RESOLUTION NO. **19**

RESOLUTION RECOGNIZING THE VITAL ROLE THAT INDUSTRIAL DEVELOPMENT AGENCIES PLAY IN NEW YORK STATE AND APPLAUDING THE IMPORTANT WORK THAT IDAS DO TO CREATE JOBS AND ENCOURAGE ECONOMIC GROWTH

WHEREAS, Industrial Development Agencies (IDAs) are among a local government's most important economic development tools; and

WHEREAS, IDA board members cooperate with local officials, state agencies, and businesses to focus on job retention, job creation and grant inducements for local economic benefit; and

WHEREAS, according to the Office of the State Comptroller, in 2012 there were 4,521 active IDA-assisted projects in the state with total investment exceeding \$72.9 billion, and projects that created 214,102 new jobs with a net value cost per job created of \$2,588, which, by any measure, is modest and efficient; and

WHEREAS, IDAs are playing an increasingly important role in revitalizing the downtowns of cities and towns and villages throughout the state; and

WHEREAS, IDAs are often the nexus between the public and private sectors for economic development services; and

WHEREAS, IDAs work closely with existing employers in the community to help retain and expand their operations, including a new emphasis on assisting with local and regional workforce issues; and

WHEREAS, IDAs work with colleges and universities to help implement the START-UP NY program and facilitate tech-based economic development opportunities; and

WHEREAS, IDAs often lead the development and implementation of economic development strategic plans for the municipalities they serve; and

WHEREAS, IDAs are usually the "local partner" involved in supporting private sector projects also supported by the State; and

WHEREAS, in his 2015/16 Budget, Governor Cuomo introduced a proposal that would undermine local IDA, despite those valued roles in economic development initiatives, authority by requiring Empire State Development Corporation to approve all state sale tax benefits offered, authorizing the Tax Commissioner to preform IDA audits, and requiring more extensive recordkeeping, reporting and clearances from the Tax Department; now, therefore be it

RESOLVED, that this Onondaga County Legislature recognizes the important roles that IDAs play in local, regional and statewide economic improvement and their essential function in creating jobs and revitalizing communities; and, be it further

RESOLVED, that this Onondaga County Legislature calls on the Governor and State Lawmakers to take steps to strengthen the important role that IDAs play without enacting new laws and regulations that undermine IDA authority or inhibit the important work they perform; and, be it further

RESOLVED, that in order to ensure increased transparency and accuracy of IDA information, this Onondaga County Legislature calls for the current system of accountability and reporting be overhauled to improve accuracy of information submitted to the Authorities Budget Office through the Public Authorities Reporting Information System (PARIS); and, be it further

RESOLVED, that this Onondaga County Legislature opposes the Governor's proposal in the 2015/16 Executive Budget that infringes on local IDA authority, undermines the incentives IDAs can offer to businesses, and creates additional burdensome recording and reporting requirements; and, be it further

RESOLVED, that the Clerk of this Legislature is hereby directed to cause copies of this resolution be transmitted to Governor Andrew M. Cuomo, New York State Legislature, the New York State Comptroller and all others deemed necessary and proper.

RESOLUTION NO. _____

SUPPORTING A HYBRID APPROACH TO THE REDESIGN OF INTERSTATE ROUTE 81

WHEREAS, in adopting Resolution No. 70-2013 on May 7, 2013, this Onondaga County Legislature joined in the public conversation about the redesign of Interstate Highway 81 ("I-81"), declaring support for the exploration of plans that would maintain the existing alignment of the highway through Syracuse and Central New York, retaining both the function and designation as an interstate highway and continuing to support business growth and development throughout the region, and further declaring opposition to potential plans that would result in a slower traffic flow along its path; and

WHEREAS, since making such declarations, the public conversation has continued, with additional information having been generated, circulated, and debated from among various groups representing differing viewpoints, including government agencies, representatives from business and industry, and individuals that would potentially be affected; and

WHEREAS, the U.S. Department of Transportation Federal Highway Administration and New York State Department of Transportation published a Draft Scoping Report in June 2014 that evaluates various Viaduct Alternatives, Street-level Alternatives, Tunnel Alternatives, and Depressed Highway Alternatives, without evaluating combinations of such Project Alternatives; and

WHEREAS, with the benefit of such information and to further the conversation, this Legislature now declares its support for a hybrid approach to the redesign, where such approach would include design features from either: (1) a combination of a Tunnel Alternative and Street Level (Boulevard) Alternative, including the Access Syracuse Plan; or (2) a combination of a Depressed Highway Alternative and Street Level (Boulevard) Alternative; or (3) a combination of a Viaduct Alternative and Street Level (Boulevard) Alternative, while calling upon the US Department of Transportation Federal Highway Administration and New York State Department of Transportation to include these hybrid approaches in the upcoming Final Scoping Report, which will establish the final recommendation of alternatives to study in the Draft Environmental Impact Statement (DEIS); and

WHEREAS, under this hybrid approach, the redesigned I-81 will continue to connect commuters, businesses, tourists, visitors, and through-travelers alike, providing vital access to downtown Syracuse, all of our hospitals, Syracuse University, Destiny USA and all of the residents and businesses clustered along its route, and continuing to allow local residents the convenience of accessing such amenities and assets quickly; and

WHEREAS, it is the intent of the Onondaga County Legislature that the redesign be undertaken in a way that first identifies and accounts for the community needs and intended functions, then allowing the form to be developed in response; now, therefore be it

RESOLVED, that the Onondaga County Legislature supports a hybrid approach to the redesign of Interstate Route 81; and, be it further

RESOLVED, that the Clerk of this Legislature is hereby directed to cause a copy of this resolution to be transmitted to the New York State Department of Transportation, to the Syracuse Metropolitan Transportation Council, and to the various legislative members representing Onondaga County at the state and federal levels.
