PUBLIC HEARING
ONONDAGA COUNTY DEPARTMENT OF WATER ENVIRONMENT
PROTECTION
TUESDAY, June 30, 2020

The following occurred at 4:00 p.m.:

Deputy Commissioner Harty: This is a Commissioner's Hearing to hear public comment on the engineering and design of a sewer collection system in the Town of Clay to provide sanitary sewer service to White Pine Industrial Park; therefore,

It is 4:00 p.m., and I declare the hearing open. Are there any comments to be presented?

(No response).

Deputy Commissioner Harty: Since there are no comments from WebEx participants, I present the following statement for the record:

The County is considering improvements to the Consolidated Sanitary District to provide sewer service to White Pine Industrial Park located in the town of Clay. The site is currently owned by OCIDA and has been identified as a future site for manufacturing and technology development. The County is seeking to complete preliminary design, originally undertaken in 2012 by OCIDA, and advance it to final design of a pumping station and associated force mains. This will classify the project as "Shovel Ready" through the NYS Certification Program. The total cost of the design is estimated at \$1.6 million which will be funded by the issuance of Serial Bonds. A map of the proposed site location will be included with this Report and is available for inspection.

That concludes my statement, are there any questions?

Ms. Fiorello, Town of Cicero:

Is this site being developed as a future Amazon warehouse location?

Deputy Commissioner Harty:

No, not to my knowledge. OCIDA has received interest regarding development of this location from various commercial and industrial entities; however, none include any substantial warehouse space.

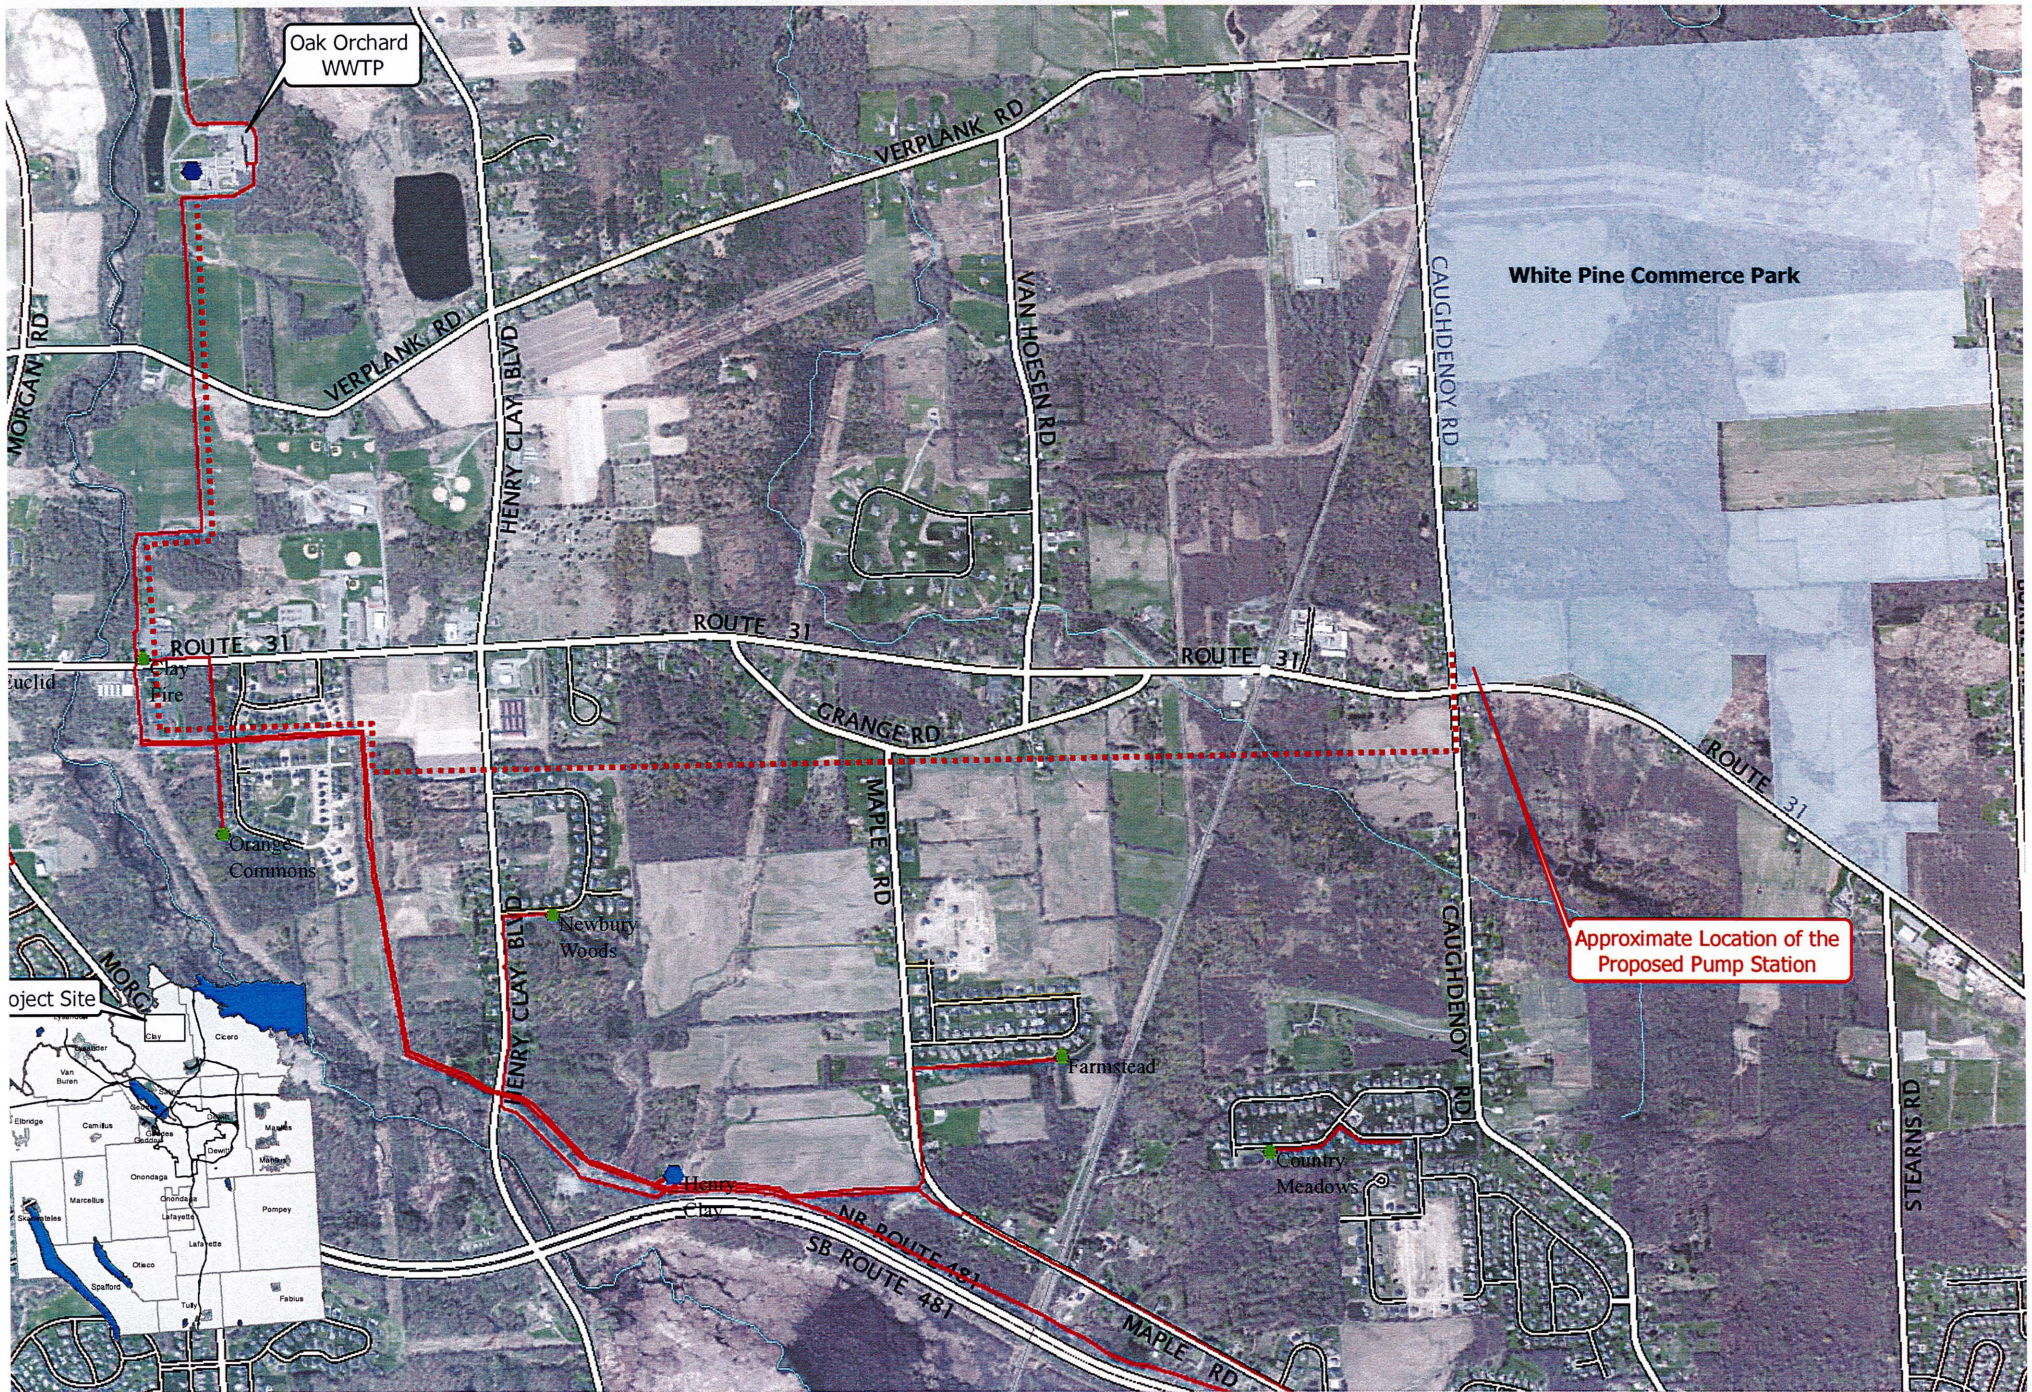

Any other questions?

(No response)

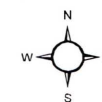

As there are no further questions or comments, I declare this hearing to be closed.

(End of hearing at 4:03 p.m.)
