REPORT OF THE COUNTY EXECUTIVE

On April 13, 2018, I presented a report containing my objections and disapproval of the local law passed by the Onondaga County Legislature at its April meeting. For ease of reference, I will call this the "April local law". The April local law purported to clarify authorization for the Legislature's Chairman to hire and use counsel under the Onondaga County Charter and Administrative Code, as drafted. However, it did not identify language within these documents showing such authorization.

At its May meeting, the Onondaga County Legislature passed a local law with language identical to the April local law, including the same title. To avoid confusion between the two items, I will refer to this as the "May local law". With few changes to the text, my objections to the May local law remain the same as those stated in my prior veto message. Although the objections are renewed, I will not restate them in full and the prior report's text is incorporated within this veto in its entirety. The correspondence was noted on the May meeting agenda, having been received by the Clerk and distributed for review.

I maintain my position: This legislation is not good governance.

For this veto message, I focus on the added text. (New text beyond correcting an error in the April local law.) A new findings clause is inserted. The referenced provisions suggest that the County Legislature has unilateral power to adopt legislation and to amend the Charter and Administrative Code. This is not the case.

Separation of powers is not complete and is not contained within watertight compartments. Municipal Home Rule Law provides for meaningful participation in legislative processes by the elective chief executive officer. Here, by way of example, I exercise legislative power by issuing these veto messages, as authorized by Sections 20 and 21. This participative power is echoed in the Onondaga County Charter and Administrative Code.

The County Legislature acts within a system of checks and balances, taking into account powers held by other officials. Municipal Home Rule Law Section 23 requires a mandatory referendum if a change is made to the government structure that "[a]bolishes, transfers or curtails any power of an elective officer." The local law containing such change is not operative until and unless it receives approval in the form of an affirmative vote by a majority of the County's qualified electors voting on the proposition in a mandatory referendum.

REPORT OF THE COUNTY EXECUTIVE

May 9, 2018

Page 2 of 2

The Chairman now wields greater power over other legislative members. Under this version, the Chairman alone evaluates the circumstances and decides whether “outside counsel or a specifically designated Legislative Counsel” may be used to provide legal assistance. Such use requires “a finding by the Chairman that a conflict of interest may be present or that it is in the best interest of the County Legislature”. No process is described whereby the Chairman consults with individual members. No obligation exists for the Chairman to ensure members are kept apprised as to the facts supporting the Chairman’s findings. Will all members receive the benefit of the opportunity to speak with and use the services of outside counsel? Does this extend to the members in the political minority on a given issue?

Sadly, this text added to this version furthers the notion that the term “best interests of the County Legislature” is synonymous with “the best interests of members in the political majority.” Each such term being distinct from the “best interests of the County”, represented by the County Attorney’s office as the taxpayer’s lawyer and as authorized under the Charter and Administrative Code.

The members of the County Legislature act together as a body. The legislative actions are required to be taken in open meeting, allowing interested persons the chance to attend and observe deliberation. Determinations about whether to use outside counsel necessarily involves a balancing of priorities and allocation of resources. Taxpayer dollars will be spent without accountability and transparency. Future legislative members will be adversely impacted. This is one example of a way in which this legislation impermissibly shifts the balance of power among elected officials.

I hereby disapprove and veto the adoption of the local law passed on May 1, 2018. The Onondaga County taxpayers are not protected by this legislation.

Respectfully submitted,

Vetoed Local Law: “A LOCAL LAW AMENDING THE ONONDAGA COUNTY CHARTER AND ADMINISTRATIVE CODE TO PROVIDE CLARIFICATION AND GUIDANCE RELATED TO THE COUNTY LEGISLATURE’S AUTHORITY TO HIRE OUTSIDE COUNSEL TO PROVIDE LEGAL SERVICES, INCLUDING THE PREPARATION OF LOCAL LAWS, ORDINANCES, RESOLUTIONS, LEGALIZING ACTS OR OTHER LEGISLATION.” (Passed May 1, 2018)

Report of the County Executive (Presented to the Clerk of the County Legislature on April 13, 2018)

A.

LOCAL LAW NO. _____ - 2018

A LOCAL LAW AMENDING THE ONONDAGA COUNTY CHARTER AND ADMINISTRATIVE CODE TO PROVIDE CLARIFICATION AND GUIDANCE RELATED TO THE COUNTY LEGISLATURE'S AUTHORITY TO HIRE OUTSIDE COUNSEL TO PROVIDE LEGAL SERVICES, INCLUDING THE PREPARATION OF LOCAL LAWS, ORDINANCES, RESOLUTIONS, LEGALIZING ACTS OR OTHER LEGISLATION

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF ONONDAGA, AS FOLLOWS:

Section 1. Findings.

WHEREAS, the Onondaga County Charter (the "Charter") states that the County Attorney is the "sole legal advisor of the county" and for county officers and employees; and

WHEREAS, the Onondaga County Administrative Code (the "Code") states that the County Attorney shall "prepare local laws, ordinances, resolutions, legalizing acts or other legislation upon request of the County Executive or a member of the County Legislature, together with notices and other documents in connection therewith"; and

WHEREAS, there may be unique situations where the County Legislature, through its Chairman, determines that the County Attorney, who is appointed by and serves at the pleasure of the County Executive, may have competing interests in preparation of local laws, ordinances, legalizing acts or other legislation; and

WHEREAS, the County Legislature is the policy determining body of the County and is vested with all of the powers of the County, including the authority to amend the Charter (Article XXII, Section 2202, Charter) and the Code (Article II, Section 208 Charter) (see also the Doctrine of Separation of Power and the power granted by New York State to local governments to adopt and amend local laws and ordinances under the New York State Constitution (see Article IX, §1 and §2c); Statutes of Local Governments (Article 2, §10); Municipal Home Rule Law (see §10, §10(b) and §33); and

WHEREAS, it is the desire of the County Legislature to make it clear that the Charter and the Code as drafted authorizes the Chairman to consult with and use outside counsel to provide the County Legislature with legal advice, including the preparation of local laws, ordinances, legalizing acts or other legislation; now, therefore be it

RESOLVED, that the following local law shall be enacted:

Section 2. Outside Counsel.

(a) Article VII, Section 702 of the Onondaga County Charter is amended to add the following italicized language:

Section 702. POWERS AND DUTIES.

Except as otherwise provided in this charter, or the administrative code, the county attorney shall be the sole legal advisor for the county and, on its behalf in county matters of a civil nature, advise all county officers and employees and, where in the interest of the county, prepare all necessary papers and written instruments in connection therewith; prosecute or defend all actions or

proceedings of a civil nature brought by or against the county; prepare resolutions, ordinances, legalizing acts and local laws to be presented for action by the board of supervisors, together with notices and other items in connection therewith; and perform such other and related duties as may be prescribed by law, by the county executive or by resolution of the board of supervisors. *Nothing contained herein shall prohibit the Chairman of the County Legislature, upon a finding by the Chairman that a conflict of interest may be present or that it is in the best interest of the County Legislature, from using outside counsel or a specifically designated Legislative Counsel to provide legal assistance, including, but not limited to, the preparation of resolutions, ordinances, legalizing acts and local laws to be presented for action by the County Legislature, the successor in interest of the board of supervisors. Such outside counsel or specifically designated Legislative Counsel may seek the advice of the county attorney as to form and legality in the preparation of resolutions, ordinances, legalizing acts and local laws.*

Section 3.

(a) Article VII, Section 7.02 of the Onondaga County Administrative Code is amended to add the following subsection (f):

(f) Nothing contained herein shall prohibit the Chairman of the County Legislature, upon a finding by the Chairman that a conflict of interest may be present or that it is in the best interest of the County Legislature, from using outside counsel or a specifically designated Legislative Counsel to provide legal assistance, including, but not limited to, the preparation of resolutions, ordinances, legalizing acts and local laws to be presented for action by the County Legislature. Such outside counsel or specifically designated Legislative Counsel may seek the advice of the County Attorney as to form and legality in the preparation of resolutions, ordinances, legalizing acts and local laws.

Section 4. Severability.

If any clause, sentence, paragraph, section or part of this local law shall be adjudged by a court of competent jurisdiction to be invalid, the judgment shall not affect, impair or invalidate the remainder hereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which the judgment shall have been rendered.

Section 5. Effective Date.

This local law shall be effective immediately upon filing, consistent with the provisions of the Municipal Home Rule Law.

I HEREBY CERTIFY THAT THE FOREGOING IS A TRUE AND EXACT COPY OF LEGISLATION DULY ADOPTED BY THE COUNTY LEGISLATURE OF ONONDAGA COUNTY ON THE

REPORT OF THE COUNTY EXECUTIVE

RECEIVED
ONONDAGA COUNTY
LEGISLATURE
18 APR 13 PM 3:50

On April 3, 2018, the Onondaga County Legislature passed a local law purporting to clarify authorization for the Legislature's Chairman to hire and use counsel under the Onondaga County Charter and Administrative Code, as drafted.

But where is this authority stated?

Not in the Charter. Not in the Administrative Code.

The Charter and Administrative Code establish a system of checks and balances. Officers are empowered to perform differing roles, each toward advancing a County Government to provide services in an efficient, economical, and responsible manner.

The express text of these documents designates the County Attorney to represent the County's interests, not those of a specific officer or employee. (Administrative Code §7.06) Within Charter Section 702, the County Attorney "shall be the sole legal advisor for the county." (See also Administrative Code Section 7.02(a))

The County Attorney provides legal advice to all county officers and employees, assuming that the interest of such individuals is aligned with the County. Further, legislation is to be drafted, together with preparation of papers and legal instruments, in connection with such advice "where in the interest of the county". (Charter §702) Such documents may be requested by the County Executive or individual legislators. (Administrative Code §7.02)

The County Attorney is authorized to "retain special counsel [...] as may be deemed necessary in the performance of the duties of the office." (Administrative Code §7.05) No other individual is given authority, express or implied, to retain counsel.

Under what circumstances are individual officers and employees given the ability to have special retained counsel represent individual interests?

When conflicts of interests arise (or may foreseeably arise) in connection with a civil action or proceeding. When individuals have (or are alleged to have) interests misaligned with the County. When officers or employees act (or are alleged to have acted) outside the scope of their duties. When officers impermissibly set (or are alleged to have set) policies that are not the County's policies. In such cases, the use of retained counsel is authorized because of the existence of conflicts. The County Attorney continues to represent the County.

REPORT OF THE COUNTY EXECUTIVE
April 13, 2018

Page 2 of 2

Such procedure is found outside the Charter and Administrative Code, codified by resolution within the County's policy of defense and indemnification. (Resolution No. 168-1990, as amended, consistent with Public Officers Law §18) An individual officer or employee does not have an opportunity to choose to retain outside counsel and not use the County Attorney's office in the absence of a conflict.

Even without the local law in place, the Legislature, as a body, employs counsel. A position exists within the Legislature's roster titled "Legislative Counsel". Contracts have been executed with various firms, consistent with resolutions adopted by the Legislature and within appropriations. Such counsel's services are to be coordinated by the County Attorney on behalf of the County.

Elected officials are stewards of the governance structure in which such officials serve. Changes in such governance structure should enhance accountability and transparency to foster public confidence in the integrity, competence, and independence of elected officials. Less transparent are the various ways in which political power is wielded outside of the open, public systems. Allowing a proliferation of counsel to be used, developing political strategy, funded by local taxpayer dollars, does not protect the public where such communication can be had cloaked under the cover of privilege.

Having a single client, the County, the County Attorney is ethically bound to provide representation in a manner consistent with the Rules of Professional Conduct. The representation involves the use of discretion and exercise of professional judgment. Interjecting competing legal opinions from retained counsel interferes with the County Attorney's effective representation, effecting a disservice to the public.

Further, the text of the local law as passed by the County Legislature contains legally significant errors, including, by way of example, language to be added to Section 7.02 of the Charter. No such section exists in that document. The local law was not drafted by the County Attorney (or his office). The County is best served by professionals who are both expert in municipal legal areas and experienced in routinely preparing legislation.

I hereby disapprove and veto the adoption of the local law passed on April 3, 2018, as it is not in the best interests of Onondaga County's citizens. This is not good governance.

Respectfully submitted,

By:

INTRODUCTION

This report presents the findings of the Onondaga County Agriculture and Farmland Protection Board's (AFPB) 2018 eight-year review and final recommendations to the County Legislature for Agricultural District 1 in the Onondaga County Town of Otisco, and in the lands west of Interstate Route 81 in the Towns of LaFayette, Onondaga and Tully.

Article 25-AA of the NYS Agriculture and Markets Law was enacted in 1971 to help keep farmland in agricultural production through a combination of landowner incentives and protections that discourage the conversion of farmland to non-agricultural uses, including:

- providing reduced property tax bills for agricultural lands (agricultural landowners must apply to the local tax assessor for an annual agricultural assessment);
- providing the framework to limit unreasonable local regulation on accepted agricultural practices;
- providing Right to Farm provisions that protect accepted agricultural practices from private nuisance suits;
- modifying state agency administrative regulations and procedures to encourage the continuation of agricultural businesses;
- modifying the ability to advance public funds to construct facilities that encourage development;
- preventing benefit assessments, special ad valorem levies, or other rates and fees on farmland for the finance of improvements such as water, sewer or nonfarm drainage; and
- modifying the ability of public agencies to acquire farmland through eminent domain.

Agricultural districts primarily benefit owners of land that is farmed. Being part of an agricultural district does not require that the land be used for agriculture and it does not directly affect tax assessments (agricultural landowners must apply to the local tax assessor for an annual agricultural assessment).

Agricultural districts are reviewed by the Onondaga County Legislature and recertified by the NYS Department of Agriculture and Markets Commissioner every eight years. During the review landowners can decide if they want their property to remain in the district, or be removed or added. The review is announced through public notices and announcements, a municipal notice letter, and a mailing to all landowners within the district, which includes a property owner notice letter, a removal and addition request form, and a farm survey.

Article 25-AA of the NYS Agriculture and Markets Law requires the AFPB to consider the following factors when creating and reviewing an agricultural district:

- the viability of active farming within and adjacent to the district;
- the presence of viable inactive farm lands within and adjacent to the district;
- the nature and extent of land uses other than active farming within and adjacent to the district;
- county developmental patterns and needs; and
- any other relevant matters.

Viable agricultural land, as defined in NYS Agriculture and Markets Law, Article 25-AA, Section 301, sub.7, is "...land highly suitable for a farm operation..." and a farm operation as defined in sub.11 is "...the land and on-farm buildings, equipment, manure processing and handling facilities, and practices which contribute to the production, preparation and marketing of crops, livestock and livestock products as a commercial enterprise... Such farm operation may consist of one or more parcels of owned or rented land, which parcels may be contiguous or noncontiguous to each other." In judging viability, Article 25-AA of the NYS Agriculture and Markets Law requires the AFPB to consider:

- natural factors including soil, climate, topography;
- markets for farm products;
- the extent and nature of farm improvements;
- the present status of farming;
- anticipated trends in agricultural economic conditions and technology; and
- any other relevant factors.

Agricultural District 1 was last reviewed and recertified in 2010. Following the 2010 review and recertification, District 1 encompassed approximately 37,579 acres (using GIS calculated acreage). Since 2010, property owners have had the option to enroll viable agricultural land into the district on an annual basis. As a result, 650.81 acres have been added to District 1 since the last review in 2010.

DISTRICT AGRICULTURAL VIABILITY

PHYSICAL CHARACTERISTICS

Agricultural District 1 extends from the Alleghany Plateau escarpment in the Town of Onondaga south to Tully Lake in the Town of Tully near the Cortland County line. It is bordered on the west by Otisco Lake in the Town of Otisco and extends east to the Tully Valley bordering Interstate Route 81 in the Towns of LaFayette and Tully. The Onondaga Nation is located along the northeast boundary of the District.

Transportation corridors within the district provide infrastructure for services and goods for agricultural production and movement of crops to markets. Interstate Route 81, US Route 20 and NYS Route 80 traverse the District.

Elevation within the District ranges from 1,879 feet on Dutch Hill in the Town of Otisco to elevations between 500 and 600 feet in the northern end of the Tully Valley in the Town of LaFayette. Most of the land in the District can be described as rolling hills and large glacial outwash valleys, a variable topography typical of the Alleghany Plateau region in the southern part of Onondaga County.

Soils in this area consist primarily of deep to moderately deep soils that formed in glacial till in upland areas. Valley sides are covered with soils that formed in thin glacial till deposits and valley floor soils formed in glacio-lacustrine and alluvial deposits. Rounded hilltops and valley farms are suitable for dairy row crop production. Steep-sided hills are less suitable for row crop production but are suitable for apple and maple production, pasture, and timber harvest. Soils and slopes along and near the West Branch of Onondaga Creek provide a unique microclimate suitable for the production of apples. Onondaga County is one of the top 10 apple producing counties in New York State, which the second largest producer in the United States.

Over two thirds (71%) of the District is composed of high quality farm soils: 39% is classified as Prime Farmland, 23% is of Statewide Importance and 9% is Prime if Drained. Relatively high in calcium as a result of the area's limestone bedrock, much of the soil requires minimal soil amendments to modify pH.

LAND OWNERSHIP AND USE

At the start of the review, there were approximately 1,500 land owners who owned 2,314 enrolled parcels totaling 38,274 acres within District 1, according to Onondaga County's geographic information system (GIS).

The Towns of Onondaga (15,778 enrolled acres) and Otisco (15,538 enrolled acres) encompass the majority of acreage enrolled in the District. As only the lands west of Route 81 are located in Agricultural District 1, the enrolled acreage in the Towns of LaFayette and Tully is lower, despite both towns being rural and agriculture in nature. There were a wide range of parcel sizes, averaging 17 acres, within the district.

TOTAL	2,314	38,274	17

A map of land uses occurring in the District shows the concentration of parcels within the district, as well as the primarily agricultural and large-lot residential land uses in the district.

Within the northern portion of the Town of Onondaga, suburban development along the Route 173 and Route 175 corridors has occurred over time, which has reduced agricultural lands in the northern portion of the Town over the last several decades. Limits on public sewer infrastructure, bedrock conditions, and topography, however, limit expansion of the developed areas of the Town. The Onondaga Nation Territory also borders the district to the east, providing an additional buffer from urban development. These elements help to protect the remaining lands in Agricultural District 1 from development pressure further south.

LAND USE IN DISTRICT 1

According to Real Property GIS data, the primary land use classifications for enrolled parcels in Agricultural District 1 are residential (1,288 parcels), vacant lands (548 parcels) and agricultural (407 parcels). In terms of acreage, almost half of the total enrolled acres (17,907 acres) are classified as agricultural, with 12,352 as residential, and another 6,846 acres classified as vacant lands.

Minimal commercial, industrial or other areas make up the district enrollment. While residential appears to make up a large percentage of the enrolled number of parcels, very few subdivision-type developments are located in the district. Most residential is found on large lots, where agriculture may remain as a viable secondary use.

AGRICULTURAL CENSUS

The 2012 US Census of Agriculture indicates a relatively stable farmland community within Onondaga County. Total farmland acreage has remained stable for the past two decades, a result of good soils, market forces, savvy farm operators, a trained labor force, and opportunities for nearby, off-farm employment in a metropolitan area.

According to the 2012 Census of Agriculture, total farm sales in Onondaga County were a record breaking \$152,050,000, up from \$137,372,000 in 2007. The number of part- and full-time farm businesses decreased by 1.6 percent over this time period, which was lower than the New York State loss of 2.2 percent. Farms in Onondaga County with more than \$10,000 gross farm sales increased from 338 farms in 2007 to 342 farms in 2012.

Land in farms decreased slightly from 150,499 acres in 2007 to 150,269 acres in 2012 and total cropland decreased 4.2 percent from 106,223 acres in 2007 to 101,800 acres in 2012. Total harvested cropland increased 2.8 percent from 91,946 acres to 94,478 acres. Pastureland dropped 69.2 percent from 5,462 acres in 2007 to 1,680 acres in 2012, mirroring a statewide trend in which pastureland decreased nearly 60 percent from 2007 to 2012.

The number of farm operators decreased from 1,109 operators in 2007 to 1,075 operators in 2012. The number of farms with a single operator decreased slightly from 366 operators in 2007 to 356 in 2012 and farms with two or more operators remained about the same with 326 farms in 2007 and 325 farms in 2012. The number of farms managed by part-time farmers decreased from 319 farm businesses to 307 farm businesses. Being in the Syracuse Metropolitan Area allows part-time operators the opportunity to continue to farm the land while securing household income from non-farm sources.

The number of male operators decreased 5 percent from 535 in 2007 to 508 in 2012 and the number of female operators increased 10 percent from 157 in 2007 to 173 in 2012. In addition the number of acres managed by women as principal operators increased from 10,280 acres in 2007 to 10,487 in 2012.

DISTRICT AGRICULTURAL TRENDS

The Onondaga County Soil & Water Conservation District (SWCD) reports the following trends within Agricultural District 1:

Agriculture remains strong throughout the District, especially in rural towns such as Otisco. There is continued suburban sprawl and scattered residential development, primarily in the northern part of the Town of Onondaga, and northern LaFayette, but it is not as severe as other parts of the County, and has limiting factors including topography, transportation access, school district boundaries and proximity to public infrastructure.

Farm participation in District programs is also strong, with many of the farm planning assistance calls to the Soil & Water Conservation District coming from farms in Agricultural District 1. Most of the farms

are either in the Otisco Lake Watershed, or the Onondaga Lake Watershed; these watersheds have a significant amount of success with the availability of grant funding for conservation projects. Farms in the southern portion of the Town of Tully also have significant conservation funding through the Upper Susquehanna Coalition, since these farms are in the Susquehanna River Basin of the Chesapeake Bay Watershed.

There is more consolidation of land base into fewer farms as larger cash-crop and CAFO dairies are buying out smaller farms. Larger farms are also in fierce competition for cropland due to tight profit margins with low milk and cash-crop prices. This dynamic is also causing smaller farms to sell out to the larger farms.

FARM SURVEY RESULTS

District review notices, removal and addition request forms, and farm surveys were mailed to all land owners with land currently enrolled in the District. Five percent, or 83 of the 1,527 farm surveys mailed to all landowners with land currently enrolled in the district were completed and returned. Fifty-three respondents (64 percent) stated that they owned an agricultural operation for a total of 7,179.43 acres of which 5,480.64 acres are productive. Forty-six respondents (55 percent) stated that they rented a total of 1,454.32 acres to agricultural operations of which 1,367.26 acres are in production.

As shown in the tables below, the most prevalent farm enterprises in Agricultural District 1 include grain cash crops (21), Dairy (11), and beef/sheep/goats/hogs/alpaca (8 operators). The greatest sales amounts are, not surprisingly, the large grain and dairy enterprises. Capital investments, similar to gross sales data, were also highest for the large grain and dairy enterprises.

Farm survey respondents were asked to identify agricultural changes over the past eight years. The largest reported agricultural change by 34 respondents was that larger farms are replacing smaller farms. Eighteen respondents also noted that there are fewer farms overall.

When asked about the impact that residential development has had on agricultural operations, 32 respondents stated that there has been no impact, 15 respondents stated there has been a negative impact, and 1 respondent noted a positive impact. Several general comments received with the survey focused on the negative effects of lost land to housing developments, neighbor complaints, and less of an understanding or respect for agriculture.

Only 6 respondents noted that they have sold or subdivided land within the last 8 years, citing transfer of ownership to family as the most common reason. Thirteen respondents indicated they plan to sell or transfer ownership of their land or farm within the coming 8 years, with 8 owners citing transfer to the next generation farmers as the reason and 6 citing retirement as the reason (one answered both reasons).

When asked who owners view as the next generation owner of their farm or leased farm property, 79 respondents, or 95%, answered with an intention to keep the land in farming, with the land either with family members as an active farm business, family leasing to other farm operators, or selling to another farm operator. Zero respondents indicated the next owner would likely be a non-farmer, speculator or developer and 4 did not specify who they viewed to be the next generation owner of their farm.

Respondents were also asked what types of assistance or support would benefit their land base or farm operation, with the following results:

Planning agency staff will share this information with the local Soil & Water Conservation District and others who may be able to do outreach and assist individuals with the above items. This information is also useful in guiding the activities of the Agriculture & Farmland Protection Board.

POLICY CONSISTENCY AND COORDINATION

COUNTY POLICIES

ONONDAGA COUNTY AGRICULTURE AND FARMLAND PROTECTION PLAN

The Onondaga County Legislature approved the *Onondaga County Agriculture and Farmland Protection Plan* in April 1997, which was subsequently endorsed by the NYS Department of Agriculture and Markets. The Plan contains a series of goals and objectives for the protection of agricultural land in Onondaga County and proposes a number of recommendations and strategies for attaining the goals.

The Onondaga County AFPB has been very active in implementing one of the plan's elements, the purchase of development rights on prime farmland, funded by the NYS Department of Agriculture and Markets Farmland Protection Implementation Grants (FPIG) program. Since that program's inception, approximately 13 farm easement projects have been or are in the process of being completed, with over 7,000 acres of farmland protected by the state FPIG and federal programs in Onondaga County. The AFPB intends to apply for funding assistance to update the County Farmland Protection Plan in 2018.

ONONDAGA COUNTY AGRICULTURE COUNCIL

In 2012, County Executive Mahoney formed the Onondaga County Agriculture Council to help ensure that county government is working to promote and preserve the County's strong farming community. The Council works to develop strategies and programs to promote local food regionally and strengthen and enhance connections between the County's urban core to rural, agricultural areas and to review, improve, and develop pro-agriculture/farming friendly policies and regulations that promote urban agriculture and make it easier for local farms to open and stay in business in Onondaga County.

DRAFT ONONDAGA COUNTY SUSTAINABLE DEVELOPMENT PLAN

With a direct focus on settlement patterns and urban design, the draft Onondaga County Sustainable Development Plan aims to foster more efficient, attractive and sustainable communities by outlining a framework of policies, projects and practices consistent with the collective community vision for a sustainable Onondaga County. The draft plan includes an Element Report on Rural Communities and Open Space, and policy and project recommendations with its Action Plan under the theme of *Keep Rural Communities Rural*. The draft Sustainable Development Plan was completed in draft form in 2012 and is awaiting review and action by the Onondaga County Legislature.

ONONDAGA COUNTY 2010 DEVELOPMENT GUIDE

First adopted in 1991, the "2010 Plan" was updated in 1998 and consists of two documents. The *Onondaga County 2010 Development Guide* provides policies that guide County and municipal officials who are making land use and economic development decisions that ultimately affect the community-at-large. It is based on the *Framework for Growth in Onondaga County*, a report that examines County-wide conditions and trends.

The *2010 Development Guide* emphasizes the following goals and strategies, which are based on the principals of sustainability and Smart Growth: conduct coordinated project reviews; consider natural resources environmental constraints and infrastructure costs; reinvest in existing communities; redevelop obsolete and vacant sites; protect and maintain existing infrastructure; create urban and suburban settlement patterns and densities; preserve transportation assets; expand infrastructure for job creation; protect the rural economy, agriculture, and access to natural resources; and promote sustainable land development practices.

ONONDAGA COUNTY SETTLEMENT PLAN

The Onondaga County Settlement Plan was completed in 2001 to demonstrate how communities can implement Smart Growth principles by replacing suburban-based zoning codes with Traditional Neighborhood Development (TND) form-based codes that preserves open space, creates natural resource corridors, and generates high quality places and walkable neighborhoods that have a continuous street network with small blocks and a well designed public realm (streets, buildings, and parks), and provides a diversity of building types, uses, density, and housing within a 10-minute pedestrian shed (walkable area).

LOCAL POLICIES

In 2014-15, the Town of LaFayette, with lands in both Agricultural District 1 and 4, completed and adopted its first *Town Agriculture and Farmland Protection Plan*. The Plan emphasizes the Town's continued support of agriculture in the community and a desire to take actions to ensure agriculture remains an integral component of life in LaFayette. Primary recommendations of that plan include:

- Rewrite the Town's zoning and subdivision ordinances to remove non-farm friendly components
- Adopt a Town Right-To-Farm law
- Consider a Transfer of Development Rights Program
- Consider incorporating a Conservation Subdivision option into zoning
- Continue the Town's standing Agricultural Committee
- Ensure Town infrastructure remains suitable to support changing needs of agricultural operations
- Support growth in Agri-Tourism in the Town

The Town of Onondaga last adopted its full comprehensive plan in 2007, with updates related to certain commercial corridors occurring in recent years. The Town of Tully and Otisco do not currently have comprehensive plans, and the Town of Otisco remains the only town in Onondaga County without a zoning ordinance or Planning Board. However, a proposed development in Otisco has recently prompted community discussion on the topic of enacting zoning or other development controls.

The *Onondaga County Agriculture and Farmland Protection Plan*, the draft *Onondaga County Sustainable Development Plan*, and the *Onondaga County 2010 Plan* all encourage municipalities to implement and update plans and adopt codes that incorporate measures for protecting agricultural land. Most towns in Onondaga County have some form of comprehensive plan, which typically recognize the value of agricultural lands and the desire to protect them. However, there are few methods that ultimately implement this goal. Many towns typically use large lot zoning, generally two or more acres, to reduce density and thereby protect open areas. However, these requirements create the unintentional consequences of large lots strung along rural roads and large-lot subdivisions, excessive consumption of farmland and open space, more farmer/neighbor conflicts, and more traffic on farm roads.

Towns are also starting to recognize and implement clustering as permitted in NYS Town Law, a potentially beneficial technique for protecting community character, open space, scenic resources, and environmental features, but not necessarily considered effective at protecting farmland.

Implementing settlement patterns other than the dominant suburban pattern, like traditional neighborhoods demonstrated in the *Onondaga County Settlement Plan*, and adopting new density average/fixed ratio zoning techniques, like those recommended by the American Farmland Trust, are ultimately needed to protect agricultural lands. There is also a need to adopt integrated County and local farmland protection plans that explore and implement a full-range of agricultural protection tools that are summarized and promoted by the American Farmland Trust. The County Planning Agency anticipates submitting an application in 2018 to NYS Department of Agriculture & Markets for grant assistance to prepare an updated Onondaga County Farmland Protection Plan.

ACHIEVEMENT OF DISTRICT OBJECTIVES

Production agriculture in District 1 remains viable and will continue to do so in the foreseeable future. Soils, climate, topography, transportation, relatively nearby agri-service and suppliers, and product markets provide the elements necessary for a successful agricultural economy. Farms are making significant investments into their operations and are increasing in size, and most farmers envision the land staying in agricultural production within the foreseeable future. Currently requested additions to Agricultural District 1 total almost 500 acres.

Ongoing issues revolve around both the larger agricultural economy, for example, increasing farm sizes and more stringent regulatory requirements, as well as local conditions including increasing rural residential development and neighbor conflicts, increased local government service demands and higher taxes, recent local climatic conditions, and, in particular, the ongoing loss of affordable land, owned and rented, that is crucial to agricultural production. NYS Right to Farm law protections have proven contentious in LaFayette, revolving around use and storage of liquid manure.

REQUESTS & RECOMMENDATIONS

The AFPB mailed a notice of the eight-year review of Agricultural District 1 and a removal and addition request form to landowners with property currently enrolled in District 1 and municipalities within the District. The tables below reflect the requests for additions and removals that were submitted by landowners.

ADDITION REQUESTS

The following property owners requested that their land be added to the district. All lands involved include a relationship to agriculture, either on the parcel itself or as part of a larger farm holding, including adjacent district enrolled parcels under common ownership. Activities on requested lands include hay, soybean, corn and wheat production, maple production, and grazing lands for beef cattle.

REMOVAL REQUESTS

The following property owners requested that their land be removed from the District. RECOMMENDATIONS

The farm sector in Onondaga County is robust and stable and the agricultural economy in Agricultural District 1 continues to be strong and diverse. As a result, the AFPB recommends continuing Agricultural District 1 with the modifications requested by landowners.

FINAL ACREAGE

District 1 was last recertified in 2010 and encompassed 37,579 acres. Through the annual addition process from 2011-2017, 650.81 acres were added to the District, for a total of 38,230 acres.

An additional adjustment of 44 acres was made to reflect modifications resulting from parcel splits or combinations, or redrafting of the parcel data used in the GIS. As a result, the district acreage prior to the 2018 review was adjusted to 38,274.

The AFPB recommends that 486.86 acres be added and 181.12 acres be removed per landowner requests, for a final Agricultural District 1 total of 38,580 acres

Re: Eight-Year Review and Recertification of Agricultural District 1

New York State Agricultural Districts Law 25-AA requires that State certified agricultural districts be reviewed and recertified every eight years. The New York State Department of Agriculture and Markets has notified the Onondaga County Legislature that Agricultural District 1 located in the Towns of LaFayette (west of Route 81), Onondaga (west of Route 81), Otisco, and Tully (west of Route 81) is scheduled for its eight-year review in 2018.

The review will evaluate the viability of agriculture in the District and provide municipalities and landowners with the opportunity to request that land currently enrolled in the District be removed and that land not in the District be added. Once the review is complete, land cannot be removed from the District until the next review in eight years. Outside of the eight-year review process landowners can request that land be added to the District through the annual open enrollment period, which occurs between January 1 and January 30.

Letters, Removal and Addition Request Forms, and Farm Surveys will be sent to landowners whose land is currently enrolled in the District. Landowners with land already enrolled in the District have several options: 1) do nothing and their land will remain in the district (they do not have to re-enroll their land); 2) request that their land be removed from the District by completing the Removal and Addition Request Form and returning it to the Syracuse-Onondaga County Planning Agency; and 3) request that land not enrolled in the District be added to the District by completing the Removal and Addition Request Form and returning it to the Syracuse-Onondaga County Planning Agency. Municipalities within the District wishing to request changes should submit completed Removal and Addition Request Forms to the Syracuse-Onondaga County Planning Agency by January 30, 2018.

A Removal and Addition Request Form, Farm Survey, and a map of Agricultural District 1 have been included for your reference. The review process will take approximately eight to ten months and will include a public hearing held by the County Legislature. Notice of the hearing, including a list of requested removals and additions, will be mailed to affected municipalities and landowners. For more information please contact the Syracuse-Onondaga County Planning Agency at 435-2611 or countyplanning@ongov.net, or visit www.ongov.net/planning.

Re: Agricultural District 1, 2018 Eight-Year Review and Recertification

Why did I receive this letter?

Onondaga County records indicate that you own property within Agricultural District 1. New York State Agricultural Districts Law requires that State certified agricultural districts be reviewed and recertified every eight years. Agricultural District 1 in the Onondaga County Towns of LaFayette (west of Route 81), Onondaga (west of Route 81), Otisco, and Tully (west of Route 81) is scheduled for review and recertification in 2018. Agricultural District 1 area property owners can elect to have their parcels **REMAIN** in the District (no further action is required), request that their parcels be **REMOVED** from the District, and/or have other area parcels **ADDED** to the District by completing and returning the enclosed Removal and Addition Request Form by January 30, 2018. Land that you own that is currently enrolled in the District is listed on the enclosed form.

What is an Agricultural District?

In 1971, the New York State Legislature passed the Agricultural Districts Law (Agriculture and Markets Law Article 25-AA) allowing the formation of agricultural districts in New York State. Agricultural districts are designed to protect agriculture through a combination of property owner incentives and protections that discourage the conversion of agricultural lands to non-agricultural land, including:

- providing Right to Farm provisions that protect agriculture from private nuisance suits;
- providing the framework to limit unreasonable local regulation of agricultural practices;
- providing property tax benefits for agricultural lands (owners must apply annually to their local assessor for an agricultural assessment);
- modifying State agency administrative regulations and procedures to encourage the continuation of farm businesses;
- modifying the ability to advance public funds to construct facilities that encourage development;
- preventing benefit assessments, special ad valorem levies, or other rates and fees on agricultural lands for the finance of improvements such as water, sewer or nonfarm drainage; and
- modifying the ability of public agencies to acquire agricultural lands through eminent domain.

Agricultural Districts primarily benefit owners of property that is farmed. Being part of an agricultural district does not:

- directly affect the use of land beyond existing requirements, for example, zoning; or
- directly reduce or increase tax assessments—agricultural property owners can apply to the local tax assessor for an annual agricultural assessment.

Can I get a reduction in my property taxes?

Agricultural districts do not directly affect property tax assessments of non-agricultural lands. Although all owners of agricultural lands may be eligible for an agricultural assessment, regardless of agricultural district status, being within

an agricultural district does provide additional benefits to those who are eligible for and receive an agricultural assessment. Contact your local town assessor for more information on agricultural assessments or visit: www.tax.ny.gov/research/property/assess/valuation/agindex.htm.

Why is my land in Agricultural District 1?

When first formed in the 1970's, agricultural districts were contiguous, that is, all properties within an outermost boundary that encompassed the majority of interested farms were included, regardless of their use. Parcels typically remained in the district over subsequent recertifications unless the owner at the time of recertification specifically requested that it be removed. Parcels are not automatically added or removed when they are bought or sold, and when parcels in a district are subdivided, the resulting parcels remain in the district unless the owner removes them during an 8-year review.

What kind of property should be added to Agricultural District 1?

Owners of parcels within the District 1 area as described above with viable agricultural lands are encouraged to add those parcels to the District. Viable agricultural land, as defined in NYS Agriculture and Markets Law, Article 25-AA, Section 301, sub.7, is "...land highly suitable for a farm operation..." and a farm operation as defined in sub.11 is "...the land and on-farm buildings, equipment, manure processing and handling facilities, and practices which contribute to the production, preparation and marketing of crops, livestock and livestock products as a commercial enterprise... Such farm operation may consist of one or more parcels of owned or rented land, which parcels may be contiguous or noncontiguous to each other."

What kind of property should be removed from Agricultural District 1?

It is appropriate for owners of property that is not agriculturally viable to request that the parcels be removed from the District. The Onondaga County Agriculture and Farmland Protection Board and local municipal officials may also recommend to the Onondaga County Legislature that parcels be removed from the District.

How do property owners add or remove property from Agricultural District 1?

A Removal and Addition Request Form has been enclosed for your convenience. The form lists parcels owned by you that are currently enrolled in District 1. If you choose to remove any of these parcels, or add new parcels, please complete and return the form by **January 30, 2018**. Forms can also be obtained from the Syracuse-Onondaga County Planning Agency or downloaded from www.ongov.net/planning/agdist.html. **You do not need to return the form if you want your parcels to remain in the District and you are not requesting that land be added to a district.**

What is the enclosed Farm Survey and should I complete it?

The enclosed Farm Survey is intended to gauge the state of agriculture in Agricultural District 1. The results of the survey will be detailed in the Onondaga County Agriculture and Farmland Protection Board's eight-year review report to the Onondaga County Legislature. Your responses will not be attributed to you by name in the report. Please complete and return the survey if you currently own an agricultural operation within District 1 or if you rent your land to an agricultural operation. **You do not need to complete the survey if you do not farm your land or rent your land to an agricultural operation.**

What should I expect next?

The Onondaga County Agriculture and Farmland Protection Board will review the requests and prepare a report that is submitted to the Onondaga County Legislature. The County Legislature will then hold a public hearing. Property owners who have requested the removal or addition of parcels will receive written notification of the hearing. Once the County Legislature has approved of the changes, the report is finalized and sent to the New York State Department of Agriculture and Markets for recertification. The entire process typically takes eight to ten months.

Re: Agricultural District 1 Eight-Year Review Public Hearing Notice

A public hearing will be held by the Onondaga County Legislature on the renewal of Agricultural District 1. The hearing will be held at the Onondaga County Court House, County Legislative Chambers, 4th Floor, 401 Montgomery Street, Syracuse, New York on Tuesday, June 5, 2018 at 12:50 PM.

Agricultural Districts Law 25-AA requires that state certified agricultural districts be reviewed by the County Legislature and recertified by the NYS Department of Agriculture and Markets every eight years. Agricultural District 1, located in the Onondaga County Towns of Otisco and in the lands generally west of Interstate Route 81 in the Towns of LaFayette, Onondaga and Tully, is up for review and recertification in 2018. Landowners and municipalities within the District were notified of the renewal process, by Onondaga County Legislature Notice of Review Resolution No. 180-2017 and by mailed letters.

The Onondaga County Agriculture and Farmland Protection Board undertook the review and determined that agriculture within the District remains viable and recommended that the County Legislature modify the District as requested by landowners and summarized below (a report and map can be viewed at <http://www.ongov.net/planning/review.html>).

INTRODUCTION

This report presents the findings of the Onondaga County Agriculture and Farmland Protection Board's 2018 review for the addition of viable agricultural land to agricultural districts in Onondaga County. The Onondaga County Legislature formally designated by Resolution 71 on April 5, 2004 an annual 30-day period in January when landowners can request that their land be added to an agricultural district.

Viable agricultural land, as defined in NYS Agriculture and Markets Law, Article 25-AA, Section 301, sub.7, is "...land highly suitable for a farm operation..." and a farm operation as defined in sub.11 is "...the land and on-farm buildings, equipment, manure processing and handling facilities, and practices which contribute to the production, preparation and marketing of crops, livestock and livestock products as a commercial enterprise... Such farm operation may consist of one or more parcels of owned or rented land, which parcels may be contiguous or noncontiguous to each other."

The requested additions were, therefore, examined primarily for the presence and characteristics of onsite and adjacent agricultural operations, agricultural production opportunities, location relative to existing agricultural districts, nearby development trends, and natural features.

LANDOWNER REQUESTS

Landowners have requested that the following parcels be added to agricultural districts within Onondaga County. (Note, this report does not include parcels requested for addition which have been found to be currently enrolled in a certified agricultural district.)

The following is a description of each of the properties requested to be added to Agricultural Districts 2, 3 and 4, including aerial photography showing the proposed property, existing enrolled Agricultural District properties (shaded green), and area context.

DISTRICT 2 REQUESTED ADDITIONS

MARCELLUS (HEER): One parcel in the Town of Marcellus is proposed for addition, located along Pleasant Valley Road, approximately 3 mile southeast of the Village of Marcellus. The 23.07 acre parcel contains tilled land and woods on a sloping hillside. Agricultural uses are listed as hay, soybean, corn and wheat production. The parcel is connected to other farmed parcels, and lands enrolled in Agricultural District 2. The owner of the property also owns over 250 additional acres in the Town of Marcellus enrolled in the district, and is proposing addition of 37 acres in the Town of Onondaga, as part of the concurrent Agricultural District 1 renewal process.

SPAFFORD (KOWALEWSKI): The subject 48.04 acre parcel lies at the eastern edge of the Town of Spafford, at the border with the Towns of Otisco and Tully. The parcel is located in a largely rural and agricultural area, and is a landlocked parcel. The land includes approximately 13 acres of farm fields, with agricultural uses noted as u-pick berries, poultry and pumpkins. The remainder of the land is wooded and steeply sloped with a grade change of approximately 450 feet along what is referred to as Vesper Hill.

DISTRICT 3 REQUESTED ADDITIONS

ELBRIDGE (RINALDO): The landowner is proposing addition of a 127.01 acre parcel to Agricultural District 3, with frontage on NYS Route 5 and located just west of the Village of Elbridge. Per the request form, the land has been used for field crops and has been in family ownership for over 100 years. The parcel is bisected by Skaneateles Creek, an important stream corridor, at its north end, and bisected at the southern end of the parcel by a linear National Grid electric transmission parcel. Despite its proximity to the Village, lands to the north, west and south remain primarily agricultural in nature and land use.

CLAY (WHITE): A 48.37 acre parcel of land located in the northernmost portion of the Town of Clay in an area known as Horseshoe Island is proposed for addition to Agricultural District 3. The Horseshoe Island area is characterized by its configuration in the shape of a narrow “horseshoe” shaped land mass created by the meandering Oneida River, and at its south end, a man-made portion of the NYS Barge Canal that creates a shorter path for boaters. Lands on Horseshoe Island include mostly seasonal residences along the river edge, and vacant wooded land. No agricultural activities appear to occur on Horseshoe Island, and the nearest enrolled Agricultural District parcel is over 2 miles from the site. Over 50 existing residential parcels lie adjacent to or across from the subject site.

Significant portions of the land, including the subject parcel, are poorly drained and contain vast areas of FEMA floodplains and floodways, and both state and federal wetland areas. A stream channel runs through the subject parcel, the entirety of the subject parcel is located in the flood plain and approximately 14 of 48 acres are within the more restrictive floodway. State and Federal wetlands also occur on portions of the site.

The submitted addition form noted the land is currently being used for agricultural production, with selective timber harvesting, raising chickens for eggs, and bee keeping occurring on site. Per aerial photography, the subject parcel contains mostly wooded land, a single-family house at its frontage, and near the center of the site, an area has been cleared which contains garage structures and numerous vehicles, boats, tractor trailers, tires and other materials. According to the Town of Clay, the property has been the subject of numerous code violations, and is currently in litigation with the Town regarding violations. Questionable activities noted by the town include illegal filling of floodplains/floodways and wetlands without permits, large scale dumping and storage of materials including approximately 1,000 tires on site, and potential contamination of soils from motor oil leakage. No agricultural activities, including timber harvesting chicken or beekeeping, have been observed by Code Enforcement officials. The only tree clearing appeared to be part of roadway establishment.

Yellow - State Wetlands, Blue – Federal Wetlands

Pale Pink – Flood Plain, Bright Pink - Floodway

DISTRICT 4 REQUESTED ADDITIONS

Two adjacent parcels are proposed for addition to District 4, from separate owners:

POMPEY (BERSON): A 19.84 acre parcel on the south side of NYS Route 20 at the eastern edge of the Town of Pompey is proposed for addition to Agricultural District 4. The parcel contains a house, garage, barn, farm fields, and vegetated lands buffering and along Limestone Creek, a NYSDEC Class C stream, which meanders through the center of the parcel. The landowner notes agricultural production on the lands as livestock (beef) production along with hay harvesting and pasture. Almost all lands in this eastern portion of the Town of Pompey, and adjacent Madison County lands are rural and agriculture in nature and enrolled in the NYS Agricultural District.

POMPEY (CHAVARRIA / BROOKS): On the north side of NYS Route 20, directly north of the proposed Berson land to be added, is a 4.64 acre triangular parcel of land also proposed for inclusion. The owners of the land purchased the property in recent years to own and operate a farm brewery on site. Plans include growing ingredients on the property for beer production, and providing the spent grain from brewing to the neighboring beef farm. The owner notes they intend to use local sourced ingredients when possible. The parcel contains vacant land, a small stretch of Limestone Creek, and abuts an active farm field.

LAFAYETTE (JOHNSON): The landowner is proposing addition of three contiguous parcels totaling 88.28 acres in the Town of LaFayette. The farm is located on North Road, which runs north/south between the Hamlet of LaFayette and Village of Tully. Parcel 012.-05-03.0 (3.49 acres) contains a house, barns and storage. Parcel 012.-05-29.3 (69.66 acres) and Parcel 012.-05-29.6 (15.13 acres) contain tilled cropland and deciduous forested areas, primarily at parcel edges and along Rainbow Creek, a feeder to Onondaga Creek that runs across the site.

While there are no nearby parcels currently enrolled in the agricultural district, the corridor remains largely rural and vegetated, and contains a significant amount of farmed parcels and open land to support farming activity in this location. The owner cites the nature of agricultural production on site as corn, hay and alfalfa cropland, leased to farmers. The site and its surroundings contain steeply sloped lands, part of the drumlins topography south of the City of Syracuse.

RECOMMENDATIONS

The farm sector in Onondaga County is strong and stable and the Onondaga County Agricultural and Farmland Protection Plan, Onondaga County 2010 Development Guide and municipal planning documents identify protection of agriculture and farmland as an important goal for preserving the character of rural areas.

As mentioned in the Introduction to this report, the requested additions were examined primarily for the presence and characteristics of onsite and adjacent agricultural operations, agricultural production opportunities, location relative to existing agricultural districts, nearby development trends, and natural features.

The requested tax parcel 013.-01-49.1 in the Town of Clay does not exhibit existing or potential onsite and/or adjacent agricultural operations. The site is not proximate to enrolled District parcels. While development in the area is limited, over 50 existing residential parcels lie adjacent to or across from the subject site. And natural features including groundwater inundation and flooding threatens the viability of farming on site. As such, this parcel is not recommended to the County Legislature for addition to the NYS Agricultural District 3.

The Agriculture and Farmland Protection Board recommends adding the remaining 8 of the 9 requested parcels to Agricultural Districts 2, 3 and 4, as they have demonstrated all or most of the abovementioned desired characteristics. The total acreage being recommended for addition is 310.88.

The Board notes its recommendations to the Onondaga County Legislature in the following table:

ONONDAGA COUNTY ANNUAL AGRICULTURAL DISTRICT OPEN ENROLLMENT AND EIGHT-YEAR REVIEW OF AGRICULTURAL DISTRICT 1

The Onondaga County Agriculture and Farmland Protection Board announces that the annual open enrollment period for the addition of viable agricultural lands into Onondaga County Agricultural Districts is set for January 1, 2018 to January 30, 2018. Agricultural districts are intended to encourage the continued use of farmland for agricultural production. Enrollment of land into a State certified agricultural district provides protection of accepted agricultural practices through New York State Agricultural Districts Law. Viable agricultural land is land highly suitable for or currently used for agricultural production.

The County has also begun the eight-year review of Agricultural District 1 in the towns of LaFayette (west of I-81), Onondaga (west of I-81), Otisco, and Tully (west of I-81). Landowners within District 1 may propose that land be added to or removed from the District. Those with land currently enrolled in the District will receive mailed notification of the review along with forms that can be used to request changes. The forms must be completed and returned to the Syracuse-Onondaga County Planning Agency by January 30, 2018. While land can be added to agricultural districts annually through the open enrollment process, land can only be removed during the eight-year review.

Change request forms and additional information are available at www.ongov.net/planning/agdist.html, or by contacting the Syracuse-Onondaga County Planning Agency at 315-435-2611 or countyplanning@ongov.net.

SECTION 303-B OF THE NEW YORK STATE AGRICULTURE AND MARKETS LAW

NOTICE IS HEREBY GIVEN, that a public hearing will be held by the Onondaga County Legislature on the inclusion of lands into certified agricultural districts in Onondaga County. The hearing will be held at the Onondaga County Courthouse, County Legislative Chambers, 4th Floor, 401 Montgomery St., Syracuse, New York on Tuesday, June 5, 2018 at 12:55 p.m.

Section 303-b of the New York State Agriculture and Markets Law provides landowners with a thirty-day period to submit requests for the inclusion of predominantly viable agricultural lands within certified agricultural districts. Pursuant to Resolution No. 71-2004 of the Onondaga County Legislature, that thirty-day period began January 1, 2018 and ended January 30, 2018.

The lands requested for inclusion into a certified agricultural district are parcel 015.-03-01.1 in the Town of Marcellus; parcel 027.-04-06.1 in the Town of Spafford; parcel 013.-01-49.1 in the Town of Clay; parcel 040.-03-25.0 in the Town of Elbridge; parcels 012.-05-03.0, 012.-05-29.3, and 012.-05-29.6 in the Town of LaFayette; and parcels 024.-02-12.0 and 024.-03-15.0 in the Town of Pompey.

The Onondaga County Agriculture and Farmland Protection Board has reviewed such requests and determined that such property, other than Town of Clay parcel 013.-01-49.1, consists predominantly of viable agricultural land and that the inclusion of such land, other than Town of Clay parcel 013.-01-49.1, would serve the public interest by assisting in maintaining a viable agricultural industry within the districts.

These proposed changes will be considered at the public hearing. The Agriculture and Farmland Protection Board report may be examined at the Syracuse-Onondaga County Planning Agency, Civic Center, 11th Floor, 421 Montgomery St., Syracuse, NY 13202, or viewed at <http://www.ongov.net/planning/additions.html>.

DATED: May 3, 2018.

I, Katherine M. French, do hereby certify that on the 3rd day of May, 2018, the above notice was posted by me in the west lobby of the Onondaga County Court House on the bulletin board.

RESOLUTION NO. _____

OVERRIDE LOCAL LAW FOR LEGISLATIVE/OUTSIDE COUNSEL PROVIDING RATIONALE
FOR OVERRIDE AND INAPPLICABILITY OF MANDATORY REFERENDUM

WHEREAS, on April 3, 2018, the County Legislature unanimously approved a local law ("Local Law 1") that amends the Onondaga County Charter and the Administrative Code to clarify that if there is a conflict of interest between the Executive Branch and the County Legislature (whether a legal or policy conflict), the Chairman of the County Legislature may use already approved Legislative Counsel to draft local laws and provide other legal advice; and

WHEREAS, on April 13, 2018, the County Executive vetoed Local Law 1 for several purported reasons, including but not limited to: there was no "authority" to pass the local law; only the County Attorney can determine when conflicts arise; Legislative Counsel would be too costly; there was a drafting error in Local Law 1; and

WHEREAS, each year, by resolution prepared by the County Attorney's office, the County Legislature approves Legislative Counsel "with such individuals being assigned work by the Chair of this Onondaga County Legislature as may be appropriate"; and

WHEREAS, each year the County Legislature appropriates funds for the position of Legislative Counsel; and

WHEREAS, the drafting of local laws by Legislative Counsel does not require any further appropriation or expense than has been already incurred by the County of Onondaga; and

WHEREAS, the County Executive acknowledges and appears to support the fact that the County Legislature has access to Legislative Counsel which can provide legal advice in her veto message of April 13, 2018; and

WHEREAS, on April 19, 2018, a new local law (Local Law 2) was introduced in the Legislature (in form and substance materially the same as Local Law 1), with the drafting error being corrected; and

WHEREAS, on or about April 26, 2018, the County Executive publicly urged members of the County Legislature to vote against Local Law 2 because she believed it gave too much authority to the Chairman in determining if Legislative Counsel or the County Attorney should draft local laws under certain circumstances; and

WHEREAS, on May 1, 2018, after considering the veto message related to Local Law 1, the public statements made by the County Executive regarding Local Law 2, the letter from the County Attorney, and the debate on the Legislative Floor, the County Legislature unanimously approved Local Law 2; and

WHEREAS, on May 9, 2018, the County Executive vetoed Local Law 2, not because the County Legislature did not have the authority to adopt it, but because it purportedly requires a mandatory referendum under Municipal Home Rule Law Section 23; and

WHEREAS, the reason cited by the County Executive for requiring a mandatory referendum is that Local Law 2 made a change to the “government structure” that “abolishes, transfers or curtails any power of an elective officer”; and

WHEREAS, the County Executive claims the “Chairman now wields greater power over other legislative members” because he/she will be able to determine whether the County Attorney or Legislative Counsel will draft local laws under certain circumstances; now, therefore be it

RESOLVED, after consulting with outside counsel the County Legislature makes the following FINDINGS and DETERMINATIONS:

1. That Local Law 2 does not give the Chairman any greater power over legislative members by authorizing him/her to determine who should draft local laws because individual Legislator’s power to review, debate, amend, approve or reject the local law, whether drafted by the County Attorney of Legislative Counsel, is not impaired;

2. That Local Law 2 does not require a mandatory referendum under Municipal Home Rule Law 23 because referendum requirement pertains only to legislation that “curtails any power of an elective officer must be read as applying only to legislation that impairs a power conferred on the officer as part of the framework of local government” (see *Mayor of City of New York v. Council of City of New York*, 9 N.Y.3d 23);

3. That Local Law 2 does not impair a power conferred on any County Legislator as part of the framework of local government.

4. That the Legislature already has the implied authority to use outside counsel if there is a conflict between the Executive Branch, in the person of the County Attorney who serves at the County Executive’s pleasure, and the Legislative Branch (see 1977, Op.Atty.Gen. (Inf.) 119);

5. That the use of Legislative Counsel at the discretion of the Chairman, and subject to appropriation of the County Legislature, has been a common practice and is memorialized by a resolution prepared by the County Attorney each year when the County Legislature approves both the appropriation and the authority to use outside counsel (See County Legislative Resolution No. 014, February 6, 2018; Resolution No. 018, February 2, 2016);

6. That the discretion given the Chairman in deciding whether to use Legislative Counsel to draft local laws is not a policy determination but an administrative act that is necessary in the event that a local law requires timely drafting to meet the legislative deadlines imposed by state statute, the Charter, the Administrative Code or the Rules of the Onondaga County Legislature;

7. That Local Law 2 was drafted by Legislative Counsel and there was no objection in the County Executive’s veto message to this fact because it is self-evident that County Attorney’s office has a conflict in drafting Local Law 2 and no mandatory referendum was required in this instance;

8. The County Attorney, as set forth in the Charter and Administrative Code, continues to be the primary legal advisor to the County Legislature and shall continue to provide legal advice and counsel to the County Legislature;

now, therefore be it

RESOLVED, the County Legislature hereby approves this resolution to provide guidance and insight as to its rationale for overriding Local Law 2.

RESOLVED, that expenditures from this budget be made by the Board of Trustees of Onondaga Community College pursuant to the provisions of Resolution No. 111 - 1970 by this County Legislature and that such expenditures be subject to the terms and conditions of such appropriations and to such regulations regarding the custody, deposit, audit and payment thereof as this County Legislature may deem proper; and, be it further

RESOLVED, that the sum of \$9,872,000 be included in the 2019 Annual County Budget in Appropriation Account 668750 Transfer to Community College Fund. Such sum represents the Local Sponsor's (County of Onondaga) contribution to the Community College, and therefore the sum shall be subject to tax levy for Community College purposes and is hereby made a part of the tax levy for the County of Onondaga for the fiscal year January 1, 2019, to December 31, 2019; and, be it further
