and seventy thousand dollars (\$470,000 ), the City and County will determine whether the parties can agree regarding apportionment of the excess costs. If, after good faith efforts no agreement is reached, this Agreement shall be null and void and the City shall reimburse the County only for monies expended to date under this Agreement.

9. The City shall reimburse the County in full for all costs incurred by the County as set forth in this Agreement. The County shall submit monthly invoices to the City, and the City shall pay the County within thirty (30) days of the invoice.

10. The City shall reimburse the County for all costs incurred in the construction of the Lake Lounge, whether or not the City receives reimbursement under the DOS Grant or any other source of revenue payment. The City has agreed to bond for the cost of the Lake Lounge project and its reimbursement obligations pursuant to this Agreement.

11. The City shall bear all responsibility for maintenance and repair of the Lake Lounge after construction and final acceptance by the City, where such acceptance shall not be unreasonably withheld. The County shall provide the City with a final punch list to review. The

County contractor shall provide the City with a one (1) year warranty as to workmanship and materials.

12. Onondaga County shall be considered the sole authority having jurisdiction for matters related to codes and compliance on both the Lake Lounge project and the Southeast Extension of the Loop the Lake Trail.

### C. DEFEND, INDEMNIFY, AND HOLD HARMLESS

#### **1. City Indemnification Clause**

To the fullest extent permitted by law, the City shall defend, indemnify, and hold harmless the County and any person for whose acts or omissions the County is legally responsible (County's Person) against and from:

any claim that the County or the County's Person is legally liable for damages arising from injury to person or property which occurred during the performance of this Agreement or in connection with or collateral to this Agreement and was caused in whole or in part by the culpable conduct of the City or any person for whose acts or omissions the City is legally responsible (City's Person); and

any reasonable and necessary expense, cost, or fee, including attorney's fee, incurred by the County in the County's defending the County or the County's Person against or incident to any claim that the County or the County's Person is legally liable for damages arising from injury to person or property which occurred during the performance of this Agreement or in connection with or collateral to this agreement and was caused in whole or in part by the culpable conduct of the City; and

any damages for which the County or the County's Person is legally liable arising from injury to person or property which occurred during the performance of this Agreement or in connection with or collateral to this agreement and was caused in whole or in part by the culpable conduct of the City.

#### **2. County Indemnification Clause**

To the fullest extent permitted by law, the County shall defend, indemnify, and hold harmless the City and any person for whose acts or omissions the City is legally responsible (City's Person) against and from:

any claim that the City or the City's Person is legally liable for damages arising from injury to person or property which occurred during the performance of this Agreement or in connection with or collateral to this Agreement and was caused in whole or in part by the culpable conduct of the County or any person for whose acts or omissions the County is legally responsible (County's Person); and

any reasonable and necessary expense, cost, or fee, including attorney's fee, incurred by the City in the City's defending the City or the City's Person against or incident to any claim that the City

or the City's Person is legally liable for damages arising from injury to person or property which occurred during the performance of this Agreement or in connection with or collateral to this agreement and was caused in whole or in part by the culpable conduct of the County; and

any damages for which the City or the City's Person is legally liable arising from injury to person or property which occurred during the performance of this Agreement or in connection with or collateral to this agreement and was caused in whole or in part by the culpable conduct of the County.

#### D. ASSIGNMENT

This Agreement may be not assigned except upon written approval of the respective parties.

Motion Made By Mr. Jordan, Mrs. Abbott-Kenan

RESOLUTION NO. \_\_\_\_\_

ACCEPTING A GIFT OF PROPERTY FROM THE FINGER LAKES LAND TRUST, LOCATED IN  
THE TOWN OF OTISCO, SUBJECT TO A CONSERVATION EASEMENT, TO BE USED FOR  
PARK PURPOSES

WHEREAS, the Finger Lakes Land Trust (FLLT) desires to gift to the County of Onondaga real property located at 1486 Otisco Valley Road in the Town of Otisco, to be used, managed and maintained by the County as a park, subject to a perpetual conservation easement enforceable by both FLLT and the New York State Department of Environmental Protection (NYSDEC); and

WHEREAS; said property consists of 34.62 acres of land along the Otisco Lake shoreline, conservation of which will result in water quality improvements to Otisco Lake, a waterbody classified as "threatened" by NYSDEC; and

WHEREAS, said property has been appraised at \$450,000; and

WHEREAS, prior to gifting said property to the County, FLLT will implement ecological enhancements such as native plantings, and wetlands and riparian buffers; and

WHEREAS, acceptance of the gift would allow the County to provide further recreational opportunities to the public as well as improve and protect water quality in Otisco Lake, a major source of drinking water for residents in Onondaga County; and

WHEREAS, an analysis of the potential environmental impacts, if any, for the County's acquisition of the property has been done under the New York State Environmental Quality Review Act (SEQRA); now, therefore be it

RESOLVED, that the proposed action is an Unlisted action under SEQRA and a Short Environmental Assessment Form (SEAF) has been prepared, reviewed, and is on file with the Clerk of the Legislature; and, be it further

RESOLVED, that the SEAF is satisfactory with respect to scope and content and adequacy in compliance with SEQRA and is hereby accepted by this County Legislature; and, be it further

RESOLVED, that this Onondaga County Legislature does hereby accept, adopt and declare a Negative Declaration for the project in accordance with article 8 of the Environmental Conservation Law because the proposed action will not have a significant adverse effect on the environment; and, be it further

RESOLVED, that the Onondaga County Executive, or his designee, is authorized to take such actions to comply with the requirements of SEQRA, including without limitation, the execution of documents and the filing, distribution and publication of the SEAF and Negative Declaration, and any other actions to implement the intent of this resolution; and, be it further

RESOLVED, that the County Executive and County Attorney be and hereby are authorized to execute a conservation easement with FLLT consistent with the provisions of New York State Environmental Conservation Law, Article 49, Title 3, and to execute deeds to acquire the above referenced property subject to said conservation easement.

### Instructions for Completing

**Part 1 – Project Information.** The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

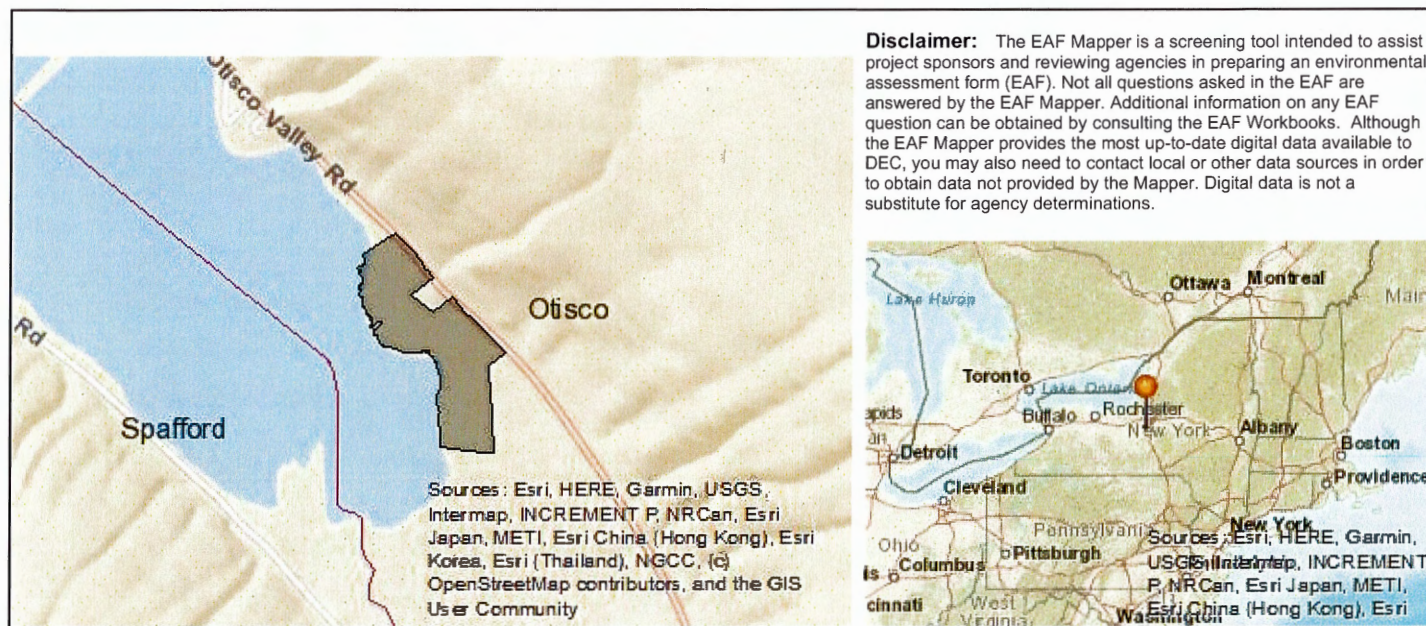

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

<b>Part 1 – Project and Sponsor Information</b>			
Name of Action or Project: Otisco Lake Conservation Easement Project			
Project Location (describe, and attach a location map): 1486 Otisco Valley Rd, Marietta, NY			
Brief Description of Proposed Action: Onondaga County will receive property (020.-01-07.1, Town of Otisco) from the Finger Lakes Land Trust (FLLT) with ecological and access enhancement projects fully implemented, subject to a conservation easement. This property will be owned and managed by the Onondaga County Parks Department in accordance with the conservation easement to improve water quality in Otisco Lake. Otisco Lake is a major drinking water source for residents in Onondaga County and the property is being purchased for enhancement of water quality through the New York State Department of Environmental Conservation (NYSDEC) Water Quality Improvement Program (WQIP) to protect this water source. Onondaga County has agreed to accept the property from FLLT upon completion of the property access and ecological enhancement projects to manage and maintain the property as a County Park within the terms of the conservation easement.

11. Will the proposed action create a hazard to environmental resources or human health?	<input checked="" type="checkbox"/>	<input type="checkbox"/>

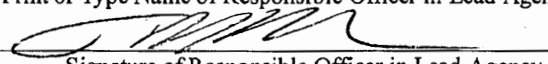

### Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The County proposes to take the property subject to a conservation easement that is enforceable by both the Finger Lakes Land Trust (FLLT) and the NYSDEC. Prior to Onondaga County taking ownership of the property, FLLT has committed to constructing public access improvements which include additional parking, pedestrian trails and shoreline fishing access on the property. These improvements will increase the intensity of use of this land when compared to the prior use as non-commercial private property. In addition, the construction of the trails will have a small impact on the quantity of flora, fauna and, perhaps, in some capacity, the wetland area along the minimal footprint of the proposed trails (see attached Proposed Plans). That being said, the project needs to net a water quality improvement to Otisco Lake to qualify for the WQIP funding provided by the NYSDEC and the proposed improvements include reforestation as well as planting native species, which will more than offset any adverse impacts caused by these access improvements. In addition, the conservation easement will ensure the flora, fauna, wetlands and natural environment on the site remain and are fully protected for generations to come. Onondaga County will ensure that the goals of the project are maintained by ensuring the use of the land is within the conservation easement for the property. Further, it is worth noting that this proposed action would be deemed Type II but for the fact that the property to be acquired is roughly 35 acres, which is 10 acres over the threshold for parklands in 6 NYCRR 617.5(c)(39).

Therefore, in accordance with Article 8 of the Environmental Conservation Law, the County hereby determines that this action will not have any significant adverse impacts on the environment and issues a negative declaration.

<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.	
<input checked="" type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

RESOLUTION NO. \_\_\_\_\_

16.  
026

AUTHORIZING THE EXECUTION OF AN ORDER ON CONSENT RELATIVE TO THE  
SETTLEMENT OF AN ENFORCEMENT ACTION BROUGHT BY THE NEW YORK STATE  
DEPARTMENT OF ENVIRONMENTAL CONSERVATION

WHEREAS, by Notice of Violation dated October 2, 2017, the New York State Department of Environmental Conservation (DEC) informed Onondaga County that the DEC would be initiating an enforcement action against the County for violating its Meadowbrook-Limestone Wastewater Treatment Plant (WWTP) State Pollution Discharge Elimination System (SPDES) permit with respect to flow and settleable solids; and

WHEREAS, the County and DEC seek to enter into an Order on Consent (Case No.: R7-20180402-10) to settle this matter, a copy of which Order on Consent is on file with the Clerk of this Legislature; and

WHEREAS, the Order on Consent provides for the County to pay the DEC a sum not to exceed \$100,000.00, \$50,000.00 of which is a payable penalty due upon execution and \$50,000.00 of which is suspended and will not be due in the event of the timely and successful completion of the items set forth in the compliance schedule attached to said Order, including, inter alia: implementation of at least a 2:1 offset in the Meadowbrook-Limestone Service Area (Service Area); annual flow reporting to assess the effectiveness of inflow and infiltration (I&I) projects completed by the Department of Water Environment Protection (WEP) in the Service Area and to predict anticipated I&I reductions associated with future projects; educating the public on WEP I&I abatement efforts and the requirements of Local Law No. 1 of 2011; implement a finer screen headworks improvement project at the WWTP; submit a report in June 2025, after the completion of I&I abatement projects, documenting that the WWTP is achieving specified SPDES limits; and, if said report indicates that SPDES exceedances remain, provide a report with an implementation schedule of additional WWTP upgrades and/or I&I abatement work required to bring the WWTP into SPDES compliance; and

WHEREAS, it is in the best interests of the County to enter into said proposed Order on Consent; now, therefore be it

RESOLVED, that the County Attorney is authorized to settle said action for a sum not to exceed \$100,000.00, consisting of a \$50,000.00 payable penalty and \$50,000.00 suspended penalty, and that the Comptroller be and hereby is authorized to draw his warrant, charging it against the proper funds; and, be it further

RESOLVED, that the Onondaga County Executive hereby is authorized to execute said Order on Consent on file with the Clerk of this Legislature resolving this matter, and to execute such further documents to implement the terms of the Order on Consent and to carry out the intent of this resolution.

In the Matter of the Violations of Article 17 of the  
Environmental Conservation Law and Part 750 of Title 6 of  
the Official Compilation of Codes, Rules and Regulations  
of the State of New York, by

**ORDER ON CONSENT**  
**File No.: R7-20180402-10**

ONONDAGA COUNTY DEPARTMENT OF WATER  
ENVIRONMENT PROTECTION and ONONDAGA  
COUNTY,

Respondents.

---

**WHEREAS:**

1. The New York State Department of Environmental Conservation (hereinafter "DEC" or "Department") is responsible for the administration and enforcement of laws and regulations pertaining to the State Pollution Discharge Elimination System (hereinafter "SPDES"), as provided by Article 17 of the Environmental Conservation Law (hereinafter "ECL"), and the rules promulgated pursuant thereto at Title 6 of the Official Compilation of the Codes, Rules, and Regulations of the State of New York (hereinafter "NYCRR"), Part 750 et seq.; and
2. ONONDAGA COUNTY (hereinafter "County") is a municipal corporation of the State of New York with offices at 421 Montgomery Street, Syracuse, New York. ONONDAGA COUNTY DEPARTMENT OF WATER ENVIRONMENT PROTECTION (hereinafter "OCDWEP") is a municipal department of the County overseeing water quality through an extensive network of trunk and interceptor sewers and treatment plants; hereinafter the term Respondents refers to OCDWEP and the County; and
3. Respondents own, operate and manage a sewage treatment works facility called Meadowbrook-Limestone Waste Water Treatment Plant ("WWTP" or the "Facility") located at 7530 Manlius Center Road, Kirkville, County of Onondaga, State of New York, and Respondents hold SPDES Permit number NY-0027723 with Department Permit Number 7-3138-00022/0001 for said Facility; and
4. ECL § 17-0105(1) and 6 NYCRR § 750-1.2(66) both define "person or persons" as any individual, public or private corporation, public subdivision, government agency, municipality, industry, co-partnership, association, firm, trust, estate, or any other legal entity whatsoever; and
5. 6 NYCRR § 750-1.2(62) defines "owner or operator" as the owner or operator of any facility or activity subject to regulation under this Part; and

6. 6 NYCRR § 750-1.2(81) defines “sewage treatment works” as a facility for the purpose of treating, neutralizing or stabilizing sewage, including treatment or disposal plants, the necessary collection, intercepting, outfall and outlet sewers, pumping stations integral to such plants or sewers, equipment and furnishings thereof and their appurtenances; and
7. 6 NYCRR § 750-1.2(33) defines “effluent limitation” as any restriction on quantities, quality, rates and concentrations of chemical, physical, biological, and other constituents of effluents that are discharged into waters of the state; and
8. The receiving water of Respondents’ WWTP effluent is the Limestone Creek and is classified as Class C surface water; and
9. 6 NYCRR § 701.8 states that Class C waters are fresh surface waters, with the best usage being fishing, suitable for fish, shellfish, and wildlife propagation and survival; and the water quality shall be suitable for primary and secondary contact recreation, although other factors may limit the use for these purposes; and
10. Respondents’ WWTP SPDES Permit number NY-0027723 contains an effluent limit which allows for an Ultimate Oxygen Demand (“UOD”) seven-day average value not to exceed 2093 pounds per day (“lbs/d”); and
11. Respondents’ WWTP SPDES Permit number NY-0027723 contains an effluent limit which allows for a Solids, Settable daily maximum value not to exceed 0.1 milliliter per liter (“ml/l”); and
12. Respondents’ WWTP SPDES Permit number NY-0027723 contains an effluent limit which allows for a Flow thirty-day average value not to exceed 6.5 million gallons per day; and
13. Respondents’ SPDES Permit number NY-0027723 contains an effluent limit which allows for an Iron Recoverable daily maximum value not to exceed 90 lbs/day; and
14. Respondents’ WWTP SPDES Permit number NY-0027723 contains an effluent limit which allows for a Total Ammonia (as NH<sub>3</sub>) thirty-day average value not to exceed May 15-October 15 76.0 lbs/d and October 16- May 14 monitor; and
15. ECL § 17-0501 states that “[i]t shall be unlawful for any person, directly or indirectly, to throw, drain, run or otherwise discharge into such waters organic or inorganic matter that shall cause or contribute to a condition in contravention of the standards adopted by the department pursuant to section 17-0301;” and
16. ECL § 17-0511 states that “[t]he use of existing or new outlets or point sources, which discharge sewage, industrial waste, or other wastes into waters of this state is prohibited unless such use is in compliance with all standards, criteria, limitations, rules and regulations promulgated or applied by the department pursuant to this article”; and

17. ECL § 17-0803 states that “[e]xcept as provided by subdivision five of section 17-0701 of this article, it shall be unlawful to discharge pollutants to the waters of the state from any outlet or point source without a SPDES permit issued pursuant hereto or in a manner other than as prescribed by such permit;” and
18. 6 NYCRR § 750-1.4(a) states that “[e]xcept as provided in section 750-1.5(a) of this Subpart, no person shall discharge or cause a discharge of any pollutant without a SPDES permit having been issued to such person pursuant to this Part and ECL Article 17, titles 7 or 8, with respect to such discharge; and no person shall discharge or cause a discharge of any pollutant in a manner other than as prescribed by such permit;” and
19. 6 NYCRR Part 750-2.8(a)(2) states that “[t]he permittee shall, at all times, properly operate and maintain all disposal facilities, which are installed or used by the permittee to achieve compliance with the conditions of the permit. Proper operation and maintenance also includes as a minimum, the following: (i) A preventative/corrective maintenance program for all critical facilities and systems of treatment and control (or related appurtenances) which are installed or used by the permittee to achieve compliance with the conditions of the permit. A facility or system is critical if it contains process equipment that is essential for proper operation and necessary to achieve compliance with the applicable SPDES permit effluent limits”; and
20. 6 NYCRR Part 750-1.13(a) states in part that any discharge authorized by a SPDES Permit shall be subject to such requirements for monitoring the intake as may be reasonably required by the Department to determine compliance with effluent limitations and water quality standards; and
21. 6 NYCRR Part 750-2.5(a)(2)(i) states in part that samples and measurement taken to meet the monitoring requirements specified in a SPDES Permit shall be representative of the quantity and character of the monitored discharges; and
22. 6 NYCRR Part 750-2.9(a)(3) states that “[t]he permittee shall identify all inflow to the tributary system and remove excessive infiltration/inflow to an extent that is economically feasible”; and
23. 6 NYCRR Part 750-2.9(a)(4) states that “[t]he permittee shall enact, maintain and enforce or cause to be enacted, maintained and enforced up-to-date and effective sewer use law in all parts of the POTW service area. Such enactment and enforcement shall include intermunicipal agreements and/or other enforceable legal instruments that allow the permittee to control discharges, either directly or through jurisdictions contributing flows to the POTW, flow and loads to the POTW as well as discharges to the POTW”; and
24. The Department issued Inspection Reports to Respondent on March 17, 2017 and April 27, 2018, and issued a Notice of Violation to Respondent on October 2, 2017; and

Violations – Discharge Monitoring Reports and Sampling

25. Department Staff documented DMR and Sampling violations at the facility; the violations are itemized and set forth in Schedule B attached to this Order; and
26. As set forth in paragraph 25, Respondents are in violation of their SPDES permit, ECL § 17-0803 and 6 NYCRR § 750-1.4(a); and
27. ECL § 71-1929 provides that any person who violates titles 1-11 and 19 of Article 17 or any rule or regulation promulgated pursuant thereto shall be liable for a civil penalty not to exceed thirty-seven thousand five hundred dollars (\$37,500) per day per violation and, in addition thereto, such person may be enjoined from continuing such violation as hereinafter provided; and
28. Respondents agree to take affirmative steps to prevent future violations of the ECL and associated rules and regulations; and
29. Respondents, without admitting any liability or the facts alleged herein, affirmatively waive any right to a hearing in this matter in the manner provided by law and having consented to the issuing and entering of this Order pursuant to the provisions of the ECL, agree to be bound by the terms and conditions contained herein.

**NOW**, having considered this matter and being duly advised, **IT IS ORDERED THAT:**

- I. Compliance. Respondents shall promptly comply with all SPDES laws, rules, regulations, and the Exhibit A Compliance Schedule attached hereto.
- II. Civil Penalty. Respondents are hereby assessed a Payable Civil Penalty of fifty thousand dollars (\$50,000.00).
  - a) The civil penalty of \$50,000.00 shall be paid, by electronic payment at <http://www.dec.ny.gov/about/61016.html> on-Line or by check made payable to the order of the “New York State Department of Environmental Conservation,” with the enclosed invoice and the Case Number of this Order on Consent written in the memo section of the check, which shall be sent to the Department of Environmental Conservation, Division of Management and Budget Services, 625 Broadway, 10th Floor, Albany, NY 12233-4900. (See Consent Order Payment Insert for additional instructions).
  - b) Respondents are further assessed a Suspended Civil Penalty of fifty thousand dollars (\$50,000.00), payment of which is suspended as a penalty to guaranty compliance and which shall become payable in the event that Respondents fail to comply with the provisions, terms, and conditions of this Order. The penalty to guaranty compliance under this paragraph shall become due and payable within fifteen calendar days after Respondents receive written notice from the Department that Respondents are or were in violation of this Order.
  - c) Failure to pay any penalty in accordance with this Article II shall constitute a violation of this Order and may result in the assessment of additional penalties.

- III. Stipulated Penalties. Respondent's failure to comply with any provision of this Order or Exhibit A attached hereto and made a part hereof, shall constitute a default and violation of this Order, which shall subject Respondent to the following stipulated penalties with the Department's reasonable discretion, without further administrative adjudication:

Violation	Circumstance	Penalty Rate
Failure to meet a major milestone or complete a Schedule A item (i.e. submit an acceptable engineering report, plan, or schedule of construction)	1 <sup>st</sup> -30 <sup>th</sup> day	\$100/day
	31 <sup>st</sup> -59 <sup>th</sup> day	\$200/day
	60 days and beyond	\$400/day

In the event that the Department determines, in its reasonable discretion in demanding stipulated penalties, that Respondent has failed to comply with such requirements, the Department shall serve upon Respondent a Notice of Violation with the calculation of the stipulated penalties due. Within twenty-one (21) days after receipt of a Notice of Violation, Respondents shall deliver the full stipulated penalty amount due to the Department, which shall be calculated to accrue from the date of the initial Notice of Violation. Any penalties shall be made payable to the **New York State Department of Environmental Conservation** and delivered as set forth in ARTICLE II herein.

- IV. Default of Payment. The penalty assessed in the Order constitutes a debt owed to the State of New York. Failure to pay the assessed penalty, or any part thereof, in accordance with the schedule contained in the Order, may result in referral to the New York State Attorney General for collection of the entire amount owed (including the assessment of interest, and a charge to cover the cost of collecting the debt), or referral to the New York State Department of Taxation and Finance, which may offset any tax refund or other monies that may be owed to you by the State of New York by the penalty amount.
- V. Submissions. All reports and submissions required in this Order and Exhibit A attached hereto shall be made pursuant to the addresses listed in Schedule A. All communications will be considered submitted on the date of deposit with the U.S. Postal Service or delivery to a recognized carrier service.
- VI. Reservation of Rights. The Department hereby reserves all its legal, administrative and equitable rights arising at common law or as granted to it pursuant to statute or regulation, including, but not limited to, any summary abatement powers of the Commissioner.
- VII. Modification. In those instances in which the Respondents desire that any of the provisions, terms or conditions of this Order be changed, it shall make written application, setting forth the grounds for the relief sought, to the Commissioner, c/o Regional Attorney, 615 Erie Boulevard West, Syracuse, New York 13204-2400. No change or modification to this Order shall become effective except as specifically set forth in writing and approved by the Commissioner or a duly authorized representative.

- VIII. Access. For the purpose of monitoring or determining compliance with this Order, employees and agents of the Department shall be provided access to Respondents' facility to inspect and/or perform such tests as the Department may deem appropriate, to copy such records, or to perform any other lawful duty or responsibilities, without prior notice of such inspection.
- IX. Indemnification. Respondents shall indemnify and hold harmless the Department, the State of New York, their representatives, employees and agents, for all claims, suits, actions, damages and costs of every name and description directly arising out of or resulting from the fulfillment or attempted fulfillment of the provisions presented hereof by the Respondents, their directors, officers, employees, servants, agents, successors or assigns.
- X. Binding Effect. The provisions, terms, and conditions of this Order, including Exhibit A, shall be deemed to bind Respondents and Respondents' officers, directors, agents, employees, successors and assigns and all persons, firms and corporations acting under or for them, including, but not limited to those who may carry on any or all of the operations now being conducted by Respondents.
- XI. Collection Costs / Fees. Respondents' failure to pay any penalty amounts due under the terms of this Order may result in a 22% surcharge in recovery costs and a potential tax refund offset by the Department of Taxation and Finance.
- XII. Effective Date. The effective date of this Order shall be the date upon which it is signed by the Commissioner or the Commissioner's Designee on behalf of the Department.
- XIII. Unforeseen Events. Respondents shall not suffer any penalty under any of the provisions, terms and conditions hereof, or be subject to any proceedings or actions for any remedy or relief, if Respondents cannot comply with any requirements of the provisions hereof because of an Act of God, war, riot, or other catastrophe as to which negligence or willful misconduct on the part of Respondents was not foreseen or a proximate cause, provided, however, that the Respondent shall immediately notify the Department in writing, when it obtains knowledge of any such condition and shall request an appropriate extension or modification of the provisions hereof; Respondents will adopt all reasonable measures to prevent or minimize any delay.
- XIV. Entire Agreement. This Order constitutes the entire agreement of the parties, and no provision of the agreement shall be deemed waived or otherwise modified without the written consent of the parties hereto or their lawfully designated successors.
- XV. Exhibits. In the event of any conflict, discrepancy or inconsistency between Exhibit A and Exhibit B, attached hereto and incorporated herein, the terms of Exhibit A shall control.

## ORDER ON CONSENT – PAGE 9

## Exhibit A Schedule of Compliance

File No.: R7-20180402-10

### **(1) I/I Abatement and Offsets**

The Department approved Respondent's "Meadowbrook-Limestone WWTP: Revised Service Area Inflow and Infiltration Evaluation and Facility Plan, dated August 2018" ("I/I Facility Plan") on May 8, 2019. Within 120 calendar days of the effective date of the Order: Submit to the Department a subsequent Work Plan outlining the manner and method by which, and locations in which, the County will spend nine million dollars (\$9,000,000.00) on infiltration and inflow (I/I) abatement projects in the Meadowbrook-Limestone Service Area (Service Area). The County shall implement \$9,000,000.00 worth of I/I abatement projects in the Service Area in accordance with said Work Plan on or before December 31, 2023.

Within 120 calendar days of the effective date of this Order, Respondent shall submit a Plan that ensures any new connection(s) or the modification of an existing sewer connection(s) to the Service Area are offset by the removal of I/I in an amount two (2) times the flow which the new or modified connection(s) are expected to contribute until such time as this Order is complete.

### **(2) Annual I/I and WWTP Flow Report**

Within 120 calendar days of the effective date of the Order, Respondent shall submit to the Department a comparison analysis of the accuracy of the two metering systems located at the WWTP which include the electromagnetic meter downstream of the influent pumps and the Parshall flume meter located downstream of the UV Disinfection process to determine accuracy of flow metering at the WWTP.

By January 31 of each year from 2021 through 2025, Respondent shall develop and submit to the Department for review and approval an annual Flow Monitoring Report ("Flow Monitoring Report") to: 1) assess the effectiveness of completed I/I abatement projects to include summarizing a trending analysis of measured WWTP flow data; 2) to predict the anticipated I/I reduction for future abatement projects; 3) present any recommendations for optimization and prioritization on future I/I abatement work; and 4) identify any private I/I encountered during I/I abatement projects and the impacts on the WWTP attributable to private I/I. Flow monitoring shall take into consideration the overall effectiveness at reducing flows to the WWTP and flows in excess of confirmed peak hour design capacity of the WWTP.

### **(3) Public Education**

In conjunction with the Satellite Municipalities, immediately begin conducting periodic public education and outreach to inform residents and other sanitary collection system users of the requirements of Local Law 1 of 2011, particularly those requirements related to unauthorized connections and private I/I, and on what the County, Towns, and Villages are doing to abate I/I and prevent SSOs. This shall include methods to inform residents on prohibitions on residential downspout and sump pump connections to the sanitary sewer systems. The programs may utilize such methods as informational flyers included in quarterly billings, project status reports posted on municipal websites, agenda items on public meetings, and so on. Respondent shall provide an annual update on Public Education efforts with the annual submission of the Flow Monitoring Report required under Item 2 above.

#### **(4) Wastewater Treatment Plant Improvements**

- (a) By January 31, 2024: Submit to the Department an approvable Technical Memorandum confirming the existing hydraulic capacity of the Meadowbrook-Limestone Wastewater Treatment Plant (WWTP). The Technical Memorandum will include engineering calculations demonstrating the peak hour capacity of the entire WWTP and each major treatment process. It is understood that during wet weather flows, significant operational changes (i.e. flow diversion to wet weather storage, shutdown of aeration, etc.) occur to some of the treatment processes when plant flows are under the estimated 16 million gallons per day (MGD) peak hour design capacity of the WWTP. The Technical Memorandum shall confirm the peak hour design capacity of the WWTP.
- (b) By January 31, 2025, the Respondent shall submit for the Department's review and approval an approvable Compliance Engineering Report ("Compliance Report") documenting the plant is achieving its settleable solids limit and that excessive flows to the facility have been abated and are not contributing to exceedances of the settleable solids limit and the average monthly flow limit of 6.5 MGD. The Compliance Report shall further document that excessive flows to the facility have been abated and are not contributing to excessive exceedances of the Facility's confirmed peak hourly design capacity. The Compliance Report can be combined with the Annual Flow Monitoring Report due at the same time.
- (c) If exceedances of settleable solids, average monthly flow, or excessive peak hourly flow are still evident, by January 31, 2025, the Respondent shall submit for Department's review and approval an approvable WWTP Upgrades Engineering Report ("Upgrades Report"), prepared/certified by a Professional Engineer licensed to practice in New York State, identifying necessary technical upgrades to the Meadowbrook- Limestone WWTP and taking into consideration the Respondent's previous engineering technical assessment and evaluation in the "Enhanced Wet Weather Operations Planning Evaluation" report (July 2016). Upgrades shall consider increases in hydraulic capacity of the WWTP, other WWTP upgrades, increase in offsets greater than an amount two (2) times the flow as required in Item 1 above, and/or additional I/I abatement work to address continued excessive exceedances of monthly average daily and peak hourly flows. The Upgrades Report shall also include an implementation schedule for construction and operation of Respondent's recommended upgrades. Respondent shall be obligated to construct the upgrades in substantial conformance with the recommendations. Respondent shall be responsible to obtain all regulatory reviews, permits, and approvals, including approvals of engineering plans and specifications. Construction of the upgrade shall be based on a compliance completion date in the Department approved implementation schedule. The implementation schedule milestone dates shall be incorporated as enforceable in the Order.
- (d) Within 60 calendar days of the effective date of this Order, the Respondent shall submit an approvable Screen Engineering Report ("Screen Report") with design recommendations to modify the existing bar screen in the WWTP Headworks Building to install finer screens to increase solids capture and improve velocity control. The Report shall also include an implementation schedule to include construction and operation for the recommended engineering alternative. Within sixteen (16) months of the Department's approval of the Report, the Respondent shall submit approvable plans and specifications to upgrade the mechanical screen rake in accordance with the approved recommendations in the Report. The Department approved implementation schedule milestone dates shall be incorporated as enforceable in the Order.

#### **(5) Update Operation and Maintenance Plans (O&M)**

Respondent shall update their collection system O&M plans upon acquisition of any new collection infrastructure. The updates shall identify all necessary routine maintenance actions and the schedule for performing these actions, as well as contingency plans for addressing any unforeseen failures of the systems. O&M Plans shall be updated within 180 days of acquisition of any new collection system infrastructure, and the Department shall be notified in writing within 30 days of Respondent's completion of the O&M Plan updates.

### Exhibit B: Compliance Schedule

Compliance Item	Duration/Conditions	Deliverable Date(s)
<b>1) I/I Abatement &amp; Offsets</b>		
Submission of Work Plan		Within 120 days of EDO
Implement \$9M of I/I Abatement Projects <sup>1</sup>	EDO to December 31, 2023	
2:1 Offset Plan	Until completion of Order. Increased offsets to be considered under Compliance Item 4c.	Within 120 days of EDO
<b>2) Annual I/I and WWTP Flow Report</b>		
WWTP Metering Systems Comparison Analysis		Within 120 days of EDO
Annual Flow Monitoring Report	Annually, January 31, 2021 to January 31, 2025	Annually, due January 31 <sup>st</sup> .
<b>3) Public Education</b>	Annually, January 31, 2021 to completion of Order. Public Education update to be included with annual flow monitoring report submission per Item 2.	Annually, due January 31 <sup>st</sup> .
<b>4) WWTP Improvements</b>		
a) Hydraulic (Peak Hour) Design Capacity Memo		January 31, 2024
b) Compliance Report: WWTP Engineering Report on Permit Compliance due to I/I Abatement		January 31, 2025
c) Upgrades Report: WWTP Technical Upgrades Report (Facility Plan)	If exceedances of average monthly flow, excessive peak hourly flow or settleable solids are still evident as identified in the Compliance Report, an engineering Upgrade Report is required.	January 31, 2025
d) WWTP Finer Screens Headworks Improvement Project		
Project Report with Implementation Schedule		Within 60 days of EDO
Submit Plans and Specifications for Mechanical Screen Upgrade		Within sixteen (16) months of Report Approval
<b>5) Update O&amp;M Plans</b>		
OCWEP shall update their collection system O&M plans upon acquisition of any new collection infrastructure. The updates shall identify all necessary routine maintenance actions and the schedule for performing these actions, as well as contingency plans for addressing any unforeseen failures of the systems.	Update O&M plans within 180 days of acquisition of any new collection system infrastructure.	Notify in writing DEC once O&M plans are updated within 30 days.

- 1- The general concept of the Order is to allow for 3 years of Consolidation and implementation of \$9 million worth of I&I projects, and one year of flow monitoring, before a determination on the need for plant upgrades is made which will be addressed in the WWTP Technical Upgrades Report. This report could propose further I&I projects to achieve compliance if the data support this.

RESOLUTION NO. \_\_\_\_\_

A RESOLUTION CALLING A PUBLIC HEARING IN CONNECTION WITH THE PROPOSED  
LEASING OF SEWER SYSTEMS FROM CERTAIN MUNICIPALITIES WITHIN THE ONONDAGA  
COUNTY CONSOLIDATED SANITARY DISTRICT

WHEREAS, pursuant to Article 11-A of the Onondaga County Administrative Code, the Commissioner of the Department of Water Environment Protection (Commissioner) has heretofore recommended to this County Legislature the acquisition via forty-year lease, with option to renew for four additional ten-year terms and at a cost of one dollar per year, of the sanitary sewer infrastructure within the Onondaga County Consolidated Sanitary District (CSD) owned by the Town of Manlius, Town of DeWitt, Town of Pompey, Village of Manlius, and Village of Fayetteville, as well as the sanitary sewer infrastructure owned by the City of Syracuse and located within the Meadowbrook-Limestone Service Area of the CSD, in order to promote the public health and welfare of the County; and

WHEREAS, the Commissioner has duly filed his Report and Recommendations dated January 6, 2020, which has been duly approved by the County Executive; now, therefore be it

RESOLVED, by the County Legislature of the County of Onondaga, New York, as follows:

Section 1. Pursuant to the aforesaid provisions of the Onondaga County Administrative Code, this County Legislature hereby tentatively approves the aforesaid Report and Recommendations of the Commissioner as heretofore filed with it.

Section 2. A meeting of the County Legislature of the County of Onondaga, New York shall be held in the Legislative Chambers in the County Court House, in Syracuse, New York, on March 3, 2020, at 12:45 o'clock P.M., prevailing Eastern Time, for the purpose of conducting a public hearing upon the aforesaid matter. The Clerk of said County Legislature is hereby authorized and directed to cause a notice of such public hearing to be published and posted in the manner provided by law.

Section 3. This resolution shall take effect immediately.

## COMMISSIONER'S REPORT

January 6, 2020

TO: Onondaga County Legislature  
Onondaga County Court House  
401 Montgomery Street, Room 407  
Syracuse, NY 13202

On January 6, 2020, the undersigned held a Commissioner's Hearing, open to the public, pursuant to subdivision (a) of Section 11.54 of the Onondaga County Administrative Code. The purpose of the hearing was to hear public comment on:

Authorizing the Leasing of Sewer Systems from Certain Municipalities  
Within the Onondaga County Consolidated Sanitary District.

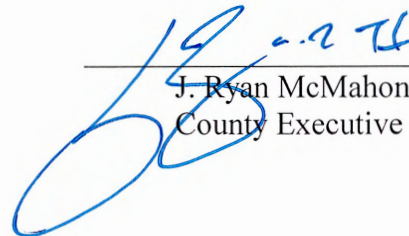

This hearing was properly posted and advertised. No one spoke in opposition to the proposal. It is recommended, based upon the undersigned review of the matter, that:

1. The Legislature set a date for a public hearing on the proposal; and,
2. Said costs be recovered from the Onondaga County Sanitary District.

Respectfully submitted,

Frank M. Mento, P.E.  
Commissioner

**PUBLIC HEARING**  
**ONONDAGA COUNTY DEPARTMENT OF WATER ENVIRONMENT**  
**PROTECTION**  
**MONDAY, January 6, 2020**

The following occurred at 4:12 p.m.:

Commissioner Mento: This is a Commissioner's Hearing to hear public comment on authorizing long term leases of sanitary sewer systems from certain municipalities located within the Onondaga County Consolidated Sanitary District ; therefore,

It is 4:12 p.m., and I declare the hearing open. If there are no objections, I would first like to present a prepared statement for the record and will hear comments and answer questions immediately following.

(No answer)

Commissioner Mento: I present the following statement for the record:

The acquisitions, via 40 year lease, with the option to renew for four (4) additional 10-year terms, and at a cost of \$1 per year, are to obtain access to the sanitary sewer infrastructure within the Onondaga Consolidated Sanitary District and owned by the Town of Manlius, Town of Dewitt, Town of Pompey, Village of Manlius, and Village of Fayetteville, as well as sanitary sewer infrastructure owned by the City of Syracuse and located in the Meadowbrook-Limestone service area.

The leases will provide Onondaga County and the Consolidated Sanitary District the necessary ownership rights to access the assets, perform maintenance and capital renewal work, and apply for preferred financing and select grant opportunities.

Final versions of the leases will be presented to the Onondaga County Legislature to assist with review of the Local Law. Upon adoption of the Local Law, the County Executive will execute the agreements.

The action has been designated a Type 1 under SEQRA and WEP has secured lead agency status.

Further public hearings and comment sessions, as required by the legislative process, will be held to allow for additional public comment.

This concludes my statement. Does anyone have any comments or questions?

C. Fadden: I am here representing the Village of Liverpool. Is this only for the municipalities in the Meadowbrook-Limestone service area?

Comm. Mento: Yes, in whole or in part.

C. Fadden: We received the County's Lead Agency letter. How are sections of sewer being evaluated for purchase? What terms were used? Did you consider the current debt service on the sewer infrastructure?

Comm. Mento: The leases are still a work in progress. I can tell you that they are blanket leases, meaning the leases cover all sewer assets without bias, regardless of age or condition. The County will be acting as "tenant" and the municipality as "landlord".

C. Fadden: Why were leases chosen (as the vehicle)?

Comm. Mento: Leases are the preferred mechanism. It is cleaner, it is easier and allows for the districts to be kept in place. The leases will give the County the ownership status that is required for financings. A 40-year lease with four 10-year renewals is as close to ownership as it gets, based upon the duration.

If any municipalities have a net surplus, it will be applied to the district assets. If there is any debt, the County will assume the debt. The County is better able to manage debt, given its good credit rating. Another advantage is that there will only be one sewer unit charge.

G. Sgromo: If the village has a surplus, they keep it. If a town or village has existing debt, then the other municipalities will have to pay for that debt.

Comm. Mento: The debt service for the municipality will be zero. The unit charge rate will increase, but it will spread out among more users. This is not an equity transfer. There are multiple inequities, but over the long term, there will be fairness and cost savings down the road.

G. Sgromo: There was concern over how the debt burden will be spread. Why lease? Will the assets be returned after 40 years?

Comm. Mento: A 40-year lease with renewals is the same as ownership. Actually, a municipality that has taken care of its assets will be rewarded – they will be relieved of their debt service.

G. Sgromo: When will the rest be done?

Comm. Mento: That will be up to the County Executive and the County Legislature. They will look at many factors: I&I, economic development, etc. Phase 2 could be 1 municipality, several municipalities or the rest of them.

C. Fadden: Once done, will the County be responsible for all emergencies? Things that are usually done by our DPW?

Comm. Mento: Yes.

C. Fadden: It makes sense. We need to stop cleaning clean water. We need to make room for more connections, more capacity.

Comm. Mento: Agreed. If there are no more comments, then I declare this hearing closed. Thank you all for coming.

(End of hearing at 4:30 p.m.)

ONONDAGA COUNTY DEPARTMENT OF  
WATER ENVIRONMENT PROTECTION**

Notice is hereby given that, pursuant to subdivision (a) of Section 11.54 of the Onondaga County Administrative Code, the undersigned Commissioner of Water Environment Protection of the County of Onondaga, New York, will hold a public hearing at the Department of Water Environment Protection, 650 Hiawatha Boulevard West, Syracuse, New York on the 6th day of January, 2020 at 4:00 p.m. to hear all persons interested in the following proposal:

Authorizing the Leasing of Sewer Systems From Certain Municipalities  
Within the Onondaga County Consolidated Sanitary District.

At such public hearing, any municipality and all persons owning property within the Onondaga County Sanitary District, or immediately adjacent thereto, shall be entitled to be heard.

Onondaga County assures that no person shall be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any of its program or activities on the grounds of race, color, national origin, gender or gender identity, sexual orientation, or disability as provided by county policy and pursuant to Title VI of the Civil Rights Act of 1964 and the Civil Rights Restoration Act of 1987 (P.L. 100.259), Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, as amended, and Executive Order 13166. Onondaga County further assures every effort will be made to ensure nondiscrimination in all of its programs and activities, whether those programs and activities are federally funded or not. In the event that Onondaga County distributes federal aid funds to another government entity, it will include civil rights language in all written agreements and will monitor for compliance.

Please advise the Onondaga County Department of Water Environment Protection should you need any accommodation to facilitate your participation. Motion Made By Mr. Jordan

RESOLUTION NO. \_\_\_\_\_

AUTHORIZING THE COUNTY OF ONONDAGA TO ACT AS LEAD AGENCY FOR ONONDAGA COUNTY SEWAGE DISPOSAL SYSTEM LEASES UNDER THE STATE ENVIRONMENTAL QUALITY REVIEW ACT; APPROVING THE CLASSIFICATION OF A TYPE I ACTION; ACCEPTING THE ENVIRONMENTAL ASSESSMENT FORM; ACCEPTING AND ADOPTING THE NEGATIVE DECLARATION; AND AUTHORIZING THE FILING, DISTRIBUTION AND PUBLICATION OF THE NEGATIVE DECLARATION

WHEREAS, Onondaga County is seeking to enter into long-term leases for sanitary sewer systems owned by the twenty (20) local municipalities within the Consolidated Sanitary District (CSD) utilizing a phased approach based on an analysis of which municipal systems have the greatest amount of inflow and infiltration and generally in accordance with municipal/district boundaries and service areas (Project); and

WHEREAS, the phased leasing of municipal sanitary sewer systems within the CSD will provide singular operation, maintenance and capital investment responsibility for the entirety of the sewer collection and treatment systems that discharge to County wastewater treatment plants; and

WHEREAS, an analysis of the potential environmental impacts of this Project, if any, has been undertaken pursuant to the State Environmental Quality Review Act (SEQRA); and

WHEREAS, the County has notified the involved agencies that Onondaga County is serving as Lead Agency on this Project and said agencies have approved the same; and

WHEREAS, the County has classified the proposed action as a Type I action pursuant to SEQRA, and based on the anticipated environmental impacts of the Project as determined by the completed Environmental Assessment Form (EAF), the County has made a preliminary determination that the proposed action will have no significant environmental impacts; now, therefore be it

RESOLVED, that the County is hereby designated, authorized and ratified to act as Lead Agency pursuant to SEQRA; and, be it further

RESOLVED, that this Onondaga County Legislature, for the purposes of SEQRA, determines that the proposed action is a Type I Action; and, be it further

RESOLVED, that the EAF for this Project has been prepared and reviewed and is on file with the Clerk of the Legislature; and, be it further

RESOLVED, that the EAF is satisfactory with respect to scope and content and adequacy in compliance with SEQRA and is accepted by this Onondaga County Legislature; and, be it further

RESOLVED, that this Onondaga County Legislature does accept and adopt the Negative Declaration for the Project in accordance with article 8 of the Environmental Conservation Law and has determined that the proposed action will not have a significant adverse effect on the environment; and, be it further

RESOLVED, that the Onondaga County Executive, or his designee, is authorized to take such actions to comply with the requirements of SEQRA, including without limitation, the execution of documents and the filing, distribution and publication of the EAF and Negative Declaration, and any other actions to implement the intent of this resolution.

g. Does the proposed action include new non-residential construction (including expansions)? <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span> If Yes,	
i. Total number of structures _____ ii. Dimensions (in feet) of largest proposed structure: _____ height; _____ width; and _____ length iii. Approximate extent of building space to be heated or cooled: _____ square feet	

h. Does the proposed action include construction or other activities that will result in the impoundment of any liquids, such as creation of a water supply, reservoir, pond, lake, waste lagoon or other storage? <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span> If Yes,	
i. Purpose of the impoundment: _____ ii. If a water impoundment, the principal source of the water: <span style="float: right;"><input type="checkbox"/> Ground water <input type="checkbox"/> Surface water streams <input type="checkbox"/> Other specify: _____</span> iii. If other than water, identify the type of impounded/contained liquids and their source. _____ iv. Approximate size of the proposed impoundment. Volume: _____ million gallons; surface area: _____ acres v. Dimensions of the proposed dam or impounding structure: _____ height; _____ length vi. Construction method/materials for the proposed dam or impounding structure (e.g., earth fill, rock, wood, concrete): _____	

**D.2. Project Operations**

a. Does the proposed action include any excavation, mining, or dredging, during construction, operations, or both? (Not including general site preparation, grading or installation of utilities or foundations where all excavated materials will remain onsite) <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span> If Yes:	
i. What is the purpose of the excavation or dredging? _____ ii. How much material (including rock, earth, sediments, etc.) is proposed to be removed from the site? • Volume (specify tons or cubic yards): _____ • Over what duration of time? _____ iii. Describe nature and characteristics of materials to be excavated or dredged, and plans to use, manage or dispose of them. _____ _____ _____ iv. Will there be onsite dewatering or processing of excavated materials? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span> If yes, describe. _____ _____ _____ v. What is the total area to be dredged or excavated? _____ acres vi. What is the maximum area to be worked at any one time? _____ acres vii. Will the excavation require blasting? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span> ix. Summarize site reclamation goals and plan: _____ _____ _____ _____	

b. Would the proposed action cause or result in alteration of, increase or decrease in size of, or encroachment into any existing wetland, waterbody, shoreline, beach or adjacent area? <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span> If Yes:	
i. Identify the wetland or waterbody which would be affected (by name, water index number, wetland map number or geographic description): _____ _____ _____	

ii. Describe how the proposed action would affect that waterbody or wetland, e.g. excavation, fill, placement of structures, or alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in square feet or acres:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

iii. Will the proposed action cause or result in disturbance to bottom sediments?

☐ Yes ☐ No

If Yes, describe: \_\_\_\_\_

iv. Will the proposed action cause or result in the destruction or removal of aquatic vegetation?

☐ Yes ☐ No

If Yes:

- acres of aquatic vegetation proposed to be removed: \_\_\_\_\_
- expected acreage of aquatic vegetation remaining after project completion: \_\_\_\_\_
- purpose of proposed removal (e.g. beach clearing, invasive species control, boat access): \_\_\_\_\_
- proposed method of plant removal: \_\_\_\_\_
- if chemical/herbicide treatment will be used, specify product(s): \_\_\_\_\_

v. Describe any proposed reclamation/mitigation following disturbance: \_\_\_\_\_

\_\_\_\_\_

c. Will the proposed action use, or create a new demand for water?

☐ Yes ☒ No

If Yes:

i. Total anticipated water usage/demand per day: \_\_\_\_\_ gallons/day

ii. Will the proposed action obtain water from an existing public water supply?

☐ Yes ☐ No

If Yes:

- Name of district or service area: \_\_\_\_\_
- Does the existing public water supply have capacity to serve the proposal? ☐ Yes ☐ No
- Is the project site in the existing district? ☐ Yes ☐ No
- Is expansion of the district needed? ☐ Yes ☐ No
- Do existing lines serve the project site? ☐ Yes ☐ No

iii. Will line extension within an existing district be necessary to supply the project?

☐ Yes ☐ No

If Yes:

- Describe extensions or capacity expansions proposed to serve this project: \_\_\_\_\_
- Source(s) of supply for the district: \_\_\_\_\_

iv. Is a new water supply district or service area proposed to be formed to serve the project site?

☐ Yes ☐ No

If Yes:

- Applicant/sponsor for new district: \_\_\_\_\_
- Date application submitted or anticipated: \_\_\_\_\_
- Proposed source(s) of supply for new district: \_\_\_\_\_

v. If a public water supply will not be used, describe plans to provide water supply for the project: \_\_\_\_\_

\_\_\_\_\_

vi. If water supply will be from wells (public or private), what is the maximum pumping capacity: \_\_\_\_\_ gallons/minute.

d. Will the proposed action generate liquid wastes?

☐ Yes ☒ No

If Yes:

i. Total anticipated liquid waste generation per day: \_\_\_\_\_ gallons/day

ii. Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe all components and approximate volumes or proportions of each): \_\_\_\_\_

\_\_\_\_\_

iii. Will the proposed action use any existing public wastewater treatment facilities?

☐ Yes ☐ No

If Yes:

- Name of wastewater treatment plant to be used: \_\_\_\_\_
- Name of district: \_\_\_\_\_
- Does the existing wastewater treatment plant have capacity to serve the project? ☐ Yes ☐ No
- Is the project site in the existing district? ☐ Yes ☐ No
- Is expansion of the district needed? ☐ Yes ☐ No

vi. Describe any plans or designs to capture, recycle or reuse liquid waste: _____	
e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point source (i.e. sheet flow) during construction or post construction? _____	
If Yes:	
i. How much impervious surface will the project create in relation to total size of project parcel? _____	
_____ Square feet or _____ acres (impervious surface)	
_____ Square feet or _____ acres (parcel size)	
ii. Describe types of new point sources. _____	
iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent properties, groundwater, on-site surface water or off-site surface waters)? _____	
• If to surface waters, identify receiving water bodies or wetlands: _____	
• Will stormwater runoff flow to adjacent properties? _____	
iv. Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater? _____	
f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations? _____	
If Yes, identify:	
i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles) _____	
ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers) _____	
iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation) _____	
g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit, or Federal Clean Air Act Title IV or Title V Permit? _____	
If Yes:	
i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet ambient air quality standards for all or some parts of the year) _____	
ii. In addition to emissions as calculated in the application, the project will generate:	
• _____ Tons/year (short tons) of Carbon Dioxide (CO <sub>2</sub> )	
• _____ Tons/year (short tons) of Nitrous Oxide (N <sub>2</sub> O)	
• _____ Tons/year (short tons) of Perfluorocarbons (PFCs)	
• _____ Tons/year (short tons) of Sulfur Hexafluoride (SF <sub>6</sub> )	
• _____ Tons/year (short tons) of Carbon Dioxide equivalent of Hydrofluorocarbons (HFCs)	
• _____ Tons/year (short tons) of Hazardous Air Pollutants (HAPs)	

<p>h. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)? <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span></p> <p>If Yes:</p> <p>i. Estimate methane generation in tons/year (metric): _____</p> <p>ii. Describe any methane capture, control or elimination measures included in project design (e.g., combustion to generate heat or electricity, flaring): _____</p>			
<p>i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations? <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span></p> <p>If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust): _____</p>			
<p>j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services? <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span></p> <p>If Yes:</p> <p>i. s. Does the proposed action include construction or modification of a solid waste management facility? ☐ Yes ☒ No

If Yes:

i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities): \_\_\_\_\_

ii. Anticipated rate of disposal/processing:

- \_\_\_\_\_ Tons/month, if transfer or other non-combustion/thermal treatment, or
- \_\_\_\_\_ Tons/hour, if combustion or thermal treatment

iii. If landfill, anticipated site life: \_\_\_\_\_ years

t. Will the proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste? ☐ Yes ☒ No

If Yes:

i. Name(s) of all hazardous wastes or constituents to be generated, handled or managed at facility: \_\_\_\_\_

ii. Generally describe processes or activities involving hazardous wastes or constituents: \_\_\_\_\_

iii. Specify amount to be handled or generated \_\_\_\_\_ tons/month

iv. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents: \_\_\_\_\_

v. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility? ☐ Yes ☐ No

If Yes: provide name and location of facility: \_\_\_\_\_

If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility: \_\_\_\_\_

## E. Site and Setting of Proposed Action

**E.1. Land uses on and surrounding the project site**

a. Existing land uses.

i. Check all uses that occur on, adjoining and near the project site.

☐ Urban ☐ Industrial ☐ Commercial ☐ Residential (suburban) ☐ Rural (non-farm)

☐ Forest ☐ Agriculture ☐ Aquatic ☒ Other (specify): Municipal

ii. If mix of uses, generally describe:

Wherever sewer systems and facilities are located in the Onondaga County Consolidated Sewer District. Mix of urban, residential, and rural

b. Land uses and coverts on the project site.

**Full Environmental Assessment Form**  
**Part 2 - Identification of Potential Project Impacts**

<b>Agency Use Only [If applicable]</b>
Project : <span style="border: 1px solid black; padding: 0 5px;">County Sewage Disposal System Lease</span>
Date : <span style="border: 1px solid black; padding: 0 5px;">1/2/20</span>

**Part 2 is to be completed by the lead agency.** Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency **and** the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

**Tips for completing Part 2:**

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please complete all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to large impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action".
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

<b>1. Impact on Land</b> Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1. D.1) <i>If "Yes", answer questions a - j. If "No", move on to Section 2.</i>			
		<input checked="" type="checkbox"/> <b>NO</b>	<input type="checkbox"/> <b>YES</b>

<b>8. Impact on Agricultural Resources</b> The proposed action may impact agricultural resources. (See Part 1. E.3.a. and b.) <input checked="" type="checkbox"/> NO <input type="checkbox"/> YES <i>If "Yes", answer questions a - h. If "No", move on to Section 9.</i>			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may impact soil classified within soil group 1 through 4 of the NYS Land Classification System.	E2c, E3b	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may sever, cross or otherwise limit access to agricultural land (includes cropland, hayfields, pasture, vineyard, orchard, etc).	E1a, E1b	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may result in the excavation or compaction of the soil profile of active agricultural land.	E3b	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may irreversibly convert agricultural land to non-agricultural uses, either more than 2.5 acres if located in an Agricultural District, or more than 10 acres if not within an Agricultural District.	E1b, E3a	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may disrupt or prevent installation of an agricultural land management system.	E1 a, E1b	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may result, directly or indirectly, in increased development potential or pressure on farmland.	C2c, C3, D2c, D2d	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed project is not consistent with the adopted municipal Farmland Protection Plan.	C2c	<input type="checkbox"/>	<input type="checkbox"/>
h. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>

**9. Impact on Aesthetic Resources**

The land use of the proposed action are obviously different from, or are in sharp contrast to, current land use patterns between the proposed project and a scenic or aesthetic resource. (Part 1. E.1.a, E.1.b, E.3.h.)

☒ NO☐ YES

*If "Yes", answer questions a - g. If "No", go to Section 10.*

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Proposed action may be visible from any officially designated federal, state, or local scenic or aesthetic resource.	E3h	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in the obstruction, elimination or significant screening of one or more officially designated scenic views.	E3h, C2b	<input type="checkbox"/>	<input type="checkbox"/>

**PRINT FULL FORM**

**Full Environmental Assessment Form**  
**Part 3 - Evaluation of the Magnitude and Importance of Project Impacts**  
**and**  
**Determination of Significance**

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

**Reasons Supporting This Determination:**

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

The proposed action involves the long-term leasing by the County of Town/Village/City sanitary sewer infrastructure and facilities (pipes, manholes, pump stations and associated easements/ROWs). The action merely involves the leasing of existing assets and does not include any construction or intrusive site work. The action will be accomplished in phases based on an analysis of which municipal systems have the greatest amount of inflow and infiltration and generally in accordance with municipal/district boundaries. Consolidation of services of the satellite sanitary sewer systems in such a manner is anticipated to result in positive environmental impacts on account of greater County resources and a more centralized, streamlined and robust operations, maintenance and management structure/program. Therefore, in accordance with Article 8 of the Environmental Conservation Law, the County hereby determines that this action will not have any significant adverse impacts on the environment and issues a negative declaration.

**Determination of Significance - Type 1 and Unlisted Actions**

SEQR Status: ☒ Type 1 ☐ Unlisted

Identify portions of EAF completed for this Project: ☒ Part 1 ☒ Part 2 ☒ Part 3

Upon review of the information recorded on this EAF, as noted, plus this additional support information

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the  
County of Onondaga as lead agency that:

☒ A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

☐ B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

☐ C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.
