PROFESSIONAL EXPERIENCE

Director of Operational Support
Charter Division-Edison Schools

August 2006-July 2008

- Assisted charter school clients with developing and implementing customized enrollment management plans
- Identified potential community based partnerships and built collaborative frameworks that supports recruitment and retention
- Provided ongoing enrollment management support for charter school clients via site visits, phone, on-line, and through the development of resource materials
- Identified, investigated and executed new collateral strategies and processes that sustain enrollment management at the site, board and Edison level
- Reviewed data to assist school sites and RGMs to identify patterns that may hinder and/or assist in enrollment planning
- Developed strategies to improve internal (site staff) and external (parents, community) communications
- Identified and purchased media (radio, television, etc) to increase branding and enrollment at our sites
- Trained site staff to implement enrollment management plans including-data management, identify marketing/PR opportunities, and developing new processes
- Developed and sustained collaborative relationships with vendors
- Developed and implemented grass-roots recruitment campaigns
- Assisted sites with identifying their internal assets and conveying to external client
- Assisted sites in developing and monitoring budgets
- Developed evaluation and monitoring procedures to track both enrollment campaign process and progress
- Team member of Edison internal Six Sigma professionals to design comprehensive enrollment process
- Developed forms and procedures for enrollment campaigns

Director Community Based Recruitment
Newton Learning-Edison Schools

August 2005-August 2006

- Supervised national team of approximately 400 people (hiring, training, supervising, payroll, etc.)
- Assisted governmental agencies with interpreting and implementing NCLB guidelines

- Created and managed a call center to support nine national field reps in customer inquiries and application processing
- Created community engagement protocols
- Educated community stakeholders regarding services and products
- Developed written and verbal communications materials (for print, radio, newspaper, PSA's, etc)
- Organized a community-based education effort across cultural and economic populations
- Provided administrative oversight for programs from contracts to start-up
- Prepared budgets as they pertained to the individual program sites
- Created training materials for the Recruitment and Development divisions

Regional Operations Manager
Newton Learning-Edison Schools

September 2003-August 2005

- Managed a P/L entity (million +) with a 75% profit margin
- Hired, trained, and supervised a professional workforce
- Supervised the implementation and delivery of SES programming for seven sites
- Tracking the effectiveness of the program through program monitoring and evaluation
- Organized parent groups to lobby for NCLB
- Organized community educational forums
- Fostered collaborative relationships between parent stakeholders, community-based organizations and vested stakeholders
- Provided daily administrative oversight to a staff of 80 employees and approximately 700 students
- Established program priorities in a dynamic work environment
- Established procedural guidelines for a new program
- Tracked daily program statistics to monitor and improve service delivery
- Created, implemented and monitored incentive program

Consultant
Urban Resources/Myriad Associates

October 2000-October 2003

- Provided a Process and Impact evaluation of Community Development Block Grant grantees
- Written over 200 grants with a 84% award rate
- Developed evaluation monitoring and measurement tools for grants management
- Developed a collaboration manual for a community-based initiative
- Developed fiscal procedures for programs
- Managed and monitored several large grants (over \$1,000,000)
- Performed a formative and summative evaluation for twelve 21st Century sites
- Coordinated several conferences on community issues-Community & School Collaborations, Youth Violence, Community Collaboration Building, Youth Outreach and Community Economic Development
- Assisted Community Block Grantees with the interpretation of federal guidelines (fiscal and programming)
- Facilitated committees and community groups in building consensus and strategic work plans
- Developed Request for Proposal guidelines to distribute grant funds
- Prepared governmental grants including the evaluation and budget components
- Developed and provided training for Board Members in Strategic Planning, Collaboration, Visioning, and Project Management
- Created and executed economic and community development plans for community-based organizations
- Managed the On Board Program-a resource program for people with disabilities
- Enhanced the On-Board curriculum by broadening the subject content

Jill Hurst-Wahl

Associate Professor of Practice | Director, MS in Library and Information Science & MS
LIS: School Media

Overview

Throughout her career, Jill Hurst-Wahl (<http://www.linkedin.com/in/jillhurstwahl>) has blended library science, information technology and entrepreneurship. During her career, Jill has:

- worked in information technology as a trainer and a programmer/analyst.
- managed two corporate libraries.
- started her own consulting practice (<http://www.hurstassociates.com>).

Her current areas of interests include copyright, the use of social media, and the future of the profession.

Besides being an avid blogger (<http://www.digitization101.com>), Jill is a frequent author (<http://www.hurstassociates.com/Publications.pdf>) and speaker (<http://www.hurstassociates.com/Presentations.pdf>). Jill is currently a current member of the USNY Technology Policy and Practice Council. She is a former member of the Special Libraries Association (<http://www.sla.org>) Board of Directors (2011-2013) and of the Regents Advisory Council on Libraries (2007-2012).

In 2012, Jill was given the Jeffrey Katzer Professor of the Year Award, which recognizes a full-time faculty member for outstanding teaching, advising and service. In 2012, the recipient was selected by iSchool graduate students. In 2007, Jill was honored (<http://hurstassociates.blogspot.com/2007/05/sba-honors-librarian.html>) as the "Minority Small Business" Champion by the Syracuse office (<http://www.sba.gov/ny/syracuse/index.html>) of the U.S. Small Business Administration (<http://www.sba.gov/>). The Syracuse SBA office covers 34 counties in Upstate New York. In 1993, she received the Distinguished Achievement Award from the South Central Research Library Council for work with the corporate librarians in the Southern Tier.

Originally from Harrisburg, PA, Jill has lived for more than half of her life in New York State. She is graduate of Elmira College (<http://www.elmira.edu>) and received her MLS from the University of Maryland (<http://www.umd.edu>).

Videos: Videos of Jill speaking include these...

- Talking about the MSLIS program at SU (2012), <http://youtu.be/UMrVPp5K2R4> (<http://youtu.be/UMrVPp5K2R4>)
- Speaking at #140cuse on digital literacy (2012), <http://youtu.be/3ccX3HqWNkc> (<http://youtu.be/3ccX3HqWNkc>)
- Sit With Me (2014), <http://youtu.be/CzQhbUA7m8> (<http://youtu.be/CzQhbUA7m8>)

Short Bio: Jill Hurst-Wahl is an associate professor of practice in Syracuse University's School of Information Studies and the director of its M.S. library and information science program, which includes MSLIS: School Media. A former corporate librarian, Jill has always been an advocate for expanding the career opportunities for LIS graduates. She is a member of the USNY Technology Policy and Practices Council. Her interests include copyright, the use of social media, and the future of the profession.

Research

Rather than engaging in pure research, Jill participates in library, IT and entrepreneur communities to discover new ideas and bring them into the classroom.

Teaching

In the last few years, Jill has taught:

- IST 600: Effective Search Techniques
- IST 601: Information and Information Environments
- IST 605: Information Resources: Users & Services
- IST 613: Library Services Planning, Marketing & Assessment
- IST 626: Business Information Resources & Strategic Intelligence
- IST 677: Creating, Managing and Preserving Digital Assets
- IST 735: Copyright for Information Professionals

Personal

A resident of Central New York, Jill likes working in the yard to grow flowers, herbs and a few vegetables. She enjoys spicy foods and has become a connoisseur of hot sauces.

ACCOMPLISHMENTS

Management

- As director of the Syracuse University MSLIS program, maintain the health of the MSLIS program by directing the activities of faculty and staff related to a student's life in the iSchool from being an applicant to being an alumnus. In a school that operates without departments (School of One), the ability to negotiate and to have diplomacy are critical to working towards set goals.
- As director of the MSLIS program, led the program through its 2015 American Library Association accreditation review, which included leading a team of 20+ people who wrote, edited, and commented on the self-study and gathered the 400+ MBs of supporting data.
- Founded Hurst Associates, Ltd. to provide business intelligence and other information-related services to start-ups as well as mid-market and Fortune 500 companies. As needed, collaborate on projects with clients' internal staff and other external resources.
- Developed and managed client-focused business libraries at Corning Incorporated and Manning & Napier Advisors.
- Designed and built a strategic intelligence business aimed at middle-market companies for MNIS.
- Managed IT projects with resources and end-users in U.S., Europe and Asia.
- Managed staff hiring, training and performance reviews for Corning Incorporated' Business Support Library. Supplemented full-time staff with temporary employees to help in such areas as optical scanning.
- Directed the Business Support Library's operating and charge-out budgets.
- Wrote grant proposals for the Erie Canal Connected Project (2003 – 2004), under the auspices of the Space and Place Initiative of the Global Affairs Institute of the Maxwell School at Syracuse University. The project's goal was to do infrastructure and social assessments of part of the Erie Canalway National Heritage Corridor.
- As a manager, advocated for the corporate libraries, arguing for their services/budgets when divisive forces appeared.
- Awarded an Enitiative grant (2007 – 2009) to develop a speaker series in Syracuse geared towards small and micro business owners, as well as business students.

Teaching

- At Syracuse University, prepared and taught both undergraduate and graduate level courses, in face-to-face and online formats. Classes have included:

IST 735: Copyright for Information Professionals	IST 601: Information & Information Environments
IST 605: Reference and Information Literacy	IST 444: Info Reporting & Presentation (2001-2002)
IST 613: Library Planning, Marketing & Assessment.	IST 525: Developing an Information Business (2002)
IST 626: Business Info. Resources & Strategic Intell.	IST 600: Second Life and Librarianship (2007)
IST 676: Digital Libraries	IST 614: Mgmt. Principles for Info. Professionals (2001-2003)
IST 677: Creating, Managing & Preserving Digital Assets	
- Guest lectured for classes within SU's School of Information Studies, S.I. Newhouse School of Public Communications, and the Ronald E. McNair Post-Baccalaureate Achievement Program.
- Taught workshops on digitization, social networking tools, Second Life and other topics for local, regional and international organizations such as the Rensselaer-Columbia-Greene BOCES (Questar III), Manufacturers Association of Central NY, North Suburban Library System (IL), Florida & Caribbean Chapter of SLA, and Assoc. of International Librarians & Info. Specialists (Geneva, CH).
- Through the Alliance Library System, team-taught online classes on Virtual World Librarianship.

Information Technology

- Developed and delivered in-house training sessions and workshops on a wide-range of IT products including word processing, spreadsheet, PowerPoint, statistical (SAS) software, and blogging software.
- Worked with programmers and analysts on several projects to design and implement end-user systems that facilitated knowledge work and information flow, including work on a natural language processing system (DR-LINK™).
- At Corning Incorporated, developed and maintained applications in support of a worldwide sales and marketing system for European, Latin American and Asian sales offices, provided reporting capabilities not previously available, resulting in more effective and efficient tracking of sales information.
- Provided help desk support of end-users computing on corporate main frame and personal computers for several thousand staff and line division employees at Corning Incorporated.

Digitization

- With input from key stakeholders in New York State, including the Regents Advisory Council on Libraries, and the cooperation of the State Library, developed a proposal for the New York Digital Collections Initiative for presentation to the Board of Regents.
- Created digitization plans for the Rochester Regional Library Council, South Central Regional Library Council, Capital District Library Council, Western NY Library Resources Council and Chautauqua-Cattaraugus Library System with input from staff and members.
- Managed a demonstration digitization project for the Rochester Regional Library Council, entitled "Winning the Vote," which included supervising the work of historical consultants and web site developer, negotiating for digitization services, and gaining the cooperation of the eighteen participating institutions that had suffrage materials in their collections.
- Developed and taught digitization workshops for several library consortia, Computers in Libraries conference, and the Special Libraries Association.
- Created and taught the graduate course "Creating, Managing and Preserving Digital Assets" at Syracuse University.
- Supervised the digitization of journals for inclusion in DR-LINK, a natural language processing retrieval system, while at Manning & Napier Information Services.
- Developed an in-house digitization facility to scan and OCR documents for the creation of company-wide knowledge-base at Corning Incorporated.

Social Networking

- Created and taught workshops on the broad range of social networking tools, including blogging.
- Presented on social networking tools for library and business groups to build awareness of the tools, their benefits, and possible uses.
- Mentored clients in implementing social networking tools for their businesses.
- Authored and managed blogs for volunteer organizations.
- Developed the Digitization 101 blog (www.Digitization101.com) for Hurst Associates, Ltd. which focuses digitization, copyright and digital preservation and eNetworking 101: The Blog, which focuses on online social networking. (eNetworking 101 was sunset in 2016.)

Business Intelligence

- Provided corporate executives with information and actionable reports to support their decision-making processes. The broad range of projects have included creating competitor profiles, delivering market information for use in business plans, providing intellectual property information for use in invalidating patents, and writing competitive intelligence briefings. Industries have included heavy

equipment, financial services, medical equipment, telecommunication equipment, computer storage products and consumer products.

- Created information-based products to increase the quality of information available to middle-market companies for use in strategic business decisions.

AWARDS

- Received a Web-Based Information Science Education (WISE) 2013 Instructor of the Year Award for her course "Copyright for Information Professionals" (IST 735).
- In 2012, received the Grieg Aspnes Outstanding Member Award from the SLA Information Technology Division for contributions to the profession, the Association, and particularly the division.
- In 2012, received the Jeffrey Katzer Professor of the Year Award, which recognizes a full-time faculty member for outstanding teaching, advising and service.
- Along with MSLIS and Visual and Performing Arts students, and the project's leadership group, received a 2012 Chancellor's Award for Public Engagement and Scholarship for the Little Free Libraries Projects, an academic service learning project on Syracuse's Near Westside.
- Received a Web-Based Information Science Education (WISE) 2011 Instructor of the Year Award for her course "Creating and Managing Digital Assets" (IST 677).
- Received the 2011 Chapter Merit Award from the Upstate New York Chapter of SLA in recognition of her outstanding achievement and service to the chapter and to the Association as a whole.
- 2008 SLA Presidential Citation from Stephen Abram "for leading the development of the SLA's Second Life presence and programs. Jill's dedication to innovation, and her patience with a largely inexperienced membership, has helped to find a new 'place' for future initiatives that is fuzzy, fun, and functional."
- Honored as the 2007 Minority Small Business Champion by the Syracuse office of the U.S. Small Business Administration, which covers 34 counties in Upstate New York.
- Received the 1993 Distinguished Achievement Award from the South Central Research Library Council in October 1993 for work with the corporate librarians in the Southern Tier.

EDUCATION

- M.L.S., University of Maryland, College Park, MD, 1983
- B.A., Cum Laude, English and Philosophy/Religion, Elmira College, Elmira, NY, 1979

RECEIVED
ONONDAGA COUNTY
LEGISLATURE

Melissa M. Abend

(315) 415-9352

4431 LaFayette Road, Jamesville, New York 13078

Emergency Management Experience:

Sentinel Heights Volunteer Fire Department

Fire Chief

1993 to Present

- Maintain financial accounts for the fire department including budgeting and purchasing supplies and equipment.
- Implement and execute training for volunteer firefighters to ensure maximum safety and efficiency.
- Manage annual fire report to New York State and act as a liaison between fire department and the New York State Office of Fire Protection.
- Currently trained Emergency Medical Technician

Onondaga County Fire Chief's Association

President

2014 to Present

- Provide support for active fire chiefs throughout the county and act as a universal resource for each fire department.
- Implement training sessions with various agencies within Onondaga County to assist in the emergency services.

Fire Advisory Board

Appointed Member

2006 to Present

- Assist in developing Chief Officer Credentials to ensure uniformity and guidelines for all of Onondaga County.
- Assisted in the construction of tactical work sheet for chief officers to utilize during emergency situations.

Onondaga County 911

Public Safety Dispatcher

February 2008 to January 2009

- Answer emergency and non-emergency phone calls
 - Take information from calls and code it appropriately to be sent to dispatch
 - Take information and dispatch appropriate fire or ambulance service
 - Emergency Medical Dispatch trainee
-

Work Experience:

Van Duyn Center for Rehabilitation and Nursing

Leisure Time Activity Leader

November 1998 to 2002, February 2009 to Present

- Compile interests and health needs of residents to compose care plans geared specifically toward the resident's diverse cultural backgrounds and cognitive needs.
- Assess residents upon admission to write detailed care plans that encompass their interests and capabilities to ensure each resident is fulfilled in their leisure time pursuits.
- Maintain documentation on individual residents including attendance statistics, MDS, and personalized assessments.
- Operate as a member of the interdisciplinary team safeguarding the quality of life for each resident.

Van Duyn Home and Hospital

Volunteer Services Supervisor

June 2002 to February 2008

- Responsible for the recruitment, training, supervision and record keeping for over 200 volunteers.
 - Participate in Community Outreach programs representing the facility service learning programs.
 - Accountable for managing capital and purchasing merchandise for the facility's gift shop.
-

Education:

Onondaga Community College, AAS Recreation Leadership-Concentration-Therapeutic Recreation
Associates Degree, June 1991

SUNY Cortland

32 credit hours- Concentration Therapeutic Recreation

Professional Experience

Upstate Medical University Hospital *Emergency Management Coordinator January 2012-present*

- Responsible for coordinating and directing all emergency management programs for the SUNY Upstate Medical University College Campus, the Level 1 Trauma Center known as Upstate Hospital and the Upstate Community Hospital Campus. Also responsible for the disaster preparedness efforts for all NYSDOH article 28 off site patient clinics to ensure seamless integration with the main hospital complex as well as local first responders if needed.
- Chair of the Hospital Emergency Management Committee which includes representation from essential stakeholders and departments from the SUNY Upstate Campus as well as Upstate Hospital and Upstate Community Campus.
- Act as the primary external agency liaison between the hospital incident command system and various local city, county and state organizations during actual events and planning initiatives as they relate to disaster preparedness. Actively participated in Onondaga County Disaster Preparedness Committee which is a multi disciplinary group that meets for information sharing and identification of shared risks county wide.
- Charged with ensuring SUNY Upstate's compliance with Det Norske Veritas & Germanischer Lloyd (DNV-GL) life safety codes, Clear reporting as well as National Fire Protection Association (NFPA) 1600 standards on disaster/emergency management and business continuity programs. Actively participated in yearly DNV-GL audits with stellar results as no deficiencies have occurred since assuming the position. (<https://www.dnvgl.com/services/international-healthcare-accreditation-7516>)
- Responsible for yearly budget development for multiple employees in the department as well as tracking capital expenditures, opportunities for income as well as anticipating rare costs that could occur during large scale disasters or incidents.
- Charged with the coordination and successful completion of the U.S. Department of Health & Human Services (HHS) Assistant Secretary for Preparedness and Response (ASPR) Hospital Preparedness Program through a cooperative agreement with the New York State Department of Health (NYSDOH) Office of Health Emergency Preparedness (OHEP). In 2015 NYS OHEP was awarded a total of \$9,825,062 in which hospitals in Central New York could receive up to \$37,000 for completion of a deliverable based contract. Yearly grant contract development is required for the overall process as well as combining the existing needs of Upstate's preparedness program with the statutory requirements outlined by OHEP and HHS. Ensured the efficient use of all grant money awarded to maximize Upstate's capacity to respond and recover to a wide range of incidents. (<http://www.iroquois.org/cms/Userfiles/2014-15%20NYSDOH%20HPP%20Hospital%20Deliverables.pdf>)
- Performed as lead facilitator and primary drill designer for several large scale multi-organization exercises using Homeland Security Exercise and Evaluation Program (HSEEP) principles to maximize all disaster preparedness goals. Commonly worked with local government and first response agencies to enhance the realism of such drills while increasing communications pathways across different organizations that may interact during a real event. Specific events such as evacuation, patient surge, patient abduction, and radiological events, pandemic were developed as well as many others.
- Initiated Upstate's continuity of operations planning (COOP) efforts. Assembled a multi disciplinary team charged with the identification of essential business functions, creation of alternate care sites as well as development of large impact recovery strategies that would enable a geographically large organization such as Upstate to continue to provide medical care to the regional community.
- Improved the delivery and planning for all required training for Hazmat awareness and first receiver, Fundamental Incident Command training for administrators and required accreditation full scale exercises across all SUNY Upstate departments. Formalized and improved reporting for all "after action"

improvement items that resulted from drills and exercises to assist in identifying long term trends and deficiencies.

- Tasked with maintaining existing Comprehensive Emergency Management Plan which included over 250 policies and procedures. Worked with stakeholders to increase awareness at the departmental level of those critical procedures while restructuring the formatting in order to increase the end user's ease of use during a stressful event or incident.
- Charged maintaining departmental website on the SUNY Upstate intranet for the purpose of staff communication regarding all aspects of emergency preparedness. Created a seasonal calendar of events that highlighted different steps that staff members could take to improve their own preparedness at home in addition to specific content on recent improvements, plans or news items that would drive incident command activation.
- Designated a NYS health Commerce System (HCS) coordinator tasked with all reporting as it relates to emergency preparedness as well as new user registration for entire organization.
- Created several memorandums of understanding (MOU) with many internal departments as well as external partners to increase the hospitals ability to be more resilient during large scale, long term disasters.
- Initiated, designed and implemented many new training classes specific to SUNY Upstate's disaster preparedness. By focusing on highly complex incident command positions with unique job specific training, both drill participation and ICS knowledge retention increased drastically. Positions such as Medical Director, Nursing Unit Leader (Decontamination & triage). Completely redesigned Upstate's first receiver training program to exceed OSHA standards as well as increase retention.
- Created and sustained a monthly training program for senior level administrators to participate in a tabletop exercise in which resources, communications and fundamental incident command principals were reviewed.
- Upstate Committee Participation: Infection Control, Environment of Care (Safety), Regional trauma Advisory Committee in addition to chairing a multi disciplinary Emergency Management Committee.
- Charged with developing a yearly hazard vulnerability analysis (HVA) for all of SUNY Upstate using the *Kaiser Permanente* template. Expanded the scope of this planning document by sharing data with Onondaga County officials to create a more accurate model of threats to the hospital.
- Refined a database for tracking Campus wide Emergency Management improvement items taken directly from After Action Reports for both drills and real events. Improved completion rates to over 85% for a multitude of changes and improvements regarding preparedness. Reports to senior leadership on all after action reports and current status of all improvement items identified.
- An instrumental part of the leadership team tasked with developing all Ebola preparedness efforts for the entire organization. Designated by NYSDOH as one of ten treatment facilities for the entire state which required the creation of a cross functional team to meet the strict regulatory requirements. Coordinated internal department's efforts with local public health, NYSDOH as well as the CDC on a large number of topics. Assisted in the creation of a dedicated patient care area as well as a 250+ page guidance document that detailed everything from waste removal to specimen handling for Upstate staff. Part of the initial teams that choose the mission specific personal protective equipment and designed the site specific training to meet the needs of the clinical staff caring for these types of patients.
 - Honored with the 2015 SUNY Upstate President's Employee Recognition Award for both Downtown & Community Campus Non-Clinical Team of the Year for assisting in the leadership of the SUNY Upstate Ebola Steering Committee.
- Organized and delivered a multi agency tabletop exercise for the University Hill Corporation to explore communication and Incident Command process improvement opportunities among several large law enforcement entities, hospitals, universities and other businesses located in the City of Syracuse.
(<http://university-hill.com/about-us/>)
- Coordinated, edited and distributed mission critical response guidance to all clinical departments regarding the identification and care of a suspected Middle Eastern Respiratory Syndrome Corona virus (MERS-COV). Incorporated New York State Dept. of Health (NYSDOH), Centers for Disease Control (CDC)

and Upstate's Department of Infection Control guidance in to the document prior to distribution. Once distributed solicited feedback from front line clinical staff members to improve communications.

- Completed the National Oceanic and Atmospheric Administration (NOAA) certification for SUNY Upstate as a "storm ready university" which required the coordination of multi disciplinary training in weather spotting by members of University police (UPD), Student Affairs as well as nursing leadership. As only the 4th university in New York State to achieve such a designation Upstate completed a lengthy audit of its weather preparedness and communications capabilities by a team from NOAA, Onondaga County Dept. of Emergency management as well as representatives from NYS Dept of Homeland Security and Emergency Services (DHSES) (<http://www.stormready.noaa.gov/>)
- Formally recognized by National Oceanic and Atmospheric Administration (NOAA) as a Weather Ready Ambassador who is charged with improving the nation's readiness against extreme weather, water, and climate events. As a Weather-Ready Ambassador, Upstate's Department of Emergency management committed to work with NOAA to strengthen national resilience against extreme weather. (<http://www.nws.noaa.gov/com/weatherreadynation/ambassadors.html#.VcDbVbVGSBM>)
- Participated a Co- Chair in the development of an Emergency Volunteer Management template/planning guide for Iroquois Healthcare. The intent of the guide was to offer sound, tested preparedness concepts of operation to healthcare emergency managers to assist them in developing an organizationally specific plan during a large scale patient surge. (<http://www.iroquois.org/Default.aspx>)
- Identified the need to development an implantation of specific incident command, disaster and evacuation training for several departments at SUNY Upstate who would be at a higher risk or level of complexity given the department's main function. Locations such as hyperbaric, bariatric services, labor and Delivery, Long term transitional care unit as well as a secured prisoner unit for the NYS Department of Corrections participated in specific tabletops for clinical and support staff leadership in which departmental responses to common types of incidents were explored in addition to reviewing incident command integration and communications redundancies.
- Created specific Departmental Disaster Plans that are unique to each of SUNY Upstate's 300 plus departments enabling them to communicate with Incident Command faster, develop an inter-departmental training tool for new employees and structure their own preparedness with a formalized document that can assist in future continuity of operations planning.
- Combined the existing comprehensive emergency management plans (CEMP) from the Upstate Community Campus, formally known as Community General Hospital before merging, to SUNY Upstate's to create one set of seamless documents to avoid duplication of resources as well as to remove any communication errors across geographically separate locations.
- Responsible to the successful continuation of Upstate's participation in the CDC's Strategic National Stockpile CHEMPACK program. Coordination of pharmacy, state representatives as well as appropriate security for the replenishment of supplies deemed essential to treat and provide care during a terrorist chemical attack. As the only central location in the region for these deployable containers of anti-nerve agents for both first responders and other hospitals quarterly inventory checks and participation in local drills are essential to improve the regions preparedness. (<http://chemm.nlm.nih.gov/index.html>)
- Member of New York State Hospital Emergency Preparedness Coalition (HEPC) Steering Committee created by The NYS Office of Hospital Emergency Preparedness Central Region. Charged with reviewing long term programmatic deliverables as well as identifying opportunities for regional preparedness improvements and collaborative ideas.
- Selected to sit on the Onondaga County Fire Advisory Board as committee member. The Fire Advisory Board reports to the Onondaga County Director of Emergency Management on various special projects related to improving the county fire service response capabilities, training and retention efforts.
- Improved internal disaster communications capabilities by instituting third party emergency notification application software called Ever Bridge. Negotiated the contract in addition to monitored staff education for retention and solicited feedback for improvements in implementation and use at SUNY Upstate.

Adjunct Faculty 2005- 2017

The program is designed for both traditional and non-traditional students to have the ability to work with a variety of emergency management issues. Emphasis is placed on how emergency management is applied to all hazards for all government levels. Courses taught in the past several years include:

- **Emergency Management Leadership**
 - Students are taught to identify problems and determine the appropriate type of decision-making style
 - Students are taught to apply creative solutions to both emergency and non-emergency situations
 - Skills are applied to the important issue of managing and developing volunteer resource in addition to emergency situations.
- **Capstone Course: Practical Applications of the ICS system**
 - Students demonstrate an understanding of Emergency Operation plans and to apply the National Incident Management System principles and practices to a large, complex tabletop exercise over the entire semester
- **Disaster Response and Recovery**
 - Students review the basic concepts and operations applicable in a disaster situation and enhance understanding of what the proper roles and responsibilities of various local and state emergency management agencies
 - Students discuss the use of the National Response Plan, Emergency Management's place in national preparedness, and current trends in disaster mitigation efforts.

North Area Volunteer Ambulance Corps, Inc. Director of Training August 2004- January 2012

- Responsible for all training activities provided at NAVAC including emergency driver training, crew chief training, and paramedic student precepting
- Strengthened existing American Heart Association CPR and First Aid program to become one of the largest in Central New York averaging 800 students per year.
- Personally trained an average of 150 people per year in CPR and First Aid since 2007
- Lead an integrated team of members in auditing student paperwork for advanced certification within NAVAC.
- NAVAC Representative for the Onondaga County Disaster Preparedness meetings
- Increased NAVAC's scope of influence in the community beyond EMS
- Conceptualized and developed an internal professional education program
- Developed scenario and skill based training opportunities that established partnerships with other local EMS agencies' to create uniformity in training standards.
- Lead the Fabius-Pompey School District Crisis Response Team in a tabletop exercise to help identify weaknesses in their emergency response plan. Held a post-training debriefing to increase the responsiveness of the school's emergency plan.
- Team member in the development of the FAA's required tri-annual disaster drill at Syracuse Hancock Airport lead by officers of the Syracuse Fire Department in order to create realism in disaster scenario training

US Dept. of Health and Human Services Disaster Medical Assistance Team (DMAT) Paramedic 2011-2013

- DMAT teams are designed to be a rapid-response element to supplement local medical care until other Federal. DMAT teams deploy to disaster sites with sufficient supplies and equipment to sustain themselves for a period of 72 hours while providing medical care at a fixed or temporary medical care site.
- In mass casualty incidents, their responsibilities may include triaging patients, providing high-quality medical care despite the adverse and austere environment often found at a disaster site, patient reception at staging facilities and preparing patients for evacuation

CAREER SYNOPSIS and SELECTED ACCOMPLISHMENTS:

Medical Answering Services

Customer Service Representative

December 2013

July 2014

Responsible for arranging transportation for Medicaid eligible persons for medical or medically related appointments
Ensure that NYSDOH guidelines are adhered and ensure professional and confidential protocols are followed.
Additionally stay focused to task to answer calls in a timely manner so that corporation does not fall out of compliance with regulations which could result in fines levied against corporation

Syracuse Model Neighborhood Facility, Inc, Syracuse, NY

2009- 2012

Director, FACES (Fighting AIDS/HIV through Case Management Education Support)

Supervised Staff to meet NYSDOH expectations for HIV Prevention and Education

Responsible for writing CFA's and Grant Applications

Provided oversight of program budget to ensure expenditures within guidelines

Developed Community Level Interventions to showcase our program and educate target population

Developed national relationships that promoted FACES Program

Partnered with other agencies, faith communities and CBO's to promote HIV Education

Victory Temple Fellowship Church, "A Missionary Baptist Church", Syracuse NY

2001 – Present

Senior Pastor/Teacher

- Founding pastor of inner city, community-based outreach and social action ministry with major emphasis on spiritual, personal and life development.
- Responsible for Pastoral oversight and planning of church related functions.
- Developed relationship with the Boys and Girls Club Central Village to facilitate reading enhancement program for Central Village residents.
- Strong advocate for HIV/AIDS education and outreach.
- Develop workshop and training materials for Victory Temple and other local churches upon request.
- Facilitated workshops/seminars for churches, community-based organizations and corporate organizations. Topics of discussion included: "*Church and Community Relations*", "*Excellence in Ministry*", "*Social Action and Faith Based Organizations*", "*HIV/AIDS*" and "*The Church – Our Duty, Our Response*".
- Provide counseling to person(s) and/or family upon request.

Syracuse Community Health Center, Incorporated, Syracuse NY

2005 – 2009

Director of Place of Choice, AmeriCorps/Health Corps Program and Volunteer Services

- Supervised volunteers for the entire system of care.
- Supervised AmeriCorps/HealthCorp Program participants and successfully brought the program from a probationary status to exceeding the standards of operation.
- Overseer of multiple budgets; which included AmeriCorps/HealthCorp Program, Syracuse Community Health Center's annual Christmas Holiday festivities, Company Picnic and "An Evening of Jazz," (I'd indicate that this is a major fundraiser)
- Submit monthly status reports.
- Design Power Point presentations and training materials for AmeriCorps/HealthCorps.
- Developed brochures and flyers for the Volunteer Program.
- Provided assistance to Health Center Clients.

Second Olivet Missionary Baptist Church, Syracuse NY

1991 – 2001

Senior Pastor

- Responsible for Pastoral oversight and planning of church related functions.

- Developed and operated Olivet Community Development 501(c)3.
- Organized the Community Health Care Worker Program.
- Directed the Summer Youth Employment Program with CNY Works.
- Brought congregation forward in its involvement with community concerns and issues; which included, but was not limited to HIV/AIDS, FACES, "The Living Room" and AIDS community resources/agencies. Developed after-school program that was supported and funded by Xerox.

SPECIAL SKILLS:

- Grant management/oversight.
- Writing Operational Procedures and Policies Manuals.
- HIV/AIDS Educator/Presenter.
- Workshop/Seminar Facilitator
- Advocacy and Case Management
- Fundraising
- Community Mobilization

EDUCATION:

Tuskegee Institute University – English Education/Language Arts; Bachelors of Art Degree
 Syracuse University School of Education – Post Baccalaureate Studies: Curriculum Development/Program Design
 Doctor of Divinity, St. Thomas Christian College

Curriculum Vitae ()

Education

State University of New York at Binghamton
B.A.

University of Connecticut School of Law
J.D.

Professor Meléndez's teaching and scholarly interests are in the area of domestic violence and the delivery of legal services to women and children. Professor Meléndez joined the College of Law in 2002, as an adjunct to teach a course on domestic violence. She now directs the Children's Rights and Family Law Clinic.

Professor Meléndez earned a bachelor's degree from the State University of New York at Binghamton. She earned a juris doctor from the University of Connecticut School of Law. Prior to coming to Syracuse, Professor Meléndez supervised the statewide Domestic Violence Representation Project at Legal Services of New Jersey and served as a staff attorney at Essex Newark Legal Services in the area of family law. She also has worked at the Legal Aid Society in New York City

representing clients in the areas of housing and public entitlements.

In addition to her litigation experience, Professor Meléndez has engaged in policy work on issues affecting her clientele at various levels including state and county domestic violence working groups, local and state bar associations and judicial committees.

PROFESSIONAL SKILLS SUMMARY

Nursing Skills:

- Nursing style blends professionalism, capability and compassion to truly integrate patients' medical and emotional care within hospital, facility or private duty environment.
- Observe physical changes such as lung sounds, vital signs, changes in pain status and skin integrity and reporting these observations.
- Administer medication under the direction and authority of a professional medical staff person.
- Run the shift ensuring staffing requirements are met.
- Educate staff on proper care of the elderly including early stage Alzheimer's and Dementia.
- Administering B-12, insulin, and flu shots, TB tests also Urinalysis dip tests.
- Performed Pacer checks.
- Enriched living clinical case management/documentation and support RN.
- Making sure AH and ALP care management documentation is completed in the absence of the RN.

Inpatient Care:

- Administering of Oxygen, perform CPR, Isolation precautions, Family Intervention/Teaching.
- Total Knee/Hip Replacement; ROM, Dressings: ACE wraps, splints, Catheter care (Foley).
- Respiratory care: Cough and deep breathing exercises, nebulizer treatments, Incentive Spirometer.
- Diabetic counseling, administering of Insulin and finger sticks, wound care, CIWA protocol.
- Chest tubes, IV lines, IV fluids, UA/C&S, vents, tracheotomy care.
- Peg tubes, J-Tubes, NG tubes and flushes; Drains: Hemovac, Jackson Pratt.

Administrative & Supervisory Skills:

- Interview prospective staff. Counseling, disciplining and education of staff in accordance with Union guidelines.
- Skilled in all office procedures including filing, organizing, copying, typing and other clerical duties.
- Worked as general liaison between professional staff and administrative services.
- Engaged clients in one on one education sessions.
- Followed clients to ensure their needs are met until they are successfully linked to treatment providers.
- Performed client intakes as needed & assisted community members with gaining access to health and community services (e.g., medical care, substance abuse treatment, and mental health screening through the facilitation of referrals).
- Ability to conduct HIV pre and post test counseling.
- Able to develop a risk reduction plan.
- Have a strong knowledge of the various programs ACR Health offers.
- Mastered accurate documentation.
- Experienced in the supervision of staff numbering anywhere from 6 to 75.
- Prepared residents for transfer to and from ER and Hospital stays.
- Liaison for Intake and Assessments between ACR Health and all local hospitals
- Experienced in conflict resolution.
- Able to conduct educational sessions for diverse groups on a variety of topics
- Fluent in Spanish.

LEONARDO L. SANCHEZ
515 Yale Avenue
Syracuse, New York 13219
Phone: (315) 876-5827 Email: LeoSanchez@aol.com

Computer Skills:

- Trained and educated on use of CPT and ICD-9 coding.
- Knowledgeable in GroupWise CAIS/MEDIC hospital software.
- Knowledge of ePace, AIRs, NetSmart and RHIO& GSI
- Microsoft Office: Word, Excel, Outlook & PowerPoint.

200 Wyoming Street
Syracuse, New York 13204

Mary Alice is the Coordinator for the PEACE, Inc. Westside Family Resource Center. Mary Alice was born in Maryland and has been a Syracuse resident for 41 years. She has been employed by Peoples Equal Action Community Efforts, the largest Community Action Program in Onondaga County for 10 years, her duties include coordinating programming and services to low income residents, working with them to make a plan to help them become self-sufficient, prior to that she served as Community Liaison for United States Department of Justice Weed and Seed Program and Parent Liaison for the Syracuse City School District. She is very active and well known in the community.

She is a graduate of Leadership Greater Syracuse, recognized by Sterling Registry 2011-2014 for *"Outstanding Professional Achievements and Contributions to the Community"*, and Biltmore Who's Who *"Executive of the Year"* 2011-2014, Winner of the *"Risk Taker, Dream Maker Award"* twice by the Near Westside Initiative, Onondaga County *"Professional Youth Worker of the Year"*, 2013 *"Lifetime Achievement Award by PEACE, Inc."*. TNT Facilitator, Mayoral appointee twice to the *"Syracuse Commission for Women"*, by both Mayor Matt Driscoll and Mayor Miner; currently serves on the board of directors for Home Headquarters, Inc., Executive Committee and Board member for the Near Westside Initiative, team member of the Gifford Foundations Nourishing Tomorrows Leaders as well as a host of many other community committees and groups to better her community.

Her passion is helping others and working with youth, empowering them to succeed and giving them experiences and opportunities to broaden their horizons beyond the city limits, getting them prepared to be future leaders. She not only want youth to read about history in books but has taken groups to our nation's capital to experience is first hand. She teaches them social skills for success, does a lot of advocating for and supporting youth both in and out of school, assist them in preparing for college and making a bright future for themselves. She believes in teaching people how to fish to build strong communities.

She may be contacted at msmothers@peace-caa.org.

LEGISLATURE CHAMBERS

ONONDAGA COUNTY, N.Y.

Presented By: Legislator Brian May

The above named member of the County Legislature of Onondaga County, New York, on the 5th day of December 2017, wishes to:

RECOGNIZE AND HONOR THE BALDWINSVILLE GIRLS SOCCER TEAM UPON WINNING THE STATE CHAMPIONSHIP

WHEREAS, the Baldwinsville Girls Soccer team finished their stellar season with a final overall record of 19-2 and 7-1 in their division; and

WHEREAS, the Baldwinsville Girls Soccer team shut out the Liverpool Warriors to earn the right to represent Section III in the Class AA State Championships; and

WHEREAS, the Baldwinsville Girls Soccer team defeated Section II Champs, Shenendehowa, for a spot in the Class AA Final Four; and

WHEREAS, the Baldwinsville Girls Soccer team advanced to the State Final by defeating Section IX champion, Monroe-Woodbury by a score of 3-2; and

WHEREAS, the Baldwinsville Girls Soccer team captured its second State Championship by shutting out seven-time champion, Section VIII's Massapequa High School, with a final score of 2-0; and

WHEREAS, the 2017-2018 Baldwinsville Girls Soccer team has sealed their place in Baldwinsville School District history with its first Class AA State Championship and an impressive overall record; now, therefore be it

RESOLVED, that Legislator May, and all members of the Onondaga County Legislature, do hereby recognize and honor the Baldwinsville Girls Soccer team upon winning the State Championship.

I hereby certify that the foregoing was duly noted by the
County Legislature of Onondaga County, New York.
Witness my hand and seal of said Legislature.

Clerk, County Legislature
Onondaga County, N.Y.

December 5, 2017

To: Chairman Michael E. Plochocki, Environmental Protection Committee

Members of the Onondaga County Legislature

CC: Joanne M. Mahoney, Onondaga County Executive

Travis Glazier, Onondaga County Environmental Director

From: Michelle Stantial, Member, Onondaga Audubon; Ph.D. Candidate, SUNY-ESF

To the members of the Onondaga County Legislature:

We have been working with Travis Glazier to draft an outline for a Bald Eagle Impact and Mitigation Plan, and we feel that there is potential for the plan to minimize impacts to the birds. However, in our last exchange, Travis indicated that, "The pathway of the trail has not been defined and we would like to allow the process to dictate the best path based on evidence which is presented in this plan as well as the remedial aspects of the site. We think that the facts should drive the proposed trail route and the degree to which design components are included and we hope that you agree."

I do agree that there are some very important facts that should guide this process. There are 3 facts in particular that I'd like to bring to your attention:

1. It is a fact that the Bald and Golden Eagle Protection Act provides criminal penalties for persons who "take ... at any time or any manner, any bald eagle ... alive or dead, or any part, nest, or egg thereof." The Act defines "take" as "pursue, shoot, shoot at, poison, wound, kill, capture, trap, collect, molest or [most importantly in these circumstance] **disturb**."
2. It is a fact that both the USFWS and DEC have recommended to the county a **full closure** of the trail during the wintering season, if it is constructed on Murphy's Island. I spoke with both entities regarding this matter last week. If the trail is not closed by the county, the recommended buffer zone is no closer than 330' from communal roosts with visual buffer or 660' feet without visual buffer. Murphy's Island is not 660' even at the widest point. **The best the county could do would be to keep the trail mall side along the edge of the property – this would be the farthest point from the roosting habitat and it would not be placed within the flightpath of the eagles.**
3. It is a fact that the wintering period of bald eagles is between Dec 01 - March 31. Today is December 5th. There is no snow, or ice on the lake, and in fact it's been rather warm for the last few days. More importantly, there was a bald eagle spotted at Onondaga Lake. During my bald eagle survey on Sunday, there were several folks out and about at the end of the creekwalk, many interested in talking about the eagles. I spoke to an observer who noted that he saw the eagle perched on a tree on Murphy's Island just the day before. They are using the lake **right now** during the wintering period, despite the lack of snow and ice. If the county followed the USFWS and DEC's recommendations, the trail would be closed on these beautiful, sunny winter days.

Wildlife cannot speak their ecological needs to humans. They cannot tell us what trees they prefer and why. They cannot tell us when they will arrive and when they will leave. The **one and only thing** that we can rely on to describe the ecology of wildlife is science. We use science to tell us why animals select particular locations over others. As a scientist, I have completed a thorough literature review regarding the wintering ecology of bald eagles. The best available science shows that human activity can have significant influences on feeding behavior of bald eagles, feeding activity declines exponentially with increased recreational activity, it can take eagles nearly 4 hours to resume feeding after disturbance by foot traffic, and **foot traffic is the most disturbing to eagles when compared to all other sources of disturbance.**

These are facts, not opinions. These birds are a symbol of the successes of the Endangered Species Act. They also signal that the clean-up efforts of Onondaga Lake may, in fact, be working. At a time when our federal government is shrinking National Monuments and leasing National Wildlife Refuges for oil drilling, Onondaga County has an opportunity and responsibility to do better for its wildlife.

Thank you for your time and consideration,

A handwritten signature in black ink, appearing to read 'Michelle Stantial', with a stylized, cursive script.

ONONDAGA Audubon

December 5, 2017

To: Chairman Michael E. Plochocki, Environmental Protection Committee
Members of the Onondaga County Legislature

CC: Joanne M. Mahoney, Onondaga County Executive
Travis Glazier, Onondaga County Environmental Director

From: Alison Koczek, President, Onondaga Audubon; Ph.D. Candidate, SUNY-ESF

Dear Members of the Onondaga County Legislature,

I am writing to you on behalf of the Board of Directors and members of Onondaga Audubon regarding Onondaga County's plans to extend the Onondaga Lake Creekwalk Trail onto Murphy's Island. I would like to extend my thanks to the Legislature for 1. Postponing a vote on this topic to become better informed on the issues 2. For being willing to work with Onondaga Audubon on this topic moving forward. We have greatly appreciated having the opportunity to have open discourse with the Legislature on this topic as well as being provided the opportunity to comment on Travis Glazier's Bald Eagle Monitoring and Mitigation Plan Outline. However, we do remain concerned that the County wishes to push forward with approving a trail on Murphy's Island with no clear definition as to where the trail will be placed and with many open questions as to how this may impact the wintering Bald Eagles that depend upon this site.

While we would prefer no trail be placed on Murphy's Island proper, we concede that placing the trail solely along the mall side of the "island" along the CSX Rail line with no loop extending into the interior or along the shoreline of the property would be acceptable and we would greatly support efforts by the County to make these stipulations prior to approving this bill. Our membership agrees with us and as of 9am this morning, we have received 493 signatures to a petition we created which asks each of you not to fund the Murphy's Island Trail plan unless a trail route is defined that does not loop into the core eagle habitat along the shoreline.

Michelle has already spoken to you about many of the facts involved in this issue and Onondaga Audubon is in full agreement with the words that Michelle has spoken to you today. The American Bald Eagle is our national symbol which is highly respected by the citizens of Onondaga County as well as a symbol of hope and restoration success for Onondaga Lake itself which only recently was too polluted to support a

magnificent top predator species such as the American Bald Eagle. We hope that you will vote for a plan that gives assurances that these birds will be protected.

I will leave you with the comments of five concerned citizens that signed our petition:

Mary Ann Clark, "A walking path is great, having the National bird hang out in the winter is even greater! Please do not allow the path to interfere with these majestic birds!"

Lynda Mason, "We are so fortunate to have bald eagles wintering on Onondaga Lake. They are another reason to LOVE Syracuse and its surrounding natural environment. Please help to keep them here!"

Pamela Rogers, "Let's figure out how to create this trail while ensuring the eagle habitat remains undisturbed. They are too precious and few and need every chance to thrive!!!"

David Muir. "Watching the wonderful displays by the many Bald Eagles which have been roosting at Onondaga Lake has been an absolute delight over the past several years. We should be doing everything possible to preserve their roosting habitat. This is what the lake restoration is about. Let's not ruin it."

Jessica Nielson, "Further research and evidence must be presented to prove the entire process of developing this land will in no way disturb wildlife species that depend on this habitat for survival."

Thank you for your time and consideration,

A handwritten signature in black ink that reads "Alison Kocek". The signature is written in a cursive, flowing style with a large, stylized 'A' and 'K'.

Alison Kocek

Protect the Onondaga Lake Bald Eagles

About this petition

Last month we learned that Onondaga County has identified a plan to extend the Creekwalk Trail along the shoreline of Murphy's Island. While Onondaga Audubon supports recreation around Onondaga Lake, including the completion of the Loop-the-Lake Trail, the current placement proposed by the County endangers the Bald Eagles that have been roosting in this area every winter since at least 2008 in numbers as great as 39 individuals!

On December 5th, the Onondaga County Legislature will reconvene to vote to provide funding to this trail plan. Please sign this petition asking them not to place the trail along the shoreline of Murphy's Island. Keeping the trail solely along the mall side of Murphy's Island should provide recreationists with a trail to use while keeping the area safe for use by wintering Bald Eagles that depend on the tall trees and ice-free zones provided by the nearby wastewater treatment plant to sustain themselves during the harsh winter months.

Please sign below if you agree that Onondaga County Legislators should not fund the Murphy's Island Trail plan unless the trail route is changed to keep the trail loop from extending along the shoreline or interior of the island which will likely cause great disturbance to wintering Bald Eagles.

All signatures must be submitted by December 3, 2017 to be delivered to the Onondaga County Legislature on December 4th.

Thank you for your support,

Alison Kocek
President
Onondaga Audubon

16. Name: Diane Emord on 2017-11-27 22:05:11
Comments: The Bald Eagles will not tolerate human presence. There is absolutely no need to locate the Loop-the-Lake Trail on Murphy's Island. The presence of these eagles should be celebrated - build an observation tower at a respectable distance away, appreciate and promote their presence. There is a lot of community interest in the eagles -do not disturb them; not plowing the trail will not keep people off of it - the trail DOES NOT belong anywhere near roosting eagles.

	Comments: Please do not to place the trail along the shoreline of Murphy's Island. Keep the trail solely along the mall side of Murphy's Island which should provide recreationists with a trail to use while keeping the area safe for use by wintering Bald Eagles that depend on the tall trees and ice-free zones provided by the nearby wastewater treatment plant to sustain themselves during the harsh winter months.

Comments: Bald Eagles were nearly lost by the 60's from NYS and the Nation. Restoration is occurring, but it wasn't until 2007 when they were removed from the Federal Endangered Species List.. and Eagles remain listed as Threatened in NYS AND monitored until 2027. We should take the extra precautions needed to fully see species make a recovery. Given the history and contemporary climate, we really need these things in place and support. So here is my support.

Comments: I am opposed to the extension of the creekwalk to the shore of Murphys Island. It is possible to allow for recreation for the people of syracuse while at the same time, leaving important wildlife habitat like this site, undisturbed. It is nothing short of a miracle that we are able to have these beautiful birds living here alongside us. Make the right decision and ensure that they are here for many generations to come,

320. Name: Carolyn Stafford on 2017-11-30 15:07:02
Comments: Murphy's Island is really a (highly polluted) peninsula - the eagles roost in the tall trees at the tip of the peninsula. The number of eagles depends on ice cover on the lake - in years with lots of ice, there has been over 30 eagles. The Loop the Lake trail would go across the base of the peninsula, but the county wants to make a smaller loop within the peninsula, extending along the shoreline to the eagle roost. Their reasoning? To maximize the use of the Onondaga Lake shoreline within the city limits for the benefit of city residents. Absurd. The county must consider carefully the Bald and Golden Eagle Protection Act--by definition the eagles will be disturbed. The draft mitigation plan being developed is full of inaccuracies and impossibilities and can't be settled by Dec 5 as it would require years of research.

I stress that the Loop the Lake trail does not have to include this shoreline loop on Murphy's Island and that there are serious legal ramifications to disturbing these eagles.

Thank you

Comments:
-
331. Name: Nancy J Putnam on 2017-11-30 22:36:17
Comments: We here in the Syracuse area are fortunate that the eagle population has made a good comeback. By roosting in the trees along the shoreline of Murphy's Island, they have good access to open water during the winter months , as the water is kept warmer there due to the proximity of the water treatment plant. Without this undisturbed access, there is danger of starvation during the winter, since their primary diet is fish. If the trail is made as proposed—along the shoreline— this would cause great disruption

to the eagles. Please keep the path near the Mall end of the peninsula! It is not necessary to have the trail along the shoreline! And many of the trail miles are already very close to the water.

There are also serious legal considerations involved!

I urge you to protect the eagle habitat and keep the trail away from the shoreline!

Nancy J Putnam

Comments: The well-being of the Bald Eagles that roost on Murphy's Island in the winter should be more important than placing a trail along the shore or where it might disturb them. There is plenty of lakeside trail already. How many municipalities can boast of a having a Bald Eagle population within the city limits? Onondaga County planners have the opportunity to do the right thing and avoid disturbing the eagles that need access to open water during the winter. They have no other alternative when the rest of the lake is frozen.

Comments: The completion of the Loop-the-Lake trail around Onondaga Lake is a fantastic undertaking that will be a wonderful benefit to the people of CNY and our visitors. However, if placing the trail along the shoreline of Murphy's Island is detrimental to the Eagle population, than please look for an alternative. It has been suggested that the trail can be constructed closer to the mall side of Murphy's Island. If this is a reasonable solution, please give it some consideration. Thank you!

MEMORANDUM IN SUPPORT Onondaga County Proposed Local Law Raise the Age of Tobacco Purchases to 21

Due to the high frequency of smoking by teenagers and young adults, as well as smoking related deaths, the New York State Academy of Family Physicians (NYSAFP) strongly supports raising the age for legal purchase of tobacco products from 18 to 21 in New York State as provided by this proposed local law.

Exposure to tobacco while brain development is still occurring has long-term detrimental effects on cognitive functioning. An adolescent brain is far more susceptible to the addictive nature of nicotine, which has lifelong negative health effects, including heart disease, stroke, and lung cancer. The New England Journal of Medicine reports that 95% of adult smokers began before age 21. In fact, according to the U.S. Department of Health and Human Services, the median age at which a person in the U.S. becomes a daily smoker is 17. Nationally, there are almost 500,000 smoking related deaths with nearly 26,000 in New York State per year, making youth prevention of smoking a key public health priority.

It is proven that raising the age reduces smoking rates among high school students. In 2005, Needham Massachusetts was the first town in the United States to raise the age to 21. From 2005 to 2010, the high school smoking rate in that community dropped from 12.9% to 6.7% with recorded decreases reported in neighboring communities as well. Currently, 90% of those who make tobacco available to minors are under the age of 21. Raising the age to 21 drastically decreases the opportunity for 18 year old high schoolers to supply younger students with tobacco products. 21 year olds are far less likely to interact with high schoolers, which eliminates many young peoples' initiation to cigarettes.

When the drinking age was raised from 18 to 21 in the 1980s there were national decreases in overall consumption of alcohol, drunk driving, and motor vehicle accidents among young people. Raising the legal age for alcohol use has proven to be an effective method of decreasing consumption of a harmful substance for young adults, serving as further evidence that a similar law for tobacco products would be just as successful.

There is already momentum for raising the age to 21. So far in New York State, at least seven counties as well as New York City have raised the age to purchase tobacco products. This bill would standardize the law, which could effectively reduce the number of adolescents who become addicted to smoking at a young age, which translates to decreases in smoking related deaths, disease, and health care costs.

The New York State Academy of Family Physicians (NYSAFP) represents over 6,000 physicians, residents and students in family medicine across New York State who collectively provide millions of patient visits each year. The NYSAFP firmly believes that raising the age for tobacco purchases to 21 would drastically reduce the number of smoking related diseases and deaths, curb the frequency of adolescent smoking, and improve overall health for New Yorkers.

We support this proposed local law, to raise the legal age of tobacco purchase from 18 to 21 in New York State.

Laura Hamilton

I was trained in a military hospital that cared for active duty, retired and veteran service members of all branches. Chronic disease states such as COPD and Cardiovascular disease were commonly treated as were malignancies, directly related to tobacco use. The impact of these health issues on the quality of life for these patients and their families was profound. Suffering as they did after serving their country in such a selfless manner seemed so sad, I wished we, as health providers, had been able to somehow encourage them to adopt a healthier lifestyle. One of my patients remarked after having a discussion about likely losing his leg below the knee due to peripheral vascular disease, "I made it through a war with all my limbs! I can't believe I am going to lose my leg now!"

One thing that every patient I have treated said to me regarding their tobacco use was: If I had known then what I know now I would have never started smoking! As stated in the NYSAFP support memorandum, increasing the age of access to 21 decreases the likelihood of underage teens exposure to tobacco products. The choices we make as young people are likely different than more mature informed choices made later in our lives and I would like to give our young people, both civilian and those serving our country a little more time to perhaps make a more mature choice about tobacco use.

I have never served in a combat situation but know many who have and I have heard their stories. It is a minute to minute existence and long term consequences of healthy choices seem very far away. Many never believe they will survive their deployment so concern for their future health seems insignificant compared to the immediate life and death situation or the anticipation of combat and witnessing the constant loss of life and comrades. They are young, fit and have to feel somehow indestructible, impervious to the effects of their surroundings.

I support the bill and no military exemption because of the importance of keeping our military, serving under the most difficult of circumstances healthy, giving service members tools to deal with the stress of combat and military service that do not negatively impact their health and have serious consequences for the rest of their lives.

Leslie J. Kohman, MD

500 Kimber Rd.

Syracuse, NY 13224

lesliekohman@gmail.com

My name is Leslie Kohman and I have lived in Onondaga County for 34 years. I have been a lung cancer surgeon for all that time, and have been working with the American Cancer Society for 20 years. In both of these positions, one of my main focus areas has been cancer prevention, and tobacco control dominates the cancer prevention agenda. I have witnessed first-hand the devastation to patients and their families caused by these diseases. As a scientist I look at evidence and evidence shows that tobacco use of any kind is the major cause of disease and disability worldwide. Evidence also shows that every incremental increase in legislation protecting youth from access to tobacco reduces the number of adult smokers.

It is very hard to quit smoking; it is much easier never to start. If we can protect even one young person from the pain, shortness of breath and limited lifespan caused by tobacco and the huge challenge of trying to quit, why would we not do it? T21 legislation will reduce the number of young people who become addicted to nicotine. It makes sense from the evidence to pass this legislation, and it makes sense from an ethical and societal point of view to do all we can to reduce youth access to tobacco products. T21 is a vital step that Onondaga County can take to protect our future productive citizens from the scourge of tobacco related disease, disability and death. I urge you to support this simple, straightforward and life-saving legislation.

*Lindsay Speer

Onondaga County Legislature
401 Montgomery Street
Room 407 Court House
Syracuse, New York 13202

Dear Honorable Legislators,

I appreciate the time that many of you have put in to listening to constituent concerns about the wisdom of building a trail across Murphy's Island, and the efforts some have made to ensure that those concerns are incorporated in its planning. I remain of the belief that deciding to build a trail across Murphy's Island at this time is a mistake. It puts human recreational desires above all other considerations, including the health of Onondaga Lake and of the humans who may visit it via this property.

I appreciate the effort made to ensure the trail, if it must be built, is routed away from the shoreline to allow for the greatest ecological restoration possible at this site. However, at the heart of the matter, allowing public access to this site is cause for great concern.

The Summer 2017 issue of Upstate Health Magazine highlights new research into two chemicals found in the polluted sediments in and around Onondaga Lake: PTE and PXE. The chemicals have been found to be extremely toxic at very low levels, hundreds of times lower than toxic levels of DDT.

While the presence of these chemicals have been known for years and are documented in the remedial investigations for the Semet Tar Pits, Wastebeds 1-8, and Wastebed B / Harbor Brook, which includes Murphy's Island, only now is any research being done to document their toxicity. **This is important to understand: these chemicals are not incorporated in the Human Health Risk Assessment because, to date, there are no standards set for them.**

According to the Supplemental Remedial Investigation for Wastebed B / Harbor Brook, PXE was found at Murphy's Island (SYW12) in over 2/3 (59 out of 88) of the surface soil samples, with concentrations as great as 8 parts per million. PXE was found in nearly half (12 of 25) of the sub-surface samples, in concentrations as high as 44 ppm. PTE was found in surface samples in nearly half (12 of 25) of the samples, with concentrations as high as 5.3 ppm; and in 8 of the 25 sub-surface samples with concentrations as high as 22 ppm.

Further, it has come to my attention that the Human Health Risk Assessment does not take into account the risks from the cumulative exposure to multiple chemicals.

It does highlight cancer and non-cancer health risks to more than just children; construction workers in particular are at risk. I attach the highlighted relevant sections of the Wastebed B / Harbor Brook Human Health Risk Assessment for the record.

I share this information so that the County Legislature and the public are fully aware of the hazards on this site, which should be incorporated into any decision-making regarding public access.

Finally, I also share the concerns of many that the eagles will be impacted by constant human use of this trail. If the trail will be closed when necessary to protect the eagles, how then will people connect to the rest of the loop the lake trail? Already people are frustrated by the regular closure of the section of trail that goes through the Amphitheater.

In summary, I continue to believe the wiser course of action would be to avoid routing the Loop the Lake trail across Murphy's Island.

Sincerely

Lindsay Speer

6. Risk Characterization

Risk characterization is the final step of the risk assessment. It is defined as the combination of the exposure assessment and toxicity assessment to produce an estimate of risk and a characterization of uncertainties in the estimated risk. This section presents the results of the risk assessment for the Site.

6.1. Reasonable Maximum Exposure

Reasonable maximum exposure risks and hazards for Site receptors are presented in RAGS Part D Series Tables 7, 9, and 10. The RAGs Table 7 Series presents the derivation of risks and hazards for Site receptors by exposure medium. The RAGs Table 9 Series summarizes risks and hazards for a given Site receptor across all relevant media. The RAGs Table 10 Series summarizes risks and hazards for a given Site receptor across all relevant media for only those constituents that result in significant risks and/or hazards. The risk characterization discussion below focuses on overall risks and hazards to Site receptors across all relevant media, and identification of constituents that significantly contribute to those risks and hazards (RAGS Part D Table 9 Series).

6.1.1. Current/Future – Adult Trespasser; Older Child Trespasser (Cancer & Non-Cancer)

For the older child trespasser (RAGS Table 9.1 RME; Exposure Unit 1), the estimated total cancer risk is 1×10^{-3} , which exceeds the acceptable regulatory range of 1×10^{-4} to 1×10^{-6} . The primary contribution to the total cancer risk is from exposure to surface sediment (7×10^{-4}), with benzo(a)pyrene and benz(a)anthracene contributing significantly (4×10^{-4} and 2×10^{-4} , respectively). Total cancer risk from exposure to fish tissue (1×10^{-4}), surface soil (2×10^{-4}), and surface water (3×10^{-4}) also exceeds the acceptable regulatory range, with benzo(a)pyrene contributing significantly in the latter two cases (1×10^{-4} for surface soil and 2×10^{-4} for surface water, respectively).

For the older child trespasser, the estimated hazard index of 2×10^1 exceeds the acceptable regulatory threshold of 1. When segregated by primary target organ, total hazard indices for the nervous system, ocular, and other effects exceed 1. The primary contribution to the total hazard index is from exposure to fish tissue (2×10^1). 2,3,7,8-TCDD Equivalent, mercury (as methylmercury), and PCBs contribute significantly (hazard quotient > 1) to hazards from fish tissue.

Risks and hazards for the adult trespasser (RAGS Table 9.2 RME; Exposure Unit 1) are similar to those for the older child trespasser, with the adult trespasser having slightly higher total cancer risk (2×10^{-3}) and hazard index (3×10^1). Unlike the older child trespasser, the primary contribution to the total cancer risk is from exposure to fish tissue (8×10^{-4}), with 2,3,7,8-TCDD Equivalent and PCBs contributing significantly (5×10^{-4} and 3×10^{-4} , respectively). Total cancer risk from exposure to surface sediment (2×10^{-4}), and surface water (5×10^{-4}) also exceeds the acceptable regulatory range, with benzo(a)pyrene contributing significantly (9×10^{-5} and 4×10^{-4} , respectively).

For the adult trespasser, the estimated hazard index of 3×10^1 exceeds the acceptable regulatory threshold of 1. When segregated by primary target organ, total hazard indices for nervous system, ocular and other effects exceed 1. Exposure to fish tissue is the pathway contributing most significantly to the total hazard index, with the 2,3,7,8-TCDD Equivalent, mercury (as methylmercury), and PCBs contributing significantly (hazard quotient > 1).

6.1.2. Current/Future – Utility Worker (Cancer & Non-Cancer)

For the utility worker (RAGS Table 9.3 RME; Exposure Unit 1), the estimated total cancer risk is 4×10^{-4} , which exceeds the acceptable regulatory range of 1×10^{-4} to 1×10^{-6} . The primary contribution to the total cancer risk is from exposure to surface water (2×10^{-4}), with benzo(a)pyrene contributing significantly (1×10^{-4}). The estimated hazard index of 8×10^0 exceeds the acceptable regulatory threshold of 1. When segregated by primary target organ, total hazard indices for the nasal/respiratory system and other effects exceed 1. The primary contribution to the total hazard index is from exposure to subsurface sediment (7×10^0) and subsurface soil (outdoor air) (1×10^1). 2-Methylnaphthalene, dibenzofuran, and naphthalene contribute significantly (hazard quotient > 1) to hazards from subsurface sediment.

For the utility worker in SYW-12 (RAGS Table 9.3a RME; Exposure Unit 9), total cancer risk is 4×10^{-4} , which exceeds the acceptable regulatory range of 1×10^{-4} to 1×10^{-6} . The primary contribution to the total cancer risk is from exposure to shallow ground water (4×10^{-4}), with benzo(a)pyrene contributing significantly (3×10^{-4}). The SYW-12 hazard index of 2×10^{-1} is below the acceptable regulatory threshold of 1.

6.1.3. Current/Future – Surveillance Worker (Cancer & Non-Cancer)

For the surveillance worker (RAGS Table 9.5 RME; Exposure Unit 2), the estimated total cancer risk is 7×10^{-6} , which is within the acceptable regulatory range of 1×10^{-4} to 1×10^{-6} . The estimated hazard index of 1×10^{-1} is below the acceptable regulatory threshold of 1.

6.1.4. Current/Future – Drainage Ditch Worker (Cancer & Non-Cancer)

For the drainage ditch worker (RAGS Table 9.6 RME; Exposure Unit 3), the estimated total cancer risk (2×10^{-6}) and Site-wide hazard index (4×10^{-2}) are below acceptable regulatory limits.

6.1.5. Current/Future – Railroad Worker (Cancer & Non-Cancer)

For the railroad worker (RAGS Table 9.7 RME; Exposure Unit 4), the estimated total cancer risk is 9×10^{-6} , which is within the acceptable regulatory range of 1×10^{-4} to 1×10^{-6} . The estimated hazard index of 8×10^{-2} is below the acceptable regulatory threshold of 1.

For the railroad worker in SYW-12 (RAGS Table 9.7a RME; Exposure Unit 9), the estimated total cancer risk is 4×10^{-5} , which is within the acceptable regulatory range of 1×10^{-4} to 1×10^{-6} . The SYW-12 hazard index of 2×10^{-1} is below the acceptable regulatory threshold of 1.

6.1.6. Current/Future – Commercial/Industrial Worker (Cancer & Non-Cancer)

For the current/future commercial/industrial worker (RAGS Table 9.8 RME; Exposure Unit 5), the estimated cancer risk is 3×10^{-4} , which exceeds the acceptable regulatory range of 1×10^{-4} to 1×10^{-6} . The primary contribution to the total cancer risk is from exposure to surface soil (3×10^{-4}), with benzo(a)pyrene contributing significantly (2×10^{-4}). The estimated hazard index of 9×10^{-1} is below the acceptable regulatory threshold of 1.

6.1.7. Current/Future – Adult Recreator; Child Recreator (Cancer & Non-Cancer)

For the child recreator (RAGS Table 9.10 RME; Exposure Unit 6), the estimated total cancer risk is 9×10^{-3} , which exceeds the acceptable regulatory range of 1×10^{-4} to 1×10^{-6} . The primary contribution to the total cancer risk is from exposure to surface sediment (7×10^{-3}), with benzo(a)pyrene and benzo(b)fluoranthene contributing significantly (4×10^{-3} and 1×10^{-3} , respectively). Total cancer risk

from exposure to fish tissue (3×10^{-4}), surface soil (1×10^{-4}), and surface water (1×10^{-3}) also exceeds the acceptable regulatory range, with 2,3,7,8-TCDD Equivalent and PCBs contributing significantly to risk from fish tissue (1×10^{-4} and 1×10^{-4} , respectively), and benzo(a)pyrene contributing significantly to risk from surface water (1×10^{-4}).

For the child recreator, the estimated hazard index of 5×10^1 exceeds the acceptable regulatory threshold of 1. When segregated by primary target organ, total hazard indices for nervous system, ocular and other effects exceed 1. The primary contributions to the total hazard index are from exposure to fish tissue and surface sediment (4×10^1 and 4×10^0 , respectively). 2,3,7,8-TCDD Equivalent, mercury (as methylmercury), and PCBs contribute significantly (hazard quotient > 1) to hazards from fish tissue, while chromium contributes to hazard from surface sediment. The total hazard of 3×10^0 from exposure to surface soil also exceeds the regulatory threshold, with 2,3,7,8-TCDD Equivalent contributing significantly.

For the adult recreator (RAGS Table 9.11 RME; Exposure Unit 6), the estimated total cancer risk (2×10^{-3}) and hazard (3×10^1) are lower than that for the child recreator, but still exceed regulatory limits. The primary contribution to the total cancer risk is from exposure to fish tissue (8×10^{-4}), with 2,3,7,8-TCDD Equivalent and PCBs contributing significantly (5×10^{-4} and 3×10^{-4} , respectively). Total cancer risk from exposure to surface sediment (2×10^{-4}) and surface water (5×10^{-4}) also exceeds the acceptable regulatory range, with benzo(a)pyrene contributing significantly to both exposure media (1×10^{-4} and 4×10^{-4} , respectively).

For the adult recreator, the estimated hazard index of 3×10^1 exceeds the acceptable regulatory threshold of 1. When segregated by primary target organ, total hazard indices for nervous system, ocular and other effects exceed 1. The primary contribution to the total hazard index is from exposure to fish tissue, with 2,3,7,8-TCDD Equivalent, mercury (as methylmercury), and PCBs contributing significantly (hazard quotient > 1).

For the child recreator in exposure area SYW-12 (RAGS Table 9.10a RME; Exposure Unit 9), the estimated total cancer risk is 4×10^{-4} , which exceeds the acceptable regulatory range of 1×10^{-4} to 1×10^{-6} . The primary contribution to the total cancer risk is from exposure to surface soil (4×10^{-4}), with benzo(a)pyrene contributing significantly (3×10^{-4}). The SYW-12 hazard index of 9×10^1 is below the acceptable regulatory threshold of 1.

For the adult recreator in SYW-12 (RAGS Table 9.11a RME; Exposure Unit 9), the total cancer risk (1×10^{-5}) and total hazard index (4×10^{-2}) are within acceptable regulatory limits.

6.1.8. Future – Construction Worker (Cancer & Non-Cancer)

For the construction worker (RAGS Table 9.4 RME; Exposure Unit 1), the estimated total cancer risk is 2×10^{-4} , which exceeds the acceptable regulatory range of 1×10^{-4} to 1×10^{-6} . The greatest contribution to the total cancer risk is from exposure to surface water (8×10^{-5}), with benzo(a)pyrene contributing significantly (6×10^{-5}).

For the construction worker, the estimated hazard index of 3×10^1 exceeds the acceptable regulatory threshold of 1. When segregated by primary target organ, total hazard indices for the nervous system, nasal/respiratory system and other effects exceed 1. The primary contributions to the total hazard index are from exposure to subsurface sediment and subsurface soil (outdoor air) (1×10^1 and 1×10^1 ,

respectively), with 2-methylnaphthalene, dibenzofuran, and naphthalene contributing significantly (hazard quotient > 1) to hazards from sediment and manganese contributing significantly to hazards from soil.

For the construction worker in SYW-12 (RAGS Table 9.4a RME; Exposure Unit 9), the estimated total cancer risk is 2×10^{-4} , which exceeds the acceptable regulatory range of 1×10^{-4} to 1×10^{-6} . The primary contribution to the total cancer risk is from exposure to shallow ground water (2×10^{-4}), with benzo(a)pyrene contributing significantly (2×10^{-4}). The SYW-12 hazard index of 2×10^0 for the construction worker exceeds the acceptable regulatory threshold of 1. When segregated by primary target organ other effects exceed 1. The primary contributions to the total hazard index are from exposure to shallow ground water (2×10^0), with chromium contributing significantly (hazard quotient > 1) to hazards from ground water.

6.1.9. Future – Commercial/Industrial Worker (Cancer & Non-Cancer)

For the future commercial/industrial worker (RAGS Table 9.9 RME; Exposure Units 7 & 8), the estimated total cancer risk is 4×10^{-3} , which exceeds the acceptable regulatory range of 1×10^{-4} to 1×10^{-6} . The primary contribution to the total cancer risk is from exposure to ground water as potable water (4×10^{-3}), with benzene and benzo(a)pyrene contributing significantly (2×10^{-3} and 1×10^{-3} , respectively). The estimated total cancer risk from exposure to surface soil (2×10^{-4}) also exceeds the acceptable regulatory range, with benzo(a)pyrene contributing significantly (1×10^{-4}).

For the future commercial/industrial worker, the estimated hazard index of 5×10^1 exceeds the acceptable regulatory threshold of 1. When segregated by primary target organ, total hazard indices for the nervous system, lymphocyte, nasal/respiratory system, and other effects exceed 1. The primary contribution to the total hazard index is from exposure to ground water as potable water (6×10^1), with benzene contributing most significantly (3×10^1).

For the future commercial/industrial worker in SYW-12 (RAGS Table 9.9a RME; Exposure Unit 9), the estimated total cancer risk is 6×10^{-5} , which is within the acceptable regulatory range of 1×10^{-4} to 1×10^{-6} . The SYW-12 hazard index of 3×10^{-1} for the future commercial/industrial worker is below the acceptable regulatory threshold of 1.

6.1.10. Future – Adult Resident; Child Resident (Cancer & Non-Cancer)

For the child resident (RAGS Table 9.12 RME; Exposure Units 6 & 8), the estimated total cancer risk is 7×10^{-1} , which exceeds the acceptable regulatory range of 1×10^{-4} to 1×10^{-6} . The primary contribution to the total cancer risk is from exposure to ground water as potable water (7×10^{-1}), with benzo(a)pyrene and dibenz(a,h)anthracene contributing significantly (5×10^{-1} and 1×10^{-1} , respectively). The estimated total cancer risk from exposure to surface soil (1×10^{-3}) and ground water as shower vapor (9×10^{-3}) also exceeds the acceptable regulatory range, with benzo(a)pyrene contributing significantly to risk from surface soil (7×10^{-4}), and benzene contributing significantly to risk from shower vapor (8×10^{-3}).

For the child resident, the estimated hazard index of 8×10^2 exceeds the acceptable regulatory threshold of 1. When segregated by primary target organ, total hazard indices for the liver, kidney, nervous system, lymphocyte, nasal/respiratory system, ocular, and other effects exceed 1. The primary contribution to the total hazard index is from exposure to ground water as shower vapor and potable water (5×10^2 and 2×10^2 , respectively), with benzene contributing most significantly to the

hazards (4×10^2 and 1×10^2 , respectively). The estimated total hazard of 3×10^1 from exposure to surface soil also exceeds the regulatory threshold, with 2,3,7,8-TCDD Equivalent and PCBs contributing significantly (hazard quotient >1).

For the adult resident (RAGS Table 9.13 RME; Exposure Units 6 & 8), the estimated total cancer risk (7×10^{-2}) and hazard (2×10^2) are lower than that for the child resident, but still exceed regulatory limits. The primary contribution to the total cancer risk is from exposure to ground water as potable water (6×10^{-2}), with benzo(a)pyrene contributing significantly (4×10^{-2}). Total cancer risk from exposure to ground water as shower vapor (6×10^{-3}) also exceeds the acceptable regulatory range, with benzene contributing significantly (5×10^{-3}).

For the adult resident, the estimated hazard index of 2×10^2 exceeds the acceptable regulatory threshold of 1. When segregated by primary target organ, total hazard indices for the liver, nervous system, lymphocyte, nasal/respiratory, and other effects exceed 1. The primary contribution to the total hazard index is from exposure to ground water as potable water and shower vapor (9×10^1 and 7×10^1 , respectively), with benzene contributing most significantly to both hazards (5×10^1 and 5×10^1 , respectively).

For the child resident in SYW-12 (RAGS Table 9.12a RME; Exposure Unit 9), the estimated total cancer risk is 7×10^{-4} , which exceeds the acceptable regulatory range of 1×10^{-4} to 1×10^{-6} . The primary contribution to the total cancer risk is from exposure to surface soil (7×10^{-4}), with benzo(a)pyrene contributing significantly (5×10^{-4}). The SYW-12 hazard index of 7×10^0 exceeds the acceptable regulatory threshold of 1. When segregated by primary target organ, total hazard indices for ocular and other effects exceed 1. The primary contribution to the total estimated hazard index is from exposure to surface soil (7×10^0), with PCBs contributing most significantly to hazards (4×10^0).

For the adult resident in exposure area SYW-12 (RAGS Table 10.13a RME; Exposure Unit 9), the total cancer risk (5×10^{-5}) and total hazard index (2×10^{-1}) are within acceptable regulatory limits.

6.2. Central Tendency

CT risks and hazards for Site receptors are presented in RAGS Part D Series Tables 7, 9, and 10. The RAGS Table 7 series presents the derivation of risks and hazards for Site receptors by exposure medium. The RAGS Table 9 series summarizes the estimated risks and hazards for a given receptor across all relevant media. The RAGS Table 10 series summarizes the estimated risks and hazards for a given receptor across all relevant media for only those constituents that result in significant risks and/or hazards. In the risk characterization discussion below, the focus is on overall risks and hazards to receptors across all relevant media, and identification of constituents that significantly contribute to those risks and hazards (RAGS Part D Table 9 Series).

6.2.1. Current/Future – Adult Trespasser; Older Child Trespasser (Cancer & Non- Cancer)

For the older child trespasser (RAGS Table 9.1 CT; Exposure Unit 1), the estimated total cancer risk is 2×10^{-4} , which exceeds the acceptable regulatory range of 1×10^{-4} to 1×10^{-6} . The primary contribution to the total cancer risk is from exposure to surface water (2×10^{-4}), with benzo(a)pyrene the largest contributor (1×10^{-4}).

Chemical compounds found in mud near Onondaga Lake's southern end, above, likely came from the former Allied Corp., which dumped industrial wastes in or near the lake for years. The compounds, related to the banned pesticide DDT, are extremely toxic at low levels and would likely accumulate in the lake's fish, making them dangerous to eat, researchers say.

PHOTO BY WILLSON CUMMER/NEWYORKPHOTOGRAPHYUS

MYSTERY AT THE LAKE

Researchers uncover deadly potential of obscure, long-buried chemicals that are similar to DDT

BY JIM HOWE

AMONG THE INDUSTRIAL WASTES that have polluted Syracuse's Onondaga Lake for decades are two "mystery compounds" related to — and apparently more toxic than — the banned pesticide DDT.

Scientists from Upstate Medical University, Syracuse University and the SUNY College of Environmental Science and Forestry have collaborated to study the chemicals, termed diphenylethanes, and whether they might cause seizures, developmental defects, brain damage or early death.

John Hassett, PhD, a professor of chemistry at ESF, has studied the lake for years and discovered these chemicals in a mud sample he took near the southern end of the lake.

He recognized the DDT-like structure of the two chemical compounds, which have no common names because they were never used commercially.

"It was a eureka moment for me when I realized how these two compounds came to be," Hassett said. He had researched chemical processes going back to the 1880s

continued on page 21

and theorized that the lake's chief industrial polluter, the defunct Allied Corp., produced the two chemicals as chance byproducts of refining oil produced from coking coal. The oily, thick compounds, officially designated as PTE (1-Phenyl-1-(p-Tolyl)-Ethane) and PXE (1-Phenyl-1-(2,4-Xylyl)-Ethane), had not been identified by industrial chemists, had no commercial use and were dumped in tar pits near the lake and possibly into the lake itself, he said.

Hassett and his team analyzed the newly found lake chemicals, which matched the material in the tar pits.

"When we looked at the structure, it has the same chemical backbone as DDT, so we wondered if this stuff might have biological consequences," Hassett said.

Hassett has found the chemicals in the water all through the lake, apparently coming from very contaminated sediments near shore. "If it's buried in the mud and not disturbed, it should stay there. If you go down about a meter into the mud in the middle of the lake, I think there is a layer through the whole sediment of the lake. It comes up to the surface in that shallow part in the southern end; in deeper parts, it is buried. We're going to see what's still out there," Hassett said.

Dredging and capping of the lake bottom, completed this spring as part of a decades-long lake cleanup, probably stirred up some of the sediment, although any tar should remain buried in deeper sections, Hassett said. Since the tar is not very soluble in water, it probably is not much of a groundwater threat, he said. It is likely accumulated by lake fish, which health officials warn people not to eat. Some refugees and possibly other people, however, have been known to ignore warnings and eat fish from the lake.

To study the compounds' possible toxic effects, Hassett partnered with James Hewett, PhD, and Katharine Lewis, PhD, associate professors of biology at SU. Lewis conducted studies on young zebrafish, while Hewett studied mice, both of which are often used as test models for humans.

"Because it looked like DDT, which has effects in development and is neurotoxic, we thought we'd test the neurotoxic potential of these compounds at the earliest stages of life," Hewett said. "DDT is linked to tremors and other neurological problems."

"My field of research is epilepsy. There is considerable interest now in how early life environment influences disease susceptibility later in life."

Hewett exposed pregnant female mice to PTE and found their offspring seemed normal until adulthood, when testing showed they were more susceptible to seizures, such as happens with epilepsy. While it is difficult to mimic precisely how human exposure to these chemicals might take place, the mouse study provides a model for future testing, Hewett said.

Lewis found the chemicals to be extremely toxic at very

low levels, hundreds of times lower than toxic levels of DDT. The lowest levels that they tested were similar to the levels Hassett found in Onondaga Lake in 1994. These levels cause heart defects and increased death rates in young zebrafish, and slightly higher levels caused increased susceptibility to convulsion behaviors that are similar to human seizures.

"I would be very surprised if the effects these chemicals have on zebrafish are fundamentally different than those on humans, but there may be subtle differences," Lewis said. "It's highly likely that the same effects would also occur in humans, but you can never say for sure."

WHAT IS DDT?

DDT was a commonly used pesticide until it was banned in the U.S. in 1972 because it persists in the environment, accumulates in fatty tissues and can cause adverse health effects on wildlife, becoming more toxic as it moves up the food chain.

The two chemical compounds found in the Onondaga Lake mud — PTE and PXE — are related to DDT and appear to be more toxic. They have no known commercial value and have never been studied extensively before.

Also participating in the research, now in its third year and paid for by a grant from the Hill Collaboration on Environmental Medicine, is Frank Middleton, PhD, an associate professor of neuroscience and physiology and director of the SUNY Molecular Analysis Core at Upstate. Middleton assessed changes in gene expression — the process by which genetic information is made into a product, such as a protein — in the brains of the exposed mice offspring and zebrafish embryos. He was seeking clues that might help explain the altered seizure susceptibility and birth defects using a high-powered approach referred to as next generation sequencing (NGS).

"The NGS data are very compelling and indicate disruption of very specific genes and cellular signaling pathways is occurring as a result of the PTE and PXE exposures," said Middleton.

The researchers all hope to continue studies based on this work.

"I would like to test other chemicals and see which genes might be turned on or off because of these chemicals. That could teach us more about what can cause seizure or early development toxicity and might provide more potential targets for therapy," Lewis noted. ●

New York State VAPOR ASSOCIATION

TRUTH > LIFE > New York JOBS
Representing the TRUTH about VAPING

TITLE: Tobacco 21 - Onondaga County

DATE: 12/5/17

David Barry,

CNY Regional Director of the New York State Vapor Association

Operations Manager for Unique eCigs - Vape Shop with 3 retail locations in Onondaga County

The New York State Vapor Association (NYSVA.org) is a registered trade association recognized with the Attorney General of Onondaga County, which represents 600+ vapor businesses, their 2200+ employees and hundreds of thousands of consumers in the State of New York. On behalf of the vapor businesses, employees and consumers of Onondaga County, we urge you not to raise the age to 21.

We believe that adults, who are old enough to go to war, vote, and get married are mature enough to chose a harm reduction product such as e-cigarettes to help them switch from combustible tobacco products such as cigarettes, which are the leading cause of preventable death and disease in New York and the US.

Youth and adolescents should not be using nicotine products. Members of NYSVA have always supported preventing sales to youth under the legal age and believe enforcement of these laws should be a priority for Onondaga county.

According to the Royal College of Physicians - Vaping is a 95% safer alternative than combustible tobacco. Nicotine does not cause cancer, which is a main ingredient and is the same nicotine that can be found in smoking cessation products such as the patch, pill or gum. There are different levels in lean off the nicotine including a non-nicotine option, which is what the majority of younger adults use today when it comes to vaping.

No evidence suggest that vaping leads to smoking - rather the opposite. 18-21 year olds are using vaping products for the same reason as adults older than them are, which is to help them quit smoking

Experimentation is something we've all done and today's youth is no different. It's an unfortunate reality but a very real one. We're here today to protect the youth and pave the way for a safer/healthier future. Tobacco 21 as it currently stands would not accomplish that as we've seen in other counties who've adapted this legislation. By limiting the access to vaping products its been proven to increase the smoking rate - not decrease. It should be noted that smoking rates are reaching historic lows and this is without the ideology of Tobacco 21. Cigarettes are far more easily accessible than vapor products and cheaper in the short term, which makes them all the more appealing.

By enacting on Tobacco 21 as it currently you would essentially create a black market here in Onondaga county as those underage will still find a way. They'll seek other sources such as family, friends or travel out of county to acquire, which some would look at as a business opportunity.

New York State VAPOR ASSOCIATION

TRUTH > LIFE > New York JOBS
Representing the TRUTH about VAPING

These are adult products and should be treated as so - we're in completed agreement and support this. If we truly wanted to make a difference here today we'd leave the age alone and enact on a law that addresses the consumption. You must be of legal age to purchase and consume alcohol - why should nicotine products be treated any different? If you were to pass legislation that would allow law enforcement to confiscate and issue warnings, tickets, fines, etc. the youth might be fearful of the consequences. Make it even more harsh for those providing nicotine products to those underage. The way this legislation is currently proposed your missing a huge piece so whether you raise the age to 21, 25 or 40 it will not make a difference and I have evidence that suggest smoking rates will increase - please consider this.

My ask for you is to:

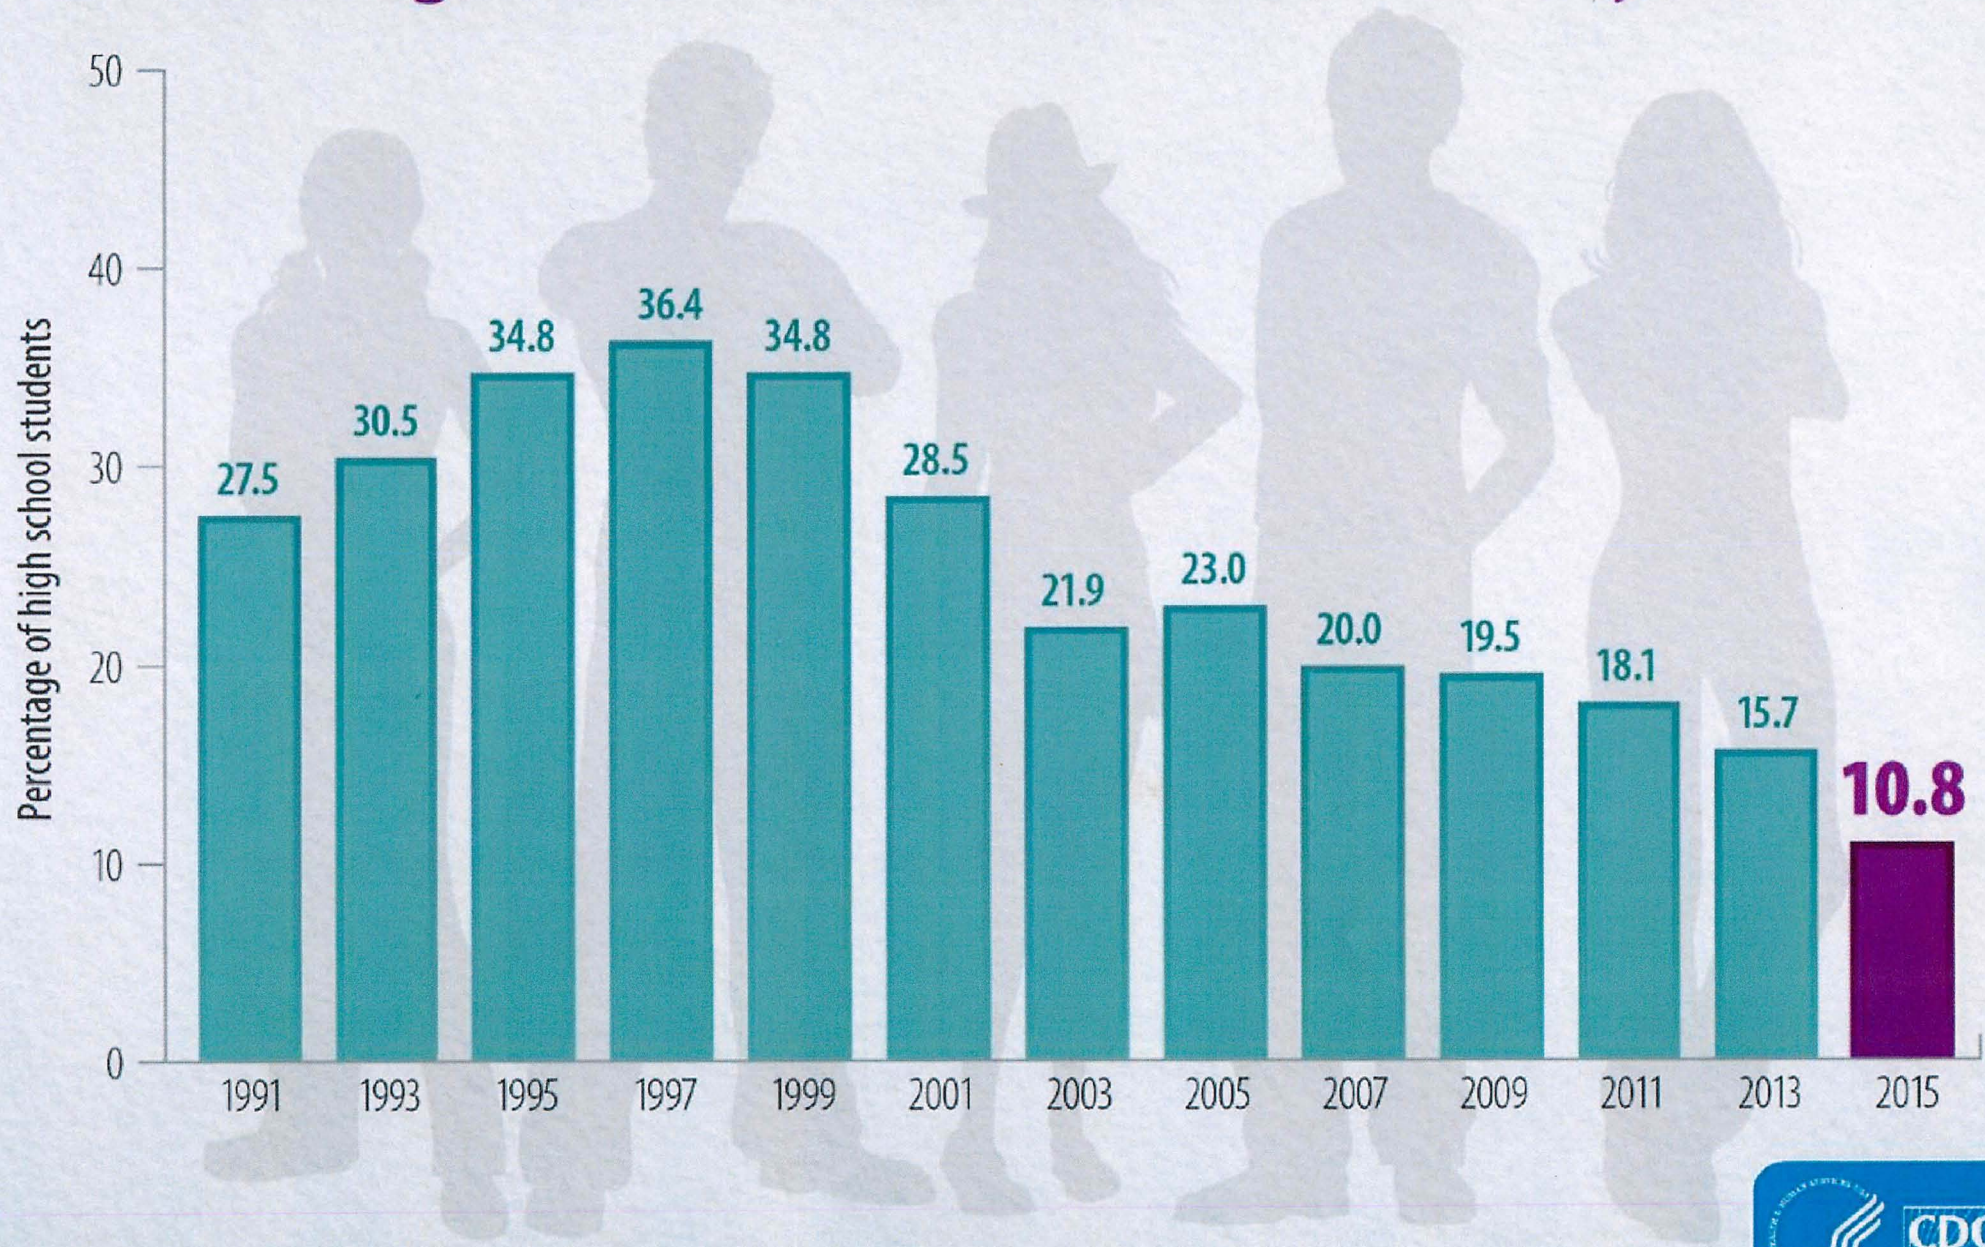

- Look at the science / evidence (provided here)

- If you're going to enact on Tobacco 21 to exclude vaping products due to the reasons stated. A separation of language was recently accomplish on the state level with the Clean Indoor Air Act (CIAA)

- Consider regulation on the consumption of under the legal age

- Visit a true professional vape shop to see how they conduct their selves and the difference in people's lives - this is an open invitation

Proof of Age... Ask for It

November 22, 2017

Unique Cigs, Inc.
922 Old Liverpool Road
Liverpool, NY 13088

Dear Store Manager:

The Onondaga County Health Department is charged with enforcement of the Adolescent Tobacco-Use Prevention Act and Onondaga County Local Law, which prohibits the sale of all tobacco products to persons under the age of nineteen (19).

The Health Department is currently conducting compliance checks at all known area tobacco vendors in Onondaga County.

CONGRATULATIONS!

On 11/21 at 2:30 PM an employee at Unique E-Cigs, (male)
(date) (time) (name of business) (name of employee, if available)

denied an illegal tobacco sale to a minor (under 19 years). This was due to your conscientious staff who proofed the minor and successfully stopped the sale.

We applaud you and your staff for upholding the law and supporting a broad-based effort to protect teenagers from tobacco use. Take a moment to share this success with your staff.

Please continue to make every effort to restrict the sale of tobacco products to minors by:

- Requesting photo ID from purchasers of tobacco products who appear to be under the age of 25.
- Denying the sale to a minor claiming to make a purchase for any adult.
- Posting the mandatory sign (available at ongov.net/health/ERA.html) for employees and patrons to read.
- Conducting your own compliance checks by enlisting a minor, unknown to your clerks, to attempt a cigarette purchase.

If you have any questions about the compliance check which occurred at your store, please call me at 315-435-6600.

Thank you for your continued cooperation.

Sincerely,

Jennifer Bryz-Gornia, Environmental Health Technician
Environmental Health Assessment

SALE OF
**CIGARETTES, CIGARS, CHEWING TOBACCO,
POWDERED TOBACCO, SHISHA OR OTHER
TOBACCO PRODUCTS, HERBAL CIGARETTES,
LIQUID NICOTINE, ELECTRONIC CIGARETTES,
ROLLING PAPERS OR SMOKING PARAPHERNALIA
TO PERSONS UNDER 19 YEARS OF AGE
IS PROHIBITED BY LAW.**

This prohibition shall not apply to sales to persons eighteen (18) years of age serving in the United States Military, including National Guard and Reserves.

Re: Written Testimony to be Entered into Meeting Minutes 12/5/2017 Record: A Local Law Prohibiting the Sale of Tobacco Products, Including Herbal Cigarettes, Rolling Papers, Pipes, and Electronic Smoking Devices to Anyone Under the Age of 21, and Amending Local Law No. 2-2009 (Sponsored by Mr. Liedka, Mr. Ryan, Mr. Kilmartin, Dr. Chase, Mr. Dougherty)

New York State Vapor Association (NYSVA.org) is a registered trade association recognized with the Attorney General of Onondaga County, which represents 600+ vapor businesses, their 2200+ employees and hundreds of thousands of consumers in the State of New York. On behalf of the vapor businesses, employees and consumers of Onondaga County, we submit the following opposition to raise the age to vape to 21.

We believe that adults, who are old enough to go to war, vote, and get married are mature enough to chose a harm reduction product such as e-cigarettes to help them switch from combustible tobacco products such as cigarettes, which are the leading cause of preventable death and disease in New York State and the US.

Below we present the scientific data that supports our position:

➤ **Smoking rate of teens is increasing in municipalities where their access to vapor products is restricted.**

"ENDS age purchasing restrictions are associated with an increase in adolescent cigarette use. There is causal evidence that ENDS age purchasing restrictions increased adolescent regular cigarette use by 0.8 percentage points." They showed an 11.7 percent increase in teen cigarette use after states introduced new age restrictions for e-cigarettes between 2007 and 2013. [Weill Cornell Medical College, Preventative Medicine](http://www.sciencedirect.com/science/article/pii/S009174351600039) <http://www.sciencedirect.com/science/article/pii/S009174351600039>

"Bans on e-cigarette sales to minors appear to have slowed [the decline of cigarette use] by about 70 percent in the states that implemented them...as a result of these bans, more teenagers are using conventional cigarettes than otherwise would have done so," says author, Dr. Abigail Friedman. [Yale School of Public Health](http://scholar.harvard.edu/files/afriedman/files/how_do_electronic_cigarettes_affect_adolescent_smoking_circulate_0.pdf) http://scholar.harvard.edu/files/afriedman/files/how_do_electronic_cigarettes_affect_adolescent_smoking_circulate_0.pdf

"It appears that some portion of the decrease in e-cigarette use...may come at the cost of higher conventional cigarette use, at least in the short-term until the youth has aged out of the restrictions...e-cigarette Minimum Legal Sale Age (MLSA) laws leading to increased smoking may cause greater harm than benefits. However, such net costs need to be balanced against other considerations such as the potential use of e-cigarettes for smoking cessation among older youth and among longer-term smokers." [Bentley University, Weill Cornell Medical College and Georgia State University, National Bureau of Economic Research \(NBER\) www.nber.org/papers/w23313.pdf](#)

"We show that ENDS MLSA laws had the unintended effects of increasing **pregnant** teen's cigarette use." [Princeton University, Woodrow Wilson School of Public and International Affairs, working paper by National Bureau of Economic Research \(NBER\) www.nber.org/papers/w22792.pdf](#)

➤ **Growing evidence shows vapor products are NOT a gateway to cigarette use in youth.**

CDC and NYTS (National Youth Tobacco Survey) Data 2011-2016 shows the youth smoking rate declined to a record low with an initial uptake in vapor products and use of vapor products subsequently declined from 2015-2016. <https://goo.gl/qbcWO7> and <https://www.cdc.gov/mmwr/volumes/66/wr/mm6623a1.htm#contribA1> NYTS (National Youth Tobacco Survey), Centers for Disease Control <https://1.bp.blogspot.com/-WtCROyRJIOo/WHeiZv7Qa3I/AAAAAAAAACC4/Im7TQLELJloFFUthIDtli-GeOh0fjyCWACLcB/s1600/2011-2015%2BNYTS.png1>

["The national trends in vaping and cigarette smoking do not support the argument that vaping is leading to smoking."](#) Lynn Kozlowski, University at Buffalo and the University of Michigan [Journal Drug and Alcohol Dependence](#), <https://medicalxpress.com/news/2017-03-e-cigarettes-gateway-published.html#Cp>

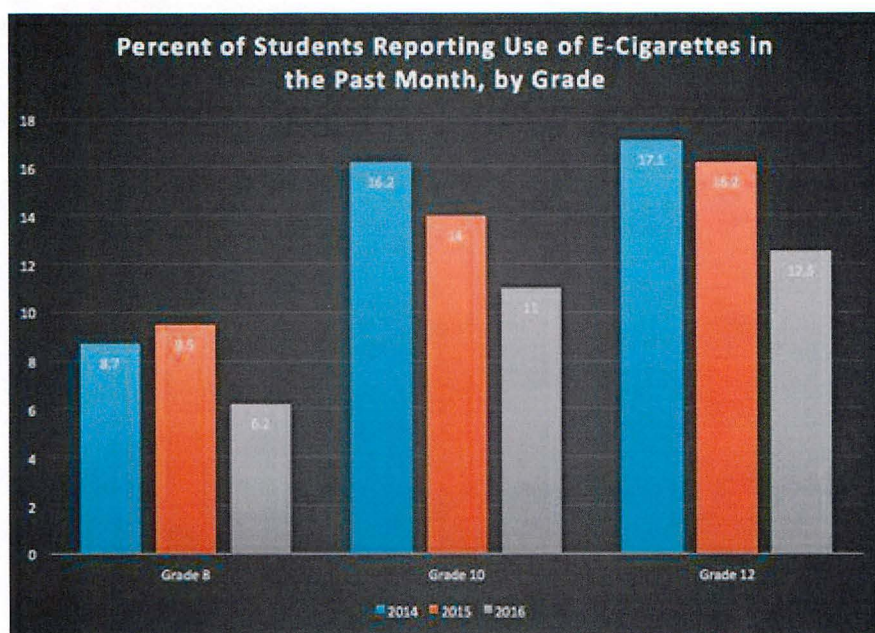

"To the extent that electronic cigarette use remains distinguishable from smoking combustible cigarettes there is a possibility that vaping may be associated with further denormalization of smoking." [Centre for Substance Use Research, West of Scotland Science Park https://clinmedjournals.org/articles/iaarm/international-archives-of-addiction-research-and-medicine-iaarm-2-023.pdf](#)

"There are concerns that e-cigarettes will increase tobacco smoking by re-normalising the act of smoking, acting as a gateway to smoking in young people, and being used for temporary, not permanent, abstinence from smoking... Rather, the available evidence to date indicates that e-cigarettes are being used almost exclusively as safer alternatives to smoked tobacco, by confirmed smokers who are trying to reduce harm to themselves or others from smoking, or to quit smoking. [The Royal College of Physicians report, Nicotine without Smoke](#), <https://www.rcplondon.ac.uk/news/promote-e-cigarettes-widely-substitute-smoking-says-new-rcp-report>

"This study did not demonstrate any health concerns associated with long-term use of EC in relatively young users who did not also smoke tobacco." Polosa, 2017 <https://www.nature.com/articles/s41598-017-14043-2>

➤ **The overall smoking rates decline as vapor product use increases.**

Daily or frequent use of vapor products is under 4 percent for all subgroups of youth except when including current daily/frequent tobacco users (10 percent). [Understanding Vaping: Who, What, and Why Patterns of Use and Disparities](#), Daniel Giovenco, Mailman School of Public Health www.youtube.com/watch?v=qQoaVewJBL4&feature=youtu.be&t=3m12s

NIDA website shows data from Monitoring the Future study that past 30 day e-cigarette use among youth has decreased from 2014 - 2016 for 8th, 10th and 12th Graders.

This is likely due to a slowing of experimentation as many youth had already tried the product upon first introduction into the US Market. [NYTS \(National Youth Tobacco Survey, CDC\) http://tobaccocontrol.bmj.com/content/early/2016/07/21/tobaccocontrol-2016-053014](http://tobaccocontrol.bmj.com/content/early/2016/07/21/tobaccocontrol-2016-053014)

"Current e-cigarette users at baseline were no more likely to progress to current smoking than young adults who were not using e-cigarettes." [Michael Siegel, Boston University School of Public Health http://tobaccoanalysis.blogspot.com/2017/01/first-longitudinal-study-to-examine.html](http://tobaccoanalysis.blogspot.com/2017/01/first-longitudinal-study-to-examine.html)

➤ Flavors are for adults

Fruit and candy flavors appeal to adults and the majority of adult vapor product consumers, are using primarily non-tobacco flavors. [The Impact of Flavor Descriptors on Nonsmoking Teens' and Adult Smokers' Interest in Electronic Cigarettes, Nicotine & Tobacco Research, Oxford Journals https://academic.oup.com/ntr/article-abstract/17/10/1255/1028251/](https://academic.oup.com/ntr/article-abstract/17/10/1255/1028251) [The Impact of Flavor Descriptors on Nonsmoking?redirectedFrom=fulltext](https://academic.oup.com/ntr/article-abstract/17/10/1255/1028251)

The number using primarily non-tobacco flavors is even higher when including only former smokers. [Flavored e-cigarette use: Characterizing youth, young adult, and adult users, Pub Med https://www.ncbi.nlm.nih.gov/pmc/articles/PMC5121224/](https://www.ncbi.nlm.nih.gov/pmc/articles/PMC5121224/)

Scientists suggest that, as shown above, regular e-cigarette use by nonsmoking youth is currently minimal (0.2 percent) and implementing regulatory restrictions on flavors could cause harm to current adult vapers with no public health benefit to youth. Any potential future risk for youth can be sufficiently minimized by strictly prohibiting sales of vapor products to youth and properly enforcing these restrictions. [Impact of Flavour Variability on Electronic Cigarette Use Experience: An Internet Survey, Int. J. Environ. Res. Public Health http://www.mdpi.com/1660-4601/10/12/7272/htm](http://www.mdpi.com/1660-4601/10/12/7272/htm)

➤ **Kids most often not using Vapor Products with nicotine**

Studies show that only a small percentage of the small number of youth using e-cigarettes are likely using them with nicotine. [What are kids vaping? Results from a national survey of US adolescents. Tobacco Control. BMJ http://tobaccocontrol.bmj.com/content/early/2016/07/21/tobaccocontrol-2016-053014](http://tobaccocontrol.bmj.com/content/early/2016/07/21/tobaccocontrol-2016-053014)

Youth and adolescents should not be using nicotine products. Members of NYSVA have always supported preventing sales to youth under 18 and believes enforcement of these laws should be a priority for the county of Onondaga.

However, we firmly request that you not include vaping in this proposed sales ban of tobacco products. As presented above, 18-21 year olds are using vaping products for the same reason as adults older than them -- to help them quit smoking. With the data we have now that youth return to smoking if they do not have access to vapor products, we request you legally treat these two very different products separately.

Tobacco 21 laws are *bad* for public health

Separating Fact from Speculation

A presentation by:

Leading the way toward a Smoke-free America
Minnesota Smoke-free

THR4LIFE is a non-profit 501(c)(3)

Background: Tobacco 21 is an initiative to raise the minimum legal sales age (MLSA) for tobacco and vapor products. Proponents of this measure are admittedly crusading the state of Minnesota in an effort to convince municipalities to participate in the agenda, in hopes they can eventually convince lawmakers to pass the policy at a state level.

While on the surface 'raising the smoking age' may seem like a noble idea, upon further investigation, we find any potential benefit of the policy to be outweighed by the potential harm.

Objective: In this presentation, we aim to separate fact from speculation and misinformation by outlining popular claims made by Tobacco 21 proponents, followed by the results of our research and analysis.

Our Mission: Tobacco Harm Reduction 4 Life (THR4Life) was established to help smokers regain control over their lives by providing balanced and accurate information about tobacco harm reduction. We believe that honesty and transparency in public health is imperative to the long term well being of our communities. We assert that the best way to protect future generations from the harms of tobacco, is to begin with the adults in their lives. We advocate for the technological innovation of tobacco harm reduction as paving the way toward a smoke-free future, a healthier population, and a cleaner environment.

CLAIM: *Raising the minimum legal age to purchase tobacco products will reduce the amount of tobacco use by high school students.*

ANALYSIS: There is currently **no conclusive evidence to indicate that Tobacco 21 laws are effective** in preventing youth from tobacco use and access. There *are* 'tobacco control' commissioned, methodologically lacking surveys that speculate hopeful statistics, however, hopeful speculation does not qualify as conclusive evidence.

Psychological reactance may cause the target objective to backfire, increasing smoking

We need to stop and think about the sociological and psychological repercussions of violating the Age of Majority rights, and arguably the Constitutional rights, of young adults. We need to consider the *impact* of removing freedoms from the same demographic of people that we are concurrently encouraging to risk their lives in service to our country, in the name of protecting *our* freedom. When rules are perceived as arbitrary, it adds to an overall diffidence toward the law. As young adults realize their freedom to chose has been removed, they may enter into reactance motivational state and act to regain control by not complying. The term for this is *psychological reactance* - an aversive affective reaction in response to regulations or impositions that impinge on freedom and autonomy. This is a very 'human' and common reaction to loss of free will, and has the potential **to increase smoking**.

Young people are particularly susceptible to unintended *reverse psychology* effects as they develop an appetite for independence. When making their own choices is at such a high level of importance to them, creating a new forbidden fruit to tempt them with is imprudent. By 'raising the smoking age', we are drawing unnecessary attention to smoking during a time when smoking among youth is **already declining at an unprecedented rate**.

Instead of creating an environment of 'control' for youth to rebel against, we need to foster a more *positive environment* that encourages youth to make good decisions because they *want* to. The appropriate response to our unprecedented decline in youth smoking and vaping, is to applaud our youth for **making good choices** and focus on *positive reinforcement* for a continued positive outcome. Tobacco 21 is essentially a punishment for doing well. Removing the simple freedom of choice from legal adults, is an inappropriate response to our declining youth [and adult] smoking rates.

Tobacco 21 sets the stage for black market, increasing tobacco access among youth

Under Tobacco 21 laws, cities lose revenue to neighboring cities and states while simultaneously **setting the stage for a bolstered black market for cigarettes in our schools**. Nothing is stopping a motivated 18-year-old from simply driving to neighboring cities or states, picking up cigarettes, and driving back to capitalize on the new business opportunity. This idea is nothing new. Many Minnesota smokers make the trek to North Dakota and Wisconsin for tax-free smokes since Minnesota raised the sin tax on cigarettes. Furthermore, cigarettes can easily be purchased online, duty-free. Keep in mind, these young "entrepreneurs" will *not be requiring age verification for sales*.

Prohibition is a failed strategy

History repeats itself; this is indisputable. Looking at our history can provide us with clarity and wisdom in making future decisions. When considering whether or not to enact a new prohibition, it is critical that we take a look at the results of similar prohibitive measures.

Alcohol prohibition was a failed strategy

The United States has a complex history regarding the legalization of dangerous drugs. In 1920, the 18th Amendment banned the sale of alcohol. The amendment aimed to stem what was seen as a growing moral decay of society and eventually led to the passage of the 19th Amendment, which gave women the right to vote.

But the 18th Amendment had some other major consequences as well. It helped create an epidemic of organized crime, giving rise to the era of Al Capone and others. It also cut down on tax revenues that could have helped the United States during the start of the Great Depression. In 1933, the 21st Amendment was approved, repealing the disastrous attempt at prohibition authorized by the 18th Amendment.

Raising the drinking age increased college binge drinking, does not prevent youth access

Since raising the drinking age to 21, there's been an **increase in college binge drinking** (ages 18-24). According to the CDC, "people aged 12 to 20 years drink 11 percent of all alcohol consumed in the United States. More than 90 percent of this alcohol is consumed in the form of binge drinks. On average, underage drinkers consume more drinks per drinking occasion than adult drinkers."

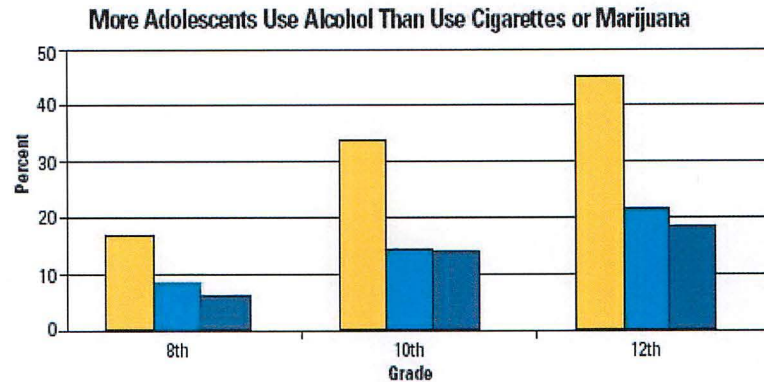

Alcohol is responsible for the deaths over 1,000 people in the U.S. between the age of 18-24 every year. The National Institute on Alcohol Abuse and Alcoholism says that even though the **"21 year-old**

drinking age has been in place for over 25 years, we are still facing an environment where drinking by people under 21 is the norm."

Statistically, more teens use alcohol, than cigarettes and marijuana combined - **despite the legal drinking age being 21.**

Prohibition on drugs remains ineffective

Similarly, the **war on drugs has done nothing to decrease drug use.** All it's done is create a violent black market, the highest incarceration rate on the planet, and has cost the U.S. over \$1 trillion since Nixon initiated it in the 1980's.

"Torches of Freedom", when discriminatory tobacco prohibitions backfire

Before the twentieth century, smoking was seen as a habit that was corrupt and inappropriate for women, and some states tried to prevent women from smoking by enforcing laws. In 1908 the New York City Board of Aldermen unanimously passed an ordinance that prohibited smoking by women in public. Following in 1921, a bill was proposed to prohibit women from smoking in the District of Columbia. Cigarettes became a way for women to challenge social norms and fight for equal rights as men. Eventually for women the cigarette came to symbolize 'rebellious independence'. Women who otherwise wouldn't have smoked, began smoking as a statement of social and political activism. This is a prime example of **psychological reactance** in regard to a tobacco prohibition, specifically one that unequally discriminated against a particular demographic of U.S. adults. This prohibitive attempt was rendered

ineffective at accomplishing the desired outcome, and **resulted in an increase in smoking among the targeted demographic.**

All of this proves that prohibition and restriction do not work. Every time the United States has opted to ban some kind of drug in some shape or form, a thriving drug trade has been born. Is that the kind of future we want to create for our children and our society? This kind of solution is not the kind that the state of Minnesota should pursue. Raising the age for tobacco consumption and purchase will not stem usage.

Tobacco 21 laws push youth toward traditional cigarettes

Tobacco 21 does **nothing to prevent youth from obtaining cigarettes through other common means** such as stealing them from a store or a parent, obtaining them consensually from a friend or family member over the age of 21, or even scavenging ash trays outside of grocery stores and gas stations.

Tobacco 21 **prevents adults age 18-20 from access to smoke-free vapor products**, which the Royal College of Physicians has concluded to be at least 95 percent less harmful than smoking. This measure is poised to keep the 90 percent of people who start smoking before the age of 18, bound to cigarettes for three additional years, **hardening an addiction to smoking**.

In a recently published National Bureau of Economic Research Working Paper titled "The Effects of E-cigarette Minimum Legal Sale Age Laws on Youth Substance Use", research supported by the National Institutes of Health concluded that **laws banning sales of e-cigarettes to young adults actually pushes youth toward traditional cigarettes**. Strict enforcement of these laws is linked to an increase in youth smoking participation of 0.7 to 1.4 percentage points. The study concludes that the unintended consequences of these laws is concerning and may have a **negative impact on public health**.

Tobacco 21 laws do not prevent 18 - 20 year olds from smoking. Under this policy, adults (age 18 - 20) are still legally allowed to possess and use tobacco products. Tobacco 21 simply creates an easily surmountable hurdle for those that smoke to obtain cigarettes, while discouraging access to and education in tobacco harm reduction products.

CLAIM: *Needham Mass. saw a 48% decrease in youth smoking rates after implementing Tobacco 21.*

ANALYSIS: Tobacco 21 proponents often cite Needham, Mass. as their golden example of the policy's success. Unfortunately, their claims are misleading, as they fall short of telling the whole story. The Boston suburb did see an impressive 48% reduction in teen smoking rates from 2006 to 2012 after implementing the policy, however, as Needham's director of public health points out, the city had enacted multiple other tobacco control efforts at the same time. **"I wouldn't say it's all because of this [Tobacco 21],"** she told WNYC. Additionally, 'the study analyzed data starting in 2006, a year after the

purchasing age hike. Kessel Schneider, study co-author, acknowledged this as a possible limitation to the research as **it's unclear exactly how teen smoking was trending in Needham during the years leading up to the policy change**.

The entire nation's smoking rates have been steadily declining for decades, reaching historic lows; Needham is hardly an exception. For example, from 2011 to 2016, **Minnesota's youth smoking rates declined by 56% despite having no Tobacco 21 laws in place.**

Out of the 2 states and 200 plus communities that have passed this policy, this out of context and inconclusive example of Needham, Mass. remains the only statistical claim of Tobacco 21 success.

CLAIM: *Nicotine is highly addictive and dangerous.*

ANALYSIS: The popular perception has long been that it is the nicotine that 'addicts' people to smoking, but according to a number of recent studies, including one by the Royal College of Physicians (RCP), this is not the case. The RCP is one of the most respected medical research groups in the world, and was the first to tell us smoking is dangerous. In their 2016 report "Nicotine without smoke: Tobacco harm reduction", RCP reports that **nicotine, when isolated from the other chemicals in tobacco cigarettes, is relatively benign in its harm, benefit, and addictiveness** (compare to caffeine), and that the most harmful and addictive property of tobacco cigarettes is not the nicotine, rather it is the chemical laced smoke of combustible tobacco that is to blame for tobacco related cancers, diseases, and addiction. This is why tobacco companies add thousands of additional chemicals to tobacco - to create an addiction above and beyond simple nicotine.

This is echoed by the FDA which claims, "although any nicotine-containing product is potentially addictive, decades of research and use have shown that NRT (Nicotine Replacement Therapy) products sold OTC **do not appear to have significant potential for abuse or dependence.**" To date, there are no documented cases of nicotine patches, gums, or lozenges creating addiction in users. Nicotine may be the most well known chemical in cigarettes, but is not the culprit when it comes to cancer and other tobacco related disease. Smoking causes cancer, nicotine does not.

The notion that nicotine is addictive dates back to the introduction of Nicorette in the 1980s, when for the first time in history smokers were labelled as "addicts" - as people with no willpower - unable to give up cigarettes without pharmaceutical nicotine products. Claims that 'nicotine is more addictive than heroin' were touted from the official "Surgeon General" report, "Nicotine Addiction", published in 1988. These findings were that of prominent anti-tobacco 'experts', who were later found in a 2014 Washington DC court case to have significant financial ties to the pharmaceutical industry, particularly in the nicotine replacement therapy market, during the time they were designated by the US government as scientific editors of the official "Surgeon General" reports on tobacco. A judgment ordered the FDA to remove these experts from Tobacco Products Scientific Advisory Committee (TPSAC) because of their extensive conflicts of interest with pharmaceutical companies. According to the presiding judge over the case, their recommendations must be considered "suspect" and "at worst unreliable" because of their long-standing

financial ties to the pharmaceutical companies. However, this has not stopped groups with special interests from cherry-picking “facts” from these reports.

The alarmist claims that ‘nicotine is the addictive and harmful aspect of smoking’ are rooted in corrupt financial interests of pharmaceutical corporations trying to gain a monopoly on the nicotine market through NRT cessation products.

The e-cigarette has been a threat to the pharmaceutical nicotine profits, since it succeeded in taking half of the Nicorette market in 2012. Survey results in the American Journal of Preventative Medicine revealed respondents using e-cigarettes more than 20 times per day had a **quit rate of 70.0%**. Of those who had stayed off the smokes for 6 months; 34.3% were not using e-cigarettes or any nicotine-containing products by that point.

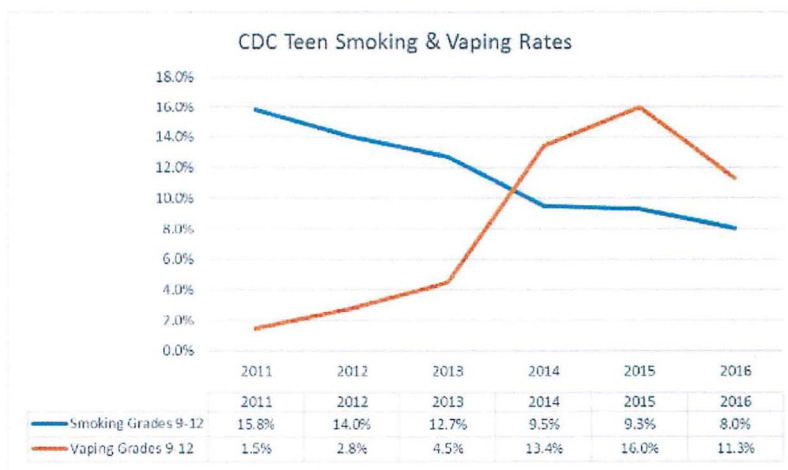

These results are astounding compared to endorsed nicotine replacement therapies that are far more expensive. For example, a study on the effectiveness of nicotine patches found just **8.2%** had abstained from smoking after 24 weeks. In a study of those using nicotine chewing gum, only **7.7%** of the prescribed gum group and **8.4%** in the over the counter gum group were not smoking at six months.

Smokers who switch to vaping are using a harm reduction method to abstain from cigarettes, and are able to detox the chemicals that are [intentionally] added to tobacco cigarettes to create an addiction above and beyond nicotine, while still satisfying cravings and oral fixation through a *clean delivery system for nicotine* suspended in vegetable glycerin and propylene glycol (both of which have been FDA approved for medical use for years.)

CLAIM: *Vaping is a gateway to smoking, re-normalizes smoking.*

ANALYSIS: Though repeated by many anti-tobacco groups, this speculation has no factual or statistical supporting basis. After a decade on the market, there is still **no evidence that vaping is a gateway to smoking**. Rather, there is evidence of the contrary. The CDC's [most recent data](#) should put to rest the contention that electronic cigarettes are a gateway to smoking among youth. This new data shows that the prevalence of smoking among high school students was cut in half in just five years - from 2011 to 2016 - at the same time as the use of e-cigarettes among these very same students increased dramatically from 1.5% to a peak of 16.0% in 2015.

Not only has youth smoking declined at an unprecedented pace in the last five years, but for the first time, the prevalence of youth use of e-cigarettes has also declined, **dropping from 16.0% in 2015 to 11.3% in 2016** (among high school students). Use of cigarettes among

high school students continued to fall between 2015 and 2016, dropping from 9.3% to 8.0%.

This is great news because it reveals that smoking is truly becoming unpopular among youth. The rate of decline in youth smoking is unprecedented. This despite the rapid rise in e-cigarette experimentation. These data are simply **not consistent with the hypothesis that vaping is going to re-normalize smoking and that e-cigarettes are a gateway to youth smoking.**

The drop in e-cigarette use is also reassuring because it suggests that vaping is largely a social phenomenon that involves experimentation and that the addictive potential of these products is quite low. It also suggests that the popularity of youth vaping has peaked and that **concerns about vaping taking over and leading to nicotine addiction among a huge proportion of youth are not warranted.**

Landmark studies from [The Royal College of Physicians](#), [Public Health England](#), among others have determined **vaping does not act as a route into smoking for children or non-smokers.**

CLAIM: *Smoking causes 480,000 death per year in the U.S., and is responsible for approx \$3 billion in annual excess medical expenditures in Minnesota.*

ANALYSIS: According to the Royal College of Physicians' report 'Nicotine without smoke: tobacco harm reduction', **vaping has the potential to eliminate virtually all tobacco related harm.** Researchers have concluded that e-cigarettes are beneficial to public health; that **'smokers can therefore be reassured and encouraged to use them, and the public can be reassured that e-cigarettes are much safer than smoking.'** 11 million smokers have already successfully quit smoking by switching to vaping. Vaping has the potential to eradicate smoking in the U.S., alleviating the death toll and cost burden associated with smoking. [Public Health England](#) has already taken steps to promote vaping as a safer alternative to smoking. Bristol city council and public health officials have even offered carbon monoxide testing outside of local vape shops as an effort to [persuade smokers to switch to vaping](#).

CLAIM: *Adolescents who smoke are 3x more likely to use alcohol, 8x more likely to use Marijuana, and 22x more likely to use cocaine.*

ANALYSIS: This claim illustrates that the legal status of a substance is not a barrier to youth who want to use it, and that 'raising the smoking age' is an ineffective way to combat youth smoking.

The age to purchase alcohol is 21 and has been for around 30 years. Marijuana and cocaine are illegal to purchase regardless of age. Though youth who experiment these substances may also smoke cigarettes, they do not use these substances *because* of cigarettes. Youth who have a proclivity toward using illicit and restricted substances, clearly do so regardless of age limit and legal status. There is no clear evidence that nicotine drives adolescents to use illicit substances. Rather, compromised psychological and emotional well being, and lack of awareness of the dangers and consequences, are to

blame for poor choices. Chaotic or abusive home life, depression, anxiety, anger, lack of self worth and confidence, rebellion and psychological reactance are all examples of root causes that lead an adolescent to make the choice to use a restricted substance.

More teens use alcohol than marijuana and tobacco combined. Clearly, the restrictive age of 21 hasn't impeded them from acquiring it. Additionally, meth and heroin have both become a problem in many U.S. schools despite being illegal. If teens are acquiring illegal substances like this, what makes us think they will not find a way to acquire cigarettes? Diffidence toward the law will not decrease by creating more perceivably arbitrary laws; if anything, it will only increase through psychological reactance by insulting the autonomy of those entering Age of Majority.

CLAIM: *During the years from ages 18-21, youthful experimentation often accelerates into daily use. It's a time when the adolescent brain is highly vulnerable, not developed enough to make potentially life altering choices. Humans do not reach a fully developed state until about 25 years of age, and until then lack the maturity, judgment and the ability to access risk in an appropriate form.*

ANALYSIS: At age 18, Minnesota adults can make their own medical decisions, get married, buy guns, own credit cards, vote, and join the military. If an 18-year-old commits a crime in Minnesota, they'll be charged as an adult and could even face the death penalty. Restricting an 18-year-old adult from buying tobacco products conflicts with the Age of Majority rule as defined in Minnesota Statute 645.451. If these young adults are considered too young to chose whether or not to use tobacco or vapor products, then they are also certainly too young to make decisions such as to risk their life serving in the military, to get gender reassignment surgery, or to accrue debt that will follow them the rest of their lives.

Our focus should be on cultivating whole and healthy adults through positive reinforcement and encouragement. According to a new report from the Minnesota Department of Human Services, 'rather than focusing on what youth are doing wrong, we should be emphasizing what the teens are doing right'. The CDC claims to have also found the approach to be effective in creating meaningful change on a range of issues.

Jill Ambuehl, a grant coordinator for Positive Community Norms in Hawley, MN describes the approach saying, "We are choosing to believe in our youth, so they can believe in themselves."

Meanwhile, tobacco control groups are taking the exact opposite approach. Not only are they overwhelming youth with negative statistics about the smoking rates of their peers, they are going as far as to negatively single out specific demographical groups, such as the LGBTQ the community.

For example: "If you identify as LGBTQ and are 18-24, you're nearly 2x as likely to smoke as your straight peers." - Truth Initiative

This message directly segregates a group of young adults based on their sexual identity, and targets them by using what is known as the 'nocebo effect' to instill negative programming and subsequently, negative outcome.

On a broader scale, tobacco control groups use this same *nocebo effect* through Tobacco 21, by negatively portraying the competency of young adults to make their own choices regarding tobacco use, as well as the ability of underage teens to, "just say no", by suggesting the government go as far as to step in and **take rights away from legal adults to 'protect the youth'**. The underlying message here is that *"we don't believe in the youth to make good choices"*. **This sends the message to teens and young adults that they are so incapable of making good choices that they require government intervention.**

This also reinforces the notion that smoking is of such prevalence, that drastic measures are being taken by municipalities to stop it. To an adolescent brain that is so "vulnerable" to suggestion, this is a dangerous misconception.

Tobacco control groups should take the advice from the MDOH, and focus more attention on celebrating our unprecedented and continued decline in youth and adult smoking. A quick look at the latest CDC data on youth smoking shows that our youth have already proven themselves responsible and worthy of our respect when it comes to making choices regarding tobacco use.

Contrary to popular belief, young adults are very informed about the dangers of smoking and using tobacco. **If we are expecting young men and women to live and die for this country, we should give them all possible and reasonable freedoms.** The decision of an adult to use tobacco or vapor products **should not be decided by the government.** That decision should come from each individual.

CLAIM: 70% of Minnesota adults are in favor of enacting Tobacco 21 laws.

ANALYSIS: An average taken of 2017 Minnesota public polls show **71% of respondents oppose 'raising the smoking age' to 21.**

CLAIM: 65% of young people are in favor of raising the smoking age.

ANALYSIS: Anti-smoking groups often coach high school students into speaking in support of Tobacco 21, while concurrently claiming that youth under the age of 21 are not developed enough to comprehend the ramifications of decisions such as whether or not to use nicotine. This is contradicting- if youth are not capable of making sound decisions until after they are 21, how then are they capable of comprehending

2017 Minnesota Public Polls Tobacco 21

6/23/17 Tobacco Harm Reduction 4 Life THR4Life.org 

the consequences of enacting laws that remove the rights of legal adults to make decisions for themselves, and add to the erosion of autonomy of U.S. citizens?

Moreover, if this number is accurate, then this is great news because it indicates that this percentage of people *is not interested in smoking*. This is not the demographic that we need to worry about, as they are already inclined to be non-smokers. Rather, it is the alleged 35% of those who are not in favor of such a policy, that need our focus, as they are more likely to become smokers, and even more likely to do so out of psychological reactance after their right to choose as adults, is stripped.

THR4Life Recommendation

When considering the harm reduction benefits of vaping and the dangers of smoking, it may seem logical to raise the legal age to purchase tobacco products to 21, while keeping the age to purchase vapor products at 18. While this could encourage adults over the age of 18 to choose vaping over smoking, we still need to consider the potential psychological backlash of removing freedom from legal adults. **The last thing we want is to do is risk hardening a young person's preference toward smoking, by turning smoking into a form of political activism or rebellion.**

Given the fact that our youth smoking and vaping rates are already steadily declining, we find tampering with this continued progress by adopting Tobacco 21 policies, to be hazardous to public health. We strongly advise legislators to consider the 'big picture' and the potential harm this legislation carries with it. Smoking and vaping are both losing popularity among youth, and community leaders should strive to **protect this progress by opposing Tobacco 21.**

Tobacco 21 is a poor method of addressing tobacco use and the ordinance should not be adopted into law.

"I support the goal of reducing smoking by young Minnesotans," he said. "However, people who are 18, 19 and 20 years old are legally adults and should generally be allowed to make the same personal decisions as older adults."

~ Mark Dayton, Governor of Minnesota ~

Statement for December 5, 2017 Tobacco 21 Legislation Hearing County of Onondaga Legislature

Good afternoon, Mr. Chairman, Legislators and guests. Thank you for this opportunity to address you today. Making wise decisions on what to do about the sale of tobacco-related products requires the facts and not hearsay. The reason why I am submitting this statement began in the mid-1960s during an evening shift as a new registered nurse on the surgical floor at a local CNY Hospital. A terrified patient of mine, dying from lung cancer, was coughing up what looked like pieces of his lung. Between gasps, he took my hand in his and asked me to promise him that I would tell everyone what tobacco can do to them because he wasn't going to be around to do it.

So, I went on to become a health educator because it made a whole lot more sense to **prevent** what was killing my patient than to take care of him while he died. I speak from a personal perspective on my former patient's part on behalf of all the young lives of 19, and 20 year-olds in our county that research has shown could be saved if the tobacco purchase age is raised to 21. Over 50 years of my life is a long time to have one's finger on the pulse of tobacco use in our community, but it is the first time I can recall that County Legislators have the immediate and phenomenal opportunity to save so many precious lives. My patient isn't here anymore to offer his powerful testimony. So, I did it for him trusting that as you hear all of our messages today it will help you in one of the most important decisions you will have the opportunity to ever make.

I'd like to thank you for taking on this issue and also for allowing me to teach some of your own children in my health classes. I know how precious they are to you. Now, try to imagine that each of you currently has children ages 19 or 20. Also, imagine you had the very real power within your reach to keep the legal purchase of tobacco products from them for a few more years, important years that are crucial for brain development to enable wiser decisions . . . imagine that real hard . . . because you do!

This issue isn't about some of the things I've heard being bantered about. It isn't about being a nanny state, taking away personal choice or freedom, being old enough to go to war or vote, "what's next, sugar", or even about waiting until neighboring counties or the State take action. It's none of those. What it **is** about is having the ability **right now** at this time, and not some distant time in the future, to take action to claim **extra years of protection** for our own county's youth . . . not anyone else's kids, **our kids!** It is the very real ability to keep the legal purchase of tobacco-related products out of the hands of our youth **right now**. Such a supremely important action just might have saved my patient's life. Everyone here, no matter which side of the fence we are on, knows that it is a heavy responsibility each of you has and it is not to be taken lightly, but I have every confidence in how much you love not just your own children, but all Onondaga County young people you represent! Thank you!

Healthfully yours,

Jeanette Dippo, Tobacco-Free Cortland Member

LOCAL LAWS

- A. A LOCAL LAW PROHIBITING THE SALE OF TOBACCO PRODUCTS, INCLUDING HERBAL CIGARETTES, ROLLING PAPERS, PIPES, AND ELECTRONIC SMOKING DEVICES TO ANYONE UNDER THE AGE OF 21, AND AMENDING LOCAL LAW NO. 2 - 2009** (Sponsored by Mr. Liedka, Mr. Ryan, Mr. Kilmartin, Dr. Chase, Mr. Dougherty)

RECEIVED
ONONDAGA COUNTY
LEGISLATURE
17 NOV 22 AM 8:38

A.

LOCAL LAW NO. ____ - 2017

A LOCAL LAW PROHIBITING THE SALE OF TOBACCO PRODUCTS, INCLUDING HERBAL CIGARETTES, ROLLING PAPERS, PIPES, AND ELECTRONIC SMOKING DEVICES TO ANYONE UNDER THE AGE OF 21, AND AMENDING LOCAL LAW NO. 2 - 2009

BE IT ENACTED BY THE COUNTY LEGISLATURE OF ONONDAGA COUNTY AS FOLLOWS:

Section 1. Findings/Purpose.

Local Law No. 2 – 2009 is amended by this local law to raise the legal age for purchasing tobacco products to 21. Such local law is further amended to add electronic smoking devices to the list of products for which the sale is prohibited to persons under the legal age.

This Legislature finds, based on reports from the Bureau of Tobacco Control and the New York State Department of Health, that the majority of smokers report having their first cigarette in their early teens, with over ninety percent (90%) starting by the twenty-first (21) year of age. The risk of starting to smoke does not decrease until the age of twenty-two (22). Furthermore, the transition from experimental smoking to regular smoking typically occurs around the age of twenty (20).

Based on recent data from the New York State Department of Health, cigarette smoking among high school youth has consistently declined over the past decade, however, the use of Electronic Smoking Devices, or e-cigarettes, among high school youth has more than doubled between 2014 and 2016, from 10.5% to 20.6%, making electronic cigarettes the most commonly used tobacco product.

Primary tobacco use is a known major cause of mortality and morbidity, directly causing an estimated 434,000 deaths per year in the United States; more deaths than are caused by alcohol, AIDS, car crashes, illegal drugs, murders, and suicides combined. The Legislature finds that tobacco use leads to disease and disability and is a burden to our healthcare costs; over \$10 billion dollars are spent annually in New York State to cover health care costs directly caused by smoking.

This Legislature finds that the effects of tobacco generated by the smoking of cigars, cigarettes, electronic smoking devices, pipes, and similar articles pose a threat to the health, safety and well-being of youth within Onondaga County. Increasing the minimum age of legal access to tobacco products to twenty-one (21) will prevent or delay initiation of tobacco use by adolescents and young adults. Therefore, the purpose of this local law is to make tobacco products inaccessible to Onondaga County youth and young people to reduce the chances that they will become addicted to tobacco at any age.

Section 2. Local Law No. 2 – 2009 is hereby amended as follows:

- a. Throughout the entire text of the local law, all references to “19 years of age”, “nineteen (19) years of age”, and “age of 19” shall be stricken, with the language “21 years of age”, “twenty-one (21) years of age”, and “age of 21” to be substituted therefor, such that the prohibitions contained within Local Law No. 2 – 2009 shall apply to individuals under 21 years of age on and after the effective date of this local law.
- b. Within Section 2, the definition of “Tobacco Products” in subsection (b) shall be amended to add “electronic smoking device,”, such that the definition reads as follows: “Tobacco products” means one or more cigarettes or cigars, bidis, chewing tobacco, powdered tobacco, nicotine water, electronic smoking device, or any other tobacco products.”

c. Within Section 2, a new subsection (g) is added as follows: “Electronic smoking device” means any device that can be used to deliver aerosolized or vaporized nicotine to the person inhaling from the device, including, but not limited to, an e-cigarette, e-cigar, e-pipe, vape pen or e-hookah. Electronic smoking device includes any component, part, or accessory of such a device, whether or not sold separately, and includes any substance intended to be aerosolized or vaporized during the use of the device. Electronic smoking device does not include any battery or battery charger when sold separately. In addition, electronic smoking device does not include drugs, devices, or combination products authorized for sale by the U.S. Food and Drug Administration, as those terms are defined in the Federal Food, Drug and Cosmetic Act.

Section 3. Local Law No. 2-2009, is hereby amended to strike Section 3 in its entirety, and to substitute the following language as a new Section 3:

Any person operating a place of business wherein tobacco products or herbal cigarettes are sold or offered for sale is prohibited from selling such products, herbal cigarettes, rolling papers or pipes to individuals under 21 years of age, and shall post in a conspicuous place, a sign upon which there shall be imprinted the following statement:

“SALE OF CIGARETTES, CIGARS, CHEWING TOBACCO, POWDERED TOBACCO, OR OTHER TOBACCO PRODUCTS, HERBAL CIGARETTES, ROLLING PAPERS, PIPES OR ELECTRONIC SMOKING DEVICES, TO PERSON UNDER TWENTY-ONE (21) YEARS OF AGE, IS PROHIBITED UNDER PENALTY OF LAW.”

Such sign shall be printed on a white card in red capital letters at least three quarters of an in (3/4) in height.

Sale of tobacco products or herbal cigarettes in such places, other than by a vending machine, shall be made only to an individual who demonstrates that such individual is at least 21 years of age through:

(a) a valid driver’s license or non-driver’s identification card issued by the Commissioner of Motor Vehicles, the federal government, any United States territory, commonwealth or possession, the District of Columbia, a state government within the United States or a provincial government of the dominion of Canada; or

(b) a valid passport issued by the United States government or any other country; or

(c) an identification card issued by the armed forces of the United States.

Such identification need not be required of any individual who reasonably appears to be at least twenty-five (25) years of age, provided, however, that such appearance shall not constitute a defense in any proceeding alleging the sale of a tobacco product, electronic smoking device or herbal cigarettes in violation of this Local Law.

Section 4. Local Law No. 2-2009, is hereby amended to strike the following language from Section 6 (b) in its entirety, and to substitute the following language as a new Section 6 (b):

(b) For purposes of enforcing the ban on the sale of any tobacco products, electronic smoking devices and/or herbal cigarettes to minors, other than by a vending machine, a sale of any tobacco products, electronic smoking device and/or herbal cigarette shall be made only to an individual who demonstrates that he/she is at least 21 years of age and has demonstrated such in accordance with the guidelines set forth hereinabove in Section 3(a), (b) and (c).

Such identification need not be required of any individual who reasonably appears to be at least 25 years of age; provided, however, that such appearance shall not constitute a defense in any proceeding alleging the sale of any tobacco product, electronic smoking device and/or herbal cigarette in violation of this Local Law.

Section 5. Applicability. Local Law No. 2 – 2009, as amended herein, shall be applicable to prohibited actions occurring on or after the effective date of this local law.

Section 6. Severability. If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 7. Effective Date. This local law shall take effect on January 1, 2018, and shall be filed with the Secretary of State pursuant to Municipal Home Rule Law.

Motion Made By Mr. Holmquist, Mr. Jordan

RESOLUTION NO. _____

REQUESTING THE COUNTY COMPTROLLER TO PERFORM A FINANCIAL AUDIT OF
LAKEVIEW PARK

WHEREAS, Lakeview Park was opened in May 2014 and is located along the western shore of Onondaga Lake; and

WHEREAS, Lakeview Park features a paved portion of Onondaga Lake Park's West Shore Trail, several small shelters, as well as the newly constructed Lakeview Amphitheater; and

WHEREAS, the Lakeview Amphitheater opened for its first concert in September 2015 and has now operated for approximately two full years with a full slate of shows and events; and

WHEREAS, it is the desire of this Legislature to provide for a financial review; now, therefore be it

RESOLVED, that this Legislature hereby requests the County Comptroller to perform an audit of the financial records and accounts of Lakeview Park; and, be it further

RESOLVED, that the results of said audit be presented to the Ways and Means Committee of the County Legislature.

CALLING FOR A PUBLIC HEARING ON THE ASSESSMENT ROLL FOR SOUTHWOOD-
JAMESVILLE WATER DISTRICT

WHEREAS, there has been submitted to the Onondaga County Water Authority, on behalf of the Southwood-Jamesville Water District, a statement of the estimated expenses required for the payment of all debt service on obligations for the County issued or to be issued for the purpose of such district for the ensuing fiscal year 2018, and which estimate shows the estimate of revenues to be received and the amount to be raised by assessments; and

WHEREAS, a proposed assessment roll setting forth the amount to be assessed and levied against each lot or parcel of land within said district has been completed and filed with the Office of the Clerk of the County Legislature; and

WHEREAS, before affirming and adopting such assessment roll, it is necessary to hold a public hearing as provided by law; now, therefore be it

RESOLVED, that this County Legislature hold a public hearing on such assessment roll in the manner and upon the notice prescribed by the pertinent sections of the County Law, and for the purpose called for by said provisions of law, said public hearing to be held at the Legislative Chambers, fourth floor of the Court House in Syracuse, New York, on the 19th day of December, 2017, at 12:58 p.m. for the purpose of conducting a public hearing upon the aforesaid matter, and that the Clerk of the County Legislature is hereby authorized and directed to cause a notice of such public hearing to be published at least ten (10) days prior to the date of the public hearing in the official newspaper of the County of Onondaga, pursuant to law.

RESOLUTION NO. 164

ONONDAGA COUNTY SANITARY DISTRICT - GENERAL APPORTIONMENT

WHEREAS, there was a total estimated 2018 budget amount of \$76,677,383; and

WHEREAS, the Onondaga County Legislature by Resolution No. 260-1978 consolidated all the sanitary districts and established as a successor thereto the Onondaga County Sanitary District; and

WHEREAS, pursuant to Resolution No. 563-1978, the Onondaga County Legislature established a sewer rent schedule to defray all costs of operation and maintenance and all indebtedness and other obligations allocated on the basis of units as defined in said resolution; and

WHEREAS, said sewer rent schedule is effective January 1, 1979, as amended, and the said sewer rents are to be levied, collected and enforced from the several lots and parcels of land within the district served by the sewer system for use of the same, in the same manner and at the same time as other County charges, as provided by said sewer rent resolution, Article 11-A of the Onondaga County Administrative Code and the General Municipal Law of the State of New York; and

WHEREAS, the 2018 rate per unit as defined in said sewer rent resolution, before adjustments, has been fixed at \$417.07; and

WHEREAS, there are a total of 181,813.96 units in the Onondaga County Sanitary District times \$417.07 equals \$75,828,230.44; and

WHEREAS, of the total 183,849.98 units, 2,036.02 units are billed directly by the Department of Water Environmental Protection, totaling \$849,152.59; now, therefore be it

RESOLVED, that the Onondaga County Legislature does hereby approve and apportion between the following municipalities the units, monies and credits listed next to their respective names according to the several lots and parcels of land within said municipalities in the Onondaga County Sanitary District which are served by said district for the year 2018.

Motion Made By Mr. Knapp

RESOLUTION NO. _____

ONONDAGA COUNTY SANITARY DISTRICT, 2018 CITY ABSTRACT

WHEREAS, the Onondaga County Legislature, by Resolution 260-1978, consolidated all the sanitary districts and established as a successor thereto the Onondaga County Sanitary District; and

WHEREAS, pursuant to the Resolution No. 563-1978, the Onondaga County Legislature established a sewer rent schedule to defray all costs of operation and maintenance and all other costs including improvements and amounts required to pay all indebtedness and other obligations allocated on the basis of units as defined in said Resolution; and

WHEREAS, said sewer rent schedule is effective January 1, 1979, as amended, and said sewer rents are to be levied, collected and enforced from the several lots and parcels of land within the district served by the sewer system for use of the same, in the same manner, and at the same time as other County charges as provided by said rent resolution, Article 11-A of the Onondaga County Administrative Code and the General Municipal Law of the State of New York; and

WHEREAS, the City has certified to the County that there are 64,471.51 "units" within the City of Syracuse; now, therefore, be it

RESOLVED, that there be levied, collected and enforced against the several lots and parcels of land within the City of Syracuse served by the Onondaga County Sanitary District, in the same manner and at the same time as other County charges, the following amounts for the Onondaga County Sanitary District, for sewer rents as provided in Resolution No. 563-78 of the Onondaga County Legislature, and as sewer rents are defined in said Resolution, and that the amounts be included in the Onondaga County Sanitary District Abstract of the City of Syracuse for the fiscal year 2018:

City of Syracuse Apportionment	\$26,888,807.19
City Collection Fee	<u>268,888.07</u>
	\$27,157,695.26

and, be it further

RESOLVED, that for the fiscal year 2018 the appropriate officers of the City of Syracuse be and hereby are authorized and directed to cause to be levied, collected and enforced against the several lots and parcels of land within the City of Syracuse served by the Onondaga County Sanitary District, in the same manner and at the same time as other County charges, with the same force and effect and subject to the same discount, fees, penalties proceedings for the collection of taxes as prescribed in the Onondaga County Special Tax Act, City of Syracuse Charter and General Special Laws applicable to general City taxes, the amount of \$421.24 per unit as defined in the above mentioned sewer rent resolution, and said rent is hereby fixed at said sum; and, be it further

RESOLVED, that said sewer rent shall be levied, collected, and enforced in accordance with the provisions of Article 11-A of the Onondaga County Administrative Code and Article 14-F of the General Municipal Law of the State of New York where applicable; and, be it further

RESOLVED, that this resolution be certified to the proper officials of the City of Syracuse; and, be it further

RESOLVED, that a certificate of such apportionment be certified by the Clerk of the County Legislature and filed with the Supervisors and Board of Assessors of the respective towns; and, be it further

RESOLVED, that for the year 2018 the appropriate officers of said municipalities be and hereby are authorized and directed to cause to be levied, collected and enforced against the several lots and parcels of land within their respective municipality served by the Onondaga County Sanitary District, in the same manner and at the same time as other County charges, with the same force and effect and subject to the same penalties and proceedings for the collections of taxes as prescribed by law and to pay the same as provided by Article 11-A of the Onondaga County Administrative Code.

RESOLUTION NO. _____

2018 CITY DRAINAGE DISTRICT ABSTRACT

RESOLVED, there be levied and assessed and collected on the taxable property of the City of Syracuse, New York, the following amounts for the purpose stated herein, and that the said amounts be included in the Abstract of the City of Syracuse for the fiscal year 2018:

Meadowbrook Drainage District Apportionment	\$399,001.66
Bear Trap-Ley Creek Drainage District Apportionment	96,167.14
Harbor Brook Drainage District Apportionment	368,951.07
City Collection Fee	<u>8,641.20</u>
	\$872,761.07

and, be it further

RESOLVED, in addition to the 2018 City Abstract that the County tax rate of the City of Syracuse for the above mentioned charges for the fiscal year 2018 be and the same hereby is fixed at the rate of \$.2356 per one thousand assessments; and, be it further

RESOLVED, that this resolution be certified to the proper officials of the City of Syracuse pursuant to the laws of the State of New York.

RESOLUTION NO. _____

BEAR TRAP – LEY CREEK DRAINAGE DISTRICT TAX – GENERAL APPORTIONMENT

WHEREAS, there was included in the 2018 budget an estimated amount of \$515,261 for operation and maintenance, plus debt service of \$29,597, plus \$1,000 for certiorari proceedings, less other revenues of \$69,011, making a total estimated 2018 budget amount of \$476,847 for the area within the Bear Trap-Ley Creek Drainage District within the City of Syracuse and portions of the Towns of Clay, Dewitt, and Salina; and

WHEREAS, it is provided in said budget and in the law pertaining thereto that the County shall be reimbursed for such appropriations by the several towns and municipalities within the drainage district, namely the City of Syracuse and the Towns of Clay, Dewitt, and Salina; now, therefore be it

RESOLVED, that the said amount of \$476,847 be and the same hereby is apportioned between the City of Syracuse and the Towns of Clay, Dewitt, and Salina, lying within said drainage district according to the equalized values of the real property in said City and Towns appearing on the assessment roll classes as residential and industrial as situated within the respective limits of such drainage district as follows:

City of Syracuse

Residential	\$40,943.67
Industrial	<u>55,223.47</u>
	\$ 96,167.14

Town of Clay

Residential	\$2,072.64
Industrial	<u>7,744.27</u>
	\$9,816.91

Town of Dewitt

Residential	\$31,524.44
Industrial	<u>201,818.67</u>
	\$233,343.11

Town of Salina

Residential	\$48,101.82
Industrial	<u>89,418.02</u>
	\$137,519.84

TOTAL	\$476,847
-------	-----------

and, be it further

RESOLVED, that the sum of \$9,816.91 be and the same is hereby approved as the apportionment of the Town of Clay for said Bear Trap-Ley Creek Drainage District for the year 2018; and, be it further

RESOLVED, that the sum of \$233,343.11 be and the same is hereby approved as the apportionment of the Town of Dewitt for said Bear Trap-Ley Creek Drainage District for the year 2018; and, be it further

RESOLVED, that the sum of \$137,519.84 be and the same is hereby approved as the apportionment of the Town of Salina for said Bear Trap-Ley Creek Drainage District for the year 2018; and, be it further

RESOLVED, that a certificate of such apportionment be certified by the Clerk of the County Legislature and filed with the Supervisors and Board of Assessors of the Town of Clay, Dewitt, and Salina and the proper officials of the City of Syracuse; and, be it further

RESOLVED, that the City of Syracuse and the Towns of Clay, Dewitt, and Salina be and they hereby are directed to raise and pay the same by tax, contract or otherwise as provided by Article 11-A, Section 1170 of the Onondaga County Administrative Code.

RESOLUTION NO. _____

ALLOCATION OF 2018 ONONDAGA COUNTY WATER DISTRICT SPECIAL ASSESSMENT
AMONG ZONES OF ASSESSMENT AND FIXING COMPOSITE RATES FOR THE SEVERAL
TOWNS AND THE CITY OF SYRACUSE WITHIN SAID DISTRICT

RESOLVED, that pursuant to the provisions of Section 270 of the County Law, the 2018 portion of the expense of establishing Onondaga County Water District and of providing therein the improvements authorized therefore be allocated to the two established Zones of Assessment in the manner following:

Zone 1	\$1,080,652
Zone 3	\$615,553

and, be it further

RESOLVED, that special assessments for the aforementioned purpose of Onondaga County Water District for the fiscal year 2018 for the several towns and the City of Syracuse, or portions thereof in said District, be and the same hereby are fixed and adopted according to the following schedule of composite rates, and that the respective Supervisors of the several towns, and the Commissioner of Finance of the City of Syracuse be and they hereby are authorized and directed to cause said special assessments to be levied, assessed and collected from the several lots and parcels of land within said District in accordance with the provisions of Section 490 of the Real Property Tax Law and with the following schedule of composite rates for the aforementioned purpose of Onondaga County Water District, each and all of which rates hereby ratified and confirmed.

Motion Made By Mr. Shepard

RESOLUTION NO. 181

FOR THE PREPARATION OF AN UPDATE OF THE ONONDAGA COUNTY HAZARD
MITIGATION PLAN: AMENDING THE 2017 COUNTY BUDGET TO ACCEPT FUNDS FROM THE
FEDERAL EMERGENCY MANAGEMENT AGENCY (FEMA) AND AUTHORIZING THE
EXECUTION OF AGREEMENTS

WHEREAS, the County of Onondaga has experienced natural disasters which have the potential to severely affect the natural and built environment, and advance hazard mitigation planning will identify potential natural hazards and subsequent actions and activities intended to reduce losses from those hazards; and

WHEREAS, Onondaga County has applied for and received grant funding from the Federal Emergency Management Agency (FEMA) to update the 2012 Hazard Mitigation Plan, as authorized by Resolution No. 258 – 2007 and adopted by the County Legislature by Resolution 258-2013 , satisfying the requirements to have a local mitigation plan under 44 CFR Part 201; and

WHEREAS, the grant funding, administered through the New York State Department of Homeland Security & Emergency Services (NYDHSES), is comprised of Federal Aid in an amount not to exceed \$250,000 and a non-Federal matching share in the amount of \$75,000, with such matching share being met with in-kind services to be performed by Onondaga County and jurisdictions participating in the planning process; and

WHEREAS, an open public involvement process is essential to development of an effective mitigation plan and, as such, participation by municipalities in Onondaga County will be encouraged; and

WHEREAS, completion of an update to the Hazard Mitigation Plan enables municipalities and the County to apply for additional Federal and/or State disaster mitigation funding to implement the recommendations of the Hazard Mitigation Plan, including funding for capital improvements and specific disaster planning activities; now, therefore be it

RESOLVED, that this Onondaga County Legislature accepts the determination that the proposed action of completing a hazard mitigation plan is a Type II Action under the State Environmental Quality Review Act (SEQRA) and an Exempt Activity under National Environmental Policy Act (NEPA), with no further review of environmental impacts being required; and, be it further

RESOLVED, that the County Executive is authorized to execute agreements and such other documents as may reasonably be necessary to implement this resolution; and, be it further

RESOLVED, that the 2017 County Budget be amended as follows:

Motion Made By Mr. McMahon

RESOLUTION NO. _____

A MEMORIALIZING RESOLUTION EXPRESSING THE PREFERENCE OF THE COUNTY
LEGISLATURE REGARDING THE TRAJECTORY OF THE SECTION OF THE "LOOP THE LAKE"
TRAIL THAT CROSSES MURPHY'S ISLAND

WHEREAS, the Onondaga County Legislature has voted to extend the trail known as the "Loop the Lake" Trail across the piece of land on the shore of Onondaga Lake commonly known as "Murphy's Island;" and

WHEREAS, the final trajectory of the Trail as it crosses Murphy's Island cannot yet be determined until at least such time as the New York State Department of Environmental Conservation determines the remediation plan for the clean-up of the area on Murphy's Island where the trail will be located; and

WHEREAS, the final trajectory of the Trail as it crosses Murphy's Island will be determined in consultation with the U.S. Fish and Wildlife Service and the New York State Department of Conservation regarding the protection of the bald eagle population that currently roosts on the site on a regular basis and the County will follow all relevant federal, state, and local laws for the protection of the eagles on the site; now, therefore be it

RESOLVED, that subject to the aforementioned parameters, it is the preference of the County Legislature that the trajectory of the Trail as it crosses Murphy's Island is that it generally be a single path with a footprint close to the CSX train tracks along the site and that it contain a small loop feature at the northern end of Murphy's Island.

RESOLUTION NO. _____

BOND RESOLUTION

A RESOLUTION AUTHORIZING CONSTRUCTION OF LOOP THE LAKE TRAILS IN AND FOR THE COUNTY OF ONONDAGA, NEW YORK, AT A MAXIMUM ESTIMATED COST OF \$1,500,000, AND AUTHORIZING THE ISSUANCE OF \$1,000,000 BONDS OF SAID COUNTY TO PAY COSTS THEREOF

BE IT RESOLVED, by the affirmative vote of not less than two-thirds of the total voting strength of the County Legislature of the County of Onondaga, New York, as follows:

Section 1. Construction of a mile of multi-use trails on the southeast shore of Onondaga Lake known as Murphy's Island, as well as incidental costs in connection therewith, is hereby authorized at an estimated maximum cost of \$1,500,000.

Section 2. The plan for the financing thereof shall consist of the following:

- (i) By the issuance of \$1,000,000 bonds of said County herein authorized; and
- (ii) By the use of \$500,000 in funds appropriated therefor by resolution dated December 5, 2017.

Section 3. It is hereby determined that the period of probable usefulness of the specific object or purpose is fifteen years, pursuant to subdivision 19(c) of paragraph a of Section 11.00 of the Local Finance Law.

Section 4. The faith and credit of said County of Onondaga, New York, are hereby irrevocably pledged for the payment of the principal of and interest on such bonds as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. There shall annually be levied on all the taxable real property of said County a tax sufficient to pay the principal of and interest on such bonds as the same become due and payable.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Chief Fiscal Officer of such County. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Chief Fiscal Officer, consistent with the provisions of the Local Finance Law.

Section 6. All other matters except as provided herein relating to the bonds herein authorized including the date, denominations, maturities and interest payment dates, within the limitations prescribed herein and the manner of execution of the same, including the consolidation with other issues, and also the ability to issue bonds with substantially level or declining annual debt service, shall be determined by the Chief Fiscal Officer, the chief fiscal officer of such County. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law, and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the Local Finance Law, as the Chief Fiscal Officer shall determine consistent with the provisions of the Local Finance Law.

Section 7. The County Executive is authorized to enter into contracts to implement the intent of this resolution.

Section 8. The validity of such bonds and bond anticipation notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
- 2) The provisions of law which should be complied with the date of publication of this resolution are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or
- 3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 9. This resolution shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150-2. Other than as specified in this resolution, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 10. This resolution, which takes effect immediately, shall be published in summary form in the Syracuse Post Standard, the official newspaper of said County, together with a notice of the Clerk of the County Legislature in substantially the form provided in Section 81.00 of the Local Finance Law.

RESOLUTION NO. _____

CONCERNING CONSTRUCTION OF A TRAIL AND ECOLOGICAL ENHANCEMENTS TO MURPHY'S ISLAND TO EXTEND THE ONONDAGA COUNTY LOOP THE LAKE TRAIL; APPROVING THE CLASSIFICATION OF AN UNLISTED ACTION UNDER THE STATE ENVIRONMENTAL QUALITY REVIEW ACT (SEQRA); ACCEPTING THE ENVIRONMENTAL ASSESSMENT FORM; AND ACCEPTING AND ADOPTING THE NEGATIVE DECLARATION

WHEREAS, the County of Onondaga has proposed the funding and construction of a 10-foot wide trail on Tax Parcel No. 114.02-01.0, also known as Murphy's Island, located in the City of Syracuse; and

WHEREAS, the proposed trail will measure approximately one mile in length, and will extend the Onondaga County Loop the Lake Trail; and

WHEREAS, the trail will involve minimal physical disturbance to approximately 1.6 acres of land on Murphy's Island, may include ecological enhancements such as bird blinders, and will further increase access to Onondaga Lake and lake-side parkland by the public; and

WHEREAS, an analysis of the potential environmental impacts of the proposed action has been conducted pursuant to SEQRA; now, therefore be it

RESOLVED, that the proposed construction of a trail on Murphy's Island constitutes an unlisted action, determined after an analysis of the potential environmental impacts under the State Environmental Quality Review Act (SEQRA); and, be it further

RESOLVED, that a Short Environmental Assessment Form for this project has been completed and reviewed, and is on file with the Clerk of the Legislature; and, be it further

RESOLVED, that this Legislature accepts such form and further finds and declares a negative declaration under SEQRA, where the proposed action will not have a significant effect on the environment.

Part 1 - Project Information

Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information			
Name of Action or Project: Murphy's Island Trail			
Project Location (describe, and attach a location map): Murphy's Island - Tax Parcel No. 114.-02-02.0 (City of Syracuse)			
Brief Description of Proposed Action: The proposed action involves the funding and subsequent construction of a 10-foot wide asphalt trail measuring approximately 1 mile in length, which may include ecological enhancements (e.g., bird blinders), on Murphy's Island as an extension of the County's Loop the Lake Trail.			
Name of Applicant or Sponsor: Bill Lansley - Commissioner (Onondaga County Parks)		Telephone: (315) 451-7275	
		E-Mail: williamlansley@ongov.net	
Address: 106 Lake Drive			
City/PO: Liverpool		State: NY	Zip Code: 13088
1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation? If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.		NO <input checked="" type="checkbox"/>	YES <input type="checkbox"/>
2. Does the proposed action require a permit, approval or funding from any other governmental Agency? If Yes, list agency(s) name and permit or approval: NYSDEC, U.S. Army Corps of Engineers (USACE)		NO <input type="checkbox"/>	YES <input checked="" type="checkbox"/>
3.a. Total acreage of the site of the proposed action?		36 acres	
b. Total acreage to be physically disturbed?		1.6 acres	
c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?		36 acres	
4. Check all land uses that occur on, adjoining and near the proposed action. <input checked="" type="checkbox"/> Urban <input type="checkbox"/> Rural (non-agriculture) <input checked="" type="checkbox"/> Industrial <input checked="" type="checkbox"/> Commercial <input type="checkbox"/> Residential (suburban) <input type="checkbox"/> Forest <input type="checkbox"/> Agriculture <input type="checkbox"/> Aquatic <input type="checkbox"/> Other (specify): _____ <input checked="" type="checkbox"/> Parkland			

17 OCT -5 PM 2:39

5. Is the proposed action, a. A permitted use under the zoning regulations?	NO <input type="checkbox"/>	YES <input checked="" type="checkbox"/>	N/A <input type="checkbox"/>
b. Consistent with the adopted comprehensive plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?	NO <input type="checkbox"/>	YES <input checked="" type="checkbox"/>	
7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area? If Yes, identify: _____	NO <input checked="" type="checkbox"/>	YES <input type="checkbox"/>	
8. a. Will the proposed action result in a substantial increase in traffic above present levels?	NO <input checked="" type="checkbox"/>	YES <input type="checkbox"/>	
b. Are public transportation service(s) available at or near the site of the proposed action?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
c. Are any pedestrian accommodations or bicycle routes available on or near site of the proposed action?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
9. Does the proposed action meet or exceed the state energy code requirements? If the proposed action will exceed requirements, describe design features and technologies: _____	NO <input type="checkbox"/>	YES <input checked="" type="checkbox"/>	
10. Will the proposed action connect to an existing public/private water supply? If No, describe method for providing potable water: _____ n/a	NO <input checked="" type="checkbox"/>	YES <input type="checkbox"/>	
11. Will the proposed action connect to existing wastewater utilities? If No, describe method for providing wastewater treatment: _____ n/a	NO <input checked="" type="checkbox"/>	YES <input type="checkbox"/>	
12. a. Does the site contain a structure that is listed on either the State or National Register of Historic Places?	NO <input checked="" type="checkbox"/>	YES <input type="checkbox"/>	
b. Is the proposed action located in an archeological sensitive area?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?	NO <input type="checkbox"/>	YES <input checked="" type="checkbox"/>	
b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody? If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres: _____ The wetland is identified as SYW-12 and is adjacent to Onondaga Lake and the mouths of Ley Creek and the Barge Canal. The extent of alterations is approximately 36,960 sq ft. (.84 acres).	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply: <input checked="" type="checkbox"/> Shoreline <input type="checkbox"/> Forest <input type="checkbox"/> Agricultural/grasslands <input type="checkbox"/> Early mid-successional <input checked="" type="checkbox"/> Wetland <input type="checkbox"/> Urban <input type="checkbox"/> Suburban			
15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?	NO <input type="checkbox"/>	YES <input checked="" type="checkbox"/>	
16. Is the project site located in the 100 year flood plain?	NO <input type="checkbox"/>	YES <input checked="" type="checkbox"/>	
17. Will the proposed action create storm water discharge, either from point or non-point sources? If Yes, a. Will storm water discharges flow to adjacent properties? <input checked="" type="checkbox"/> NO <input type="checkbox"/> YES b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)? If Yes, briefly describe: _____ _____	NO <input type="checkbox"/>	YES <input checked="" type="checkbox"/>	

18. Does the proposed action include construction or other activities that result in the impoundment of water or other liquids (e.g. retention pond, waste lagoon, dam)? If Yes, explain purpose and size: _____	NO	YES
_____	<input checked="" type="checkbox"/>	<input type="checkbox"/>
19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility? If Yes, describe: _____	NO	YES
_____	<input checked="" type="checkbox"/>	<input type="checkbox"/>
20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste? If Yes, describe: _____ DEC Site 734075 (SYW-12). The site is the subject of ongoing investigations to determine appropriate remedial actions.	NO	YES

Short Environmental Assessment Form

Part 2 - Impact Assessment

Part 2 is to be completed by the Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2. Will the proposed action result in a change in the use or intensity of use of land?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. Will the proposed action impair the character or quality of the existing community?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7. Will the proposed action impact existing:	<input checked="" type="checkbox"/>	<input type="checkbox"/>
a. public / private water supplies?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. public / private wastewater treatment utilities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
11. Will the proposed action create a hazard to environmental resources or human health?	<input checked="" type="checkbox"/>	<input type="checkbox"/>

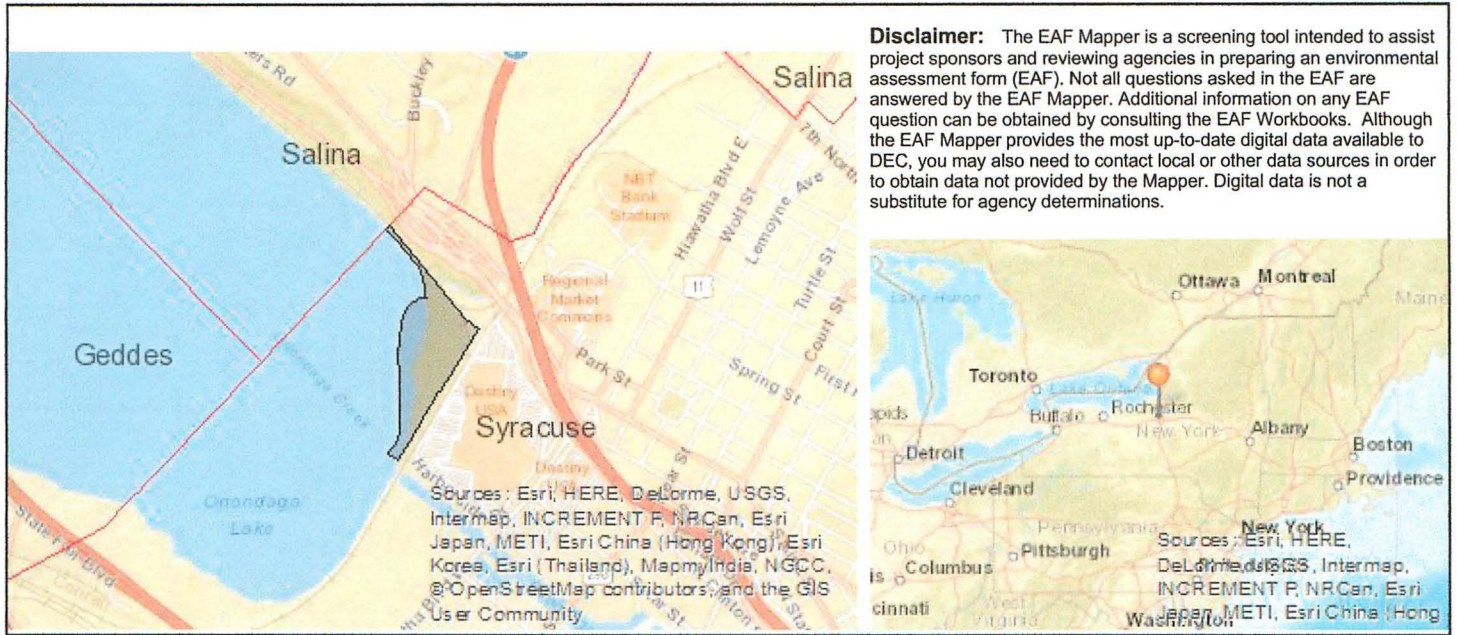

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The proposed action involves the funding and construction of a paved 10-foot wide trail on County parkland, i.e., Murphy's Island. The trail will be approximately 1 mile in length and will involve minimal physical disturbance of roughly 1.6 acres of land/wetlands on a 36 acre parcel. While the proposed action will "change" less than 2 acres of wetlands (SYW-12) because of the addition of a paved trail, the Site is a sub-site of the Onondaga Lake Superfund Site and subject to an enforcement order pursuant to CERCLA requiring further disturbances and changes by the remedial party. The trail will be designed and constructed in coordination with the NYSDEC and USACE and in accordance with enforcement order requirements (see 6 NYCRR 617.5[c][9]). The trail will comport with any chosen Site remedy or interim remedial measures and will further the remedy via the addition of asphalt cover to a small portion of the Site. The County will work with relevant agencies (U.S. Fish and Wildlife Services and NYS Parks Recreation & Historic Preservation) to avoid disturbances to endangered/protected species and/or archeological sensitive areas, and obtain agency approvals where required. It should be noted that the trail design may include ecological enhancements such as bird blinders and that the Site (Murphy's Island) was the subject of recent cultural resource studies by the remedial party (Phase 1B Cultural Resource Survey SYW-12 December 2013). Further, the trail will increase access to the Lake and lake-side parkland by the public and Syracuse residents and furthers environmental justice goals. Murphy's Island Trail will connect to the County's Loop the Lake Trail, which has been the subject of prior environmental reviews. In 1990, the County sponsored the "Onondaga Lake Trail/East-West Shore Link" project and created a draft design report that was later finalized in 1992 and approved by the NYSDOT and FHWA under PIN 3801.12. The 1992 design report contained extensive environmental documentation under NEPA and SEQRA regulations, and included a completed EAF for the project that resulted in a Negative Declaration. Further, in 2002 the West Shore Trail paving project (PIN 3950.14) was the subject of a supplemental environmental review which resulted in a Negative Declaration. Thus, this EAF serves as an update and supplement to the prior Loop the Lake environmental reviews. Therefore, Onondaga County issues this negative declaration for purposes of Article 8 of the Environmental Conservation Law and in accordance with 6 NYCRR 617.7 because the proposed action is an Unlisted Action which will not result in any significant adverse environmental impacts.

- ☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
- ☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

RESOLUTION NO. _____

BOND RESOLUTION

A RESOLUTION AUTHORIZING PHASE II OF SAFETY AND SECURITY IMPROVEMENTS AT THE HILLBROOK DETENTION HOUSE IN AND FOR THE COUNTY OF ONONDAGA, NEW YORK, AT A MAXIMUM ESTIMATED COST OF \$141,000, AND AUTHORIZING THE ISSUANCE OF \$141,000 BONDS OF SAID COUNTY TO PAY COSTS THEREOF

BE IT RESOLVED, by the affirmative vote of not less than two-thirds of the total voting strength of the County Legislature of the County of Onondaga, New York, as follows:

Section 1. Phase II of safety and security improvements at the Hillbrook Detention House, as well as incidental costs in connection therewith, is hereby authorized at an estimated maximum cost of \$141,000.

Section 2. The plan for the financing thereof is by the issuance of \$141,000 bonds of said County hereby authorized to be issued therefor.

Section 3. It is hereby determined that the period of probable usefulness of the specific object or purpose is ten years, pursuant to subdivision 32 of paragraph a of Section 11.00 of the Local Finance Law.

Section 4. The faith and credit of said County of Onondaga, New York, are hereby irrevocably pledged for the payment of the principal of and interest on such bonds as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. There shall annually be levied on all the taxable real property of said County a tax sufficient to pay the principal of and interest on such bonds as the same become due and payable.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Chief Fiscal Officer of such County. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Chief Fiscal Officer, consistent with the provisions of the Local Finance Law.

Section 6. All other matters except as provided herein relating to the bonds herein authorized including the date, denominations, maturities and interest payment dates, within the limitations prescribed herein and the manner of execution of the same, including the consolidation with other issues, and also the ability to issue bonds with substantially level or declining annual debt service, shall be determined by the Chief Fiscal Officer, the chief fiscal officer of such County. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law, and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the Local Finance Law, as the Chief Fiscal Officer shall determine consistent with the provisions of the Local Finance Law.

Section 7. The County Executive is authorized to enter into contracts to implement the intent of this resolution. In the event that 2017 General Fund Operating Surplus funds are available at the end of the 2017 fiscal year, and if the Chief Fiscal Officer of Onondaga County deems it fiscally advantageous to

use surplus funds rather than borrowing, all or a portion of the costs in connection with improvements described hereinabove shall be paid using such surplus funds. Further, in the event that 2017 General Fund Operating Surplus funds are so utilized, then the authorization to issue bonds provided within this resolution is hereby rescinded accordingly.

Section 8. The validity of such bonds and bond anticipation notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
- 2) The provisions of law which should be complied with the date of publication of this resolution are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or
- 3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 9. This resolution shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150-2. Other than as specified in this resolution, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 10. This resolution, which takes effect immediately, shall be published in summary form in the Syracuse Post Standard, the official newspaper of said County, together with a notice of the Clerk of the County Legislature in substantially the form provided in Section 81.00 of the Local Finance Law.

Motion Made By Mr. May

RESOLUTION NO. 187

AUTHORIZING THE EXECUTION OF AGREEMENTS REGARDING THE PROVISION OF
DEDICATED SCHOOL RESOURCE OFFICERS ASSIGNED TO SCHOOL DISTRICTS WITHIN
ONONDAGA COUNTY BY THE SHERIFF'S OFFICE

WHEREAS, from time to time, various school districts within Onondaga County request the Sheriff's Office to provide such districts with dedicated police services through the use of School Resource Officers, where the presence of such officers promote safety and security of those persons on the school's property, including employees, visitors, and students; and

WHEREAS, agreements for the provision of such services will include reimbursement to the County for costs incurred, including salary and fringe benefits; now, therefore be it

RESOLVED, that the Onondaga County Sheriff's Office is authorized to provide school districts within Onondaga County with dedicated police services as may be requested, and that the County Executive is authorized to execute agreements and such other documents as may be necessary to implement the intent of this resolution.

Motion Made By Mrs. Tassone

RESOLUTION NO. _____

AUTHORIZING THE ACQUISITION OF PERMANENT DRAINAGE EASEMENTS FOR THE
REPLACEMENT OF THE HIGHBRIDGE STREET BRIDGE, C-143 IN THE TOWN OF MANLIUS,
COUNTY OF ONONDAGA

WHEREAS, this Onondaga County Legislature has reviewed the permanent drainage easements necessary for the replacement of the Highbridge Street Bridge, C-143, and the Department of Transportation has acquired an option on behalf of the County of Onondaga to purchase the permanent easements as shown on the attached acquisition map; and

WHEREAS, appraisals have been obtained from a certified appraiser, as required by the Eminent Domain Procedure Law, and the values thereof are designated by the map and parcel numbers at the appraised amounts specified as follows:

<u>NAME:</u>	<u>MAP:</u>	<u>PARCEL</u>	<u>SIZE</u>	<u>APPRAISED AMOUNT:</u>
Carlton V. Snook	65	81	0.013A±	\$100
Carlton V. Snook Irrevocable Trust	65	80	0.014A±	\$500
Authorized Total				\$600

and

WHEREAS, the above amount is considered fair and reasonable for the property rights to be acquired; now, therefore be it

RESOLVED, that this Onondaga County Legislature accepts the determination that the proposed project is a Type II Action under the New York State Environmental Quality Review Act (SEQRA), with no further review of environmental impacts being required; and, be it further

RESOLVED, that this Onondaga County Legislature authorizes the purchase of the permanent easements for the appraised amounts, as described above, where such property rights are necessary for the completion of the Highbridge Street Bridge Project, C-143; and, be it further

RESOLVED, that if the offer is not accepted by the property owner, the County Attorney, on behalf of the County of Onondaga, is authorized and directed to commence condemnation proceedings to acquire the property pursuant to the statutes in such cases made and provided, and the cost of said property be charged against the proper fund or funds; and, be it further

RESOLVED, that the County Executive is authorized to execute agreements and such other documents as may be necessary to implement the intent of this resolution.

RESOLUTION NO. _____

BOND RESOLUTION

A RESOLUTION AUTHORIZING IMPROVEMENTS TO THE NORTH AREA HIGHWAY MAINTENANCE FACILITY IN AND FOR THE COUNTY OF ONONDAGA, NEW YORK, AT A MAXIMUM ESTIMATED COST OF \$10,000,000, AND AUTHORIZING THE ISSUANCE OF \$10,000,000 BONDS OF SAID COUNTY TO PAY COSTS THEREOF

BE IT RESOLVED, by the affirmative vote of not less than two-thirds of the total voting strength of the County Legislature of the County of Onondaga, New York, as follows:

Section 1. Improvements to the North Area Highway Maintenance Facility, as well as incidental costs in connection therewith, is hereby authorized at an estimated maximum cost of \$10,000,000.

Section 2. The plan for the financing thereof is by the issuance of \$10,000,000 bonds of said County hereby authorized to be issued therefor.

Section 3. It is hereby determined that the period of probable usefulness of the specific object or purpose is twenty-five years, pursuant to subdivision 12(a)(1) of paragraph a of Section 11.00 of the Local Finance Law.

Section 4. The faith and credit of said County of Onondaga, New York, are hereby irrevocably pledged for the payment of the principal of and interest on such bonds as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. There shall annually be levied on all the taxable real property of said County a tax sufficient to pay the principal of and interest on such bonds as the same become due and payable.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Chief Fiscal Officer of such County. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Chief Fiscal Officer, consistent with the provisions of the Local Finance Law.

Section 6. All other matters except as provided herein relating to the bonds herein authorized including the date, denominations, maturities and interest payment dates, within the limitations prescribed herein and the manner of execution of the same, including the consolidation with other issues, and also the ability to issue bonds with substantially level or declining annual debt service, shall be determined by the Chief Fiscal Officer, the chief fiscal officer of such County. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law, and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the Local Finance Law, as the Chief Fiscal Officer shall determine consistent with the provisions of the Local Finance Law.

Section 7. The County Executive is authorized to enter into contracts to implement the intent of this resolution.

Section 8. The validity of such bonds and bond anticipation notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
- 2) The provisions of law which should be complied with the date of publication of this resolution are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or
- 3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 9. This resolution shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150-2. Other than as specified in this resolution, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

RESOLUTION NO. _____

BOND RESOLUTION

A RESOLUTION AUTHORIZING ENGINEERING AND DESIGN EXPENSES IN CONNECTION WITH A NEW ANIMAL MEDICAL CARE CENTER AT THE ROSAMOND GIFFORD ZOO IN AND FOR THE COUNTY OF ONONDAGA, NEW YORK, AT A MAXIMUM ESTIMATED COST OF \$500,000, AND AUTHORIZING THE ISSUANCE OF \$500,000 BONDS OF SAID COUNTY TO PAY COSTS THEREOF

BE IT RESOLVED, by the affirmative vote of not less than two-thirds of the total voting strength of the County Legislature of the County of Onondaga, New York, as follows:

Section 1. Engineering and design expenses in connection with a new animal medical care center at the Rosamond Gifford Zoo, as well as incidental costs in connection therewith, is hereby authorized at an estimated maximum cost of \$500,000.

Section 2. The plan for the financing thereof is by the issuance of \$500,000 bonds of said County hereby authorized to be issued therefor.

Section 3. It is hereby determined that the period of probable usefulness of the specific object or purpose is five years, pursuant to subdivision 62 of paragraph a of Section 11.00 of the Local Finance Law.

Section 4. The faith and credit of said County of Onondaga, New York, are hereby irrevocably pledged for the payment of the principal of and interest on such bonds as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. There shall annually be levied on all the taxable real property of said County a tax sufficient to pay the principal of and interest on such bonds as the same become due and payable.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Chief Fiscal Officer of such County. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Chief Fiscal Officer, consistent with the provisions of the Local Finance Law.

Section 6. All other matters except as provided herein relating to the bonds herein authorized including the date, denominations, maturities and interest payment dates, within the limitations prescribed herein and the manner of execution of the same, including the consolidation with other issues, and also the ability to issue bonds with substantially level or declining annual debt service, shall be determined by the Chief Fiscal Officer, the chief fiscal officer of such County. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law, and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the Local Finance Law, as the Chief Fiscal Officer shall determine consistent with the provisions of the Local Finance Law.

Section 7. The County Executive is authorized to enter into contracts to implement the intent of this resolution.

Section 8. The validity of such bonds and bond anticipation notes may be contested only if:

RESOLUTION NO. 192

BOND RESOLUTION

A RESOLUTION AUTHORIZING THE CONSTRUCTION OF IMPROVEMENTS TO VARIOUS PUBLIC FACILITIES IN AND FOR THE COUNTY OF ONONDAGA, NEW YORK, AT A MAXIMUM ESTIMATED COST OF \$5,186,000, AND AUTHORIZING THE ISSUANCE OF \$5,186,000 BONDS OF SAID COUNTY TO PAY COSTS THEREOF

BE IT RESOLVED, by the affirmative vote of not less than two-thirds of the total voting strength of the County Legislature of the County of Onondaga, New York, as follows:

Section 1. The construction of improvements to various public facilities, as well as incidental costs in connection therewith, is hereby authorized at an estimated maximum cost of \$5,186,000.

Section 2. The plan for the financing thereof is by the issuance of \$5,186,000 bonds of said County hereby authorized to be issued therefor.

Section 3. It is hereby determined that the period of probable usefulness of the class of objects or purposes is twenty-five years, pursuant to subdivision 12(a)(1) of paragraph a of Section 11.00 of the Local Finance Law.

Section 4. The faith and credit of said County of Onondaga, New York, are hereby irrevocably pledged for the payment of the principal of and interest on such bonds as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. There shall annually be levied on all the taxable real property of said County a tax sufficient to pay the principal of and interest on such bonds as the same become due and payable.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Chief Fiscal Officer of such County. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Chief Fiscal Officer, consistent with the provisions of the Local Finance Law.

Section 6. All other matters except as provided herein relating to the bonds herein authorized including the date, denominations, maturities and interest payment dates, within the limitations prescribed herein and the manner of execution of the same, including the consolidation with other issues, and also the ability to issue bonds with substantially level or declining annual debt service, shall be determined by the Chief Fiscal Officer, the chief fiscal officer of such County. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law, and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the Local Finance Law, as the Chief Fiscal Officer shall determine consistent with the provisions of the Local Finance Law.

Section 7. The County Executive is authorized to enter into contracts to implement the intent of this resolution.

Section 8. The validity of such bonds and bond anticipation notes may be contested only if:

1) Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or

2) The provisions of law which should be complied with the date of publication of this resolution are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or

3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 9. This resolution shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150-2. Other than as specified in this resolution, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 10. This resolution, which takes effect immediately, shall be published in summary form in the Syracuse Post Standard, the official newspaper of said County, together with a notice of the Clerk of the County Legislature in substantially the form provided in Section 81.00 of the Local Finance Law.

RESOLUTION NO. _____

BOND RESOLUTION

A RESOLUTION AUTHORIZING THE ASH TREE MANAGEMENT PROGRAM IN AND FOR THE COUNTY OF ONONDAGA, NEW YORK, AT A MAXIMUM ESTIMATED COST OF \$750,000, AND AUTHORIZING THE ISSUANCE OF \$750,000 BONDS OF SAID COUNTY TO PAY COSTS THEREOF

BE IT RESOLVED, by the affirmative vote of not less than two-thirds of the total voting strength of the County Legislature of the County of Onondaga, New York, as follows:

Section 1. The Ash Tree Management Program, including incidental costs in connection therewith, is hereby authorized at an estimated maximum cost of \$750,000.

Section 2. The plan for the financing thereof is by the issuance of \$750,000 bonds of said County hereby authorized to be issued therefor.

Section 3. It is hereby determined that the period of probable usefulness of the specific object or purpose is five years, pursuant to subdivision 57 of paragraph a of Section 11.00 of the Local Finance Law.

Section 4. The faith and credit of said County of Onondaga, New York, are hereby irrevocably pledged for the payment of the principal of and interest on such bonds as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. There shall annually be levied on all the taxable real property of said County a tax sufficient to pay the principal of and interest on such bonds as the same become due and payable.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Chief Fiscal Officer of such County. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Chief Fiscal Officer, consistent with the provisions of the Local Finance Law.

Section 6. All other matters except as provided herein relating to the bonds herein authorized including the date, denominations, maturities and interest payment dates, within the limitations prescribed herein and the manner of execution of the same, including the consolidation with other issues, and also the ability to issue bonds with substantially level or declining annual debt service, shall be determined by the Chief Fiscal Officer, the chief fiscal officer of such County. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law, and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the Local Finance Law, as the Chief Fiscal Officer shall determine consistent with the provisions of the Local Finance Law.

Section 7. The County Executive is authorized to enter into contracts to implement the intent of this resolution.

Section 8. The validity of such bonds and bond anticipation notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
- 2) The provisions of law which should be complied with the date of publication of this resolution are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or
- 3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 9. This resolution shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150-2. Other than as specified in this resolution, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 10. This resolution, which takes effect immediately, shall be published in summary form in the Syracuse Post Standard, the official newspaper of said County, together with a notice of the Clerk of the County Legislature in substantially the form provided in Section 81.00 of the Local Finance Law.

RESOLUTION NO. _____

A RESOLUTION APPROVING PROPOSED IMPROVEMENTS FOR THE ONONDAGA COUNTY
SANITARY DISTRICT CONSISTING OF THE ENGINEERING PHASE OF THE LEY
CREEK/LIVERPOOL FORCE MAINS REPLACEMENT/REHABILITATION PROJECT IN AND
FOR THE COUNTY OF ONONDAGA, NEW YORK

WHEREAS, the Commissioner of Water Environmental Protection of said County, pursuant to the Onondaga County Administrative Code, has prepared and submitted to said County Legislature a Report dated October 17, 2017 (the "Report"), duly approved by the County Executive, recommending improvements for the Onondaga County Sanitary District consisting of the engineering phase of the Ley Creek/Liverpool Force Mains replacement/rehabilitation project, all as more fully set forth in the Report, at a maximum estimated cost of \$2,300,000; and

WHEREAS, this County Legislature duly adopted a resolution on November 6, 2017, calling a public hearing on the foregoing matter to be held in the Legislative Chambers in the County Court House, in Syracuse, New York on December 5, 2017 at 12:56 o'clock P.M., Prevailing Time; and

WHEREAS, said public hearing was duly held at the time and place aforesaid, at which all persons interested were heard; and

WHEREAS, this County Legislature has given due consideration to the aforesaid Report and the evidence given at said public hearing; now, therefore be it

RESOLVED, by the County Legislature of the County of Onondaga, New York, as follows:

Section 1. Based upon the proceedings heretofore had and taken, it is hereby found and determined that it is necessary and in the public interest to approve improvements to the Onondaga County Sanitary District consisting of the engineering phase of the Ley Creek/Liverpool Force Mains replacement/rehabilitation project, at an estimated maximum cost of \$2,300,000, and that said improvement will be of special benefit to all of the real property included within the limits of the District.

Section 2. A certified copy of this resolution shall be recorded in the office of the County Clerk and when so recorded shall be presumptive evidence of the regularity of the determinations herein contained. The clerk of the County Legislature is hereby authorized and directed to cause a notice of such recording to be published once in the official newspaper of said County in the manner provided by law.

Section 3. This resolution shall take effect immediately.

RESOLUTION NO. _____

A RESOLUTION AUTHORIZING THE ISSUANCE OF \$2,300,000 BONDS OF THE COUNTY OF ONONDAGA, NEW YORK, TO PAY COSTS OF IMPROVEMENTS FOR THE ONONDAGA COUNTY SANITARY DISTRICT CONSISTING OF THE ENGINEERING PHASE OF THE LEY CREEK/LIVERPOOL FORCE MAINS REPLACEMENT/REHABILITATION PROJECT

WHEREAS, by proceedings heretofore duly had and taken pursuant to the Onondaga County Administrative Code, the County of Onondaga has approved the improvements described herein; and

WHEREAS, it is now desired to provide for the financing of said improvements; now, therefore be it

RESOLVED, by the affirmative vote of not less than two-thirds of the total voting strength of the County Legislature of the County of Onondaga, New York, as follows:

Section 1. For the object or purpose of paying costs of improvements for the Onondaga County Sanitary District consisting of the engineering phase of the Ley Creek/Liverpool Force Mains replacement/rehabilitation project, there are hereby authorized to be issued \$2,300,000 bonds of said County pursuant to the provisions of the Local Finance Law.

Section 2. The maximum estimated cost of the aforesaid item is \$2,300,000, and the plan for the financing thereof shall consist of the issuance of the \$2,300,000 bonds of said County herein authorized.

Section 3. It is hereby determined that the period of probable usefulness of the aforesaid specific object or purpose is five years, pursuant to subdivision 62 of paragraph a of Section 11.00 of the Local Finance Law.

Section 4. The faith and credit of said County of Onondaga, New York, are hereby irrevocable pledged for the payment of the principal of and interest on such bonds as the same respectively become due and payable. There shall annually be assessed upon the taxable real property in said Sanitary District in the manner provided by law an amount sufficient to pay said principal and interest as the same become due and payable, but if not paid from such source, all the taxable real property within said County shall be subject to the levy of ad valorem taxes sufficient to pay the principal of and interest on said bonds.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Chief Fiscal Officer, the chief fiscal officer. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Chief Fiscal Officer, consistent with the provisions of the Local Finance Law.

Section 6. All other matters except as provided herein relating to the serial bonds herein authorized including the date, denominations, maturities and interest payment dates, within the limitations prescribed herein and the manner of execution of the same, including the consolidation with other issues, and also the ability to issue serial bonds with substantially level or declining annual debt service, shall be determined by the Chief Fiscal Officer, the chief fiscal officer of such County. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law, and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the

Local Finance Law, as the Chief Fiscal Officer shall determine consistent with the provisions of the Local Finance Law.

Section 7. The Chief Fiscal Officer is hereby further authorized, at his sole discretion, to execute a project financing agreement, and any other agreements with the New York State Department of Environmental Conservation and/or the New York State Environmental Facilities Corporation, including amendments thereto, and including any instruments (or amendments thereto) in the effectuation thereof, in order to effect the financing or refinancing of the specific object or purpose described in Section 1 hereof, or a portion thereof, by a bond, and, or note issue of said County in the event of the sale of same to the New York State Environmental Facilities Corporation.

Section 8. The validity of such bonds and bond anticipation notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
- 2) The provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or
- 3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 9. This resolution shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150-2. Other than as specified in this resolution, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 10. This resolution, which takes effect immediately, shall be published in summary form in the Post Standard, the official newspaper of such County, together with a notice of the Clerk of the County Legislature in substantially the form provided in Section 81.00 of the Local Finance Law.

RESOLUTION NO. _____

A RESOLUTION APPROVING PROPOSED IMPROVEMENTS FOR THE ONONDAGA COUNTY
SANITARY DISTRICT CONSISTING OF PHASE II OF THE CAMILLUS FORCE MAIN
REPLACEMENT IN AND FOR THE COUNTY OF ONONDAGA, NEW YORK

WHEREAS, the Commissioner of Water Environmental Protection of said County, pursuant to the Onondaga County Administrative Code, has prepared and submitted to said County Legislature a Report dated October 17, 2017 (the "Report"), duly approved by the County Executive, recommending improvements for the Onondaga County Sanitary District consisting of Phase II of the Camillus Force Main replacement, all as more fully set forth in the Report, at a maximum estimated cost of \$1,500,000; and

WHEREAS, this County Legislature duly adopted a resolution on November 6, 2017, calling a public hearing on the foregoing matter to be held in the Legislative Chambers in the County Court House, in Syracuse, New York on December 5, 2017 at 12:58 o'clock P.M., Prevailing Time; and

WHEREAS, said public hearing was duly held at the time and place aforesaid, at which all persons interested were heard; and

WHEREAS, this County Legislature has given due consideration to the aforesaid Report and the evidence given at said public hearing; now, therefore be it

RESOLVED, by the County Legislature of the County of Onondaga, New York, as follows:

Section 1. Based upon the proceedings heretofore had and taken, it is hereby found and determined that it is necessary and in the public interest to approve improvements to the Onondaga County Sanitary District consisting of Phase II of the Camillus Force Main replacement, at an estimated maximum cost of \$1,500,000, and that said improvement will be of special benefit to all of the real property included within the limits of the District.

RESOLUTION NO. 197

A RESOLUTION AUTHORIZING THE ISSUANCE OF \$1,500,000 BONDS OF THE COUNTY OF ONONDAGA, NEW YORK, TO PAY COSTS OF IMPROVEMENTS FOR THE ONONDAGA COUNTY SANITARY DISTRICT CONSISTING OF PHASE II OF THE CAMILLUS FORCE MAIN REPLACEMENT

WHEREAS, by proceedings heretofore duly had and taken pursuant to the Onondaga County Administrative Code, the County of Onondaga has approved the improvements described herein; and

WHEREAS, it is now desired to provide for the financing of said improvements; now, therefore be it

RESOLVED, by the affirmative vote of not less than two-thirds of the total voting strength of the County Legislature of the County of Onondaga, New York, as follows:

Section 1. For the object or purpose of paying costs of improvements for the Onondaga County Sanitary District consisting of Phase II of the Camillus Force Main replacement, there are hereby authorized to be issued \$1,500,000 bonds of said County pursuant to the provisions of the Local Finance Law.

Section 2. The maximum estimated cost of the aforesaid item is \$1,500,000, and the plan for the financing thereof shall consist of the issuance of the \$1,500,000 bonds of said County herein authorized.

Section 3. It is hereby determined that the period of probable usefulness of the aforesaid specific object or purpose is forty years, pursuant to subdivision 4 of paragraph a of Section 11.00 of the Local Finance Law.

Section 4. The faith and credit of said County of Onondaga, New York, are hereby irrevocable pledged for the payment of the principal of and interest on such bonds as the same respectively become due and payable. There shall annually be assessed upon the taxable real property in said Sanitary District in the manner provided by law an amount sufficient to pay said principal and interest as the same become due and payable, but if not paid from such source, all the taxable real property within said County shall be subject to the levy of ad valorem taxes sufficient to pay the principal of and interest on said bonds.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Chief Fiscal Officer, the chief fiscal officer. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Chief Fiscal Officer, consistent with the provisions of the Local Finance Law.

Section 6. All other matters except as provided herein relating to the serial bonds herein authorized including the date, denominations, maturities and interest payment dates, within the limitations prescribed herein and the manner of execution of the same, including the consolidation with other issues, and also the ability to issue serial bonds with substantially level or declining annual debt service, shall be determined by the Chief Fiscal Officer, the chief fiscal officer of such County. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law, and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the

Local Finance Law, as the Chief Fiscal Officer shall determine consistent with the provisions of the Local Finance Law.

Section 7. The Chief Fiscal Officer is hereby further authorized, at his sole discretion, to execute a project financing agreement, and any other agreements with the New York State Department of Environmental Conservation and/or the New York State Environmental Facilities Corporation, including amendments thereto, and including any instruments (or amendments thereto) in the effectuation thereof, in order to effect the financing or refinancing of the specific object or purpose described in Section 1 hereof, or a portion thereof, by a bond, and, or note issue of said County in the event of the sale of same to the New York State Environmental Facilities Corporation.

Section 8. The validity of such bonds and bond anticipation notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
- 2) The provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or
- 3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 9. This resolution shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150-2. Other than as specified in this resolution, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 10. This resolution, which takes effect immediately, shall be published in summary form in the Post Standard, the official newspaper of such County, together with a notice of the Clerk of the County Legislature in substantially the form provided in Section 81.00 of the Local Finance Law.

Motion Made By Mr. Plochocki

RESOLUTION NO. _____

A RESOLUTION APPROVING PROPOSED IMPROVEMENTS FOR THE ONONDAGA COUNTY
SANITARY DISTRICT CONSISTING OF THE OAK ORCHARD WASTEWATER TREATMENT
PLANT DISINFECTION AND LAGOON CLEANING PROJECT IN AND FOR THE COUNTY OF
ONONDAGA, NEW YORK

WHEREAS, the Commissioner of Water Environmental Protection of said County, pursuant to the Onondaga County Administrative Code, has prepared and submitted to said County Legislature a Report dated October 17, 2017 (the "Report"), duly approved by the County Executive, recommending improvements for the Onondaga County Sanitary District consisting of the Oak Orchard Wastewater Treatment Plant disinfection and lagoon cleaning project, all as more fully set forth in the Report, at a maximum estimated cost of \$11,540,000; and

WHEREAS, this County Legislature duly adopted a resolution on November 6, 2017, calling a public hearing on the foregoing matter to be held in the Legislative Chambers in the County Court House, in Syracuse, New York on December 5, 2017 at 12:54 o'clock P.M., Prevailing Time; and

WHEREAS, said public hearing was duly held at the time and place aforesaid, at which all persons interested were heard; and

WHEREAS, this County Legislature has given due consideration to the aforesaid Report and the evidence given at said public hearing; now, therefore be it

RESOLVED, by the County Legislature of the County of Onondaga, New York, as follows:

Section 1. Based upon the proceedings heretofore had and taken, it is hereby found and determined that it is necessary and in the public interest to approve improvements to the Onondaga County Sanitary District consisting of the Oak Orchard Wastewater Treatment Plant disinfection and lagoon cleaning project, at an estimated maximum cost of \$11,540,000, and that said improvement will be of special benefit to all of the real property included within the limits of the District.

Section 2. A certified copy of this resolution shall be recorded in the office of the County Clerk and when so recorded shall be presumptive evidence of the regularity of the determinations herein contained. The clerk of the County Legislature is hereby authorized and directed to cause a notice of such recording to be published once in the official newspaper of said County in the manner provided by law.

Section 3. This resolution shall take effect immediately.

Motion Made By Mr. Plochocki

RESOLUTION NO. _____

A RESOLUTION AUTHORIZING THE ISSUANCE OF \$11,540,000 BONDS OF THE COUNTY OF ONONDAGA, NEW YORK, TO PAY COSTS OF IMPROVEMENTS FOR THE ONONDAGA COUNTY SANITARY DISTRICT CONSISTING OF THE OAK ORCHARD WASTEWATER TREATMENT PLANT DISINFECTION AND LAGOON CLEANING PROJECT

WHEREAS, by proceedings heretofore duly had and taken pursuant to the Onondaga County Administrative Code, the County of Onondaga has approved the improvements described herein; and

WHEREAS, it is now desired to provide for the financing of said improvements; now, therefore be it

RESOLVED, by the affirmative vote of not less than two-thirds of the total voting strength of the County Legislature of the County of Onondaga, New York, as follows:

Section 1. For the object or purpose of paying costs of improvements for the Onondaga County Sanitary District consisting of the Oak Orchard Wastewater Treatment Plant disinfection and lagoon cleaning project, there are hereby authorized to be issued \$11,540,000 bonds of said County pursuant to the provisions of the Local Finance Law.

Section 2. The maximum estimated cost of the aforesaid item is \$11,540,000, and the plan for the financing thereof shall consist of the issuance of the \$11,540,000 bonds of said County herein authorized.

Section 3. It is hereby determined that the period of probable usefulness of the aforesaid class of objects or purposes is forty years, pursuant to subdivision 4 of paragraph a of Section 11.00 of the Local Finance Law.

Section 4. The faith and credit of said County of Onondaga, New York, are hereby irrevocable pledged for the payment of the principal of and interest on such bonds as the same respectively become due and payable. There shall annually be assessed upon the taxable real property in said Sanitary District in the manner provided by law an amount sufficient to pay said principal and interest as the same become due and payable, but if not paid from such source, all the taxable real property within said County shall be subject to the levy of ad valorem taxes sufficient to pay the principal of and interest on said bonds.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Chief Fiscal Officer, the chief fiscal officer. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Chief Fiscal Officer, consistent with the provisions of the Local Finance Law.

Section 6. All other matters except as provided herein relating to the serial bonds herein authorized including the date, denominations, maturities and interest payment dates, within the limitations prescribed herein and the manner of execution of the same, including the consolidation with other issues, and also the ability to issue serial bonds with substantially level or declining annual debt service, shall be determined by the Chief Fiscal Officer, the chief fiscal officer of such County. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law, and shall

otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the Local Finance Law, as the Chief Fiscal Officer shall determine consistent with the provisions of the Local Finance Law.

Section 7. The Chief Fiscal Officer is hereby further authorized, at his sole discretion, to execute a project financing agreement, and any other agreements with the New York State Department of Environmental Conservation and/or the New York State Environmental Facilities Corporation, including amendments thereto, and including any instruments (or amendments thereto) in the effectuation thereof, in order to effect the financing or refinancing of the specific object or purpose described in Section 1 hereof, or a portion thereof, by a bond, and, or note issue of said County in the event of the sale of same to the New York State Environmental Facilities Corporation.

Section 8. The validity of such bonds and bond anticipation notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
- 2) The provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or
- 3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 9. This resolution shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150-2. Other than as specified in this resolution, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 10. This resolution, which takes effect immediately, shall be published in summary form in the Post Standard, the official newspaper of such County, together with a notice of the Clerk of the County Legislature in substantially the form provided in Section 81.00 of the Local Finance Law.
