RESOLVED, by the County Legislature of the County of Onondaga, New York, as follows:

Section 1. For the object or purpose of refunding the outstanding callable principal balance of the Refunded Bonds as more fully set forth in the Refunding Financial Plan (hereinafter defined), including providing moneys which, together with the interest earned from the investment of certain of the proceeds of the refunding bonds herein authorized, shall be sufficient to pay (i) the principal amount of such Refunded Bonds, (ii) the aggregate amount of unmatured interest payable on such Refunded Bonds to and including the date on which the Refunded Bonds which are callable are to be called prior to their respective maturities in accordance with the refunding financial plan, as hereinafter defined, (iii) the costs and expenses incidental to the issuance of the refunding bonds herein authorized, including the development of the refunding financial plan, as hereinafter defined, costs and expenses of executing and performing the

terms and conditions of the escrow contract or contracts, as hereinafter defined, and fees and charges of the escrow holder or holders, as hereinafter mentioned, (iv) the premium or premiums for a policy or policies of municipal bond insurance or cost or costs of other credit enhancement facility or facilities, for the refunding bonds herein authorized, or any portion thereof, there are hereby authorized to be issued not exceeding \$28,000,000 refunding serial bonds of the County pursuant to the provisions of Section 90.10 of the Local Finance Law (the "Refunding Bonds"), it being anticipated that the amount of Refunding Bonds actually to be issued will be approximately \$24,895,000, as provided in Section 4 hereof. The Refunding Bonds shall each be designated substantially "PUBLIC IMPROVEMENT REFUNDING (SERIAL) BOND" together with such series designation and year as is appropriate on the date of sale thereof, shall be of the denomination of \$5,000 or any integral multiple thereof (except for any odd denominations, if necessary) not exceeding the principal amount of each respective maturity, shall be numbered with the prefix R-17 (or R with the last two digits of the year in which the Refunding Bonds are issued as appropriate) followed by a dash and then from 1 upward, shall be dated on such dates, and shall mature annually on such dates in such years, bearing interest semi-annually on such dates, at the rate or rates of interest per annum, as may be necessary to sell the same, all as shall be determined by the Chief Fiscal Officer pursuant to Section 4 hereof. It is hereby further determined that (a) such Refunding Bonds may be issued in series, (b) such Refunding Bonds may be sold at a discount in the manner authorized by paragraph a of Section 57.00 of the Local Finance Law pursuant to subdivision 2 of paragraph f of Section 90.10 of the Local Finance Law, and (c) such Refunding Bonds may be issued as a single consolidated issue. It is hereby further determined that such Refunding Bonds may be issued to refund all, or any portion of, the Refunded Bonds, subject to approval by the State Comptroller.

Section 2. The Refunding Bonds may be subject to redemption prior to maturity upon such terms as the Chief Fiscal Officer shall prescribe, which terms shall be in compliance with the requirements of Section 53.00 (b) of the Local Finance Law. If less than all of the Refunding Bonds of any maturity are to be redeemed, the particular refunding bonds of such maturity to be redeemed shall be selected by the County by lot in any customary manner of selection as determined by the Chief Fiscal Officer. Notice of such call for redemption shall be given by providing notice to the registered owners not less than thirty (30) days prior to such date. Notice of redemption having been given as aforesaid, the bonds so called for redemption shall, on the date for redemption set forth in such call for redemption, become due and payable, together with interest to such redemption date, and interest shall cease to be paid thereon after such redemption date.

The Refunding Bonds shall be issued in registered form and shall not be registrable to bearer or convertible into bearer coupon form. When issued, the Refunding Bonds shall be initially issued in denominations such that one bond shall be issued for each maturity of bonds and shall be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the bonds in accordance with the Book-Entry-Only system of DTC. In the event that either DTC shall discontinue the Book-Entry-Only system or the County shall terminate its participation in such Book-Entry-Only system, such bonds shall thereafter be issued in certificated form of the denomination of \$5,000 each or any integral multiple thereof (except for any odd denominations, if necessary) not exceeding the principal amount of each respective maturity. Principal of and interest on the bonds shall be payable to DTC, or to its nominee, Cede & Co., while the bonds are registered in the name of Cede & Co. in accordance with such Book-Entry-Only System. Principal shall only be payable upon surrender of the bonds at the principal corporate trust office of the Chief Fiscal Officer.

In the event said Refunding Bonds are issued in non-book entry form, principal of and interest on the Refunding Bonds shall be payable by check or draft mailed by the Fiscal Agent (as hereinafter defined) to the registered owners of the Refunding Bonds as shown on the registration books of the County maintained by the Fiscal Agent (as hereinafter defined), as of the close of business on the fifteenth day of the calendar month or first business day of the calendar month preceding each interest payment date as

appropriate and as provided in a certificate of the Chief Fiscal Officer providing for the details of the Refunding Bonds. Principal shall only be payable upon surrender of bonds at the principal corporate trust office of a bank or trust company or banks or trust companies located or authorized to do business in the State of New York, as shall hereafter be designated by the Chief Fiscal Officer as fiscal agent of the County for the Refunding Bonds (collectively the "Fiscal Agent").

Principal and interest on the Refunding Bonds will be payable in lawful money of the United States of America.

The Chief Fiscal Officer is hereby authorized to enter into an agreement or agreements containing such terms and conditions as he shall deem proper with the Fiscal Agent, for the purpose of having such bank or trust company or banks or trust companies act, in connection with the Refunding Bonds, as the Fiscal Agent for said County, to perform the services described in Section 70.00 of the Local Finance Law, and to execute such agreement or agreements on behalf of the County, regardless of whether the Refunding Bonds are initially issued in certificated or non-certificated form.

The Chief Fiscal Officer is hereby further delegated all powers of this County Legislature with respect to agreements for credit enhancement, derived from and pursuant to Section 168.00 of the Local Finance Law, for said Refunding Bonds, including, but not limited to the determination of the provider of such credit enhancement facility or facilities and the terms and contents of any agreement or agreements related thereto.

The Refunding Bonds shall be executed in the name of the County by the manual signature of the Chief Fiscal Officer, and its corporate seal shall be imprinted thereon. The Refunding Bonds shall contain the recital required by subdivision 4 of paragraph j of Section 90.10 of the Local Finance Law and the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the Local Finance Law, as the Chief Fiscal Officer shall determine. It is hereby determined that it is to the financial advantage of the County not to impose and collect from registered owners of the Refunding Bonds any charges for mailing, shipping and insuring bonds transferred or exchanged by the Fiscal Agent, and, accordingly, pursuant to paragraph c of Section 70.00 of the Local Finance Law, no such charges shall be so collected by the Fiscal Agent.

Section 3. It is hereby determined that:

- (a) the maximum amount of the Refunding Bonds authorized to be issued pursuant to this resolution does not exceed the limitation imposed by subdivision 1 of paragraph b of Section 90.10 of the Local Finance Law;
- (b) the maximum period of probable usefulness permitted by law at the time of the issuance of the Refunded Bonds for each object or purpose for which such Refunded Bonds were issued is as specified the 2103 Bond Certificate which is incorporated herein by reference;
- (c) the last installment of the Refunding Bonds will mature not later than the expiration of the respective period of probable usefulness of the objects or purposes for which said Refunded Bonds were issued in accordance with the provisions of subdivision 1 of paragraph c of Section 90.10 of the Local Finance Law.
- (d) the estimated present value of the total debt service savings anticipated as a result of the issuance of the Refunding Bonds, computed in accordance with the provisions of subdivision 2 of paragraph b of Section 90.10 of the Local Finance Law, with regard to the Refunded Bonds is as shown in the Refunding Financial Plan described in Section 4 hereof.

Section 4. The financial plan for the refunding authorized by this resolution (the "Refunding Financial Plan"), showing the sources and amounts of all moneys required to accomplish such refunding, the estimated present value of the total debt service savings and the basis for the computation of the aforesaid estimated present value of total debt service savings, are set forth in Exhibit A attached hereto and made a part of this resolution. The Refunding Financial Plan has been prepared based upon the assumption that the Refunding Bonds will be issued in one series, and that the Refunding Bonds will mature, be of such terms, and bear interest as set forth on Exhibit A attached hereto and made a part of this resolution. This County Legislature recognizes that the Refunding Bonds may be issued in one or more series, and for only portions thereof, that the amount of the Refunding Bonds, maturities, terms, and interest rate or rates borne by the Refunding Bonds to be issued by the County will most probably be different from such assumptions and that the Refunding Financial Plan will also most probably be different from that attached hereto as Exhibit A. The Chief Fiscal Officer is hereby authorized and directed to determine the amount of the Refunding Bonds to be issued, the date or dates of such bonds and the date or dates of issue, maturities and terms thereof, the provisions relating to the redemption of Refunding Bonds prior to maturity, whether the Refunding Bonds will be insured by a policy or policies of municipal bond insurance or otherwise enhanced by a credit enhancement facility or facilities, whether the Refunding Bonds shall be sold at a discount in the manner authorized by paragraph e of Section 57.00 of the Local Finance Law, and the rate or rates of interest to be borne thereby, whether the Refunding Bonds shall be issued having substantially level or declining annual debt service and all matters related thereto, and to prepare, or cause to be provided, a final Refunding Financial Plan for the Refunding Bonds and all powers in connection therewith are hereby delegated to the Chief Fiscal Officer; provided, that the terms of the Refunding Bonds to be issued, including the rate or rates of interest borne thereby, shall comply with the requirements of Section 90.10 of the Local Finance Law. The Chief Fiscal Officer shall file a copy of his certificate determining the details of the Refunding Bonds and the final Refunding Financial Plan with the Clerk of the County Legislature not later than ten (10) days after the delivery of the Refunding Bonds, as herein provided.

Section 5. The Chief Fiscal Officer is hereby authorized to enter into an escrow contract or contracts (collectively the "Escrow Contract") with a bank or trust company, or with banks or trust companies, located and authorized to do business in this State as said Chief Fiscal Officer shall designate (collectively the "Escrow Holder") for the purpose of having the Escrow Holder act, in connection with the Refunding Bonds, as the escrow holder to perform the services described in Section 90.10 of the Local Finance Law.

Section 6. The faith and credit of said County of Onondaga, New York, are hereby irrevocably pledged to the payment of the principal of and interest on the Refunding Bonds as the same become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. There shall be annually levied on all the taxable real property in said County a tax sufficient to pay the principal of and interest on such Refunding Bonds as the same become due and payable.

Section 7. All of the proceeds from the sale of the Refunding Bonds, including the premium, if any, but excluding accrued interest thereon, shall immediately upon receipt thereof be placed in escrow with the Escrow Holder for the Refunded Bonds. Accrued interest on the Refunding Bonds shall be paid to the County to be expended to pay interest on the Refunding Bonds. Such proceeds as are deposited in the escrow deposit fund to be created and established pursuant to the Escrow Contract, whether in the form of cash or investments, or both, inclusive of any interest earned from the investment thereof, shall be irrevocably committed and pledged to the payment of the principal of and interest on the Refunded Bonds in accordance with Section 90.10 of the Local Finance Law, and the holders, from time to time, of the Refunded Bonds shall have a lien upon such moneys held by the Escrow Holder. Such pledge and lien

shall become valid and binding upon the issuance of the Refunding Bonds and the moneys and investments held by the Escrow Holder for the Refunded Bonds in the escrow deposit fund shall immediately be subject thereto without any further act. Such pledge and lien shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the County irrespective of whether such parties have notice thereof.

Section 8. Notwithstanding any other provision of this resolution, so long as any of the Refunding Bonds shall be outstanding, the County shall not use, or permit the use of, any proceeds from the sale of the Refunding Bonds in any manner which would cause the Refunding Bonds to be an "arbitrage bond" as defined in Section 148 of the Internal Revenue Code of 1986, as amended, and, to the extent applicable, the Regulations promulgated by the United States Treasury Department thereunder.

Section 9. In accordance with the provisions of Section 53.00 and of paragraph h of Section 90.10 of the Local Finance Law, in the event such bonds are refunded, the County hereby elects to call in and redeem each Refunded Bond which the Chief Fiscal Officer shall determine to be refunded at the earliest call date available. The sum to be paid therefor on such redemption date shall be the par value thereof plus the redemption premium, if any, as provided in the Refunded Bond Certificate, and the accrued interest to such redemption date. The Escrow Agent for the Refunding Bonds is hereby authorized and directed to cause notice of such call for redemption to be given in the name of the County in the manner and within the times provided in the Refunded Bond Certificate. Such notice of redemption shall be in substantially the form attached to the Escrow Contract. Upon the issuance of the Refunding Bonds, the election to call in and redeem the callable Refunded Bonds and the direction to the Escrow Agent to cause notice thereof to be given as provided in this paragraph shall become irrevocable, provided that this paragraph may be amended from time to time as may be necessary in order to comply with the publication requirements of paragraph a of Section 53.00 of the Local Finance Law, or any successor law thereto.

Section 10. The Chief Fiscal Officer and all other officers, employees and agents of the County are hereby authorized and directed for and on behalf of the County to execute and deliver all certificates and other documents, perform all acts and do all things required or contemplated to be executed, performed or done by this resolution or any document or agreement approved hereby.

Section 11. All other matters pertaining to the terms and issuance of the Refunding Bonds shall be determined by the Chief Fiscal Officer and all powers in connection thereof are hereby delegated to the Chief Fiscal Officer.

Section 12. The validity of the Refunding Bonds may be contested only if:

1. Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
2. The provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or
3. Such obligations are authorized in violation of the provisions of the Constitution.

Section 13. A summary of this resolution, which takes effect immediately, shall be published in the official newspaper of said County, together with a notice of the Clerk of the Legislature in substantially the form provided in Section 81.00 of the Local Finance Law.

RESOLUTION NO. _____

BOND RESOLUTION

A RESOLUTION AUTHORIZING TECHNOLOGY REFRESH IMPROVEMENTS IN AND FOR THE COUNTY OF ONONDAGA, NEW YORK, AT A MAXIMUM ESTIMATED COST OF \$1,581,000, AND AUTHORIZING THE ISSUANCE OF \$1,581,000 BONDS OF SAID COUNTY TO PAY COSTS THEREOF

BE IT RESOLVED, by the affirmative vote of not less than two-thirds of the total voting strength of the County Legislature of the County of Onondaga, New York, as follows:

Section 1. Technology refresh improvements, including incidental costs in connection therewith, is hereby authorized at an estimated maximum cost of \$1,581,000.

Section 2. The plan for the financing thereof is by the issuance of \$1,581,000 bonds of said County hereby authorized to be issued therefor.

Section 3. It is hereby determined that the period of probable usefulness of the class of objects or purposes is five years, pursuant to subdivision 32 of paragraph a of Section 11.00 of the Local Finance Law.

Section 4. The faith and credit of said County of Onondaga, New York, are hereby irrevocably pledged for the payment of the principal of and interest on such bonds as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. There shall annually be levied on all the taxable real property of said County a tax sufficient to pay the principal of and interest on such bonds as the same become due and payable.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Chief Fiscal Officer of such County. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Chief Fiscal Officer, consistent with the provisions of the Local Finance Law.

Section 6. All other matters except as provided herein relating to the bonds herein authorized including the date, denominations, maturities and interest payment dates, within the limitations prescribed herein and the manner of execution of the same, including the consolidation with other issues, and also the ability to issue bonds with substantially level or declining annual debt service, shall be determined by the Chief Fiscal Officer, the chief fiscal officer of such County. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law, and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the Local Finance Law, as the Chief Fiscal Officer shall determine consistent with the provisions of the Local Finance Law.

Section 7. The County Executive is authorized to enter into contracts to implement the intent of this resolution. In the event that the 2019 General Fund Operating Surplus Funds are available at the end of the 2019 fiscal year, and if the Chief Fiscal Officer of Onondaga County deems it fiscally advantageous to use surplus funds rather than borrowing, all or a portion of the cost of the improvements

authorized herein shall be paid using such surplus funds. Further, in the event that 2019 General Fund Operating Surplus Funds are so utilized, then the authorization to issue bonds provided within this resolution is hereby rescinded accordingly, reduced by the amount of funds utilized.

Section 8. The validity of such bonds and bond anticipation notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
- 2) The provisions of law which should be complied with the date of publication of this resolution are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or
- 3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 9. This resolution shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150-2. Other than as specified in this resolution, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 10. This resolution, which takes effect immediately, shall be published in summary form in the Syracuse Post Standard, the official newspaper of said County, together with a notice of the Clerk of the County Legislature in substantially the form provided in Section 81.00 of the Local Finance Law.

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The County is considering foreclosing on the tax delinquent former Syroco property and then selling said property to Ranalli Restoration Project LLC for industrial/commercial development. The County will not take possession of the property; rather, it will foreclose and then immediately sell the property and transfer title to the buyer. The buyer must have any plans undergo a full SEQRA review by the agency(ies) with land use and site plan approval authority. The property has substantial back taxes and the former owner has effectively abandoned the property. The property was the site of a petroleum spill that was remediated by the State, and having a property owner willing to manage and operate the environmental controls on the site and return the property to productive use would benefit the environment and community. As such, Onondaga County issues this negative declaration for purposes of Article 8 of the Environmental Conservation Law because the foreclosure and sale is an Unlisted Action which will not result in any significant adverse environmental impacts.

<input type="checkbox"/> <input checked="" type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required. Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Motion Made By Mr. Knapp

RESOLUTION NO. _____

MEMORIALIZING THE NEW YORK STATE LEGISLATURE TO ADOPT LEGISLATION
GRANTING MUNICIPALITIES AND SCHOOL DISTRICTS WITHIN ONONDAGA COUNTY THE
OPTION TO CONDUCT OPEN AUCTION PUBLIC BOND SALES THROUGH AN ELECTRONIC
OPEN AUCTION

WHEREAS, current New York State law permits municipal debt officers to sell bonds electronically in a closed auction format only; and

WHEREAS, in a closed auction format a bidder does not receive information with respect to the status or rank of its bid prior to the conclusion of the bid submission period and has no opportunity to improve its bid based on its rank compared to other bidders; and

WHEREAS, an open auction format is a bond sale procedure that allows a bidder to receive information with respect to the status or rank of its bids prior to the conclusion of the bid submission period and improve its bid as a result of the received information in accordance with the municipality's notice of such bond sale circulated in accordance with applicable statutory requirements; and

WHEREAS, in an open auction format, a bidder learns the rank of its bid at the instant the bid is submitted and is permitted to improve its bid, multiple times, until the conclusion of the bid submission period; and

WHEREAS, legislation previously was introduced to establish an electronic open auction public bond sale pilot program for municipalities through nationally recognized electronic securities bidding services (Assembly Bill A2536/ and Senate Bill S3849 - 2017); and

WHEREAS, this Onondaga County Legislature finds that the residents of Onondaga County would benefit from the enactment of such legislation as a means of reducing the borrowing costs associated with funding capital projects; now, therefore be it

RESOLVED, that this Onondaga County Legislature hereby requests the New York State Legislature to adopt state legislation granting the municipal debt officers within Onondaga County the additional option to sell municipal bonds via an electronic open auction; and, be it further

RESOLVED, that the Clerk of this County Legislature is directed to cause a copy of this resolution to be transmitted to the New York State legislators representing Onondaga County.

WHEREAS, by Resolution No. 134-2012, authorization was provided to enter into agreements whereby green infrastructure components would be incorporated within specific road reconstruction projects undertaken by the City of Syracuse, with funding contributed by Onondaga County's Save the Rain Program for the benefit of the Onondaga County Sanitary District; and

WHEREAS, such funding supported a share of the design services and bid amounts for the construction of such green infrastructure components; and

WHEREAS, building on the success of the prior collaboration, it is now desired to provide for additional funding for a new set of City projects and authorize execution of agreements; now, therefore be it

RESOLVED, that the County Executive is authorized to enter into agreements and execute such other documents as may be reasonably necessary with the City of Syracuse for the incorporation of Green Infrastructure in road reconstruction projects, described below, in an amount not to exceed \$761,439, to be used as part of the costs of the combination of an appropriate share of design services and the bid amounts of green infrastructure technologies incorporated, to be verified by the County's Green Infrastructure Program Manager, including installation of infiltration trenches and manholes, and the City's projects will include the following streets: Wolf Street (from Park Street to Lodi Street) and Grand Avenue (from Lydell Street to S.
