Presented By: Legislator Linda Ervin

The above named member of the County Legislature of Onondaga County, New York, on the 6th day of November 2017, wishes to:

RECOGNIZE AND CONGRATULATE “ONONDAGA LODGE #32”, PRINCE HALL MASON, SYRACUSE, NEW YORK, WORSHIPFUL MASTER SAM ROBERTS, HONORARY PAST GRAND MASTER GRADY EDGE, AND HONORARY PAST GRAND MASTER ED SPEER

WHEREAS, “Onondaga Lodge #32” is celebrating their 150th Anniversary, making it one of the oldest African American organizations in Central New York, having been founded only a few years after the signing of the Emancipation Proclamation; and

WHEREAS, Sam Roberts is the current Worshipful Master, who has provided exemplary leadership and has served many years with distinguished service; and

WHEREAS, Honorary Past Grand Master Grady Edge and Honorary Past Grand Master Ed Speer have also served many years of distinguished service; and

WHEREAS, through their many acts of community service, the Lodge has provided scholarships of approximately \$2,500 per year, supplied Frazier School with 2000 books in 2016, and supplied many other neighborhood schools with school supplies; and

WHEREAS, community service events include an annual Easter egg hunt at McKinley Brighton School, participation in the Toys for Tots Program at Christmas each year, sending children to Camp Eureka located in the Catskills, several community cleanup projects in various neighborhoods, and cleaning the Interstate 81 south bound Brighton Avenue ramp; now therefore be it,

RESOLVED, that, Legislator Linda Ervin does hereby recognize Worshipful Master Sam Roberts, Honorary Past Grand Master Grady Edge, Honorary Past Grand Master Ed Speer, and all the members of free “Onondaga Lodge #32” Prince Hall Masons, Syracuse, New York for their distinguished service to our community.

I hereby certify that the foregoing was duly noted by the
County Legislature of Onondaga County, New York.
Witness my hand and seal of said Legislature.

ONONDAGA Audubon

November 5, 2017

To: Chairman Michael E. Plochocki, Environmental Protection Committee
Members of the Onondaga County Legislature

CC: Joanne M. Mahoney, Onondaga County Executive
Travis Glazier, Onondaga County Environmental Director

From: Alison Koczek, President, Onondaga Audubon

Dear Chairman Plochocki and Members of the Onondaga County Legislature,

I am writing to you on behalf of the Board of Directors and members of Onondaga Audubon regarding Onondaga County's plans to extend the Onondaga Lake Loop-the-Lake Trail onto Murphy's Island as noted in the October 18, 2017 Environmental Protection Committee Meeting Minutes. Onondaga Audubon is disappointed to learn that the County wishes to approve a trail which extends along the shoreline of Murphy's Island as this placement is likely to pose negative impacts on Bald Eagles (*Haliaeetus leucocephalis*) which depend upon this area for roosting purposes during the winter months (Figure 1).

As you may already know, Bald Eagles are drawn to this portion of the lake due to water flowing out of the Inner Harbor from the Metropolitan Syracuse Wastewater Treatment Plant which keeps the immediate lake area from freezing over during extremely cold winters. This location provides eagles an ice free area to forage for fish, a staple of their diet. This foraging area coupled with the nearby tall trees in the relatively undisturbed forest of Murphy's Island offer these birds the food and shelter they need to survive the harsh winter months in Central New York.

Bald Eagles were not regularly observed using Onondaga Lake for over 40 years until their return in 2011. Bald Eagles can now be regularly seen on the eastern shore of Onondaga Lake during the winter months with a high count of 39 eagles reported on 10 January 2014. Additionally, in recent years eagles have been observed on the lake throughout ten months of the year (July – April) which may signal that individuals are considering this site for future breeding attempts (eBird 2012). The return of Bald Eagles to Onondaga Lake has been seen as a conservation success story and a sign that the cleanup process on the lake has been successful. The public has also noticed the return of our national symbol to Onondaga Lake which is evidenced by hundreds of interested citizens participating in an Audubon

Sponsored event this past February despite the cold weather, to hear a program on Bald Eagles. Members also enjoyed field trips out to the end of the Creekwalk Trail to see these spectacular birds.

In February 2016, the Onondaga Audubon Board sat down with Bill Lansley and Travis Glazier to discuss our concerns regarding trail placement impacting eagles on the eastern shore of the lake. At that time, we were told that plans to complete the Loop-the-Lake Trail were in the works but trail placement was undecided and it was unlikely to impact the eagles. This sentiment was confirmed by County Executive Mahoney in a May 2016 CNYCentral interview where Ms. Mahoney was quoted stating, "The Bald Eagles coming back to Onondaga Lake is something everyone wants to see. We certainly aren't going to do anything to impact their habitat in a bad way (Hall 2016)." As recent attempts by Onondaga Audubon Board Members to gain information on trail placement by the County from Glazier have gone unanswered we have continued to speak out on this issue as we feel we can provide advice that will ensure the County follows the letter of the law when it comes to the Migratory Bird Treaty Act and the Bald and Golden Eagle Protection Act. Our main concerns and suggestions are as follows:

1. Disturbance - We appreciate that the County's plan involves "no clearing of the trees, which the eagles are roosting on," however we are equally concerned about the disturbance that would occur due to pedestrian trail use. Bald Eagles are extremely sensitive to disturbance and can very easily be flushed from perches and kept from foraging due to human activities. Additionally, disturbance by pedestrians has been found to illicit a flight response at a greater distance than any other urban disturbance (i.e. loud noises, vehicles; Grubb and King 1991). This means that although eagles using Murphy's Island already encounter noise—related disturbances from nearby Destiny Mall and the CRX Railroad, pedestrian presence can lead to higher disturbance responses and this disturbance is considered a "take" under the Migratory Bird Treaty Act. The NYSDEC Conservation Plan for Bald Eagles in New York State and the USFWS National Bald Eagle Management Guidelines recommend a buffer of no closer than 330 feet from communal roosts with visual buffer or 660 feet without visual buffer for all non-motorized recreation activities (USFWS 2007, NYSDEC 2016, Table 5). A trail placed along the shoreline would violate both of these buffer categories.
2. Winter Trail Closure - Placing a trail along the Murphy's Island shoreline with plans for closing the trail during the winter season would be a missed opportunity for those wishing to enjoy an intact Loop-the-Lake Trail year-round. Additionally, while Bald Eagles are not currently nesting on Onondaga Lake, they have been documented using the lakeshore for 10 months of the year which may indicate that birds are prospecting the area for breeding use. If breeding does occur, Murphy's Island is the most obvious spot as it has trees large enough for an eagle to build a nest. A trail placed along the shoreline would become virtually unusable if eagles choose to nest here in the near future.
3. Bald Eagle Surveys – Onondaga Audubon began performing weekly surveys of the abundance and location of Bald Eagle's using Onondaga Lake's shoreline during the winter of 2016-2017 and there is a wealth of citizen science data available for the area. We plan to continue to perform Bald Eagle surveys this coming winter and beyond to track the impacts of weather on eagle presence. These surveys will also be able to track impacts that may

occur due to improper trail placement which would be a direct violation of the Bald and Golden Eagle Protection Act.

4. Murphy's Island Cleanup – Onondaga Audubon supports the cleanup effort on Onondaga Lake but recognizes that in order to fully clean some areas, the cost to wildlife is greater than the net benefit of the cleanup. One such area is on Murphy's Island where a cleanup effort would require a complete removal of the vegetation including the old growth trees upon which Bald Eagles depend. These trees would be impossible to restore at their current height and we may have to wait another 60+ years for trees planted on a restored site to reach a size that would be preferred by the eagles. If indeed the Human Health Risk Assessment (HHRA) makes the determination that Murphy's Island affords no immediate human health risks, we feel that foregoing a full blown restoration of the site and maintaining it as a wildlife sanctuary would be in the best interest of all parties.

The public survey portion of the F.O.C.U.S. on Onondaga Lake study (2012) indicated that the largest percentage of respondents ranked "maintaining or reforesting the natural areas around the lake" as being of greatest importance to them. We know that the County agrees with the public and wishes to ensure the persistence of the Bald Eagle, our national symbol, on Onondaga Lake's shoreline. Onondaga Audubon encourages you to reconsider placing the Loop-the-Lake Trail along the shoreline of Murphy's Island or performing any restoration activities in the area which may lead to tree removal.

Motion Made By Mr. Plochocki

RESOLUTION NO. 150

APPROVING THE CONSENT DECREE WITH THE NATURAL RESOURCE DAMAGES TRUSTEES AND HONEYWELL INTERNATIONAL INC. IN U.S. v. HONEYWELL INTERNATIONAL INC. et al., AND AUTHORIZING THE EXECUTION OF RELATED AGREEMENTS, ALL FOR THE PURPOSE OF RELEASING THE COUNTY OF ONONDAGA FROM LIABILITY FOR NATURAL RESOURCE DAMAGES AT THE ONONDAGA LAKE SUPERFUND SITE

WHEREAS, the United States of America, on behalf of the Department of Interior, the State of New York and the Commissioner of Environmental Conservation (collectively, the “Trustees”) filed a complaint in the United States District Court of the Northern District of New York alleging that Honeywell International Inc. (“Honeywell”) and Onondaga County (collectively, the “Defendants”), are liable for damages under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (“CERCLA”), for injury to, destruction of, or loss of natural resources as a result of the alleged release of hazardous substances at or in connection with facilities located at the Onondaga Lake Superfund Site located in Syracuse, New York; and

WHEREAS, the Trustees have engaged in natural resource injury studies, damage assessments, and restoration planning related to the Onondaga Lake Superfund Site since 1991 together with the full and active participation of the Onondaga Nation until 2015, at which time the Onondaga Nation voluntarily withdrew from the process; and

WHEREAS, in April 2017, the Trustees issued a draft Onondaga Lake Natural Resource Damage Assessment Restoration Plan and Environmental Assessment Report, which was subject to a period of comment and review by the public, including the Onondaga Nation; and

WHEREAS, in September 2017 the Trustees issued the final Onondaga Lake Natural Resource Damage Assessment Restoration Plan and Environmental Assessment Report; and

WHEREAS, the Trustees, Honeywell and the County of Onondaga have engaged in extensive, good faith, negotiations to enter into a Consent Decree to expedite restoration of allegedly injured natural resources; and

WHEREAS, pursuant to the terms of the Consent Decree, the Trustees agree to release the County of Onondaga from all liability for known and alleged Natural Resource Damages, as defined by CERCLA, relating to the Onondaga Lake Superfund Site, in exchange for the following: (i) the County shall grant the Trustees and Honeywell access to certain County-owned property, easements and right-of-ways located primarily along Onondaga Lake, so that Honeywell may implement specified restoration, conservation and rehabilitation projects in accordance with the terms of the Consent Decree; (ii) upon approval by the Trustees of five (5) Honeywell Restoration Projects involving public trails and docks/piers along and/or in the vicinity of Onondaga Lake, the County agrees to assume the operation, maintenance, monitoring and repair of the projects for a period of twenty-five (25) years; and, (iii) the County agrees to take no action before December 31, 2062, to alter or modify the current use or conditions of County-owned tax parcel no. 030.-01-02.1 in the Town of Geddes, commonly known as Maple Bay and the Northwest Shore, rehabilitated and improved by Honeywell in accordance with the terms of the Consent Decree; and

WHEREAS; this Legislature deems it in the best interest of the County of Onondaga to authorize the entry of the Consent Decree, together with the execution of related agreements necessary for its implementation, which will avoid continued and prolonged litigation, and which Consent Decree is fair, reasonable and in the public interest; now, therefore be it

RESOLVED, that this County Legislature approves the Consent Decree with the Trustees, the material terms of which are described above, and to authorize the execution of related agreements necessary for its implementation, including, without limitation, those agreements involving access and use.

PUBLIC HEARING
ONONDAGA COUNTY DEPARTMENT OF WATER ENVIRONMENT
PROTECTION
TUESDAY, October 17, 2017

The following occurred at 4:10 p.m.:

Commissioner Rhoads: This is a Commissioner's Hearing to hear public comment on authorizing three projects identified in the 2018-2023 Capital Improvement Plan – Oak Orchard Disinfection Improvements & Lagoon Cleaning, Ley Creek/Liverpool Force Mains Replacement/Rehabilitation and Camillus Force Main - Phase II; therefore,

It is 4:10 p.m., and I declare the hearing open. Are there any comments to be presented?

(No response).

Commissioner Rhoads: Since there is no one in attendance for this hearing, I present the following statement for the record:

The 2018-2023 Capital Improvement Plan included three projects that are scheduled to begin in 2018. The Oak Orchard Disinfection & Lagoon Cleaning project is necessary to meet new SPDES permit compliance by November 2018. It includes adding new tankage and refurbishing the lagoons. Design was previously authorized and will be completed this year. This hearing is to authorize the construction phase which is estimated at \$11.54 million.

The Ley Creek/Liverpool Force Mains project will result in either rehabilitation or replacement of the force mains, which have both experienced significant failure in recent years. This authorization is for the engineering phase, which will include a feasibility study to evaluate options and the possibility of combining the projects. The estimated cost of engineering is \$2.3 million.

The final project for 2018 is Phase 2 of the replacement of the Camillus Force Main. The force main is approximately 7 miles long and Phases 1 and 2 address the first 3-mile segment. Construction of Phase 1 will begin next year, along with design of Phase 2. The cost of Phase 2 is estimated at \$1.5 million.

That concludes my statement, and, as no one is in attendance, I declare this hearing to be closed.

(End of hearing at 4:15 p.m.)

RESOLUTION NO. _____

A RESOLUTION CALLING A PUBLIC HEARING IN CONNECTION WITH PROPOSED
IMPROVEMENTS FOR THE ONONDAGA COUNTY SANITARY DISTRICT FOR PHASE II OF
THE CAMILLUS FORCE MAIN REPLACEMENT PROJECT

WHEREAS, by Resolution No. 260 - 1978, adopted pursuant to Section 11.82 of the Onondaga County Administrative Code, the County Legislature dissolved all existing Sanitary and Treatment Plant Districts of the County and established as successor thereto, the Onondaga County Sanitary District, effective January 1, 1979; and

WHEREAS, the Commissioner of Water Environment Protection of said County, pursuant to the Onondaga County Administrative Code, has prepared and submitted to said County Legislature, a report dated October 17, 2017 (the "Report"), duly approved by the County Executive, in connection with proposed improvements to the Onondaga County Sanitary District consisting of Phase II of the Camillus Force Main Replacement, all as more fully set forth in the Report, at a maximum estimated cost of \$1,500,000; and

WHEREAS, it is now desired to call a Public Hearing in connection with the provisions of the Onondaga County Administrative Code; now, therefore be it

RESOLVED, by the County Legislature of the County of Onondaga, New York, as follows:

Section 1. A meeting of the County Legislature of the County of Onondaga, New York shall be held in the Legislative Chambers in the County Court House, in Syracuse, New York, on the 5th day of December, 2017, at 12:58 o'clock P.M., Prevailing time, for the purpose of conducting a public hearing upon the aforesaid matter. The Clerk of said County Legislature is hereby authorized and directed to cause a notice of such public hearing to be published in the manner provided by law.

Section 2. This resolution shall take effect immediately.

RESOLUTION NO. _____

A RESOLUTION APPROVING VARIOUS GREEN AND INNOVATIVE INFRASTRUCTURE PROJECTS LOCATED OUTSIDE THE AMENDED CONSENT JUDGMENT AREA, AS OUTLINED IN LOCAL LAW 1-2011, FOR THE PURPOSE OF MITIGATING INFLOW AND INFILTRATION OF STORMWATER INTO THE CONSOLIDATED SANITARY DISTRICT SEWER SYSTEM.

WHEREAS, the Commissioner of Water Environment Protection of Onondaga County, pursuant to the Onondaga County Administrative Code, previously prepared and submitted to said County Legislature, a report dated August 8, 2017 (the "Report"), duly approved by the County Executive, recommending projects for the benefit of the Onondaga County Sanitary District, but located outside of the Amended Consent Judgment area in accordance with Local Law No. 1-2011, as more fully set forth in the Report, at a maximum estimated cost of \$1,200,000; and

WHEREAS, by adopting Local Law No. 1-2011, Onondaga County established a program to promote capacity management of public sewers throughout the Onondaga County Sanitary District, intended to help reduce sanitary sewer overflows into our County's waterways, as well as to reduce the costs associated with managing wet weather sewer capacity; and

WHEREAS, by Resolution No. 189-2016, funding was made available to support additional green and innovative infrastructure improvements for the benefit of the Onondaga County Sanitary District, targeting municipally-sponsored projects located outside the Amended Consent Judgment area for the purpose of mitigating inflow and infiltration of storm water into the sewer system; and

WHEREAS, proposals were solicited from the several towns, villages, and city located within the Onondaga County Sanitary District, but outside of the Amended Consent Judgment area, for green and innovative infrastructure projects, and such proposals were reviewed and evaluated by the Commissioner of the Department of Water Environment Protection, with recommendations on awards for successful proposals contained in the Report; and

WHEREAS, this County Legislature duly adopted a resolution on October 3, 2017, calling a public hearing on the foregoing matter to be held in the Legislative Chambers in the County Court House, in Syracuse, New York on the 6th day of November, 2017, at 12:58 P.M., prevailing time; and

WHEREAS, said public hearing was duly held at the time and place aforesaid, at which all persons interested were heard; and

WHEREAS, this County Legislature has given due consideration to the aforesaid Report and the evidence given at said public hearing; now, therefore be it

RESOLVED, by the County Legislature of the County of Onondaga, New York, as follows:

Section 1. That this Legislature approves the proposed programs for improvement to the Onondaga County Sanitary District contained in the aforesaid Report, at a maximum estimated cost of \$1,200,000, where such Report is on file with the Clerk of this Legislature and where such projects shall be limited the following:

Project Sponsor	Project Title	Amount Not To Exceed
City of Syracuse	Hulbert, Bradford, Standish, Cured in Place Pipe ("CIPP")	\$250,000
Town of Salina	Mattydale, CIPP, MH Rehabilitation	\$250,000
Town of Geddes	Hillcrest, Trunk Sewer CIPP	\$250,000
Town of Cicero	Oneida Park, Pressure Test, Grout Sealing	\$250,000
Village of East Syracuse	Hartwell Avenue, CIPP, MH Repairs	\$200,000

Section 2. That this Legislature authorizes the County to enter into intermunicipal agreements with the municipalities identified in the Report for the purpose of advancing such projects on behalf of the Onondaga County Sanitary District.

Section 3. That documentation shall be retained as may be needed showing that activities undertaken in connection with this resolution are in compliance with the State Environmental Quality Review Act and have been subjected to the appropriate programmatic reviews.

COMMISSIONER'S REPORT

August 8, 2017

TO: Onondaga County Legislature
Onondaga County Court House
401 Montgomery Street, Room 407
Syracuse, NY 13202

On August 8, 2017, the undersigned held a Commissioner's Hearing, open to the public, pursuant to subdivision (a) of Section 11.54 of the Onondaga County Administrative Code. The purpose of the hearing was to hear public comment on:

Authorizing various green and innovative infrastructure improvement projects located outside the Amended Consent Judgment Area as outlined in Local Law 1-2011, for the purpose of mitigating inflow and infiltration into the consolidated sanitary sewer system.

This hearing was properly posted and advertised. No one appeared to speak in opposition to the proposal. It is recommended, based upon the undersigned review of the matter, that:

1. The Legislature set a date for a public hearing on the proposal; and,
2. Said costs be recovered from the Onondaga County Sanitary District.

Respectfully submitted,

Tom Rhoads, P.E.

PUBLIC HEARING
ONONDAGA COUNTY DEPARTMENT OF WATER ENVIRONMENT
PROTECTION
TUESDAY, August 8, 2017

The following occurred at 4:10 p.m.:

Commissioner Rhoads: This is a Commissioner's Hearing to hear public comment on authorizing awards for specific green and innovative projects located outside the ACJ area; therefore,

It is 4:10 p.m., and I declare the hearing open. Are there any comments to be presented?

(No response).

Commissioner Rhoads: Since there is no one in attendance for this hearing, I present the following statement for the record:

\$1.2 million was appropriated in December 2016 for the purpose of extending the suburban green infrastructure program (SGIP) offered to municipalities outside the ACJ area to promote capacity management and reduce the impacts of inflow and infiltration. It should be noted that the Meadowbrook-Limestone service area of the City of Syracuse was included in the solicitation, due to the high occurrence of inflow and infiltration in that area. Thirteen (13) applications were received through a competitive process, totaling over \$2.9 million (list attached). Recommendations will be forwarded to the County Executive, who will, in turn, send final award recommendations to the County Legislature for approval. A public hearing will be held by the Legislature to hear comments before award of the contracts will be made.

That concludes my statement, and, as no one is in attendance, I declare this hearing to be closed.

(End of hearing at 4:15 p.m.)

RESOLUTION NO. _____

ESTABLISHING A POLICY FOR USE OF THE WAR MEMORIAL BY VETERANS
ORGANIZATIONS

WHEREAS, the War Memorial was commissioned and constructed as a means of honoring the service and sacrifice given to this Country by Onondaga County's residents; and

WHEREAS, in addition to the Arena and related facilities, the War Memorial has a Memorial Hall and Assembly Hall, frequently used by Veterans organizations to hold events; and

WHEREAS, to promote such use and further honor the County's Veterans, a policy is established to provide Veterans organizations with access to the War Memorial, including Memorial Hall, Assembly Hall, and War Memorial Arena at most favorable rates and terms; now, therefore be it

RESOLVED, that for Veterans organizations using the War Memorial to host events, the following terms apply:

for access to and use of the War Memorial, including Memorial Hall, Assembly Hall, or War Memorial Arena, together with related facilities, rent shall not be charged;

for events to be held at the War Memorial, food, beverages, and related services shall be provided at actual cost;

for events held in Assembly Hall, a standard setup is to be developed, with the direct labor for such standard setup provided at no cost, but in the event that direct labor is required to materially modify or reconfigure such standard setup for an event, such direct labor shall be provided at actual cost;

for events held in Memorial Hall, direct labor for room setup shall be provided at actual cost; and

for events held in the War Memorial Arena, all costs incurred shall be provided at actual cost, including, without limitation, direct labor for room setup and security;

and, be it further

RESOLVED, that the County's venue manager may work with such Veterans organizations to develop additional terms of access to and use of the War Memorial as may be consistent with the intent of this resolution.

RESOLUTION NO. 157

SUPPORTING LOCAL AND AMERICAN BUSINESSES AND MAXIMIZING OPPORTUNITIES FOR PARTICIPATING IN COUNTY CONTRACTS

WHEREAS, Onondaga County has a history of supporting local businesses and this Legislature finds it to be in the best interests of the County's residents to conduct its procurement activities in a way that maximizes opportunities for participation in the County's contracts by such businesses; and

WHEREAS, Onondaga County plays a large part in economic development within the region, and this Legislature finds that promoting locally-owned and New York State businesses would increase local economic activity throughout the region, and subsequently generate additional sales tax revenues which would assist in alleviating fiscal and budgetary constraints currently experienced by Onondaga County; and

WHEREAS, to support Onondaga County and New York businesses and residents, the Onondaga County Legislature adopts this legislation requesting the Purchasing Director to take steps as may be reasonably necessary, and consistent with all applicable provisions of law regarding public contracts, to enact procurement policies which maximize opportunities for participation in the County's contracts by local and state businesses, while continuing to optimize quality, cost and efficiencies in the best interest of the taxpayers; now, therefore be it

RESOLVED, that for all discretionary Purchase Contracts up to a maximum sum of twenty thousand dollars (\$20,000) and Public Works Contracts up to a maximum sum of thirty-five thousand (\$35,000), which are not subject to mandatory bidding provisions provided by General Municipal Law Section 103 or contracts which are awarded on the basis of "Best Value", the Division of Purchase shall devise internal policies consistent with the following:

- a. Procurement activities for goods and services to be utilized by Onondaga County will be conducted in a way that maximizes opportunities for participation in the County's contracts by local businesses, where the term "local businesses" is to be broadly construed so as to include individuals or corporations that provide goods or services with offices located in Onondaga County, the adjacent counties, New York State, and the United States of America, considered in that order to the extent practicable;
- b. The Division of Purchase is to devise a mechanism for assigning weight to and considering a business' local presence in the context of a purchasing decision, accounting for other factors as may be relevant to such procurement activity, with any such criteria to be made known at the time of the solicitation released;
- c. To the greatest extent practicable under the circumstances, solicitations for bids, offers, quotes, and proposals shall be made available to all local businesses reasonably known to offer the good or service sought by the County through its procurement activities, with such solicitations intended to be in addition to any required advertisement or public notice; and

- d. Specifications within such solicitations shall be drafted to promote utilization of local businesses, including prime contractors and anticipating the use of subcontractors, consistent with applicable provisions of law regarding public contracts, including General Municipal Law Article 5-a, while assuring the prudent and economical use of public monies, facilitating the acquisition of goods and services of maximum quality at the lowest possible cost under the circumstances, and guarding against favoritism, improvidence, extravagance, fraud and corruption.

LOCAL LAW NO. ____ - 2017

A LOCAL LAW AUTHORIZING A LEASE OF PROPERTY LOCATED ADJACENT TO THE NYS
FAIR ORANGE LOT TO ADVANCE THE NEW YORK STATE FAIRGROUNDS ACCESS
IMPROVEMENT PROJECT

BE IT ENACTED BY THE COUNTY LEGISLATURE OF ONONDAGA COUNTY, AS FOLLOWS:

Section 1. Findings/Purpose. Onondaga County is the owner of real property located adjacent and parallel to the northern boundary of a surface parking lot, known as the NYS Fair Orange Lot, located in the Town of Geddes. The property is depicted on a map on file with the Clerk of this Legislature, entitled "New York State Fairgrounds Access Improvement Project."

New York State Agriculture and Markets ("Lessee") intends to make improvements to the County owned property (the "Leased Premises") and to the Orange Lot to enhance accessibility and advance redevelopment of the NYS Fair. Lessee has expressed an interest in leasing said property from the County ("Lessor") for parking purposes during the annual New York State Fair. As such, this lease agreement would promote tourism and enhance accessibility for the benefit of the County's residents.

Section 2. Material Terms and Conditions of the Lease Agreement. The term of the lease agreement is for a twenty year period. Lessee will construct improvements to the Leased Premises, where the costs of such improvements is estimated to be one million five hundred thousand dollars (\$1,500,000). The improvements include leveling, preparing, paving and striping the Leased Premises, as well as constructing drainage improvements to the Leased Premises. The improvements will be made at no cost to the County. During the period of the annual NYS Fair, the County will make the Leased Premises available to Lessee for parking purposes at no charge to Lessee.

Section 3. SEQRA. Documentation shall be retained showing that activities undertaken in connection with this local law are in compliance with the State Environmental Quality Review Act and have been subjected to the appropriate programmatic reviews.

Section 4. Lease Authorized. The County Executive is hereby authorized to lease such property to Lessor, and to enter into any and all agreements and execute documents to implement the intent of this local law.

Section 5. Effective Date. This Local Law shall be subject to permissive referendum and take effect upon filing in accordance with the Municipal Home Rule Law.
