Dear Sir/Madam,

My name is Mbonimpa Banabas. I originally came from the Democratic Republic of Congo. I came to the United States of America in December 2008 after spending 20 years in a Refugee Camp in Uganda and I arrived in Boston. In Boston I attended Bunker Hill Community College while at the same time taking care of my parents. After graduating in 2013 with an Associate Degree in Business Administration I moved to Syracuse to join the few fellow Congolese families who had just arrived in Syracuse.

I and my family have been parishioners of All Saints Church since 2013. I am the father of three children, currently I am part-time student at Syracuse University pursuing a Bachelor's degree in Creative Leadership Program, I am employed with Allied University Security and I own my own home on Wadsworth St.

I am very proud that now we have a Community of a large number of people in the City of Syracuse who speak Kinyamasisi, Kinyarwanda and Swahili who originally came from North-Kivu of Democratic Republic of Congo (DRC). The community continues to grow because since 2015 Interfaith of CNY and Catholic Charities of CNY started resettling many New American or Refugees from Democratic Republic of Congo in Syracuse. As New Americans in the City of Syracuse there were / are many challenges we face, but I will only mention few of these challenges. As a Community from North-Kivu we have faced challenges like difficulty speaking , learning English, helping children succeed in school, securing work, accessing services, securing houses, landlord issues, learning to drive, transportation and cultural barriers.

I was also concerned for our young people. I wanted to keep them engaged in safe activities, so I organized a soccer team which has given them a chance to reach out to the greater community as we compete against all teams.

The whole Community faced many challenges and we had no way to address these challenges to the City of Syracuse. We decided to establish Community leaders where I am the Vice President of the Community. Since then I started addressing some of incidents that were happening in the community to Cherie Cogan from All Saints Church whom I knew from church. I knew that she was part of the church committee. Since then All Saints Church has worked hard with our Community to address the issues we face on a daily basis.

I am very glad at this point the Community living environment is improving. If I am selected to hold a position on the board I am willing to continue to work with everyone to address the Community issues for better living for the New Americans and for our friends and neighbors of our greater community in the City of Syracuse. I know that together we can learn from each other and find solutions that will benefit everyone.

I can also be reached via email (mbonimpab@gmail.com) and cell: 315-706-5447

Thank you.

I understand that we are in a situation that we have never been presented with before, and we are grasping for answers on how to get things done. Before we make those decisions I need the legislature to understand what is currently transpiring when it comes to how things are functioning behind the scenes and how money is being spent.

We have departments that are top heavy and filled with people who were appointed by the previous administration. There are various positions and people that are not providing an adequate return for the tax payer money that is used to fund their positions. Most are friends and family, some had major medical issues that drove up the cost of our health insurance, while we were all scrambling to get our jobs done with less and less.

Still County employees come to work every day deploying essential services to the community. We have been doing this while over the last 12 years our workforce has almost been cut in half. If these layoffs take place, we will have less than half the amount of employees we had when the previous administration started their regime. During that same time, management staff was increased with the people mentioned above.

I, for example, work in Temporary Assistance Intake and attempt to help some of our communities most vulnerable residents figure out ways to survive with what little resources our programs have to offer. I hear stories daily about trauma and what people are struggling with, how they got where they are, and why it is impossible for them to climb out. Syracuse is the 9th highest City in the United States for concentrated poverty. Ryan himself was focusing on poverty as one of his initiatives, and yet now we are talking about layoffs. Ones that will not just affect the County employees that will lose their jobs, but the community will feel the affects of this as well, unless the cuts come from the top.

I stood here before about 2 years ago and explained to the Legislature how some decisions were being made and our community was being affected by it. We have brought to the Legislatures' attention that children would be affected if one of the appointments from the previous administration was allowed to go through. The legislature did not vote on it, and therefore the person was appointed by default. This appointment has caused the Department of Children and Family Services to "circle the drain" as the members of that Department put it.

They are attempting to assess children's safety in the community, while they are being told their comp time cannot be paid out (even though they have already worked the hours). Then caseworkers were forced to burn down their comp time by taking time off, which caused more stress and strain on the caseworkers who were already severely under staffed prior to this commissioner taking over. Our caseworkers earn comp time because they have so much work to do. They are over the state

recommendation of how many cases someone should have to properly assess safety. What is going to happen if there are layoffs?

I recently had an employee of that department send me a picture of a foster child/trafficking victim sleeping under a desk in the Civic Center. I was told this happened because the Commissioner would not approve a place for that child to stay where they would feel comfortable. This is well after we had been assured that this was not happening anymore. This was pre-covid. The picture itself was taken in February. (See below)

If that is how management was utilizing money before COVID, I am not sure how it is going to be utilized now that we are in a pandemic. I cannot imagine what the children of our community are going through, especially those who are more vulnerable such as those living in poverty, trafficking victims, foster care and homeless children. They should be able come to DCFS to get help, instead they get discarded as if their life is not valuable. Left to sleep on the floor under a desk because they didn't feel safe going where the department wanted them to.

That is just one department and doesn't account for the many others that could be affected. Emergency Management, the Health Department (during a pandemic), Adult Protective, Etc. How will our community survive cuts when we are already working with a skeleton crew? The rank and file do the work, while management makes decisions and spends money on ways that are not efficient for what our departments need to be doing. Yet we keep expecting more and more out of them.

We had planned on having some of this conversation with the Legislature and had started making a plan, then we were hit with the announcement of these layoffs. This is a big deal, and people need to understand how severe things will be if we lose any more rank and file.

What we are asking is that the Legislature vote NO on today's resolution. If cuts need to come in the form of layoffs, then serious conversations need to be had with ALL parties involved. Executive branch, Legislative and the Union. We can bring members to the table to talk about what I have mentioned in this email.

In the meantime, please discuss with Ryan the Furlough proposal that was sent to his team back in May by CSEA.

Thank you,

Hello,

I just want to voice my opinion about Onondaga County's Library System.

During this quarantine shut down, the library has become more important than ever to our community. Those months when the system was completely closed was a terrible burden on the average citizen, not being able to go out & get books/movies to pass the time while unemployed & isolated.

It was thrilling when they started opening and I'm OK with the pick up/drop off distancing procedures but have been looking forward to being able to use the computers to look/apply for a job-I can't afford a computer or cel phone. My SCSD job has been eliminated!

I had asked my local branch employee when the building might be opened for computer use. She had said the Legislature was thinking about postponing the opening, reducing hours & staff!

Please don't vote that way, your citizens need this resource, especially with school opening. People who do not have access to the internet or entertainment are counting on this important public resource.

Thank you,
Susan Germain

**IMPROVING REAPPORTIONMENT TO ENCOURAGE A FAIR AND OPEN PROCESS WITH
INCREASED PUBLIC PARTICIPATION AND ACCESS**

WHEREAS, the Onondaga County Charter Section 207 provides for a process to reapportion legislative districts; and

WHEREAS, the Onondaga County Charter states that the County Legislature shall appoint a Reapportionment Commission to evaluate the existing county legislative districts for equity and representation in relation to population, within six months after the publication of the results of the regular federal census taken in Onondaga County; and

WHEREAS, the County Legislature knows this is an opportunity to improve the process by encouraging public participation and ensuring appointments to the Reapportionment Commission are fair and representative of Onondaga County; and

WHEREAS, the Reapportionment Commission consists of six appointees, the County Legislature strongly recommends those selections be individuals non-enrolled to a political party or are enrolled to a "third party" (who are registered to vote), and have no future intent to run for elected office; and

WHEREAS, the County Legislature strongly discourages any former or current elected officials or any current chairman or members of a political party committee to be selected as appointees; and

WHEREAS, the County Legislature strongly encourages the exclusion of any person or persons that have been appointed to, elected to, or have been a candidate for state, county or city office; have been a paid consultant of a political party; have been a registered state or local lobbyist; has served as paid staff for or as a paid consultant to the County of Onondaga; and/or a spouse of any of the foregoing; and

WHEREAS, the County Legislature strongly recommends that any citizen of Onondaga County, who is interested in serving on the Reapportionment Commission, send their resume and cover letter to the Clerk of Legislature to be considered for appointment by the Floor Leaders; and

WHEREAS, the County Legislature strongly recommends that to foster accountability the Chair of the Reapportionment Commission be an appointee of either the County Executive or Floor Leaders; and

WHEREAS, the County Legislature strongly discourages incumbency to be considered as a factor by the Reapportionment Commission, in formation of the legislative districts; and

WHEREAS, the County Legislature strongly recommends conducting a minimum of six public hearings, prior to adoption of a final plan, throughout Onondaga County, with a minimum of two held within the City of Syracuse, at varying times of day, to promote public participation in the reapportionment process; now, therefore be it

RESOLVED, that the selection of appointees to the Reapportionment Commission by the County Executive, the Majority Leader of the County Legislature, and the Minority Leader of the County Legislature follow in the spirit of what is recommended herein; and, be it further

RESOLVED, that the Reapportionment Commission adhere to the recommendations herein regarding incumbency and public hearings.

REAL PROPERTY TAX SERVICES AGREEMENT

THIS AGREEMENT, is hereby executed between the COUNTY OF ONONDAGA, a municipal corporation of the State of New York, by J. Ryan McMahon, II, County Executive, hereinafter “County”, and the TOWN OF ONONDAGA, a municipal corporation of the State of New York, by Supervisor Thomas P. Andino, Town of Onondaga, hereinafter “Town”;

WITNESSETH:

WHEREAS, by Resolution No. _____ - 2020, the Town indicated its intent to obtain certain real property tax services from County, and by Resolution No. _____ - 2020, County authorized the execution of a shared services agreement with Town;

NOW, THEREFORE, in consideration of the mutual promises and covenants contained herein, and other good and valuable consideration, receipt of which is hereby acknowledged, it is agreed as follows:

1. Term

The term of this Agreement shall be for the 2020 school tax year, with the provision of services commencing on September 7, 2020 through November 16, 2020, unless sooner terminated pursuant to the terms and conditions of this Agreement.

This agreement may be terminated for cause, by either party, by giving three days’ written notice of termination to the other party. In the event of early termination, compensation to County shall be pro-rated based on days of service actually provided to Town under this Agreement.

2. Scope of Services

County employs a Director of Real Property Tax Services, and such official is, among other things, empowered to perform the various duties as provided under Real Property Tax Law Section 1532. Through its Director of Real Property Tax Services, County shall provide Town with the goods, equipment, work, or services related thereto, as set forth in more detail in the attached Scope of Services. Such document is incorporated herein and made a part hereof as Attachment A – Scope of Services.

No goods, equipment, work, or services may be provided under this Agreement until County and Town have signed the writing of this Agreement.

From time to time, Town’s legislative body may request that Onondaga’s Director of Real Property Tax Services render such other related services pertaining to the assessment and taxation of real property, where such other related services are not otherwise inconsistent with the performance of such official’s duties pursuant to any general or special law of New York State and any local law adopted by Onondaga, including the Onondaga County Charter and Administrative Code. County retains the right to approve or disapprove the provision of such services and to request additional compensation if the provision of such services would exceed the budget, as described herein below in “Compensation & Payment”. The parties may negotiate a change in compensation to provide for the additional services, requiring a written amendment in the manner provided within this Agreement.

3. Relationship of Director to County

Except as specifically provided herein, neither party, nor such parties' officers, employees, agents, or servants, shall hold themselves out as, or claim to be, officers, employees, agents, or servants of the other party. The Director of Real Property Tax Services shall at all times remain an employee of the County, but shall provide Town with the services under this Agreement as set out in Attachment A, using the level of discretion as may be necessary and otherwise coordinating with and reporting to the appropriate officials within the Town.

4. Compensation & Payment

For services rendered under this Agreement, Town shall pay County \$10,000 for the 2020 school tax year and County agrees to revert back to the Town any penalties and interests associated with the collection of school tax payments.

5. Hold Harmless, Defense and Indemnification

Onondaga covenants and agrees to indemnify, defend and hold harmless, to the fullest extent permitted by law, Town, its officers, agents and employees and representatives in connection with this Agreement, from and against any and all loss or expense that may arise by reason of liability for damage, injury or death, or for invasion of personal or property rights, of every name and nature including but not limited to: (i) claims of property damage; (ii) claims of personal injury to County's employees, agents, or subcontractors; (iii) claims of personal injury to third parties; and (iv) reasonable attorneys' fees, whether incurred as the result of a third party claim or to enforce this contract: arising out of or resulting directly or indirectly from the performance, of the work or the enforcement of this Agreement, irrespective of whether there is a breach of a statutory obligation or rule of apportioned liability; and whether casual or continuing trespass or nuisance, and any other claim for damages arising at law and equity alleged to have been caused or sustained in whole or in part by or because of misfeasance, omission of duty, negligence or wrongful act on the part of the County, its employees or agents.

Town covenants and agrees to indemnify, defend and hold harmless, to the fullest extent permitted by law, County, its officers, agents and employees and representatives in connection with this Agreement, from and against any and all loss or expense that may arise by reason of liability for damage, injury or death, or for invasion of personal or property rights, of every name and nature including but not limited to: (i) claims of property damage; (ii) claims of personal injury to Town's employees, agents, or subcontractors; (iii) claims of personal injury to third parties; and (iv) reasonable attorneys' fees, whether incurred as the result of a third party claim or to enforce this contract: arising out of or resulting directly or indirectly from misfeasance, omission of duty, negligence or wrongful act on the part of the Town, its employees or agents irrespective of whether there is a breach of a statutory obligation or rule of apportioned liability; and whether casual or continuing trespass or nuisance, and any other claim for damages arising at law and equity alleged to have been caused or sustained in whole or in part by or because of misfeasance, omission of duty, negligence or wrongful act on the part of Town, its employees or agents.

Each party further agrees to comply with the requirements of the New York State Workers' Compensation Board regarding proof of compliance with the New York State Workers' Compensation Law. The New York State Workers' Compensation Board requires each party to obtain proof of Workers' Compensation insurance coverage, self-insurance or exemption from the requirement of obtaining Workers' Compensation insurance coverage. Proof must be submitted to the other party on forms specified by the Workers' Compensation Board and that are stamped as received by the Workers' Compensation Board.

6. Insurance

County certifies that it is self-insured for all purposes herein, and upon request, will provide documentation of self-insurance to Town.

7. Assignment

Each party is prohibited from assigning, transferring, conveying, subletting, or otherwise disposing of this agreement, or its right, title, or interest in this agreement, or its power to execute this agreement, to any other person or entity without the previous consent in writing of the other party.

8. Appropriations

It is understood by and between the parties hereto that this Agreement shall be deemed executory only to the extent of the monies appropriated and available for the purpose of this Agreement and no liability on account thereof shall be incurred by either party beyond monies appropriated and available for the purpose thereof. Provided, however, that in the event appropriations are not made available for the purpose of this Agreement by Town shall result in termination of this Agreement by County at the start of any fiscal year in which appropriations are not made.

9. Agreement Modifications

This agreement represents the entire and integrated agreement between County and Town and supersedes all prior negotiations, representations or agreements either written or oral. This agreement may be amended only by a writing signed by County and Town.

10. Severability

If any term or provision of this agreement shall be held invalid or unenforceable, the remainder of this agreement shall not be affected thereby and every other term and provision of this agreement shall be valid and enforced to the fullest extent permitted by law.

11. Clauses Required by Law

Each and every provision of law and clause required by law to be part of this agreement shall be deemed to be part of this agreement and to have been inserted in this agreement, and shall have the full force and effect of law.

12. Statutory Compliance

In acceptance of this Agreement, the parties covenant and agree to comply in all respects with all Federal, State and County laws which pertain hereto regarding services for municipal corporations including but not limited to Workers' Compensation and Employers' Liability Insurance, hours of employment, wages and human rights.

13. Continuation of Powers

Nothing herein shall be read or construed to abolish, transfer, or curtail the power and duties of any elected official in contravention of applicable law. Further, nothing herein shall be read or construed to alter any rights of employees under any applicable agreement or statute.

IN WITNESS WHEREOF, the County of Onondaga and the Town of Onondaga have executed the writing of this agreement on the dates hereafter written.

WHEREAS, as a direct result of the pandemic, the state and local economy have sustained unprecedented levels of lost revenues and record high unemployment; and

WHEREAS, with job losses and reductions in consumer spending, sales tax revenues are projected to drop precipitously in 2020; and

WHEREAS, while the County has implemented various austerity measures, the significant loss in revenues requires the County to take the further steps of reducing the County workforce; and

WHEREAS, to achieve the required savings and make up for lost revenues, the County must reduce its payroll expenditure by 154,000 work hours; and

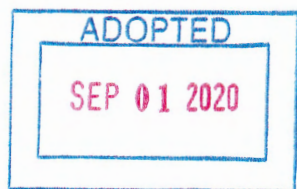

WHEREAS, by a series of resolutions adopted since 2013, the County has restructured a number of positions, functions and administrative duties to change the ways in which services are delivered and administered, and it is now necessary to provide for further restructuring and realigning of available human resources in connection with service delivery to achieve greater levels of efficiency and economy; and

WHEREAS, the personnel changes authorized herein, which may include furloughed positions, have been reviewed by the Commissioner of Personnel, the Chief Fiscal Officer, and the County Executive; now, therefore be it

RESOLVED, that the County Legislature authorizes the Chief Fiscal Officer, as the official responsible for exercising budgetary and management control, during the fiscal year 2020 (with a sunset of March 31, 2021), to provide for the restructure and realignment of positions, functions and duties to achieve increased levels of efficiency and economy, and within that restructuring and realignment shall achieve the required wage reductions for this fiscal year, in an amount not to exceed 154,000 hours; and, be it further

RESOLVED, during the fiscal year 2020, the Chief Fiscal Officer shall provide a report of such personnel changes to be issued to the Clerk of the County Legislature, with a copy to the members of the Ways and Means Committee with the details of that restructure and realignment, including a list of all positions abolished, and the plan shall be implemented and those positions shall be deemed abolished without further action of this Legislature.
