My name is Mark Matt and I am a resident of Onondaga County.

As a member of the Syracuse Metro League of Women Voters, I would like to express my support for Local Law "C."

A LOCAL LAW AMENDING SECTION 207 OF THE ONONDAGA COUNTY CHARTER AND SECTION 2.17 OF THE ONONDAGA COUNTY ADMINISTRATIVE CODE TO REVISE THE ONONDAGA COUNTY REAPPORTIONMENT COMMISSION TO ENSURE A NON-PARTISAN, FAIR AND OBJECTIVE PROCESS BY WHICH THE ONONDAGA COUNTY LEGISLATURE DISTRICTS ARE REAPPORTIONED

The LWV, a non-partisan group, will celebrate its 100<sup>th</sup> anniversary this year and has a tradition of working to ensure all citizens can have the ability to vote and that their vote is equal in value to all others.

The current Onondaga County legislative districts have been cut to minimize the value of some citizens' votes. An independent process run by citizens vs one run by politicians has a better potential to produce an outcome that all votes have an equal value.

15 of the 17 current county legislators signed a pledge (and I quote) "to support a non-partisan and independent redistricting process" during their campaigns last fall.

This proposed local law does that!!

Well some of you say, I support the idea but not this one. You have done nothing! Where are your proposals!

Some of you say it will be too expensive! Remember, our county charter demands a redistricting process after a Census with the county paying the cost for a good choice or a bad choice. Also, does democracy only work when it's cheap or convenient! Gerrymandering has additional costs as well including legal defense of illegal processes.

Passing this local law means the citizens of Onondaga County will vote this fall and decide if it is a good idea or not. **LET THE VOTERS DECIDE IF LOCAL LAW C IS THE WAY TO GO!**

A quick reminder ending gerrymandering is a non-partisan issue. For years, the League has worked to make the redistricting of New York State's Congressional and legislative districts non-partisan. In 2014 the voters of New York State agreed and approved an amendment to the New York Constitution that would provide for an non-partisan, independent Redistricting Commission as well.

A reminder of how devastating gerrymandering can be. Ronald Reagan prior to becoming president called for the end of gerrymandering.

Signing a pledge is an easy task. Honoring your word actually requires courage. However, instead of courage, I am hearing excuses. As I read the meeting minutes of from the June 9th ways and means committee I hear confusion. Mr May stated that he was "not remotely prepared to vote" on Public Law C and others shared similar sentiments. That leads me to one inescapable conclusion. You signed a pledge to improve your chances of being elected without performing the due diligence necessary to know exactly what you signed. Then you continued to remain ignorant of the issue despite having nine months to research Fair Maps and about 2 weeks to review Public Law C provided to you before the meeting. You are asking us to trust you with redistricting when I am not sure we can trust you to keep your word.

Some legislators are denying that the districts are gerrymandered. In other words, enlisting an old Jedi mind trick of not believing what you see with your own eyes rather let us tell you what you are seeing. In the ways and means committee, Mr. Rowley stated that "The term gerrymandering implies that the enrollment is out of whack and certain districts were drawn to include more republicans, democrats or another party." Well, John DeFrancisco seemed to proudly discuss in his book the gerrymandering of a district to ensure Robert Antonnacci could follow him as a NYS senator. Antonacci narrowly won that election. This government body had to be

complicit in that action. What might have happened if the election had been about democracy.

When Ryan McMahon conducted town halls after his appointment to County executive, I attended several and asked him about the gerrymandered map. His response was that the Democrats probably should have taken us to court over that. I doubt that this comment was important enough to him to remember saying it or at minimum won't admit it. Now you say we should trust Mr. McMahon's redistricting plan. Fool me once shame on you, fool me twice shame on me.

This is not an issue between political powers or ideologies. But rather that we put our trust in voters not politicians. If you are convinced that our districts are not gerrymandered, you have nothing to lose, but if your plan is to maintain power for another 10 years, you are not worthy of the office you hold. Politicians need to be out of the business of redistricting. Otherwise it is just another form of voter suppression.

My name is Elizabeth Williams. I am a voter who is not affiliated with a political party.

Sometimes I feel that you political parties are taking votes from, and limiting the voices of people you are supposedly representing.

Too much money talking, deals behind closed doors, gerrymandering.

This is an opportunity for average citizens to strengthen their input into the process.

Let the voices of the voters, not the political parties, be heard.

I urge you to vote YES to forming an Independent, NON-PARTISAN Redistricting Commission for Onondaga County.

## To All County Legislators:

This is a wonderful moment. We have a chance here in Onondaga County to really change a pattern that has existed here and all around this country where self interest and extreme partisanship have been shaping our voting for generations. All of you, inherited this system, but now we have a chance and a choice to change that. We can make a more non-partisan system for deciding our election districts.

Some people say that this movement is political.

Some people say that there is no such thing as Non-partisan.

Some people say that the present committees are independent.

Some people say the present system is bi-partisan.

Political has two meanings and is being misused by many who are frightened of change. Political means 1) any activity related to activities in which people get the right to vote and the 2)nd meaning is being used more recently to connote that the activity is partisan.

This motion to move to a citizen led redistricting committee is political. Of course, it is. But it is political according to the first definition. It IS NOT, IT SHOULD NOT BE CONSIDERED "political" in the 2<sup>nd</sup> sense of partisan. In fact, having voters not politicians be in charged of redistricting is the antithesis of partisan.

Of course, all of us have strong opinions which may or may not align with a political party...but if we work hard to create **a body of people** who are mixed and balanced, that have not recently been and will not be in the near future running for office for districts they have helped design...then we can approach a more fair set of maps.

Some people say the present committee is independent. This is not possible. If the people on the committee work for the county, are appointed by county officials or are county officials, they cannot possibly be independent.

Some people say the present committee is bi-partisan. That word implies there is some sort of parity in the committee and you can see by its very 4-2 construct that there is not parity.

Some people say there is no such thing as non-partisan. As individuals, we all have strong opinions and self interest. But we must make a committee as a whole that does not have a self-interest in their job, that has NOT been chosen by those holding political office with a self-interest in maintaining their positions. Let us not play with words in this decision, let's get down to the nitty-gritty of making real change. It is being done in Austin, TX, Michigan and Wisconsin as well as other places. WE CAN TOO!

Some people say this will cost too much. The cost will be there, whether it is done with the present in-house group or with a citizen led group. That does not change. The citizen led group is all volunteer, the lawyers and the mapping experts will be part of any committee. The one, possible, cost may be the extra public hearings that have not been a part of the process in the past. But that is also questionable and not prohibiting.

Good afternoon legislators, My name is Jennifer Mannion, I am a resident of the town of geddes. I formerly taught in the Syracuse City School district and I am currently an Instructional Specialist at West Genesee School District in Camillus. I have learned that the needs in the town of Geddes, the city of Syracuse, and the town of Camillus, are all different and the residents of these areas need representation from individuals who understand their specific needs. I saw closely the needs of each family in each of these places. But the city of Syracuse is split into almost a dozen different districts - the town of Camillus is split into 3 different districts and the town of geddes is also split into 3 different districts. The puzzle that is the Onondaga county legislative map is confusing and cannot provide adequate representation for our villages, towns and city. This is not a partisan issue, this is a good and just government issue. I urge you to vote yes to keep communities together and to make them more fair and independent!

Kerin Rigney

Good Afternoon Ladies and Gentlemen,

Thank you for allowing me to address you today. I am here because I believe in democracy, a government by and for the people. Ours is not an easy system to uphold when it is composed of all of us flawed human beings. That is why we must constantly safeguard our democratic ideals in order to keep our ship upright and moving forward. I know that everyone in this chamber loves their country and this beautiful region we live in. But we seem to have a difference of viewpoint on what constitutes 'fair' when it comes to who is drawing the electoral district maps.

Many of you have pledged to support fair and non-partisan redistricting following the Census count. I'm here to remind you that leaving that task in the hands of elected officials and other political appointees who have a vested interest in the outcome is the contrary to your pledge.

My question for you is: Do you trust the voters to decide how to draw the lines? Do you feel you have something to worry about if a committee of non-politicians and political appointees draw the electoral district lines?

I am here to challenge you to do the right and democratic but uncomfortable thing and hand over the task of redrawing the district lines to unaffiliated citizens. It is truly the only way to conduct elections that reflect the will of the people. The flagrant Gerrymandering in this county has gone on way too long and it has robbed the residents their right to choose their leaders.

I urge you to trust in your ability to inspire your electorate without the need to bend the map to your favor. Vote to put this Charter change on the ballot in November.

For today and future Legislatures, you will be remembered for working to protect our democracy or you will be remembered for maintaining a system that invites corruption. The choice is yours.

Start truly representing the interests and needs of the communities in Onondaga County by establishing fair district lines, governed by population, geography and environment, not arbitrary divisions that further political ambition, seek to exclude economically disadvantaged groups or advance corporate profits without the agreement of the people who live nearby.

Citizens of Onondaga County want fairness in their government, I know I do, and I hope you will listen to the voice of the people as they ask you to establish an independent redistricting commission today.

- (4) No later than October 15th in each year ending in the number one, the Applicant Review Panel shall select a pool of 100 applicants from among the qualified applicants. These persons shall be the most qualified applicants on the basis of relevant analytical skills, ability to be impartial, residency in various parts of the Onondaga County, and appreciation for the County of Onondaga's diverse demographics and geography. Any applicant struck by any member of the Onondaga County Legislature or the Chairman must be removed from the pool of applicants. No later than October 22 in each year ending in one, the Applicant Review Panel shall submit the pool of remaining applicants to the County of Onondaga Comptroller.
- (6) No later than November 1 in each year ending in the number one, the Applicant Review Panel shall randomly draw at a public meeting ten (10) names from the remaining pool of applicants. These ten (10) individuals shall serve on the Citizens Redistricting Commission.
- (7) No later than December 1 in each year ending in the number one, the ten (10) commissioners shall review the remaining names in the pool of applicants and, from the remaining applicants in that pool, shall appoint

seven (7) applicants to the commission. These seven (7) appointees must be approved by at least seven (7) affirmative votes among the ten (10) commissioners. These seven (7) appointees shall be chosen to ensure that the commission reflects the diversity of the County of Onondaga, including, but not limited to, racial, ethnic, and gender diversity. Additionally, the ten (10) commissioners shall make every effort to the extent possible that the seven (7) appointees are representative of good governance groups, academic scholars, and other civic groups which have demonstrated a commitment to voters' rights and identifying the best practices for reapportionment.

Section 5.      Role of the Commission

The Commission shall establish the boundaries of the Onondaga County Legislature districts for the County of Onondaga in a plan using the following criteria as set forth in the following order of priority:

- (1) Districts shall comply with the United States Constitution. Each County Legislator shall have reasonably equal population with other districts, except where deviation is required to comply with the federal Voting Rights Act or allowable by law.
- (2) Districts shall comply with the federal Voting Rights Act (42 U.S.C. Sec. 1971 and following) and any other requirement of federal or state law.
- (3) Districts shall be geographically contiguous.
- (4) The geographic integrity of any local neighborhood or local community of interest shall be respected in a manner that minimizes their division to the extent possible without violating the requirements of any of the preceding subsections. A community of interest is a contiguous population that shares common social and economic interests that should be included within a single district for purposes of its effective and fair representation. Communities of interest shall not include relationships with political parties, incumbents, or political candidates.
- (5) To the extent practicable, district boundaries shall be drawn to encourage geographical compactness such that nearby areas of population are not bypassed for more distant populations.
- (6) To the extent practicable, district boundaries shall be drawn using the boundaries of existing election precincts.
- (7) To the extent practicable, district boundaries shall be drawn using geographically identifiable boundaries.
- (8) The place of residence of any incumbent or potential political candidate shall not be considered in the creation of a plan or any district.

Section 6.      Responsibilities of the Independent Citizens Redistricting Commission

- (1) The Commission shall:

- (a) conduct an open and transparent process enabling full public consideration of and public comment on the drawing of District Lines;
  - (b) draw District Lines according to the redistricting criteria specified in this Chapter; and
  - (c) conduct themselves with integrity and fairness.
- (2) The activities of the Commission are subject to all of the following:
  - (a) The commission shall comply with all state and county requirements for open meetings;
  - (b) The records of the Commission and all data considered by the Commission are public records that will be made available in a manner that ensures immediate and widespread public access.
  - (c) Commission members and Commission staff may not communicate with or receive communications about redistricting matters from anyone outside of a public hearing. This paragraph does not prohibit communication between Commission members, Commission staff, legal counsel, and consultants retained by the commission that is otherwise permitted by state and county open meeting requirements.
- (3) Public Hearing Process and Preliminary Plan

The Commission shall establish and implement an open hearing process for public input and deliberation that shall be subject to public notice and promoted through an extensive outreach program to solicit broad public participation in the redistricting public review process. The hearing process shall begin with hearings to receive public input before the commission votes and approves a preliminary redistricting plan. There shall be at least one such public hearing, before the commission votes on a preliminary redistricting plan in the City of Syracuse and at least but not limited to four additional hearings throughout the county. In addition, these hearings shall be supplemented with all other appropriate activities to further increase opportunities for the public to observe and participate in the review process.

Following the commission's vote approving the preliminary plan, there shall be at least five public hearings, geographically dispersed within the City of Syracuse and at least, but not limited to, four additional hearings throughout the county shall be held on a different date. The commission also shall display the approved preliminary plan for written public comment in a manner designed to achieve the widest public access reasonably possible. Written public comment shall be taken for at least 14 days from the date of public display of the approved preliminary plan.

(4) Final Plan

The commission then shall vote on a proposed final plan and then it shall

hold three subsequent public hearings, one inside the City of Syracuse, one north of Interstate 90 and one south of Interstate 90 and take at least five days of written public comments. The Commission then shall be finished with all hearings and adopt a final plan by no later than November 1 in each year ending in the number two (2).

By November 1 in each year ending in the number two (2), the commission shall adopt a final plan for the County of Onondaga specifically describing the district boundaries for each of the Onondaga County legislature districts prescribed above. Upon adoption, the commission shall certify the plan to the Onondaga County Legislature. The Onondaga County Legislature may not change the plan. The plan shall have the force and effect of law. It shall be adopted by an ordinance of the County legislature no later than December 31 of each year ending in number two and not be subject to approval or disapproval of the County Executive.

- (a) Report. The Commission shall issue a report that explains the basis on which the commission made its decisions in achieving compliance with the criteria listed above and shall include definitions of the terms and standards used in drawing the final plan.
- (b) Failure to Adopt a Plan. If the Commission does not adopt a final plan by the dates in this section, the Law Department for the County of Onondaga shall immediately petition state court for an order prescribing the boundary lines of the single-member districts in accordance with the redistricting criteria and requirements set forth in this Section. The plan prescribed by the court shall be used for all subsequent Onondaga County Legislature elections until a final plan is adopted by the Commission to replace it.

Section 7.      Effective Date

The provisions of this Chapter shall be effective immediately.

Section 3.      Section 2.17 is amended to state that the Reapportionment Committee shall be appointed consistent with Section 207 of the Onondaga County Charter, and Reapportionment shall be conducted consistent with Section 207 of the Onondaga County Charter.

Section 4.      This Local Law shall apply to all actions related to the enactment of reapportionment plans for the Onondaga County Legislature occurring on and after December 1, 2020.

Section 5.      If any clause, sentence, paragraph, subdivision, section or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance, shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance, directly involved in the controversy in which such judgment or order shall be rendered.

Section 6. Except as specifically amended herein, Section 207 of the Onondaga County Charter, being Local Law No. 1 of 1961, as amended, shall remain in full force and effect.

Section 7. This Local Law shall take effect immediately upon approval of the electors of Onondaga County.
